STUDENT IMMUNIZATION EXEMPTION

(Complete only if claiming exemption)

My child is exempt from the immunization requirements due to one/both of the following situations.

§ 392.437. Immunization of pupils: Exemption if prohibited by religious belief

A public school shall not refuse to enroll a child as a pupil because the child has not been immunized pursuant to NRS 392.435 if the parents or guardian of the child has submitted to the board of trustees of the school district or the governing body of a charter school in which the child has been accepted for enrollment a written statement indicating that their religious belief prohibits immunization of such child or ward.

§ 392.439. Immunization of pupils: Exemption if prevented by medical condition

If the medical condition of a child will not permit him to be immunized to the extent required by NRS 392.435 and a written statement of this fact is signed by a licensed physician and by the parents or guardian of the child, the board of trustees of the school district or governing body of the charter school in which the child has been accepted for enrollment shall exempt the child from all or part of the provisions of NRS 392.435, as the case may be, for enrollment purposes.
