CREDIT BY DEMONSTRATED MASTERY APPLICATION

Instead of traditional course enrollment and seat-time, I am requesting the opportunity to earn Credit for Demonstrated Mastery (CDM) for the following:

_____ (course name or subject).

STUDENT/FAMILY AGREEMENT

Please review the following regarding the CDM process:

- Completed CDM applications must be submitted to school counselors no later than Friday, December 19th at 1:00 p.m.
- I understand that I am expected to meet with my school counselor to discuss the CDM process and long-term implications.
- I may also make an appointment(s) to meet with my school counselor to ask questions about the process, expectations, etc. However, I cannot seek or receive assistance with course content from anyone, including teachers/staff, other content specialists, students/friends, or family members.
- I understand the CDM application and evaluation process will include a multi-phase assessment with Phase I and Phase II.
- Phase I will include an examination to establish my mastery of the foundational skills and content this course/subject requires.
 - I must earn a minimum score, as established by the NC Department of Public Instruction, on the appropriate assessment to continue with the CDM process:
 - 93% accuracy on state CTE assessments
 - 94% accuracy on local exams
 - Level V "superior" scale score on state End-of-Course (EOC) tests
 - Minimum score TBD for NC Final Exams (determined by NCDPI)
 - I have one attempt at the exam.
 - Prior to the exam, I may review the content standards for the course or subject.

area that I am seeking to demonstrate mastery at www.ncdipi.edu

- If I earn the appropriate score, I will move on to Phase II. If not, I will not have the opportunity to earn CDM for this course.
- In Phase II, I will create an artifact that reflects deep understanding of the content standards, including the ability to apply the skills and knowledge expected at the end of the course.
 - The school will require a project, paper, presentation, and/or other demonstration as evidence of my abilities.
 - The specific requirements and rubrics for Phase II will be tailored to the course in which the student applies to earn credit by demonstrated mastery.
 - Some CTE courses require a Capstone Project and/or a Credentialing Exam.
- The CDM Review Panel will make a recommendation if I can earn CDM. If I am successful, I will earn a "Pass" on my transcript toward graduation. No grade or quality points will be granted, and the "Pass" will not be included in my GPA.
- My parents and I will be allowed to file for grievance if we do not agree with the decision of the team.

I understand all of the above and agree to abide by the process defined above.
