

Departmental Stores - Global Outlook

Description: The global outlook series on Departmental Stores provides a collection of statistical anecdotes, market briefs, and concise summaries of research findings. The report enumerates recent mergers and acquisitions together with summarized global and regional market facts. Regional markets covered include the US, Japan, Europe, UK, Asia Pacific, Australia, China, Hong Kong, India, Indonesia, Thailand and South Korea, among others.

Annotated with 28 information-rich tables presenting market data findings, and analytical research projections, the entire discussion contained in the global outlook series is designed to offer the reader a rudimentary coverage of departmental stores in the international space. Also included is an indexed, easy-to-refer, fact-finder directory listing the addresses, and contact details of 202 companies worldwide.

Please note: Reports are sold as single-site single-user licenses. Electronic versions require 24-48 hours as each copy is customized to the client with digital controls and custom watermarks.
