Registration: [www.seabc.ca/IStructE Exam Preparation](http://www.seabc.ca/IStructE_Exam_Preparation)
Registration deadline: Tuesday, February 4, 2014

NOTE: *The event is subject to cancellation in the event of insufficient registration*

This one-day workshop will help prepare candidates for the IStructE Chartered Membership Exam. The presenters will introduce the exam content, the marking system, and provide you with a formula for success. The presentation will be followed by a series of interactive problem-solving workshop sessions, which help you tackle a variety of past IStructE Exam questions.

Useful study material will be provided for further exam preparation.

About the Presenters:

David Harvey, P.Eng., Struct.Eng., FIStructE

David is a senior bridge specialist at Associated Engineering with over 40 years of invaluable experience. He is the Institution's Representative for British Columbia and has successfully organized this workshop for more than a decade now.

Mark Porter, P.Eng., Struct.Eng., FIStructE

Mark is a Senior Building Structural Engineer and Manager at Associated Engineering with over 17 years' experience on the design of a wide range of structures. He has a Masters degree in Engineering Management and specialist knowledge in various aspects of structural engineering. Mark has a passion for design of sustainable structures and is a LEED accredited professional.

Robert Jirava, P.Eng., Struct.Eng., MIStructE

Robert Jirava has been practicing structural engineering consulting in the Lower Mainland of BC for close to 20 years. His firm, RDJ Structural Designs Ltd, provides building design services for all types of residential and commercial projects. He is a member of the SEABC Taskforce Committee and is an instructor in the SEABC Certificate in Structural Engineering Program.
