NMTCB PRE-APPLICATION REVIEW

The following are required ethics questions that an individual who wishes to sit for an NMTCB Examination must answer:

Have you ever:

- a) been charged with or convicted of a misdemeanor (other than a minor traffic offense) or felony or general court martial in military service, and/or are any such charges currently pending against you?
- b) had any professional license, registration, or certification application denied, or any issued license, registration, or certification revoked, suspended, placed on probation, or subject to any type of discipline by a regulatory authority or certification board?
- c) been found by any court or administrative body, including but not limited to employers, to have committed negligence (simple or willful), malpractice, recklessness, or engaged in misconduct in the practice of any profession?
- d) been terminated from an employment position involving the use of NMTCB credentials and where the conduct leading to such termination has involved: child or elder abuse, sexual abuse, substance abuse, job-related crimes, violent crimes against persons?

Activities that would result in an affirmative response to any of these required ethics questions may or may not affect the eligibility determination for an applicant. The likelihood of approval or denial of an application to sit for an NMTCB Examination may or may not affect an individual's decision to apply for or attend an educational program. The NMTCB Pre-Application Review Request is intended as a tool to assist such individuals in their decision making process.

Individuals who would answer "Yes" to any one or more of these ethics questions on an NMTCB Examination Application may voluntarily file this request for pre-application review to determine whether the reason for the affirmative response would likely result in approval or denial of an application to sit for an NMTCB Examination.

This is not an application to sit for an NMTCB Examination. In order to be eligible to sit for an NMTCB Examination, all eligibility requirements for that examination must have been met, an application for that examination must be approved and the associated fee must have been received by the NMTCB office. All fees associated with the pre-application review are separate from any fees associated with the application process.

Pre-Application Review is performed on a case by case basis and the average review time is one week. The results of this pre-application review apply only to the ethics issues reported as part of this pre-application review process. Issues not reported as part of this process, whether they occurred prior to or after the submission of the documentation associated with this pre-application review process may affect an applicant's final eligibility determination.

The fee for the pre-application review process is \$75.00 and is not refundable.

ITEMS REQUIRED FOR A PRE-APPLICATION REVIEW:

1. Completed, signed and dated Pre-Application Review Request Form.
2. \$75.00 Pre-Application Review Fee.
3. Documentation (see next page).
