

1960

Tadashi Doi establishes Kyoto Daiichi Kagaku Co., Ltd (KDK) in Kyoto, Japan

1972

KDK sells EYETONE, a portable glucose analyzer into the US

1982

KDK sells world's first HbA1C Analyzer HA-8110

1983

KDK develops hand-held blood glucose meter GLUCOSCOT GT-4310

1985

KDK develops world's first fully automated dipping urine analyzer SUPER AUTION SA-4220

1991

KDK develops world's first hand-held, no button blood glucose meter GLUCOCARD GT-1610

1996

KDK develops visual urine test strip AUTION STICKS

1998

KDK develops hand-held blood glucose meter GLUCOCARD II DATA GT-1650

2000

KDK changes name to ARKRAY

2002

ARKRAY sells world's smallest hand-held urine analyzer PocketChem UA in the US

2002

ARKRAY sells fully automated urine analyzer AUTION MAX AX-4280 in the US

2005

ARKRAY launches first generation SPOTCHEM EZ SP-4430 in the US

Core Laboratory

Newest Generation

AUTION MAX™ AX-4030

Fully Automated Urine Chemistry Analyzer

- High throughput: 225 tests/hour with STAT capabilities
- Continuous loading of 100 samples
- Integrated barcode reader
- 400 test on-board storage
- 2,500 patient test memory and 200 QC data point
- Direct LIS interfacing or ARKRAY MEQNET™ middleware

Point-of-Care

SPOTCHEM EZ™ Clinical Chemistry Analyzer

- Lab accurate results in as little as 4 minutes
- Runs single tests, a panel, or combination
- 21 analytes and 3 panels

AUTION ELEVEN™ Semi-Automated Urine Chemistry Analyzer

- Ideal for small-to-medium sized hospitals and clinics
- 514 tests per hour
- 520 test memory

**Not available for sale or distribution in the U.S.*

DIASCREEN® 50 Urine Chemistry Analyzer

- Ideal for POLs
- 50 samples per hour
- 200 test memory

POCKETCHEM™ Urine Chemistry Analyzer

- Ideal for POLs
- Portable in-office testing
- 50 samples per hour
- 100 test memory

**Not available for sale or distribution in the U.S.*

About **ARKRAY**

ARKRAY Inc. offers a broad *in vitro* diagnostic portfolio, including automated urinalysis, HPLC A1C, immunodiagnostics and clinical chemistry instruments and reagents.

Though not all products are available in the United States, U.S. ARKRAY is constantly evaluating the clinical laboratory's needs and is committed to providing cost efficient solutions.

ARKRAY supports the global medical community with an R&D team of over 200 researchers and is dedicated to the advancement of medical science through innovation.
