

INSTRUCTOR CERTIFICATION TRAINING APPLICATION

OVERVIEW: BECOMING A CERTIFIED MENTAL HEALTH FIRST AID OR YOUTH MENTAL HEALTH FIRST AID INSTRUCTOR

Becoming a Mental Health First Aid instructor is an exciting opportunity and we are thrilled that you or your designee is interested. Being a successful Mental Health First Aid instructor is highly rewarding. However, this role also requires a serious commitment of time, energy and creativity. Before applying to become a certified instructor, we want to make sure that you fully understand what will be necessary for certification as well long term success as a Mental Health First Aid instructor. If you are in the role of reviewing applications for instructors, we hope the guidance below will assist you in selecting those individuals with the highest probability of success.

WHO SHOULD APPLY TO BECOME AN INSTRUCTOR?

A Mental Health First Aid instructor is required to serve as a presenter, facilitator and, most importantly, an ambassador of the Mental Health First Aid USA program. There are several key components that make an instructor successful. First and foremost, **it is required that an instructor candidate:**

- Has general knowledge of mental health and substance use issues (i.e. is a mental health/substance use professional, has worked with individuals experiencing mental health disorders or is in recovery from mental illness or substance use disorders).
- Has experience teaching groups of adults.
- Understands best practices in adult learning.
- Has experience facilitating groups.

While the instructor training reinforces some of the skills and knowledge areas above, it is not designed as a substitute for prior knowledge and experience.

Second, instructors must identify financial and operational support to schedule and run their classes. Therefore, it is highly recommended that instructor candidates demonstrate appropriate external support with tasks related to the program. For example, many successful instructors garner support from their employer organization or a partner community organization in order to accomplish the following tasks that are required of instructors:

- Planning (e.g., creating business plans, forming community partnerships, outreach).
- Setting a course schedule.
- Setting and collecting course fees.
- Marketing and media outreach.
- Course registration.
- Event planning (e.g., catering, logistics).
- Seeking grants and other sources of fiscal support.
- Collecting and entering course evaluations and incorporating feedback.

INSTRUCTOR TRAINING AND CERTIFICATION

The Mental Health First Aid instructor training takes place over five days and is taught by two authorized Mental Health First Aid National Trainers. Each training can accommodate a maximum of 30 instructor candidates.

TUITION

Tuition for each instructor candidate is \$2,000. Individuals from National Council for Behavioral Health member organizations are entitled to a reduced fee of \$1,850. This fee includes five days of instruction, breakfast and lunch during the training, instruction materials and continued support from Mental Health First Aid USA staff for as long as the individual remains a certified instructor. Instructor candidates are responsible for travel, hotel and any miscellaneous expenses during the week of training. Payment must be made at least 30 days prior to the start of the instructor training.

PLEASE NOTE: The cancellation fee for applications is \$250. Requests to transfer an application to a different training will incur a \$75 charge. Tuition fee **MUST** be received at least three weeks before the class starts or the applicant's seat will be released to the general public.

TRAINING STRUCTURE

National Trainers guide candidates through the five-day training with an emphasis on coaching and preparing candidates to be ambassadors of Mental Health First Aid. Courses typically run from 9 a.m. – 5 p.m. each day, with dedicated time on day three for independent preparation for presentations delivered on days four and five. On the fourth and fifth day of the training, each instructor candidate will present and teach an assigned portion of the eight-hour course to the group. The National Trainers will conduct an individual evaluation of each candidate, and each candidate will provide a peer review for their colleagues.

OUTCOME OF INSTRUCTOR TRAINING

There are three possible outcomes from the instructor training: **full certification, provisional certification or no certification.** Attendance is not a guarantee of certification.

1. Full Certification

In order to become a fully certified instructor, each candidate must receive a score of 36 or higher on their presentation evaluation and must complete and pass a written exam prior to the end of the training.

2. Provisional Certification

When a National Trainer discerns potential in an instructor candidate, but also recognizes that an individual will need additional support to deliver the curriculum effectively, they will issue a Provisional Instructor status. National Trainers make this determination by considering several factors including the candidate's exam score, course attendance and presentation score. Candidates who score between 32 and 35 on their presentation are eligible for Provisional Instructor status. Other factors include the candidate's desire to improve and his or her willingness to adhere to the conditions of a Provisional Instructor. The Provisional Instructor receives a certificate along with all fully certified instructors. In addition, the Provisional Instructor will be listed and receive credit for the classes that he or she teaches with a fully certified instructor. However, there are five important restrictions that apply to this status. **A Provisional Instructor:**

- Must co-teach with a fully certified instructor at all times.
- Is not allowed to order any materials independently (ordering materials must be done by their fully certified co-instructor).
- Cannot register a course in the data system.
- Cannot enter evaluation data (evaluation data entry must be done by their fully certified co-instructor).
- May not enroll in an expedited course for additional instructor certifications (i.e. if an instructor has a provisional status as an Adult Mental Health First Aid instructor, they may not enroll to become a Youth Mental Health First Aid instructor as a part of an expedited training).

3. No Certification

An instructor candidate will not receive certification in the event that s/he receives a score of less than 32 on the presentation portion and/or does not pass the instructor exam.

Please note that all certification determinations are made by an elite group of Mental Health First Aid National Trainers.

CANCELLATION POLICY

Individuals accepted into the instructor training are required to submit their tuition payment no later than three weeks (21 days) prior to the start date of their training. Should the instructor candidate need to cancel his/her attendance, they must submit a request in writing no more than 21 days prior to the training start date. Cancellations will incur a fee of \$250. Registrants who do not cancel by this date and do not attend the training will be responsible for the full tuition. No refunds will be given for cancellations received less than 21 days prior to the training.

Requests to transfer an application to a different training will incur a \$75 charge.

INSTRUCTOR COMMITMENTS

When an individual becomes a certified Mental Health First Aid instructor, s/he is committing to teach the full eight-hour course with fidelity to the core program model and key messages. Instructors are responsible for almost all components of their trainings, including:

- Recruiting participants and securing a training location.
- Collecting course fees.
- Ordering manuals for all participants.
- Preparing course materials.
- Compiling local resources.
- Providing participant evaluations to Mental Health First Aid USA.

In order to maintain instructor certification, instructors are required to:

- Teach their first course within six months of becoming certified.
- Teach at least three courses per year.
- Pass Quality Evaluation visits and assessments.
- Maintain satisfactory participant evaluation scores.
- Engage in instructor/course refresher activities as instructed.

PLEASE NOTE: Do not make any travel arrangements until your application has been approved and you have received an acceptance email.
