GENERAL MANAGER'S REPORT

8. General Manager's Report
 - a. Government Affairs Update
 - 1) Federal Legislative Update – Holland and Knight

- b. System-Wide Improvement Initiatives (Ham)
- c. RT Meeting Calendar

Mike Wiley introduced Holland and Knight and Booth Transit Consulting.

Rich Gold talked about the budget agreement that was reached for the upcoming appropriations process where funding levels were finalized through December 11. Right before Speaker Boehner left, there was a budget agreement that provides an additional \$50 billion for defense and domestic discretionary spending for this Fiscal Year (FY) (2016) and \$30 billion for FY 2017. The debt limit has been increased and will go through March 2017. Congress has not sent an appropriations bill to the President yet this year. There are 12 bills left to pass including transportation.

Jeff Booth talked about specific transportation appropriations bills and the authorizing bill that is going to conference between the House and Senate. There are two primary general fund programs: TIGER Grant Program and the Capitol Investment Grant Program. The formula programs have to be authorized and the Surface Transportation bill has made progress in the House and Senate. The Senate passed its bill at the end of July that provides 3 years' worth of funding and six years' worth of policy. The House passed its bill by a substantial majority that provides the possibility of funding up to six years. This would provide a long term authorization bill which has not been done since 2005. As it relates to the Streetcar Project, for Small Starts, the Senate raised the threshold for the capital cost from \$250 to \$300; the 5309 share from \$75 - \$100.

Michael Galano talked about the tax extenders bills (51 tax provisions that expire every year). Included in those tax provisions are the alternative fuel vehicles refueling property provision, incentive for alternative fuel and alternative fuel mixtures, and mass transit Perry provision. The President's budget that comes out the first week in February 2016 for FY 17 should include the Streetcar Project. The House and the Senate bill create a competitive bus program, for vehicle replacement initiatives going forward (for clean fuels vehicles); there will be a competitive pot of money to pursue in FY 17.

Speaker: Jeffery Tardaguila

Laura Ham noted that outreach has begun on the 7th & K light rail station. Staff encouraged patrons using the 7th & K and 7th & Capitol light rail stations to take RT's survey or call, and take the survey on the phone. A fact sheet was shared with patrons. An open house is planned on November 17th at the Library Galleria from noon – 6 giving people an opportunity to get more in depth information about all of the changes taking place around 7th & K and 7th & Capitol stations. Staff has prepared a couple of concepts to rehabilitate and upgrade the station to more of a flagship station. Meetings have occurred with various stakeholders.

Mike Wiley noted that the free ride day in Elk Grove was well received. Mayor Davis joined RT staff at the Cosumnes River College (CRC) station. Staff was placed at the

CRC Station and Franklin Station. There were many enthusiastic people and a percentage of the people were new riders trying the system for the first time. Patrons riding noted that they heard about it through the direct mail piece that RT jointly prepared with the City of Elk Grove. Once data is received, it will be shared with the Board through Executive Summary.

REPORTS, IDEAS AND COMMUNICATIONS FROM BOARD MEMBERS

11. Sacramento Placerville Transportation Corridor JPA Meeting – November 2, 2015 – Oral Report by Director Budge

Director Budge indicated that she, Director Nottoli, and Alternate Sander attended this meeting along with Folsom and El Dorado County representatives. She reported that the JPA heard and reviewed the draft Environmental Impact Statement/Environmental Impact Report/Statement for the first three miles of the Trail Project, and approved the trail to go forward.

Director Budge noted that she moderated the meeting of the Unmet Transit Needs in RT's Auditorium today in partnership with the Sacramento Area Council of Governments and RT. Folsom Stage Lines and Paratransit, Inc. were in attendance.

PUBLIC ADDRESSES THE BOARD ON MATTERS NOT ON THE AGENDA

Speakers:

Jeffery Tardaguila – Mr. Tardaguila asked that the General Manager search include many more efficient means of communication. Finally today, the Route 22 at Arden/Del Paso has the correct schedules placed at the station. Mr. Tardaguila would like parking at the 65th Street Light Rail station. The new UTDC trains smell because they sat for a long period of time before being placed into service. He suggested that Plexiglas be installed on the steps so there is not a blind spot. Mr. Tardaguila wants RT to consider customer convenience which means having good customer service on the weekends, especially since the Golden 1 Center will be open next year.

Ellen Johnson – Ms. Johnson thanked RT for placing trash cans on Broadway at 39th Street. She noted that it was a little cleaner. She noted that security is having a problem removing the homeless from the benches on Broadway.

Chair Schenirer noted that he had passed along Ms. Johnson's comments about the school kids to Mr. Echols, the principal at American Legion.

Cheryl Harris – Ms. Harris asked RT to keep up the good work.
