## **REQUIRED DOCUMENTS AND INFORMATION**

- Please allow a minimum of 30 minutes for vehicle check in
- Personal identification – Valid Driver's License of person checking in the vehicle
- If someone other than the owner of the vehicle is contracting a vehicle into storage, we must have a power of attorney authorizing that individual to act on behalf of the vehicle's owner
- If anyone other than owner will be allowed to pick up vehicle, they must be listed on the pre-authorized driver's list. We require a copy of each driver's valid license for our file prior to release of vehicle
- Proof of ownership (copy of title and / or registration)
- Proof of insurance (copy of insurance card)
- Contact information
- Complete set of keys, including gas cap and wheel lock keys if necessary
- Vehicle cover if vehicle is to be covered
- Gas tank must be filled prior to arrival
- Radio code
- Alarm code
- All services require pre-payment

## **HOW TO PREPARE YOUR VEHICLE FOR STORAGE**

- Wash vehicle
- Thoroughly vacuum and clean car interior
- Check all fluid levels
- Ensure tires are properly inflated to help prevent flat spots
- Check battery condition; clean battery terminals
- Fill your gas tank; add fuel-stabilizing additive  
(This helps to prevent the gas from oxidizing and deteriorating. An empty or low fuel tank can rust internally as moisture accumulates inside the tank.)

## **WHILE YOUR VEHICLE IS IN STORAGE**

- Vehicles are stored inside a clean, dry and warm warehouse (heated in winter and naturally cool in the summer) to protect your vehicle from extreme temperature changes
- Vehicles are in a secure warehouse with limited access, which is monitored by a security company with customer-accessible 24/7 video surveillance systems (Gurnee facility only)
- The warehouse is protected by a sprinkler system
- Windows are cracked opened to let the vehicle “air out;” This will minimize the possibility of a vehicle developing a musty odor
- Vehicles are visually inspected monthly
- Owner will be notified any time a problem is noted
- Each vehicle is photographed at check in; records are stored at vehicle site
