

### Course Description

This course offers educators the opportunity to earn university credit by developing practical activities based on an EPS seminar.

### Credit Information

Brandman University will award 1 semester hour of graduate level professional development credit based upon successful completion of course requirements. These credits are not part of a degree program but instead are primarily used for professional advancement (such as salary increment steps and recertification). Students should seek approval of appropriate district or college officials before enrolling in these courses to satisfy any degree, state credential, or local school district requirements. State licensing departments vary regarding their criteria for credit acceptance, and some states may not accept credit from universities that are located outside the state.

### Course Requirements

1. Attend and participate in the entire seminar.
2. Develop 3 practical activities based on the seminar. The activities must be designed so that they can be implemented in your classroom or program. They may be geared to K-12 students, staff or others, based on your position.
3. Conduct the activities in your classroom/work setting. *Refer to (FAQs) if not currently in a classroom setting:*  
[www.brandman.edu/seminars](http://www.brandman.edu/seminars).
4. Complete a written report that describes each activity. **Each activity must be at least one full page** (not including title page or documentation), typed and single-spaced. Use a 12 point font and one inch margins. Staple the paper together. Do not send the paper in a report cover. Complete your report individually; no group reports are permitted.
5. The report must include one **Title Page** with your name, address (for sending your grade), Brandman ID # (refer to confirmation letter), title of seminar, seminar date, and a brief (one paragraph) description of the seminar. The title page must also include the grade level, number of students, and any special information about the student population (e.g. at-risk, ESL, etc.).
6. You will be graded on the accuracy of the title page, each of the components in # 7 below as well as the **Quality of the Overall Paper**, which includes the format, grammar, spelling, punctuation, required length, and other overall qualities.
7. Write about each activity separately. Use the subheadings below to report on each activity. Label subheadings clearly.
  - A. Activity Description:** Describe each activity in detail, using narrative form (no bullets, no numbers, no incomplete sentences). List all materials that you and the participants used (e.g. handouts, books, props, etc.). Describe each activity thoroughly as if the reader were not familiar with the topic.
  - B. Learning Objectives:** Write specific learning objectives for each activity. Include what you wish to achieve and how you will accomplish it.
  - C. Appropriateness of Activities for Targeted Students:** Explain how the activities meet appropriate developmental needs of the participants/students.
  - D. Correlation of Activities to the Seminar:** Discuss how the activities relate to the seminar content.
  - E. Student Evaluation and Assessment:** Evaluate the students' learning experience and describe the assessment methods. Relate the assessment to objectives stated in B above. Include samples of the assessment tools, if applicable.
  - F. Self-Evaluation:** Write a self-evaluation of your own strengths and weaknesses as you developed and implemented these activities. Discuss what you would do differently next time and suggest areas for improvement, if any.
8. Include **Documentation** for each activity (e.g. student samples, photos, handouts, or lessons plans). Samples should be limited to 1 or 2 pieces for each activity and fit in a 9 x 12 envelope. The samples and the paper will not be returned.

### Submitting Report
