As a member of the Australian Spinal Research Foundation you are entitled to some very unique benefits. You are:

- able to access leading chiropractic professionals, academics, researchers and associated parties
- acknowledged as supporting an internationally recognised chiropractic research foundation
- able to network with professional leaders, practice professionals, prospective associates, potential mentors and prospective employers.

Make a difference..... support the profession that supports you

Your membership subscription helps support the ongoing funding of chiropractic research.

The Foundation has funded chiropractic research for 34 years and, since introducing research grants, has funded nearly 200 projects.

Members will receive exclusive chiropractic material

Throughout the year, members will regularly receive emails about chiropractic news and views, research information and articles by highly respected chiropractic authors. This is an exclusive offer and only available to members of the Foundation.

Enjoy substantially reduced costs to attend Foundation conferences

If a DC member attends Parker Seminars Sydney 2011, the Joe Dispenza Post Parker Seminar 2011, Dynamic Growth Congress 2012 and the Post Dynamic Growth Seminar 2012, the total saving in event registration fees would be \$316 - that's \$4 short from the cost of silver membership!

All DC Members will be included in a locality guide on the Foundation website

All Doctors of Chiropractic who are financial members as at 1 September 2011 will be listed in a locality guide on our website by region and postcode with appropriate acknowledgement of their membership and support of chiropractic research.

Your membership costs are tax deductible

As circumstances vary from individual to individual, independent advice should be obtained.

You will receive our quarterly newsletter at no charge

Illuminate is the Foundation's highly regarded full colour newsletter, which will bring you many informative articles and news on what is happening locally and internationally within the chiropractic community.

You can prominently display your support for spinal research in your practice

Every DC and CA member receives a membership certificate that can be highlighted for public display in their practice as well as an easy to display decal.

You have the opportunity to highlight membership by use of the Foundation's logo on all advertising/printed material

Members will be provided with prepared artwork featuring the Foundation's logo and the words 'Member of'. This can be used on business cards, letterheads and promotional material.

All Chiropractor Members will receive tickets for the Parker Las Vegas Prize Draw

All chiropractor members who have paid their membership by 12 September 2011 will go into the prize draw to win a trip for two (2) persons to attend Parker Seminars Las Vegas in January 2012 including seminar registration fees, economy return airfares and six (6) night's accommodation all up to the value of \$7,500. Please refer to the Terms and Conditions at www.spinalresearch.com.au

Foundation membership can be displayed on members' website

Members are entitled to display their membership and use the Foundation's logo during the year of membership on their website.

A member is also entitled to the following benefits

DC members have voting rights at the Annual General Meeting and all members will have access to a copy of the Annual Report highlighting the year's achievements and activities of the Foundation. A Member Honour Role is a feature of the Annual Report.

You are supporting the profession that supports you!
