Our goal is to create a **True Lasting Connection** between the City of Downey and the families of the Downey Unified School District to ensure healthy and successful futures for all our children.

Kid's Care

Warren High School and Downey High School demonstrated the "Pillar of Caring" during the March Madness fundraiser for TLC. With creative fundraising ideas and the support from parents, students, teachers, counselors, coaches, community members and administrators, 40K was donated to the TLC Program. Your generous donations will allow Downey TLC to serve many more families.

TLC relies heavily on community support!

TLC would like to thank Downey High School and Warren High School for their generous donations.

THANK YOU!

T-Dap Clinic

**Don't wait...
Vaccinate Now!**

In collaboration with PIH and TLC, \$5.00 Tdap clinics were offered in April and May at Sussman Middle School. A third Tdap clinic will be offered at TLC on Wednesday, June 15th. All students entering the 7th grade are required to have the vaccination. Our goal is to ensure that all 7th grade students are in the classroom ready to learn on the first day of school.

TLC's Biggest Fundraiser of this School Year

The 4th Annual 5K Run/Walk was held on February 27, 2016 at Apollo Park. Over 1000 participants, sponsors, vendors, spectators and volunteers came out to support this great annual event that benefits the TLC Family Resource Center.

The word "fun" was repeatedly used by attendees to describe the event. Children in strollers, veteran runners and those just participating to support TLC could all be seen traveling the 5K path with determination. Many competitive teams within Downey Unified School District were created and groups throughout the city formed their own teams. The sense of community spirit was evident in all of the support TLC received. Approximately \$30,000.00 was raised!
