Certification Regarding Lobbying

The undersigned certifies, to the best of his or her knowledge and belief, that:

- (1.) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer of employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- (2.) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, and officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL "Disclosure Form to Report Lobbying," in accordance with its instructions.
- (3.) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by Sections 1352, Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Certification Regarding Significant Financial Interest Disclosure

As described in Chancellor's Memorandum #35, each Investigator is required to disclose any significant financial interest of the Investigator that would reasonably appear to be directly and significantly affected by the research or educational activities funded, or proposed for funding.

Regardless of the above minimum requirement, a faculty or staff member, in his or her own best interest, may choose to disclose any other financial or related interest that could present an actual conflict of interest or be perceived to present conflict of interest. Disclosure is a key factor in protecting one's reputation and career from potentially embarrassing or harmful allegations of misconduct.

Each person who has significant financial interests requiring disclosure must complete a CM35 Significant Financial Interests Disclosure Form, attach all required supporting documentation, including a copy of any relevant PM-11 disclosure, and place the materials in a sealed envelope addressed to the Office of Research Services and clearly marked "CONFIDENTIAL Significant Financial Interests Disclosure", and identified with the name of the person making the disclosure, the name of the sponsor, and the project name.
