Instructions for Form G7430

Use this form to claim a refund of tax paid on unsold pulltab or tipboard tickets reported during the 2007 calendar year.

Before you start

You need a Minnesota tax ID number. Your Minnesota tax ID is the seven-digit number assigned to you when you register with the Department of Revenue.

If you don't have one, register for one online at **www.taxes.state.mn.us** or call 651-282-5225 or 1-800-657-3605.

We cannot process a refund request without your Minnesota tax ID number.

Due date

This form is due March 20, 2008, as part of your February tax return (Form G1).

You may not file the form early or with any other month's return.

If you need to claim a refund and have already filed your February return, file this form with an amended return.

Line 3

If you reported the games on Schedule B2 by actual ticket counts, the unsold tickets are already included on line 2. Do not include them again here.

When games are involved in a fund loss and the ticket counts are deemed unreliable, you may be required to report the games using their ideal value. In this case, none of the tickets are reported as "unsold" even if you have some of the tickets still in your possession. Line 3 allows you to claim a tax refund on those tickets you physically have in your possession.

Line 4

If a destroyed game having unsold tickets was reported on Schedule B2, the unsold tickets are already included on line 2. Enter zero on line 4.

If a destroyed game was reported on Schedule B2 using barcode information only, and no tickets were reported as "unsold," enter the value of the unsold tickets on line 4.

Line 8

This 1.7 percent refund will result in an increase to your profit carryover for the month since it will be included on line 41 of your February Form G1.

Line 14 of Schedule F should still be the same as the amount on line 13 of your Form G1.

Signatures

The return must be signed by the chief executive officer, gambling manager and paid preparer if you have one.
