Wendy Berenson, M.Ed.

Assistant to the Director

reassist@fusn.org

My youth, _____ has my permission to leave the First Unitarian Society in Newton grounds either by walking or with appropriate adult/pre-approved youth driven transportation on any and all YG sponsored field trips between September 2009 and June 2010. I acknowledge that I will be notified ahead of time whenever an outing is scheduled.

I understand that in a medical emergency all efforts will be made to reach me. If I cannot be reached, I authorize the adult(s) in charge to obtain emergency medical services for my youth.

I understand that YG members may not drive youth other than themselves and their immediate family to and from YG meetings and YG sponsored events, unless the parents of both the youth driver and youth passenger(s) provide explicit and written permission.

Please list any allergies or other important information that the advisors need to know in order to empower your youth to fully participate in off-grounds activities:

2010 – 2011 Youth Group (YG) Youth Commitment Slip

The goal in any youth group is to uphold healthy communities, healthy relationships and to discourage sexual activity and harassment in the community.

Healthy relationships are based on responsibility, respect, love, and commitment. Healthy sexual relationships are respectful, consensual, pleasurable, safe, caring, developmentally appropriate, and based on mutual expectations. Sexuality is an important part of young people's lives.

In the Youth Group community, youth are encouraged to express themselves in healthy ways and respect each other's boundaries. However, behavior that breaks down the community, including sexual activity and sexual harassment is inappropriate and therefore not permitted during group meetings and events.

I, _____, commit to abide by and support my peers in abiding by the following rules:

1. No exclusive behavior
2. No sexual behavior or harassment
3. No leaving the group or community areas (as designated by the advisors)
4. No smoking
5. No drugs or drug paraphernalia
6. No pagers or cell phones (including not taking pictures/video without permission)
7. No driving YG members without written permission from parents of all youth involved.
