

CampMed: Mini-Med School

June 21-23, 2016

CampMed provides a hands-on educational summer experience for high school students who are interested in pursuing careers in medicine or other health-related fields. This 3-day, overnight event is scholarship-based and provided at no cost to the student.

Throughout the week, students will be exposed to the elements of medical school and college life. Staff and faculty will work with the attendees, engaging them in hands-on demonstrations and activities. Accepted applicants, with the assistance of current medical students, will participate in typical medical student activities. Offices across campus will provide important information, including pre-professional academic advising, financial aid and student life. The participants will also experience college life by staying in the residence halls, eating in the residential restaurants and participating in organized nightly activities.

The Central Michigan University College of Medicine values diversity in its education, research, and community. As such, first generation college bound students and those from groups under-represented in medicine will be given first consideration during the application process.

Requirements

- Must be a high school freshman, sophomore, or junior or at one of the following Saginaw schools:
 - Arthur Hill, Saginaw High, Saginaw Arts and Sciences Academy, Heritage High School, Carrollton High School, or Bridgeport High School
