QUICK START GUIDE

What is Dovico Timesheet?

In today's highly competitive marketplace, you need **every advantage** to manage your employee time. Dovico Timesheet software eliminates the time wasted, and of manually recording data. It enables you to keep track of all work related or billable time

inaccuracies of, manually recording data. It enables you to keep track of all work-related or billable time and makes it easy to prepare estimates on projects.

This valuable asset to on-the-job productivity is also easy to use. With the click of a mouse, this innovative product eliminates the labor and takes the guesswork out of time keeping.

In a typical multi-user installation, **everyone** uses timesheet entry tools on a daily basis for time and expense entry while **managers** or empowered employees use the administrative functions for project monitoring and reporting.

DOVICO TIMESHEET COMPONENTS:

Dovico Timesheet includes two major categories of functions; <u>administrative functions</u> used by managers for setup, monitoring and reporting, and <u>time and expense entry views</u> used by everyone to enter time and expenses.

Dovico Timesheet includes other useful tools:

- **Dovico Apps** to extend the functionality of the core software (<u>http://apps.dovico.com/</u>)
- Job Scheduler used to automate some reporting and notification functions.
- Import/ Export App to import or export employees, projects, tasks, time entries, etc., (<u>http://apps.dovico.com/</u>).
- Microsoft® Project Synchronization
- QuickBooks® integration via our **QuickLink** app (from (<u>http://apps.dovico.com/</u>).
- Active Directory: An integrated link to Microsoft's® Active Directory service allows employees to be imported from Active Directory and also authenticates Dovico Timesheet login user IDs and passwords against Active Directory.

NAVIGATING WITHIN DOVICO TIMESHEET™:

Dovico Timesheet offers access to all views and tools through the **Menu** button located in the upper left corner.

To access the time and expense entry views, click the **My Time & Expenses** option in the menu.

This Quick Start Guide does not detail how to setup and use the software, but instead directs you to several key views based on general and specific requirements for time and project management. For detailed instructions on how to setup and use Dovico Timesheet, please refer to the Help files or the User's Guide.

GENERAL REQUIREMENTS

Before employees can begin tracking their time and expenses, these general requirements must be completed.

Employees	In Dovico Timesheet, anyone who enters time and expenses, or who manages, monitors or reports on project activities is considered an Employee . The Employees list pane (<i>Menu > Views tab > Employees & Projects > Project</i> <i>Assignments</i>) is the location where employees using the software are listed and can be added or edited. For each employee, a profile stores their user id, password, security level, their pay/charge out rates and many more useful details.					
Projects	 Projects are the combined endeavors undertaken to create a unique product, service or result. A project is a mandatory component required for time tracking. Project information can include details such as a project manager, project start/end dates and project status. Projects are added and edited from the Assignment tree in the Project Assignments tab (<i>Menu > Views tab > Employees & Projects > Project Assignments</i>). 					
Tasks	Tasks are activities or work efforts against which employees track their time. Tasks are mandatory components required for time tracking.The Tasks list pane is the location where tasks are listed and can be added or edited. (<i>Menu > Views tab > Employees & Projects > Project Assignments</i>)					
Assignments	Assignments are the unique links between projects, tasks, and employees that define how a project is organized for time entry. Assignments must be created before employees can begin tracking their time. Image:					

These four steps (adding employees, projects, tasks and creating assignments) are the minimum steps required to be completed before employees can begin tracking time and expenses. The next page outline what is required for more targeted goals such as creating estimates/budgets, etc.

(Optional)

Currencies is an optional feature making currency selection options available to users so that expenses, employee wages, and other data affecting costs can be entered in any of the enabled currencies. This feature also permits costs to be viewed in any currency within the software. (*Menu* > *Setup tab* > *Currencies*)

Are projects on time and on budget?

Budgeted Time & Costs	The Budgeted Time & Costs tab is used to establish detailed company and client cost budgets (estimates) and for those tracking actual time and costs against estimates. (<i>Menu > Views tab > Employees & Projects > Budgeted Time & Costs</i>)			
Reports	The Reports view is used to display a wide variety of time and cost reports. For example; locate and run the Project Time & Costs report to view one of the many available reports. (<i>Menu > Views tab > Reports</i>)			

Collect time for payroll purposes, review and approve employee timesheets and expenses?

Time & Expense Approvals	The Approval Workspace area is used to review, approve or reject time and expenses submitted by employees. (<i>Menu > Views tab > Approval Workspace > Time & Expense Approval</i>)
Workflow	The Workflows tab is used to establish which manager must approve an employee's timesheet and/or expense submissions before those submissions can be processed for project costs, billing, reports, etc. (<i>Menu > Views tab > Approval Workspace > Workflows</i>)
Leave/Absences Rules	The Leave / Absences Rules view allows a manager to apply the policies that automatically calculate how much vacation, sick leave, and other leave that an employee accumulates. (<i>Menu > Setup tab > Leave/Absences Rules</i>)
Reports	The Reports view is used to display a wide variety of time related reports. Locate and run the Time entries by Employee report to see actual hours worked for each employee by date, project, and task. (<i>Menu > Views tab ></i> <i>Reports</i>)

Track time and expenses to accurately bill clients?

Clients	Clients are companies, business units, or individuals for whom work is performed. Clients can be linked to specific projects if time or expenses associated with projects are billable.				
	Clients are added and edited from the Assignment tree in the Project Assignments tab. (<i>Menu > Views tab > Employees & Projects > Project</i> <i>Assignments tab</i>)				
Approved Expenses	The Approved Expenses view is used to review or edit expense information. (<i>Menu > Views tab > Approved Expenses</i>)				
Reports	The Reports view is used to display a wide variety of costing and billing reports. The Client Time and Costs report provides a summary of actual hours worked, and the client and company costs. (<i>Menu > Views tab > Reports</i>)				

Time and Expense entry

Only once projects and tasks have been created and assigned to employees (Section 3) are users able to start tracking time and expenses using Dovico Timesheet. <u>Projects and tasks</u> are used to identify what you are tracking. Projects and tasks are created and assigned by managers or empowered employees using the software's administrative functions and views.

This section introduces you to only the **very basic concepts** and commands required to track time. To fully benefit from all the features, please review the software's help system or the User's Guide.

Time and Expense entry views are available to all employees tracking their time and expenses. To quickly learn how to enter time, access Dovico's free On Demand Training by clicking on the <u>Training</u> <u>Videos</u> button from the Login screen.

HOW EMPLOYEES ENTER TIME AND EXPENSES

Each employee is assigned a unique User ID and Password from the administrative tools. These should be communicated to each employee along with company/database name and the URL required to launch Dovico Timesheet.

To enter time against a task:

The time entry screen is accessed by clicking the Timesheet tab near the top of the screen.

- 1. Check We the task assignments you wish to track time against (from the assignment tree on the left).
- 2. Add these to the weekly grid by clicking the Add to Timesheet button.
- 3. In the timesheet grid, click in the cell intersecting the appropriate task and day of the week.
- 4. Enter the **number of hours** worked against that task.
- 5. Optionally enter **details** for the time entry using the lower part of the screen.
- 6. Enter time on other task assignments as required.
- 7. Click the **Submit** button once all entries have been made for the day, week or as chosen by your company policies.
