At the end of the course there will be a trophy presentation of a special achievement award. The special achievement award is given to the children I feel have either excelled themselves or performed to a high standard over the previous week. The awards are not meant to cause rivalry between the children, but to encourage children to work effectively within the team environment. There will also be medals handed out to all the children for attending the course. I have worked for Arsenal F.C in their academy as a coach and scout for the last 8 years.

Netball will be run by Miss Rawlinson, there will be fun games, activities and matches.
