## A Message From The President

Get out, do more, attend more events, and let us know.

The standard traditions and values of the OCSJ continue, because of the great team of leaders and club organizers. We keep an eye out and ear open to member requests and for things that benefit the club. We have reached out for more publicity to let new folks know about our club, with the help of our great team of publicity minded folks. We have also reached out with a presence on the newest media such as Facebook, the successful Club E-Newsletter, and now with a Meetup page to promote the club and list a sampling of our trips. With the fall listings now presented, you should be able to find events that suite your liking. And, if you have suggestions, or wish to get more involved, please do contact us at [president@ocsj.org](mailto:president@ocsj.org).

## **BICYCLING**

### **A Message From the Bicycling Activity Chair**

Everyone,

As you may have seen in the last newsletter, Glenn Page has been named the Bicycling Safety Coordinator for the club. Glenn is a very experienced cyclist and, like Fran Horn and myself, is a League Certified Instructor (LCI) with the League of American Bicyclists. We created this position to expand our services to the membership to include a bicycling safety program. Our safety program will work with ride leaders and members to offer cycling safety education designed to strengthen group and traffic riding skills. While there hasn't been an increase with bike-related accidents within the OCSJ, there has been an increase overall in the area this year, and we wanted to do something proactive to address it.

In addition to other programs and ideas that Glenn has, he will be starting a weekly safety tip e-mail series starting soon using these two Google Groups, so be on the lookout. We also hope to add these tips to the website so members can refer to them whenever they need. We will also be holding periodic group riding skills classes - an announcement of the first class will follow soon.

If you have any safety-related ideas, please send them to Glenn at: gpageconnect@gmail.com.

Thanks to Glenn for volunteering!

## **TRAIL MAINTENANCE**

Leaders be aware that the Club is now a participating member in the New Jersey Parks VIP (Volunteers In Parks) program. This means that trail maintenance we organize in State Parks is to be run through the VIP Program. This requires notifying the park before the activity, and sending a copy of our sign-in sheet to the park. We are not permitted to use power tools of any type. Trail maintenance done on trails not on NJ State Park property must be reviewed by the board for coverage.

## CANOEING/KAYAKING

### A Message from the Canoeing/Kayak Activity Chair

Thank you to all the leaders, without you there is no Club. To those of you who have not lead, I urge you to step forward – don't just talk about what the club should do. If you need help in planning, just ask. Take the first step to make the Club truly yours.

Hope to see you on the water,

Frank Pearce
