Dear Montana Taxpayer,

Thank you for filing your Montana income tax return. In the graphs below, you can see where our Montana tax revenues come from and how they are used to support important services and infrastructure.

We also thank taxpayers who filed their returns electronically. Last year over 84 percent of taxpayers filed electronically. These taxpayers found that e-filing was easy, convenient and helped ensure that their tax return was filed correctly. Also, remember to file early. Filing early helps to make sure your return doesn't get delayed in the rush of filings at the deadline date.

Tax fraud and identity theft is a growing problem worldwide. The department is committed to do all that we can to help Montanans protect their identity and tax refunds. We accomplish this by building into our tax systems measures to identify fraudulently filed returns. But we can't do this alone. There are several steps that you can take to help protect yourself. One step is to file your tax return early. Not only does this help you beat the rush of returns filed on the due date, it also helps us to verify and process your return ahead of the criminal who may have stolen your identity and is using it to file a fraudulent return. Another step is to change your user name and password regularly if you use commercial tax filing software. For all of us to prevail over these criminals we need to work together to protect Montanans' identities and property.

If you need more information about anything regarding your taxes, please don't hesitate to use our website at revenue.mt.gov or call our help line at 1-866-859-2254 or in Helena at 444-6900.

Please remember to e-file!

Best regards,

Mike Kadas, Director
Montana Department of Revenue

WHAT'S NEW FOR 2016?

Due Date Extended

The due date for filing a Montana income tax return is extended to April 18, 2017, due to the District of Columbia's observation of Emancipation Day on April 17. This is also the due date for any applicable payments normally due April 15.

Montana Net Operating Loss

Estates and Trusts must now calculate a Montana net operating loss deduction using Montana Form NOL. Previously the federal NOL deduction was accepted.

Legislative Changes

Credit for Unlocking Public Lands Program

The credit for unlocking state lands program was revised to include specific federal land and was renamed to apply to public lands. The new program increased the amount of credit available for each qualified access from \$500 to \$750. It also increased the maximum credit that a taxpayer may claim from \$2,000 to \$3,000.

New Credits

Innovative Educational Program Credit – For tax periods beginning on or after January 1, 2016, an estate or trust may claim a credit for contributions made to the educational improvement account provided for in 20-9-905, MCA, for the purpose of providing supplemental funding to public schools for innovative educational programs and technology deficiencies. The amount of the credit allowed is equal to the amount of the donation, not to exceed \$150. This credit may not be claimed for any contributions deducted in the calculation of Montana taxable income. Any portion of the credit not used by the estate or trust must be attributed to each beneficiary using the same proportion as used to report the beneficiary's income from the estate or trust for Montana income tax purposes. See 15-30-3110, MCA.

Student Scholarship Organization Credit – For tax periods beginning on or after January 1, 2016, an estate or trust may claim a credit for contributions made to a student scholarship organization. The donor may not direct or designate contributions to a parent, legal guardian, or specific qualified education provider. The amount of the credit allowed is equal to the amount of the donation, not to exceed \$150. This credit may not be claimed for any contributions deducted in the calculation of Montana taxable income. Any portion of the credit not used by the estate or trust must be attributed to each beneficiary using the same proportion as used to report the beneficiary's income from the estate or trust for Montana income tax purposes. See 15-30-3111, MCA.

Expiration of Credit – The Insure Montana program ended on December 31, 2015. Since the program is no longer accepting applications, the credit is no longer available for tax years beginning after December 31, 2015.

FORM FID-3 INSTRUCTIONS

Heading

Tax Year

You must use the same tax year used for federal income tax purposes (as indicated on the federal tax return) for Montana income tax purposes. If the estate or trust has a fiscal year, enter the beginning and ending dates of the fiscal year. Use a 2015 Form FID-3 if the estate or trust's tax year began in the 2015 calendar year.

Name and Address

Enter the legal name of the estate or trust on the first line. Enter the name and title, if any, of the fiduciary on the second line and include the fiduciary's mailing address on the third and fourth lines.

Federal Employer Identification Number (FEIN)

Enter the FEIN from page 1 of federal Form 1041. Montana uses the FEIN for identification purposes.

Date Entity Created

Enter the date the estate or trust was created from page 1 of federal Form 1041.

Schedule K-1 and Beneficiary Information

Enter the number of Montana Schedule(s) K-1 included and the number of each type of beneficiary—resident, nonresident or other. An example of an other type of beneficiary would be a corporation or pass-through entity.

Checkbox Items:

- Mark the "Initial return" box if this is the first return filed in Montana for this estate or trust.
- Mark the "Final return" box if this is the last return to be filed in Montana for this estate or trust.
- Mark the "Amended return" box if this return is being filed to correct a previously filed Form FID-3. See FAQ [13](#) on page 17 for more information.
- Mark the "Refund return" box if this return is being filed to receive a refund.
- Mark the "NOL carryback" box if this return is being filed to carry back a net operating loss (NOL).
- Mark the "Estate or filing trust made a 645 election" box if the estate and filing trust has a valid Internal Revenue Code section 645 election to treat the trust as part of the estate for federal purposes.

Entity Type

Mark the applicable box for the same entity type checked on page 1 of federal Form 1041 unless the trust is a qualified funeral trust. If a fiduciary files a federal Form 1041-QFT for a trust, the fiduciary needs to file a Montana Form FID-3 and mark the "Qualified funeral trust" box.

If the entity type is not identified, processing of the return will be delayed. Often, the fiduciary must then provide additional information to complete the filing.

Residency Status

Mark the applicable box to indicate the residency status of the estate or trust. For more information about the residency status of estates and trusts, see FAQ 2 on page 14.

If the residency status is not identified, processing of the return will be delayed. Often, the fiduciary must then provide additional information to complete the filing.

Line 16

Line 23

Add lines 21 and 22. This is total Montana income distribution deduction and exemption.

Taxes and Credits

Line 26 – Tax from Tax Table

For bankruptcy estates, leave lines 26 through 28a blank and enter the tax computed on Form 2 on line 29 of this form (FID-3). For all other estates and trusts, compute the tax using the following tax table:

If the Taxable Income is More Than	But Not More Than	Multiply the Taxable Income By	And Subtract	This is Your Tax
\$0	\$2,900	1% (0.010)	\$0	
\$2,900	\$5,100	2% (0.020)	\$29	
\$5,100	\$7,800	3% (0.030)	\$80	
\$7,800	\$10,500	4% (0.040)	\$158	
\$10,500	\$13,500	5% (0.050)	\$263	
\$13,500	\$17,400	6% (0.060)	\$398	
More Than \$17,400		6.9% (0.069)	\$555	

For example: Taxable income \$6,800 X 3% (0.030) = \$204
\$204 minus \$80 = \$124 tax

Line 27 – Capital Gains Tax Credit

Enter the capital gains tax credit from Schedule E, line 4.

Line 28 – Resident Tax After Capital Gains Tax Credit

If the estate or trust is a resident, subtract line 27 from line 26. This is resident tax after capital gains tax credit. Skip line 28a and go to line 29.

If the estate or trust is a nonresident or part-year resident, complete this line and go to line 28a.

Line 28a – Nonresident, Part-Year Resident Tax after Capital Gains Tax Credit

Enter the nonresident, part-year resident tax after capital gains tax credit from Schedule F, line 17. See the instructions for Schedule F on page 11.

Line 29 – Tax on Lump-Sum Distributions

If the estate or trust qualifies on its federal tax return for special averaging of a lump-sum distribution and the distribution is not included as ordinary pension income in federal adjusted gross income, the estate or trust will need to pay Montana income tax on this distribution. The Montana tax liability on the lump-sum distribution is 10% of the federal tax calculated on federal Form 4972.

Line 30 – Total Tax

If the estate or trust is a resident, add lines 28 and 29. If it is a nonresident or part-year resident, add lines 28a and 29.

Line 31 – Credit for an Income Tax Liability Paid to Another State or Country (residents and part-year residents only)

Enter the amount from Worksheet I, line 10 if the estate or trust is a resident or the amount from Worksheet II, line 10 if the trust is a part-year resident.

Resident estates and trusts are allowed a credit for income taxes paid to another state or country on net income that is also taxable to Montana. Part-year resident estates and trusts are allowed a credit for income taxes paid to another state or country on net income that is also taxable to Montana and if the income is included on Schedule F, line 14, column B. A credit is allowed against Montana income tax only if the tax paid to a state or foreign country was based on net income of the same taxable year and the income taxed by the state or foreign country was derived from sources outside of Montana. Unless you file the Montana tax return electronically, you must include a copy of the other state or country's income tax return with Form FID-3. If you file the tax return electronically and you cannot include a copy of the other state or country's income tax return, retain the copy so that you can provide it to the department upon request.

If the estate or trust had income from a state that has no state income tax, make no entry on line 31 and go to line 32.

Nonresident estates and trusts may not claim this tax credit against their Montana tax liability.

Foreign Tax Credit: The estate or trust is not entitled to a Montana tax credit for taxes paid to a foreign country unless it

has unused federal foreign tax credit that is not eligible to be carried back or carried forward to another tax year.

If the estate or trust is a shareholder of an S corporation or a partner in a partnership, and the S corporation or partnership pays an income tax, excise tax or franchise tax that was measured by and imposed on net income to another state or country, the estate or trust can claim a credit for its share of these taxes paid by the entity.

Other taxes paid by the S corporation or partnership—such as, but not limited to, franchise or license taxes, fees that are not imposed on or measured by net income, gross receipt taxes or gross sales taxes—are not allowed.

When the estate or trust claims this credit for the taxes paid by a pass-through entity, it will have to add back to Montana income its share of the S corporation or partnership's federal tax deduction that is included in total income. This is required whether or not the S corporation or partnership separately or nonseparately stated the income tax deduction on the federal Schedule K-1.

If the estate or trust is required to file an income tax return in more than one state or country and it is entitled to the credit, complete a separate Worksheet I for residents or Worksheet II for part-year residents for each state or country in which an income tax return was filed and tax was paid on the income that is also taxed to Montana.

When calculating the credit, do not include penalties and interest paid to the other state or country in the calculation.

Line 32 – Other Nonrefundable Credits

If the estate or trust is claiming one or more of the nonrefundable credits listed below, identify each credit it is claiming and include the amount(s) of the nonrefundable credit(s) in the total for line 32. If more than one credit is claimed, include a list of credits and credit amounts claimed and enter the total. Include all applicable credit forms.

In order to claim any credit, you must include the appropriate forms with the estate or trust's tax return unless you file the return electronically. If you file the return electronically and you cannot attach a copy of a credit form, retain the copy so you can provide it upon request. The forms do not specifically address estates and trusts, but estates and trusts are allowed to claim the credits listed below. The forms and instructions are available at revenue.mt.gov.

Nonrefundable/Noncarryover Credits:

- Alternative fuel credit (Form AF CR)
- College contribution credit (Form CC)
- Energy conservation installation credit (Form ENRG-C)
- Health insurance for uninsured Montanans credit (Form HI)
- Qualified endowment credit (Form QEC)
- Recycle credit (Form RCYL)
- Innovative Educational Program Credit
- Student Scholarship Organization Credit

Nonrefundable/Carryover Credits:

- Alternative energy system credit (Form ENRG-B)
- Alternative energy production credit (Form AEPC)

- Biodiesel blending and storage credit (Form BBSC)
- Contractor's gross receipts tax credit
- Empowerment zone credit
- Geothermal system credit (Form ENRG-A)
- Historic property preservation credit (federal Form 3468)
- Infrastructure user fee credit (Form IUFC)
- Mineral and coal exploration incentive credit (Forms MINE-CERT and MINE-CRED)

Line 33 – Total Nonrefundable Credits

Add lines 31 and 32.

Line 34 – Tax Less Nonrefundable Credits

Subtract line 33 from line 30. If zero or less, enter zero.

Line 35 – Endowment Credit Recapture Tax

If the estate or trust previously claimed an endowment credit and has also taken a charitable deduction for a gift that it contributed to a qualified endowment and the estate or trust has now received the gift back, the estate or trust is required to recapture the previous credit to the extent the credit reduced an income tax liability in a previous year.

Enter the amount of the endowment credit recapture tax. If, in addition to the recapture tax, part of the amount that is recaptured was claimed as a charitable contribution in a prior year, the estate or trust will have to include in income on Form FID-3, Schedule A, line 4, any recoveries of this prior year deduction that reduced the tax liability in the year of that deduction.

Line 36 – Tax Liability

Add lines 34 and 35 and the amount reported on Schedule G, line 12.

Payments and Refundable Credits

Line 37a – Total Montana Income Tax Withheld

Enter the amount of Montana income tax withheld. This amount is usually reported in Box 17 of the federal Form W-2, or in Box 12 of federal Form 1099-R. When the estate or trust claims Montana income tax withheld, it must include a copy of the withholding statement(s), such as federal Form(s) W-2 or 1099-R.

Do not report on this line Montana mineral royalty tax withheld or income tax withheld as a result of an ownership interest in a pass-through entity.

Line 37b – Montana Income Tax Withheld Allocable to Beneficiaries

Enter the amount of Montana income tax withheld reported on line 37a and allocable to beneficiaries.

Line 37 – Montana Income Tax Withheld Allocable to the Estate or Trust

Subtract line 37b from 37a. This is the amount of Montana income tax withheld that is allocable to the estate or trust.

Line 38a – Total Montana Pass-Through Entity Withholding

If the estate or trust has an ownership interest in a pass-through entity that had Montana source income and the pass-through entity paid Montana pass-through withholding on behalf of the estate or trust, enter the amount here.

This amount is reported to the estate or trust on a Montana Schedule K-1 and should not be confused with any Montana mineral royalty tax withheld that passed through to the estate or trust from a pass-through entity. Attach copies of the Montana Schedule(s) K-1 you received that report amounts withheld on your behalf.

Line 38b – Montana Pass-Through Entity Withholding Allocable to Beneficiaries

Enter the amount of Montana pass-through entity withholding reported on line 38a and allocable to beneficiaries. Pass-through withholding must be distributed to the beneficiaries if the associated income is distributed to the beneficiaries.

Line 38 – Montana Pass-Through Entity Withholding Allocable to the Estate or Trust

Subtract line 38b from 38a. This is the amount of Montana pass-through entity withholding that is allocable to the estate or trust.

Line 39a – Total Montana Mineral Royalty Tax Withheld

If the estate or trust paid Montana mineral royalty tax withholding, enter the withholding on this line. If the estate or trust receives a distributive share of Montana mineral royalty tax withholding from a pass-through entity, enter the withholding on this line. This is generally reported on federal Form 1099. Royalty payments made to owners of Montana mineral rights are subject to state tax withholding if certain thresholds are met. This amount should not be confused with the production taxes that are also subtracted from royalty payments.

If the mineral rights are held by a pass-through entity that the estate or trust has an ownership interest in or from which the estate or trust receives a distribution, enter the amount reported to the estate or trust as its share of the withholding. Include a schedule detailing the calculation of the estate or trust's portion of the withholding and any supporting documents, such as a Montana Schedule K-1, issued to the estate or trust or a copy of Form 1099 issued to the pass-through entity. For more information, visit "Mineral Royalty Withholding" at revenue.mt.gov.

Line 39b – Montana Mineral Royalty Tax Withheld Allocable to Beneficiaries

Enter the amount of Montana mineral royalty tax withheld reported on line 39a and allocable to beneficiaries. Mineral royalty withholding must be distributed to the beneficiaries if the associated royalty income is distributed to the beneficiaries.

Line 39 – Montana Mineral Royalty Tax Withheld Allocable to the Estate or Trust

Subtract line 39b from 39a. This is the amount of Montana mineral royalty tax withheld that is allocable to the estate or trust.

Line 40 – Estimated Tax Payments

If a fiduciary has made estimated income tax payments for tax year 2016, enter the amount of these estimated tax payments. Include in this amount the 2015 refund that was requested to be applied to the 2016 estimated income tax payments. Do not include in this total any income taxes paid for a previous year because these are not estimated taxes paid for tax year 2015.

If a fiduciary makes estimated income tax payments to be allocated to a beneficiary, do not include these payments on this line. Instead, apply these payments to the beneficiary's account. When estimated income tax payments allocable to beneficiaries are sent to the department, include the beneficiary's name and social security number or federal employer identification number, as well as an explanation that the payment is to be applied to the beneficiary's account.

Line 41 – Extension Payments

If a fiduciary made an extension payment on or before April 18, 2017, enter that amount on this line to qualify for an automatic six-month extension to file the income tax return. To determine whether a fiduciary needs to make an extension payment, complete Form EXT-FID-16 (Extension Payment Worksheet). For a copy of the worksheet, visit our website at revenue.mt.gov or call us toll free at (866) 859-2254 (in Helena, 444-6900).

Line 42 – Refundable Credits

If a fiduciary is claiming a refund of one or more of the refundable credits listed below, identify each credit being claimed and the amount(s) of the refundable credit(s) in the total for line 42. If more space is needed, make a list showing each credit and its amount and include the list with the tax return. Also include all applicable credit forms:

- Emergency lodging credit (Form ELC)
- Unlocking public lands credit

Line 43 – Total Payments and Refundable Credits

Add lines 37 through 42. This is total payments and refundable credits.

Tax

Line 44 – Tax Due

If line 36 is greater than line 43, subtract line 43 from line 36. This is tax due.

Line 45 – Tax Overpaid

If line 43 is greater than line 36, subtract line 36 from line 43. This is tax overpaid.

Penalties and Interest

Line 46 – Interest on Underpayment of Estimated Taxes

A fiduciary is required to pay an estate or trust's income tax liability throughout the year if the estate or trust expects to owe an income tax liability of at least \$500 after subtracting tax credits and withholding payments. Payments can be made through withholding, installment payments of estimated taxes, or a combination of both.

If a fiduciary did not pay in advance at least 90% of the 2016 income tax liability (after applying credits) or 100% of the 2015 income tax liability (after applying credits), the fiduciary may have to pay interest on the underpayment of estimated tax.

To calculate the interest, complete Form EST-I (2016 Underpayment of Estimated Tax by Individuals and Fiduciaries), available at revenue.mt.gov or by calling us toll free at (866) 859-2254 (in Helena, 444-6900).

Line 47 – Late File Penalty, Late Payment Penalty and Interest

• Late File Penalty

If a fiduciary files the estate and trust tax return after April 18, 2017—or October 17, 2017, with a valid extension (for calendar year filers)—the fiduciary will need to pay a late file penalty if there is tax due on line 44. The penalty is equal to the lesser of \$50 or the amount of tax due. The fiduciary does not have to pay a late file penalty if the tax return is filed late and shows a refund. To calculate the late file penalty, compare the amount on line 44 to \$50. The late file penalty is the lesser of these amounts.

• Late Payment Penalty

Unless the estate or trust's tax liability is \$200 or less, an extension to file a return does not give a fiduciary an extension to pay the tax. If a fiduciary has not paid all of the estate or trust's tax liability by the original due date of the return, a late payment penalty will be assessed. The late payment penalty is equal to 1.2% per month or part of a calendar month on the unpaid amount from the original due date. This penalty cannot exceed 12% (10 months x 1.2%) of the tax liability. For example, if the fiduciary does not pay the tax due until May 10, 2017 (for a calendar year estate or trust), the late payment penalty will be 2.4% (two parts of a month x 1.2%) of the unpaid tax. To calculate the late payment penalty, multiply the amount on line 44 by 1.2% per month or part of a calendar month that the payment is late.

Note: If an estate or trust's tax liability is \$200 or less, and if the return is filed and the tax liability paid on or before the extended due date, a late payment penalty will not be assessed. However, if the return is not filed and the tax liability is not paid by the extended due date, a late payment penalty will be assessed from the original due date of the return.

• Interest

Unless the estate or trust's tax liability is \$200 or less, an extension to file a return does not give a fiduciary an extension to pay the tax. If 100% of the tax liability is not paid by April 18, 2017 (for calendar year filers), interest

is due at a rate of 8% per year, computed daily on the unpaid balance.

To calculate the interest, multiply line 44 by 0.02192% (0.0002192) times the number of days after the original due date that the tax is paid. Interest accrues from the original due date.

Note: Interest will not be assessed if the tax liability is \$200 or less, and if the return is filed and the tax liability paid on or before the extended due date. However, if the return is not filed and the tax liability is not paid by the extended due date, interest will accrue from the original due date of the return.

If the estate or trust owes more than one of the items listed above, enter each amount on the following worksheet:

Type	Amount
Late file penalty	
Late payment penalty	
Interest	
Total	

Enter the total on line 47. (The fiduciary may wish to keep this worksheet as part of the estate or trust's tax records for future reference.)

Line 48 – Other Penalties

Include on this line the following penalty if it applies to the estate or trust:

- Farm and Ranch Risk Management Account 10% Penalty
If the estate or trust has not distributed deposits and income from its farm and ranch risk management account within three years, the deposits and income are now considered distributed. The fiduciary must pay a 10% penalty on the amount of tax due on the amount that is considered distributed. On this line, enter the farm and ranch risk management account 10% penalty. For more information, refer to Form FRM, available at *revenue.mt.gov* or by calling us toll free at (866) 859-2254 (in Helena, 444-6900).

Line 49 – Total Penalties and Interest

Add the amounts on lines 46 through 48. This is total penalties and interest.

Amount the Entity Owes or Its Refund

Line 50 – Amount the Estate or Trust Owes

If the estate or trust has a tax due (amount on line 44), add lines 44 and 49 OR, if the estate or trust has a tax overpayment (amount on line 45) and it is less than line 49, subtract line 45 from line 49. This is the amount the estate or trust owes.

A fiduciary can pay the amount an estate or trust owes by:

- e-filing a return and requesting electronic funds withdrawal;
- making an electronic payment from a checking or savings account or a credit/debit card payment using TransAction Portal (TAP) at *revenue.mt.gov*;

- scheduling an ACH credit through your bank if the bank supports this process; or
- money order, personal check or cashier's check payable to the MONTANA DEPARTMENT OF REVENUE. Remember to use the included voucher, sign the check and write the estate or trust's FEIN and "Tax Year 2016" on the memo line.

If a fiduciary cannot pay the entire amount that an estate or trust owes with the tax return, we encourage the fiduciary to file the estate and trust tax return on time and pay as much as possible. By filing and paying as much as possible by April 18, 2017, a fiduciary may not have to pay a late file penalty, and the amount of late payment penalty and interest can be reduced. If a fiduciary needs to establish a payment plan, call us toll free at (866) 859-2254 (in Helena, 444-6900) as soon as possible to discuss the options and make payment arrangements.

Line 51 – Overpayment

If an estate or trust has a tax overpayment (amount on line 45) and it is greater than line 49, subtract line 49 from line 45 and enter the result. This is the estate or trust's overpayment.

Line 52

Enter the amount of the overpayment from line 51 that the estate or trust wants applied to its 2017 estimated taxes.

Line 53 – Refund

Subtract line 52 from line 51. This is the amount of the estate or trust's refund. Only refunds more than \$1 will be issued.

If a fiduciary would like to use direct deposit, enter the estate or trust's financial institution's routing number (RTN#) and the estate or trust's account number (ACCT#) in the space provided. The routing number will be nine digits, and the account number can be up to 17 characters, including numbers and letters. Mark whether the account is a checking or savings account and if the estate or trust's refund will go to a bank outside of the United States and its territories (Midway Islands, Puerto Rico, American Samoa, U.S. Virgin Islands, Federated States of Micronesia and Guam).

If the estate or trust's financial institution does not accept direct deposit, we will mail a refund check.

A sample of a personal check is provided for reference:

Sign the Return

If a fiduciary is filing an estate and trust tax return electronically, a signature is not required. The act of filing electronically signifies the fiduciary’s declaration, under the penalty of false swearing, that:

- The fiduciary is authorized to file the return, and
- The information in the return is true, correct and complete.

The act of filing electronically is the fiduciary’s signature.

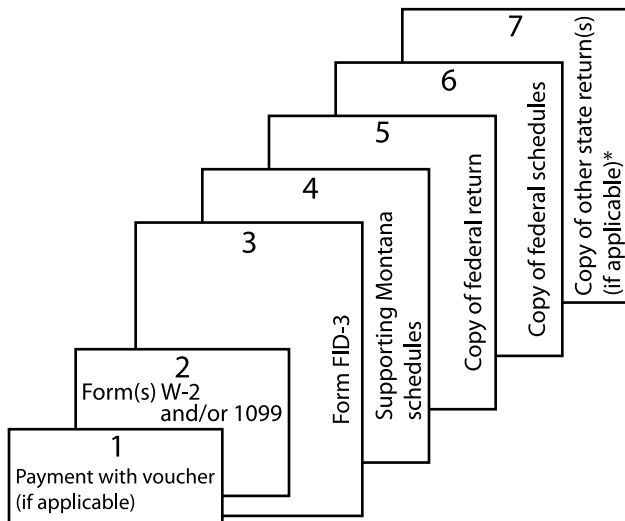

If a fiduciary is filing the estate and trust tax return on paper, the tax return is not considered valid unless the fiduciary or an officer representing the fiduciary signs the tax return. Unsigned returns cannot be processed and require us to contact the fiduciary for a signature.

Paid Preparer

A paid preparer must sign the tax return and include his or her address and Preparer Tax Identification Number (PTIN) in the space provided. If applicable, include the firm’s name, address, FEIN and telephone number.

Assemble the Return

If a fiduciary is filing an estate and trust tax return on paper, the fiduciary must include any applicable federal forms and schedules we requested. Assemble the return, without using staples, in the following order. Include all Forms W-2 and 1099.

Please Do Not Use Staples

* Only include a copy of the return(s) from another state if the estate or trust is a resident of Montana and claims the credit for taxes paid to another state.

File the Return

We encourage a fiduciary to efile the tax return for estates and trusts. See FAQ 9 on page 16. If a fiduciary files the return on paper, mail the return to the following address:

Montana Department of Revenue
 PO Box 8021

SCHEDULE A – SCHEDULE OF ADDITIONS

Line 1 – Interest and Mutual Fund Dividends from State, County or Municipal Bonds from Other States

Enter the interest and mutual fund dividend income that the estate or trust received from bonds and obligations of another state, territory, or political subdivision of another state (county, municipality, district, etc.).

Line 2 – Dividends Not Included in Federal Total Income

Enter the amount of any dividends that the estate or trust received that are not already included in total federal income. Do not include qualified dividends since these dividends are already in the total ordinary dividends reported on Form FID-3, line 2.

Line 3 – Taxable Federal Refund

If the estate or trust claimed a federal tax deduction, either by withholding or by paying an estimated tax in a prior year, any refund of that tax is income in the year it is received. Enter the taxable refund.

Line 4 – Other Recoveries

If the estate or trust claimed a deduction in a prior year that reduced Montana taxable income and the deduction was subsequently reimbursed, enter that reimbursement.

Line 5 – Montana Income Taxes Paid or Accrued

Enter Montana income taxes paid or accrued. These amounts have to be added back to income.

Line 6 – Expenses Allocated to U.S. Obligations

If an estate or trust has tax-exempt interest income, report the adjustment for deductions related to the tax-exempt interest income. Enter only the amount deducted for federal purposes that is not allowed as a deduction for Montana purposes.

Deductions allocable to tax-exempt interest income must be used only against tax-exempt interest income.

Although subject to federal tax, interest in federal bonds, notes and other U.S. obligations is exempt from Montana income tax. Therefore, if interest in federal bonds, notes and other U.S. obligations is excluded on the Montana estate and trust tax return, expenses related to such tax- exempt interest income must be included in taxable income for Montana purposes.

To compute the expenses allocable to tax-exempt interest income, divide tax-exempt interest income by total gross income (including tax-exempt interest income). Multiply the resulting percentage by total expenses not directly allocable to any item of income. Report the portion of expenses allocated to tax-exempt interest income on the appropriate line.

Example:	
1. Gross income from U.S. obligations	\$6,190 (reported on Form FID-3, Schedule B, line 2)
2. Total gross income	\$73,496 (total federal income on Form FID-3, line 9 plus any capital losses plus the gross tax-exempt income from federal Form 1041, Schedule B, line 1)
3. Line 1 divided by line 2	0.084222
4. Total indirect expenses	\$21,987
5. Indirect expenses allocated to U.S. obligations income (line 3 x line 4)	\$1,852 (reported on Form FID-3, Schedule A, line 8)

Line 7 – Federal Net Operating Loss

The federal net operating loss carryover that you reported on your Form FID-3, line 15a may be different from the amount of your Montana Net operating loss carryover. On this line, you should enter the amount of your federal net operating loss carryover from line 15a, and then compute your Montana net operating loss carryover using Montana Form NOL. The Montana net operating loss carryover is reported on Schedule B, line 8.

Line 8 – Other Income

Include a detailed schedule listing types and amounts.

Line 9 – Total Additions

Add lines 1 through 8 and enter the result on this line and on Form FID-3, line 18.

SCHEDULE B – SCHEDULE OF DEDUCTIONS/SUBTRACTIONS

Line 1 – Federal Income Tax Deduction

Enter 100% of the federal income tax paid or accrued within the tax year. Federal net investment income taxes paid or accrued are also included on this line.

Line 2 – Exempt Interest and Mutual Fund Dividends from Federal Bonds, Notes and Other Obligations

Enter the interest on United States government obligations and mutual fund dividends attributable to that interest that an estate or trust received if these amounts are included in total federal income on Form FID-3, line 9. In addition, enter the interest on obligations from U.S. territory or government agency obligations that are specifically exempt by federal law or any mutual fund dividends attributable to this interest that an estate or trust received if these amounts are included in total federal income on Form FID-3, line 9.

Interest on obligations that are only guaranteed by the United States government is not tax-exempt. If an estate or trust

received interest or mutual fund dividends attributable to Government National Mortgage Association (Ginnie Mae) bonds, Federal National Mortgage Association (Fannie Mae) bonds, or Federal Home Loan Mortgage Corporation (FHLMAC) securities, a fiduciary cannot subtract these interest amounts or mutual fund dividends.

United States Obligations that are exempt include:

- Series E, EE, F, G and H savings bonds
- U.S. treasury bills
- U.S. government notes
- U.S. government certificates

Refer to Form 1099-DIV to determine what percentage of the dividends received qualify for this exemption.

Line 3 – State Tax Refunds

If a state tax refund is included as other income on Form FID-3, line 8, subtract it on this line.

Line 4 – Other Recoveries

If a recovery was shown as income on Form FID-3, line 8, but the original deduction did not reduce Montana taxable income, deduct it on this line.

Line 5 – Partial Pension and Annuity Income Exemption

If an estate or trust reported taxable retirement income on FID-3, line 8, the estate or trust may be entitled to a partial exemption of this income. Qualifying pension and annuity income is reported on federal Form 1099-R with distribution code 7.

Premature distributions and early withdrawals of retirement income do not qualify for the retirement income exemption. Early distributions, which required payment of the federal 5% or 10% additional tax, do not qualify for this exemption. Also, if an estate or trust received a disability pension, which is identified as distribution code 3 on federal Form 1099-R, the estate or trust should use Montana Form DS-1 (2016 Disability Income Exemption) to determine its deduction instead of the retirement income exemption.

Tier I and Tier II Railroad Retirement benefits received from the Railroad Retirement Board are exempt from Montana tax. Enter the full amount of Tier I and Tier II annuity or pension benefits reported on Form FID-3, line 8 as a reduction to income on Schedule B, line 6.

When total federal income is \$33,910 or less, the retirement exemption is limited to the taxable retirement income that an estate or trust received or \$4,070, whichever is less. When total federal income exceeds \$33,910, the retirement exemption is reduced \$2 for every \$1 that total federal income is over \$33,910. For example, if total federal income is \$34,910, the retirement exemption is \$2,070 (\$4,070 – (\$1,000 x 2) = \$2,070). The estate or trust is not entitled to this retirement income exemption if total federal income is greater than \$35,945 (\$4,070 – (\$2,035 x 2) = \$0).

To calculate the pension and annuity income exemption, use the worksheet that follows:

Partial Pension and Annuity Income Exemption Worksheet	
1. Enter total federal income from Form FID-3, line 9.	
2. Phase-out limitation.	\$33,910
If line 1 is smaller than line 2, enter the smaller of the pension and annuity income or \$4,070 on Schedule B, line 5. Stop here; do not complete the remainder of this worksheet.	
3. If line 1 is larger than line 2, subtract line 2 from line 1 and enter the result.	
4. Enter the smaller of the pension and annuity income or \$4,070.	
5. Double the amount on line 3 and enter the result.	
6. Pension and annuity exclusion. Subtract line 5 from line 4. If the result is zero or negative, there is no exclusion. If the number is positive, enter the result and exclude this amount on Schedule B, line 5. This is the partial pension and annuity exemption.	

Line 6 – Subtractions for Federal Taxable U.S. Railroad Retirement Board Benefits

Tier I and Tier II Railroad Retirement benefits received from the Railroad Retirement Board are exempt from Montana tax. Enter the full amount of Tier I or Tier II annuity or pension benefits reported on Form FID-3, line 8.

Line 7 – Expenses Allocated to Other States' Interest and Mutual Fund Dividends

If an estate or trust has tax-exempt income, report the adjustment for additional expenses allocated to the tax-exempt income. Enter only the additional deductible expenses for Montana on this line.

Although exempt from federal tax, interest on non-Montana state and municipal securities is taxable to Montana. Therefore, if interest in non-Montana municipal securities is included on the Montana estate and trust tax return, expenses related to such tax-exempt income must be subtracted from taxable income for Montana purposes.

To compute the expenses allocable to tax-exempt income, divide tax-exempt income by total gross income (including tax-exempt income). Multiply the resulting percentage by total expenses not directly allocable to any item of income. Report the portion of expenses allocated to tax-exempt income on the appropriate line.

Example:	
1. Gross taxable municipal interest	\$4,575 (reported on Form FID-3, Schedule A, line 1)
2. Total gross income	\$73,496 (total federal income on Form FID-3, line 9 plus any capital losses plus the gross tax-exempt income from federal Form 1041, page 2, Other Information, line 1)
3. Line 1 divided by line 2	0.062248
4. Total indirect expenses	\$21,987
5. Indirect expenses allocated to out-of-state municipal income (line 3 x line 4)	\$1,369 (reported on Form FID-3, Schedule B, line 7)

Line 8 – Montana Net Operating Loss Carryover

The Montana net operating loss (NOL) carryover may be different from the amount of your federal net operating loss carryover. MDNI may also limit the amount of Montana income a beneficiary or trust owner must report on his or her Montana tax return.

Enter the amount from Form FID-3, line 20. If line 20 is a loss and line 4 is a loss, enter the smaller loss.

This line applies to complex trusts only. Enter the accounting income of the trust for the tax year determined under the terms of the governing instrument and Montana income tax law.

Line 11

Subtract line 10 from line 9. This is the tentative income distribution deduction based on total actual distributions.

Enter "000000000" if the beneficiary is a foreign taxpayer not required to have a federal Taxpayer Identification Number and an exemption code of "01" or "14." The total of column D should equal the income distribution deduction reported on Form FID-3, line 21.

Use the dollar amount and not the percentage.

If there are more than 10 beneficiaries, complete additional copies of Schedule D. You can make copies of the included Schedule D or download additional copies from revenue.mt.gov. If Schedule D is incomplete, the processing of the return will be delayed until we receive this information.

SCHEDULE E – CAPITAL GAINS TAX CREDIT CALCULATION

An estate or trust can claim a capital gains tax credit against the Montana income tax liability of up to 2% of net capital gains. The net capital gains eligible for the capital gains tax credit is the amount reported on Form FID-3, line 4, less the amount of net capital gains distributed to a beneficiary.

Example: A capital gain of \$46,675 is reported on Form FID-3, line 4. The income distribution deduction to the beneficiary included \$12,482 of the capital gain. The 2% capital gains tax credit is computed on the undistributed capital gain of \$34,193.

This credit is nonrefundable. It is applied directly against the income tax liability and it cannot reduce the liability below zero. This credit is applied before any other credits and cannot be carried back or carried forward.

If an estate or trust is a nonresident or a part-year resident, apply this credit to the Montana income tax computed on Form FID-3, line 26 as if it were a resident.

SCHEDULE F – NONRESIDENT/ RESIDENT PART-YEAR ESTATE AND TRUST TAX

Schedule F applies only to nonresident and part-year resident estates and trusts that have Montana source income. A fiduciary will use this schedule to compute the ratio of Montana source income to total income. 1 Who has to file a Montana income tax return for estates and trusts?

The fiduciary of an estate or trust (both resident and nonresident) has to file a Form FID-3 (Montana Income Tax Return for Estates and Trusts) if total income is \$2,380 or more. A fiduciary includes a guardian, trustee, executor, administrator, receiver, conservator or any person acting in a position of trust or fiduciary capacity for any other person or group of persons.

Resident Trust

A trust is a resident trust if it establishes a sufficient connection to Montana.

Several factors are considered to determine whether a trust has a sufficient connection to Montana and include, but are not limited to, the testator's, grantor's, settlor's, or creator's domicile; the location where the trust was created; the location of trust property; the beneficiaries' domicile; the trustees' domicile; and the location of the trust's administration.

Examples of resident trusts include, but are not limited to:
any trust that designates Montana as its principal place of administration;

any trust that is primarily administered by a trustee or representative who is a Montana resident or whose principal place of business is located in Montana;

any irrevocable trust created by, or consisting of property of, a Montana resident on the date the trust or portion of the trust became irrevocable and has at least one income beneficiary who, for all or some portion of the trust's current taxable year, was a Montana resident;

any trust created by the will of a decedent who was a Montana resident at the time of the decedent's death; or any trust created by, or caused to be created by, a court as a result of the death of an individual when:

property was transferred to an irrevocable inter vivos trust as a result of a decedent's death;

the decedent was a Montana resident at the time of the decedent's death; and

the trust has at least one income beneficiary who, for all or some of the trust's current taxable year, was a Montana resident.

Generally speaking, the 'principal place of administration' of a trust is the usual place where its day-to-day activities are carried on by the trustee or person who is primarily responsible for the administration of the trust. If the principal place of administration of the trust cannot be identified under that standard, and assuming that the trust agreement does not identify a different location, then it is determined as follows:

if the trust has a single trustee, the principal place of administration of the trust is the trustee's residence or usual place of business; or

if the trust has more than one trustee, the principal place of administration of the trust is the residence or usual place of business of any of the cotrustees as agreed upon by them. If not agreed upon by the cotrustees, the principal place of administration of the trust is the residence.

Nonresident Estate or Trust

If the estate or trust is not a resident, it is treated as a nonresident estate or trust.

For nonresident estates or trusts, Montana tax liability is computed as if the entity was a resident estate or trust. The computed tax liability is then multiplied by the ratio of the estate or trust's Montana source income to the undistributed total income.

A nonresident estate reports income earned from Montana sources in the same manner as a nonresident individual taxpayer would.

Refer to the instructions on page 11 for Schedule F (Nonresident Estate and Trust Tax).

3 Which tax year and accounting method should a fiduciary use to file the tax return?

The 2016 Form FID-3 has to be filed for the calendar year 2016 or the fiscal year beginning in 2016. If the tax return is for a fiscal year, or a short tax year (less than 12 months), enter the taxable year in the space at the top of Form FID-3.

The taxable year and accounting method for Montana have to be the same as the taxable year and accounting method

used for federal income tax purposes. If the estate or trust changes its federal taxable year or accounting method, it is required to change its Montana taxable year and accounting method accordingly. A copy of the approval letter from the Internal Revenue Service (IRS) to change accounting period or method must accompany the first tax return that reflects the change.

Mark the "Final return" box on Form FID-3 if the estate or trust ceased to exist during the 2016 tax year.

Fiscal year filers need to use the 2015 Form FID-3 if the estate or trust's taxable year began in the 2015 calendar year.

4 What forms and schedules have to be included with the tax return?

Unless the tax return is filed electronically, a fiduciary must include a complete copy of federal Form 1041 and all related forms and schedules. If a fiduciary is claiming a credit for taxes paid to another state, the fiduciary is required to include a copy of the return(s) from the other state. If the fiduciary files the return electronically and cannot attach the federal forms and schedules or the other state or country's income tax return, retain copies so they can be provided to the department upon request.

5 Who has to sign the tax return?

Form FID-3 has to be signed and dated by the fiduciary or an officer representing the fiduciary. Form FID-3 is not considered to be complete unless it is signed. Unsigned tax forms will delay processing of the return. If a fiduciary has an accounting firm or an individual prepare Form FID-3, the name, address and telephone number of the tax preparer has to be included on the tax return.

If a fiduciary is filing the tax return electronically, the fiduciary or an officer representing the fiduciary is not required to sign the tax return. The act of electronically filing signifies that the fiduciary is authorized to file the return and declares that the information is true, correct and complete. In addition, the act of completing and filing the tax return electronically is considered an authorized signature.

6 When is the estate and trust tax return due?

The estate or trust's Montana filing period is the same as its federal filing period. Form FID-3 is due following the close of the tax year for:

- calendar year estate or trust – on or before April 15
- fiscal year estate or trust – on or before the 15th day of the 4th month following the end of the tax year

If the due date falls on a weekend or a holiday, the tax return is due on the next business day.

7 Can a fiduciary get an extension of time to file the tax return?

Yes. A fiduciary is granted an automatic extension of time to file of up to six months for filing a Montana income tax return if:

- The estate or trust's 2016 tax liability is \$200 or less.
- A fiduciary paid 100% of the estate or trust's 2015 Montana income tax liability through estimated tax

payments, withholding or a combination of both by April 18, 2017.

- A fiduciary paid 90% of the estate or trust's 2016 Montana income tax liability through estimated tax payments, withholding or a combination of both by April 18, 2017.
- The estate or trust is a first-time filer.
- The estate or trust had zero or negative taxable income for 2015.

A fiduciary does not need to apply for a federal extension in order to receive a Montana extension.

Complete Form EXT-FID-16 (Montana Extension Payment Worksheet) to determine whether the estate or trust has a Montana extension payment requirement. This form is available at revenue.mt.gov or by calling us toll free at (866) 859-2254 (in Helena, 444-6900).

If a fiduciary is required to make an extension payment, the fiduciary can pay by the following methods:

- electronic payment from a checking or savings account or a credit/debit card payment using TransAction Portal (TAP) at revenue.mt.gov
- schedule an ACH credit through your bank if the bank supports this process
- use the tax payment voucher found on Form EXT-FID-16

Important

Unless the tax return qualifies for an extension because the estate or trust's tax liability is \$200 or less, an extension of time to file is not an extension to pay the taxes due. If the tax liability is more than \$200 and the tax return has a valid Montana extension but has not paid the estate or trust's entire 2016 income tax liability by the original due date, the estate or trust will not be assessed a late file penalty, but interest and late pay penalties will be assessed on the outstanding balance.

8 What does the box that asks "May the DOR discuss this tax return with the tax preparer?" mean?

If a fiduciary marks the box, we can discuss any concerns that we might have with the 2016 estate and trust tax return—a missing schedule, for example—with the tax preparer. If the fiduciary does not mark the box, we cannot discuss the tax return with anyone but the fiduciary unless a power of attorney allows us to discuss the return with someone else.

If yes is marked, the fiduciary is authorizing us to call the tax preparer to answer any questions that arise while we are processing the 2016 tax return.

By marking the box the fiduciary is also authorizing us to:

- Request that the tax preparer give us any information that is missing from the return.
- Respond to the tax preparer's call to us for information about the processing of the return or the status of refund(s) or payment(s).
- Discuss certain notices from us about math errors, offsets and return preparation.

Note: The department will only send notices directly to the fiduciary, not to the tax preparer.

The fiduciary is not authorizing the tax preparer to receive any refund check, bind the estate or trust to anything (including

any additional tax liability), receive any information about any other tax year or tax matter, or otherwise represent the estate or trust before the department.

Please be aware that this authorization cannot be revoked. The authorization will, however, automatically end no later than the due date, without regard to extensions, for filing next year's (2017) tax return. This is April 17, 2018 for most estates and trusts.

If the fiduciary wants to expand or change the tax preparer's authorization (for example, to verify any estimated payments it will be making in the future), the fiduciary can use Form POA (Power of Attorney, Authorization to Disclose Tax Information). Form POA is available at revenue.mt.gov.

9 What options does a fiduciary have to file the estate and trust tax return electronically?

Electronic filing is available for the 2016 Montana Income Tax Return for Estates and Trusts (Form FID-3). Visit revenue.mt.gov for more details and a list of approved software vendors. Tax professionals who are authorized e-file providers can submit both the federal and state tax returns at the same time.

Fiduciaries are no longer able to file a Montana Income Tax Return for Estates and Trusts (Form FID-3) through TransAction Portal (TAP). However, fiduciaries can still make payments, view returns and payments, update account information and grant access to others (such as tax preparers) in TAP.

10 What options does a fiduciary have to pay the estate or trust's Montana taxes electronically?

Electronic payment options are available at revenue.mt.gov. Fiduciaries can pay the estate or trust's Montana taxes electronically by:

- Electronic funds withdrawal when e-filing the joint federal/state tax return,
- Making an electronic payment from a checking or savings account or a credit/debit card payment using TransAction Portal (TAP) at revenue.mt.gov, or
- Scheduling an ACH credit through your bank if the bank supports this process. View additional information on ACH credit payments at revenue.mt.gov.

You can schedule electronic funds withdrawal and e-check payments to be withdrawn at a later date. For more information regarding e-pay options, visit revenue.mt.gov. Interest and late payment penalties will be assessed on any amount not paid when due.

11 If a fiduciary files the tax return electronically, what information must be sent in and what documents must it retain?

If a fiduciary files electronically, the fiduciary does not have to mail in a paper copy of the tax return, or any accompanying federal Form(s) W-2 or 1099, or any other Montana supplemental forms. When the fiduciary files electronically, the fiduciary represents that he/she has kept all the documents required as part of the estate or trust's tax record and that it will provide copies if we ask for them. The act of completing and filing the tax return electronically is considered the fiduciary's authorized signature.

12 If a fiduciary files the tax return by mail, what address does the fiduciary use?

Mail the Income Tax Return for Estates and Trusts to:

Montana Department of Revenue
PO Box 8021
Helena MT 59604-8021

13 How does a fiduciary amend the tax return?

If a fiduciary needs to correct an error on a previously filed Form FID-3, the fiduciary must file an amended return. There is no special form for this purpose. See “What are some helpful hints for preparing an amended return?” in FAQ **14**.

The fiduciary has three years from the due date of the original tax return to file an amended return and correct any error.

If the IRS changes or makes corrections to the federal Form 1041 or if the fiduciary amends the estate or trust’s federal tax return, the fiduciary will need to amend the Form FID-3 within 90 days of receiving the Internal Revenue Service’s notification of the corrections made to the federal Form 1041 or within 90 days of filing the amended federal tax return.

Important

If the fiduciary files an amended tax return that reflects an increased tax liability, the late payment penalty may be waived. Simply mark the “Amended return” box on the tax form and pay the tax and applicable interest in full. By marking this box and paying all the tax and interest in full, the fiduciary is requesting a waiver of the late payment penalty.

14 What are some helpful hints for preparing an amended tax return?

Use the correct Form FID-3 for the year being amended. The forms are available at revenue.mt.gov.

Enter the name of the estate or trust, and the fiduciary’s name, current address, FEIN and other requested information in the top portion of Form FID-3.

Mark the “Amended return” box at the top of Form FID-3.

If the fiduciary is amending to carry back a net operating loss, check the “NOL carryback” box at the top of Form FID-3.

Complete the entire Form FID-3 and its applicable schedules using the corrected amounts. Include a copy of the original Form FID-3.

Include the applicable forms and statements explaining all of the adjustments in detail. If the reason for filing the amended return is because of changes the fiduciary or the IRS made to the federal Form 1041, include a copy of the amended federal return or IRS notice.

Complete and provide a corrected Montana Schedule K-1 along with a copy of the amended Form FID-3 to the beneficiaries. If the original Form FID-3 was electronically filed through the joint federal/state program, then an amended Form FID-3 can be e-filed as long as the software supports amended filing.

15 Is a fiduciary required to make estimated tax payments?

A fiduciary for an estate or trust is required to make estimated tax payments in 2017 if one of the following conditions applies:

- The net income tax liability on the estate or trust’s taxable income for the 2016 tax year (as shown on the 2016 Form FID-3, line 36) was \$500 or more.
- The fiduciary expects to owe (after subtracting any Montana income tax withheld, mineral royalty tax withheld and tax credits) \$500 or more for the 2017 tax year.

Complete Form ESW-FID (2017 Montana Fiduciary Estimated Income Tax Worksheet) to determine if there is a requirement to pay estimated tax for 2017. This form is available at revenue.mt.gov or by calling us toll free at (866) 859-2254 (in Helena, 444-6900). The fiduciary can also pay electronically. For payment options visit revenue.mt.gov.

16 What is the interest rate on unpaid taxes?

The current interest rate is 8%, and it will continue to be in effect through December 31, 2017. Under Montana law, the interest rate for all unpaid income taxes depends on the rate set by the Internal Revenue Service and may fluctuate each year, but will not be less than 8%.

17 Are there special filing instructions for a specific entity type?

Decedent’s Estate

Do not use a decedent’s social security number for an estate. If the Federal Employer Identification Number (FEIN) is not available at the time of filing, enter “applied for” and the application date in the box provided.

Section 645 Election

A section 645 election allows a qualified revocable trust to be treated and taxed as part of the related estate during the election period. If the election is made for federal income tax purposes, it also applies for Montana. Enclose a copy of the federal Form 8855 or the letter making the election.

Electing Small Business Trust (ESBT)

If a fiduciary makes the election under IRC Section 1361 for the trust to be an ESBT for federal purposes, the trust will be treated as an ESBT for Montana income tax purposes. No separate election for Montana purposes is required.

Special rules apply when computing the ESBT’s tax liability. The activity from an ESBT, which is treated as a separate trust, is reported on Schedule G (Electing Small Business Trust Tax Calculation). The tax liability of an ESBT is determined on Schedule G and combined with the tax liability of the remainder (non-ESBT portion) of the trust on Form FID-3, line 36. The ESBT’s Montana tax liability is calculated in the usual manner, using the regular tax table.

If the trust is only an ESBT, complete the heading portion of Form FID-3, Schedule G and Form FID-3, lines 36 through 53.

Bankruptcy Estates

A bankruptcy estate of an individual must file Form FID-3, but complete only the heading portion and report the amount of tax computed on the attached copy of the Montana tax return.

Married couples who file a joint bankruptcy petition may file a joint tax return. A joint bankruptcy estate is limited to one personal exemption in computing the amount of tax due. A married couple cannot use the filing status of married filing separately on the same return to determine their separate Montana income tax liabilities for a bankruptcy estate. If a married couple does not file a joint return, but both spouses are filing for bankruptcy individually, then each spouse will complete a separate Form FID-3 and a separate individual Montana income tax return. Credits and payments that are applicable to the bankruptcy estate are reported on Form FID-3.

Grantor Type Trusts

The fiduciaries of grantor trusts are required to file informational tax returns and send copies to the grantors/owners that are required to report the income, deductions and credits on their Montana income tax return.

If the entire trust is a grantor trust, complete only the heading portion of Form FID-3 and mark the "Grantor Type Trust" box. Do not show any dollar amounts, including any withholding amounts and estimated payments, on the form itself; show dollar amounts only on a supporting statement. Include the supporting statement with the return, along with a complete copy of federal Form 1041.

Example: The John Doe Trust is a grantor type trust. During the year, the trust sold 100 shares of ABC stock for \$1,010 (it had a basis of \$10) and 200 shares of XYZ stock for \$10 (it had a \$1,020 basis). The trust does not report these transactions on federal Form 1041 or Form FID-3. Instead, a schedule is included with Form 1041 and Form FID-3 showing each stock transaction separately and in the same detail as John Doe (grantor and owner) needs to report on his Schedule D (Form 1040). The trust may not net the capital gains and losses, nor may it issue John Doe a Schedule K-1 showing a \$10 long-term capital loss.

If only part of the trust is treated as a grantor type trust, report on Form FID-3 only the part of the income, deductions, etc. that is not attributable to the grantor type trust.

Qualified Funeral Trusts

The purchasers of pre-need funeral services are the grantors and the owners of pre-need funeral trusts as established under state laws. However, fiduciaries of pre-need funeral trusts can elect to file the return and pay the tax for qualified funeral trusts (QFTs). The IRS allows a fiduciary to file federal Form 1041-QFT (U.S. Income Tax Return for Qualified Funeral Trusts), which is a single, composite tax return for some or all QFTs for which he or she is a fiduciary.

A fiduciary of more than one qualified funeral trust may file the Form FID-3 reporting all the QFTs included on the composite federal return, rather than a separate return for each trust. However, the applicable tax due is computed on the combined taxable income of all the included QFTs, less one exemption of \$2,380.

Qualified Subchapter S Trust (QSST)

A QSST (as defined in IRC section 1361(d)(3)) follows the reporting rules for grantor type trusts. Income allocated to S corporation stock held by the trust is treated as owned by the income beneficiary of the portion of the trust that owns the stock.

Pooled Income Funds

A fiduciary files federal Form 5227 (Split-Interest Trust Information Return) along with a statement to support the following:

- the calculation of the yearly rate of return,
- the computation of the deduction for distributions to the beneficiaries, and
- the computation of any charitable deduction.

If filing for a pooled income fund, complete only the heading portion of Form FID-3 and check the "Pooled Income Fund" box. Do not show any dollar amounts on the form itself; show dollar amounts only on the supporting statement. Include the supporting statements and a complete copy of federal Form 5227 with Form FID-3.

Other

Certain types of trusts file federal forms for which Montana does not have an equivalent form. The following are examples of these entities and the Montana income tax returns that they need to complete.

Split-Interest Trusts

Split-interest trusts described in IRC section 4947(a)(2), including charitable lead trusts and charitable remainder trusts described in IRC section 664 that meet the definition of a split-interest trust, file federal Form 5227.

If filing for a split-interest trust, complete only the heading portion of Form FID-3 and mark the "Other" box. Do not show any dollar amounts on the form itself; show dollar amounts only on the supporting statement. Include the supporting statements for the form, along with a complete copy of the federal Form 5227.

Qualified Settlement Fund or Designated Settlement Fund

Except as otherwise provided in Regulations section 1.468B-5(b), for purposes of subtitle F of the Internal Revenue Code, a qualified settlement fund is treated as a corporation, and any tax imposed under Regulations section 1.468B-2(a) is treated as a tax imposed by section 11. See Regulations section 1.468B-2(k) for more information. A designated settlement fund is taxed in the same manner as a qualified settlement fund.

These funds file federal Form 1120-SF (U.S. Income Tax Return for Settlement Funds) to report transfers received, income earned, deductions claimed, distributions made, and to figure the income tax liability of a qualified or designated settlement fund. For Montana purposes, these funds would file Montana Form CIT (Montana Corporate Income Tax Return).

Common Trust Funds

A common trust fund maintained by a bank files federal Form 1065, U.S. Return of Partnership Income. See IRC section 584 and Regulations section 1.6032-1 for more information. For Montana purposes, the fund would file Montana Form PR-1 (Montana Partnership Information and Composite Tax Return).

Exempt Trusts

Exempt trusts filing federal Form 990-T (Exempt Organization Business Income Tax Return) to report unrelated business income must file a Montana Form CIT (Montana Corporate Income Tax Return) and pay any applicable tax to Montana.

18 Net operating loss (NOL)

If line 20 on Montana Form FID-3 is a loss, the estate or trust may have an NOL. Don't include the deductions claimed on line 13 when figuring the amount of the NOL. You usually have an NOL for Montana income tax purposes if you have an NOL for federal income tax purposes.

Complete Montana Form NOL to figure the amount of the Montana NOL that is available for carryback or carryover. If you determine that you have an NOL and will carryback the NOL, file an amended return to apply for a refund.

Before you can deduct the Montana NOL, any deduction for a Federal NOL must be added back to gross income on Montana Form FID-3, Schedule A. The Montana NOL is deducted from gross income on Montana Form FID-3, Schedule B.

19 How should a fiduciary report excess distributions or an unused net operating loss carryover upon the termination of an estate or trust?

A deduction is allowed to the beneficiaries succeeding to the property of the estate or trust if, upon termination, the estate or trust has one of the following:

- a capital loss carryover
- for its final year, deductions (other than the charitable deductions) in excess of gross income
- a net operating loss

To the extent these deductions are Montana sourced, report the Montana sourced portion of the deduction to the beneficiary on Montana Schedule K-1, part 5, line 2.

20 How does a fiduciary determine if income is sourced to Montana?

If the estate or trust is a resident, all of its income is Montana source income. Montana source income includes the separately and nonseparately stated income, gain, loss, deduction or credit, or items of income, gain, loss, deduction or credit that was derived from a trade, business, occupation or profession carried on in Montana or that was derived from the sale or other transfer, or the rental, lease, or other commercial exploitation of property located in Montana.

If the trust is a part-year resident, all of the income it received while a resident is Montana source income. In addition, a part-year resident may have Montana source income during the part of the year it was a nonresident.

If the estate or trust is a nonresident, items of income are sourced to Montana as follows:

- Interest and dividend income received by a nonresident trust or estate is generally not Montana source income.

Exception: Interest income from the sale, exchange or other disposition of property located in Montana at the time of the sale is Montana source income.
- Rents and royalties from real property are Montana source income if the property is located in Montana.
- Rents and royalties from tangible personal property are sourced to Montana to the extent the property is used in Montana. The extent of use of tangible personal property in Montana is determined by multiplying the rents and royalties derived from the property by a fraction, in which the numerator is the number of days of physical location of the property in Montana during the rental and royalty period in the tax year and the denominator is the number of days of physical location of the property everywhere during all rental or royalty periods in the tax year.
- Patent and copyright royalties are sourced to Montana to the extent the patent or copyright is used in Montana. A patent is used in Montana to the extent that it is employed in production, fabrication, manufacturing or other processing in Montana, or to the extent that a patented product is produced in Montana. A copyright is used in Montana to the extent that printing or other publication originates in Montana.
- Gains and losses from the sale, exchange or other disposition of real or tangible personal property are Montana source income if the property is located in Montana at the time of the sale, exchange or other disposition. Gains or losses from the sale, exchange or other disposition of intangible personal property are not sourced to Montana.
- Income from S corporations, partnerships and other fiduciaries paid to the estate or trust may be sourced to Montana. See the information provided by the S corporation, partnership or other fiduciary to determine what income is sourced to Montana.
- Other income that is not listed above and is derived from Montana sources is sourced to Montana. This includes compensation for services performed in Montana (for example, wages received by an estate for services performed in Montana by the decedent).

21 Where can a fiduciary find definitions applicable to estates and trusts?

For information, including definitions, about any of the following estates or trusts, read the instructions for federal Form 1041 (U.S. Income Tax Return for Estates and Trusts):

- Bankruptcy estates
- Beneficiaries
- Complex trusts
- Decedent's estate
- Distributable net income (DNI)
- Fiduciaries
- Grantor type trusts
- Income required to be distributed currently
- Income, deductions and credits in respect of a decedent
- Pooled income funds

- Qualified disability trusts
- Simple trusts

22 When does the estate or trust need a new Federal Employer Identification Number (FEIN)?

Estates

A fiduciary must obtain a new FEIN if either of the following statements is true:

- A trust is created with funds from the estate (not simply a continuation of the estate).
- The estate operates a business after the owner's death.

The fiduciary is not required to obtain a new FEIN if the administrator, personal representative or executor changes his or her name or address.

Trusts

A fiduciary is required to obtain a new FEIN if any of the following statements are true:

- One person is the grantor/maker of many trusts.
- A trust changes to an estate.
- A living or inter vivos trust changes to a testamentary trust.
- A living trust terminates by distributing its property to a residual trust.

The fiduciary is not required to obtain a new FEIN if either of the following statements is true:

- The fiduciary changes.
- The grantor or beneficiary changes his/her name or address.

23 How long does the estate or trust need to maintain tax records after the fiduciary has filed the state tax return?

Estates and trusts should keep all tax records for at least as long as the statute of limitations in effect for the tax period. In most cases, the statute of limitations is three years from the date the return is filed for tax periods beginning on or after January 1, 2015, and five for periods beginning before then. Omitting a significant amount of income may extend the statute an additional two years. Estates and trusts should keep property records and carryover information even longer.

**Worksheet I - Credit for an Income Tax Liability Paid to Another State or Country
Full-year Resident Only**

- The fiduciary will need to complete a separate worksheet for each state or country to which the estate or non-ESBT trust has paid an income tax liability. Complete a separate worksheet for each state or country to which the ESBT trust has paid an income tax liability. Credits may exist for both ESBT trusts and non-ESBT trusts reported on the same return.

Beneficiary's Instructions for Montana Schedule K-1

General Instructions

A fiduciary of an estate or trust is required to provide a Montana Schedule K-1 to all beneficiaries. Montana Schedule K-1 shows information about a beneficiary's share of income, gains, losses, deductions, credits and other items from an estate or trust. A beneficiary may need this information to complete the appropriate Montana tax return.

Partnership or corporation beneficiary. If you are a corporation, partnership, or limited liability company, the Montana Schedule K-1 shows your share of Montana source income and Montana statutory adjustments from the estate or trust that may affect the preparation of your Montana tax return.

Resident individual, estate or trust beneficiary. If you are a Montana resident individual, estate, or trust, your entire share of the estate's or trust's income, gains, losses and deductions that is includable in your federal taxable income is Montana source income. Montana Schedule K-1 shows your share of Montana source income and Montana statutory adjustments from the estate or trust that may affect the preparation of your Montana tax return.

Nonresident or part-year resident individual, estate, or trust beneficiary. If you are a nonresident or part-year resident individual, estate, or trust, the amount of your share of the estate's or trust's income, gains, losses and deductions having their source in Montana is used to determine your Montana tax liability. Your share of Montana source income and Montana statutory adjustments are reported on the Montana Schedule K-1. You will need a Montana Schedule K-1 to file a Montana tax return.

Amended Schedule K-1. If you received an amended Montana Schedule K-1 from the fiduciary, you may need to file an amended Montana tax return to report the changes in income, gains, losses and deductions.

Montana Schedule K-1, Parts 3-5

Part 3 – Montana Adjustments

A-B. Montana Additions and Deductions

To compute Montana income taxable to beneficiaries, certain items have to be added to or deducted from income reported for federal income tax purposes. Any amounts listed are the beneficiary's distributive share of Montana additions and deductions. A detailed schedule is required to be included. The form shows a partial list.

Part 4 – Beneficiary's Share of Montana Source Income (Loss)

If you are a resident, nonresident or part-year resident beneficiary, you will need this information to file a Montana tax return. If you are a corporation or pass-through entity, you may need this information to report your Montana source income. Your share of the estate's or trust's distributed Montana source income, gains, losses and other additions to income that you need to report on your Montana tax return are shown in Part 4.

Part 5 – Supplemental Information

Montana mineral royalty tax withheld. If the estate or trust received royalty payments subject to withholding and distributed the mineral royalty tax withheld to the beneficiary, the amount distributed to the beneficiary is listed.

Other Information. Supplemental information which could result in adjustments to your Montana tax return are listed on this line. If all of the supplemental information could not be listed on this line, the estate or trust should provide you with a statement showing the additional information. Additional information includes income tax paid on behalf of beneficiaries and allocated items that you may be able to use to calculate a tax credit. An example of an item that can be used to calculate a tax credit is a contribution made by an estate or trust that qualifies for a qualified endowment credit. A portion of a contribution that is not used to calculate a credit against the estate or trust's liability may be allocated to you. If you receive a portion of this contribution, the amount will be reported on this line.
