PAGE 1 OF 1

It should be noted that this list is in no way exhaustive and that all pieces of valuable property should be documented fully (including TVs, VCRs, DVD players, stereo systems, IPODS, cameras, MP3 Players, desktop computers, laptops, printers, scanners, land line phones, cell phones, bicycles, guns, camcorders, lawn mowers, other outdoor power equipment, power tools, ATVs/4-wheelers, gaming systems [Wii, PS2, etc], jewelry, credit cards, bank cards, vehicles, livestock). This sheet should then be kept in a safe place and updated as appropriate. It is our recommendation that photographs of jewelry, antiques, and other objects of value without identifying numbers should be attached to this sheet. Attaching receipts to this sheet is also recommended whenever possible.
