FEATURED SPEAKERS

Elizabeth Smart
The kidnapping of Elizabeth Smart was one of the most followed child abduction cases of our time. Smart was abducted on June 5, 2002, and her captors controlled her by threatening to kill her and her family if she tried to escape. Fortunately, the police safely returned Smart back to her family on March 12, 2003 after being held prisoner for nine months.

Because of this traumatic experience, Smart has become an advocate for change related to child abduction, recovery programs and national legislation. Smart triumphantly testified before her captor and the world about the very private nightmare she suffered during her abduction, which lead to his conviction.

Smart is currently involved in the Elizabeth Smart Foundation, and she has helped promote the National AMBER Alert, the Adam Walsh Child Protection & Safety Act and other safety legislation to help prevent abductions. In addition, she has chronicled her experiences in the *New York Times* best-selling book, *My Story*.
