and Select Student-Athletes – NCAA Division III**

---

<b>For:</b>	NCAA Division III institutions.
<b>Action:</b>	Complete for each international student-athlete and file at your institution with other eligibility documents.
<b>Due date:</b>	Prior to practice or competition.
<b>Required by:</b>	NCAA Bylaw 14.1.5.1.
<b>Purpose:</b>	To qualify international student-athletes for intercollegiate practice or competition and assess compliance with NCAA general amateurism and eligibility rules.

---

**Part I: Institutional Guidelines.**

To be eligible to represent an institution in intercollegiate athletics practice or competition, an international/select student-athlete shall be certified as eligible using this form. An international/select student-athlete is a student-athlete who either:

1. Is not a U.S. citizen; or
2. Resides in an unincorporated or commonwealth territory of the United States; or
3. Has participated in foreign-athletics activities or was associated as an athlete with a foreign-athletics organization.

Each international/select student-athlete who is participating for the first time in intercollegiate athletics at the certifying institution should be given this form to complete and sign. The form should be completed in the presence of the institution's eligibility-certification official. It may be necessary for an institutional administrator to assist the student-athlete in understanding terms and to ensure that the student-athlete responds to all items. Subsequent to the student-athlete completing the form, the institution's eligibility official is responsible for investigating any answers that may result in ineligibility. Further, the statement must be signed by the institution's eligibility official and the student-athlete's head coach prior to the student-athlete engaging in competition. The completed form shall be maintained on file at the institution with other eligibility documents for a period of six years. [NCAA Bylaw 14.1.5.1]

Please be aware that your institution is responsible for:

1. Reviewing Bylaw 10.1 with the student-athlete to ensure that all information is provided truthfully and that the student-athlete is aware that further eligibility consequences could result if false and misleading information is provided.
2. Verifying the validity of the information provided by the student-athlete.
3. Analyzing the information submitted by the student-athlete and applying general amateurism and eligibility rules, particularly those related to amateurism, to determine the student-athlete's general eligibility. (NCAA Manual citations are included after each item to assist in this effort.)

4. Contacting the NCAA academic and membership affairs staff for assistance in determining the correct application of NCAA rules.
5. Advising the student-athlete that the information being provided through this form can affect the individual's eligibility.

**[Note: International/Select student-athletes also must sign the NCAA student-athlete statement, NCAA affirmation of eligibility and NCAA drug-testing consent form.]**

## **PART II – International/Select Student-Athlete Information.**

**[Please note that this section is to be completed by the student-athlete.]**

To be eligible for intercollegiate athletics practice and competition, every student-athlete must meet all applicable NCAA eligibility requirements. As an international student-athlete, you are being asked to complete this form because it will make it easier for your institution to determine your eligibility under NCAA rules.

This questionnaire does not relate to your admission to the school -- the admissions office of your institution will handle that process separately.

You must respond to each item below and sign the form to compete in intercollegiate athletics at an NCAA institution. (Use "N/A" if the question does not apply to you.) Ask an administrator at your school for help if you do not understand an item. (References to NCAA Bylaws that follow each item are for your institution's use.) The school's eligibility-certification official and your head coach also must sign the completed form and keep it on file at the school with other eligibility documents.

**Please note that the information you provide on this form will be used to certify your eligibility and thus may impact your eligibility to compete at an NCAA institution. In addition, under NCAA rules you are required to provide accurate information. The knowing provision of false and misleading information on this form may result in additional consequences to your NCAA eligibility.**

**STUDENT-ATHLETE: PLEASE PROCEED TO THE LAST PAGE AND COMPLETE THE INTERNATIONAL STUDENT-ATHLETE AFFIRMATION AND RETURN THIS FORM TO THE APPROPRIATE ATHLETICS DEPARTMENT OFFICIALS.**

The purpose of the information below is to ascertain whether the individual has previously been involved with a team or in individual competition that would compromise the individual's amateur status pursuant to Bylaw 14.2.4.3.

The following questions will enable the NCAA member institution to better determine the individual's eligibility status.

Did the student-athlete graduate from high school pursuant to his or her expected date of high school graduation?      **YES   NO**

(Please see the NCAA Web site for a list of high school graduation dates for various countries.)

If no, proceed to Part No. 1 below.

If yes, did the student-athlete enroll in a collegiate institution as a full-time student in a regular academic term at his or her first opportunity immediately following his or her graduation?  
**YES   NO**

If no, proceed to Part No.1 below.

If yes, skip to Part No. 2 below.

**1.      Amateurism Issues.**

For every calendar year after the individual's first opportunity to enroll immediately following the individual's expected date of high school graduation, please answer the following questions. Did the individual:

- | Yes   | No    |  |
|-------|-------|--|
| _____ | _____ | a. Participate in any team competition or training in which pay in any form was provided to any of the participants above actual and necessary expenses; |
| _____ | _____ | b. Participate in any individual competition or training in which the individual accepted pay in any form based on his or her place finish;              |
| _____ | _____ | c. Participate in any competition or training in which the individual accepted pay in any form above actual and necessary expenses;                      |
| _____ | _____ | d. Participate in any competition pursuant to the signing of a contract for athletics participation or entering a professional draft; or                 |
| _____ | _____ | e. Participate in any competition funded by a representative of athletics interests that was not open to all participants.                               |

## 2. Additional Amateurism Issues.

Has the individual:

- | Yes   | No    |  |
|-------|-------|--|
| _____ | _____ | a. Accepted any direct or indirect salary, gratuity or comparable compensation for the individual's participation on a team;   |
| _____ | _____ | b. Received prize money or payment based on the individual's performance in competition;   |
| _____ | _____ | c. Received preferential treatment, benefits or services because of the individual's athletics reputation or skill other than expressly authorized by NCAA rules;                    |
| _____ | _____ | d. Received educational expenses that were based in any degree on the recipient's athletics ability (even if the funds are given to the institution to administer to the recipient); |
| _____ | _____ | e. Entered into an oral or written agreement with an agent;  |
| _____ | _____ | f. Signed a contract or entered into an oral or written commitment of any kind for participation in athletics after initial full-time collegiate enrollment.                         |

If the answer to any of the questions in Section No. 2 is “YES,” the individual may have jeopardized his or her amateur status and may not be immediately eligible for intercollegiate competition in a particular sport. Therefore, it is incumbent on the institution to further investigate the individual’s amateur status.

**Please note that an individual who does not enroll in a collegiate institution as a full-time student during the regular academic term immediately following the date the individual’s high school class normally graduates (or the international equivalent as specified in the NCAA Guide to International Academic Standards for Athletics Eligibility) or discontinues full-time high school enrollment shall use a season of intercollegiate competition for each calendar year or sport season (subsequent to that date) in which the individual has participated in activities that meet the criteria set forth in Bylaw 14.2.4.3.2. (Please see Bylaw 14.2.4.3.2.1 for exceptions to this rule.) Further, an individual who uses a season of competition per Bylaw 14.2.4.3 shall fulfill one academic year in residence prior to being eligible to represent the institution in intercollegiate competition.**
