

## REQUEST FOR REPLICATION

1. The undersigned interested party (the “Requestor”) submits this request for the NYISO to conduct, pursuant to Attachment Y to the Open Access Transmission Tariff (“OATT”), a replication of the [*Study to be designated by Requestor, referencing the applicable Section(s) 6.1, 9.1, 12.1 and/or 15.5 of Attachment Y*] (“Study Replication”).
2. Requestor shall be responsible for all reasonable actual costs incurred by the NYISO for the Study Replication. Such costs may include the cost of consultants and subcontractors retained by the NYISO, and the cost, if any, incurred by Transmission Owner(s) to supply analysis-related data when requested to do so by the NYISO.
3. When the scope and subject matter of two or more contemporaneous Study Replications overlap to any material degree the NYISO, with the prior written agreement of each affected Requestor, will conduct the overlapping study replication work on a consolidated basis and allocate the cost of such overlapping work equally to each affected Requestor.
4. This Request For Replication must be accompanied by a refundable deposit of \$[ ] payable to “The New York Independent System Operator, Inc.” The Study Replication Agreement will require Requestor to deposit additional money as needed to cover the actual cost of the Study Replication. The NYISO will apply all deposits to the costs it incurs for the Study Replication.
5. The NYISO will post on its website the following facts regarding this Request For Replication: (i) the identity of the Requestor; (ii) a general description of the Study Replication requested, and (iii) the date the NYISO received this Request For Replication.
6. The NYISO will acknowledge receipt of this Request For Replication within ten (10) business days and at that time will also tell Requestor whether additional information regarding the Study Replication needs to be submitted.
7. Following receipt of a complete Request For Replication, and the required deposit, the NYISO will meet with Requestor at a mutually agreeable time to discuss and determine the nature and scope of the Study Replication. The Study Replication scope will be recorded in the Study Replication Agreement.
8. Requestor may withdraw this Request For Replication by terminating the Study Replication Agreement in accordance with its Section 10.5 therein or, if the Study Replication Agreement has not yet been executed, the Requestor may terminate this Request For Replication by written notice to the NYISO. Upon termination, the NYISO will cease work on the Study Replication and forward to Requestor either (i) an invoice for unpaid Study Replication costs or (ii) a refund of that portion of the deposit not required to cover unpaid Study Replication costs.

9. This Request For Replication shall be submitted to the following representative of the NYISO:
