

Home Visit Worksheet

You and your real estate sales professional will probably look at many homes before you find the one you want to buy. It's helpful to keep a thorough account of each home you visit. Print out this worksheet and bring it with you on each of your home visits to record the details when looking around. After you've looked at all the properties you wish to see, compare the worksheets to help make your decision on the home that best suits your wants and needs.
