What is ECFE?

Early Childhood Family Education (ECFE) recognizes that parents are their child's first and most important teachers. ECFE offers parents hands-on learning experiences that will nourish a lifetime of teachable moments. All ECFE classes are taught by licensed early childhood teachers and parent educators to provide the quality education parents are looking for. Together, parents and children, newborn to kindergarten age, participate in activities and experiences that foster children's social, emotional, cognitive, physical, and language skills.
