Descriptions

Sunday School Teachers work and teach in teams in teams of two and groups of 6 *per grade group*! This means that you don't teach alone and there is a healthy rotation and balance of being in the classroom and being in church with the adult community.

The Special Events Advent Wreath Making, Easter Egg Hunt, Halloween Party, are all committee activities that utilize many people to carry out assigned, easy tasks. There are no meetings to attend, just tasking. Sewing Projects and Handy man projects involve very infrequent requests for very simple projects. Home Craft Preparation involves infrequent requests for very simple at home project preparation for Sunday School Teachers or other Children's programs.

Because of your time and energy the children's programs continue to be full of fun and vitality! Please join us by volunteering in any of the above areas. Your child will benefit greatly and you will have a ton of fun working with and around other parents in the parish!
