Home of the  
**RAPTORS**  
January 2011

Principal: Brad Butler

Vice –Principal: C. Kohinski

**Narrow Focus Smart Goal:** All staff will use small group instruction (guide reading), co-created anchor charts/rubrics and explicit feedback/instruction (3 questions) so that 56% of students will move up one level and 44% of students will move within a level for reading for meaning as measured by May 31, 2010.

## Strategies Used by Proficient Readers

A good reader is **metacognitive**—aware of and able to use and describe the following strategies in order to interact with the text (book).

- 1. Make Connections.** An active reader is able to draw from background knowledge and personal experiences while reading to help create meaning from the text (book).
- 2. Ask Questions.** An active reader asks questions before, during and after reading to clarify and deepen understanding.
- 3. Visualize.** An active reader is able to create multi-sensory images in the “mind’s eye” while reading to help make sense of the text.
- 4. Draw Inferences.** An active reader knows that not all information is included in a text, and is able to hypothesize and predict what is going to happen next, based on evidence in the text (book).
- 5. Determine Importance.** An active reader sifts through information in the text to select important ideas, choose what to remember, and set priorities.
- 6. Analyze and Synthesize.** An active reader is able to break down information and to draw conclusions based on both the text and his or her own thinking.
- 7. Monitor Comprehension.** An active reader is aware when understanding is being compromised and is able to stop, go back, and reread in order for understanding to occur.

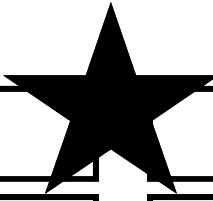

(Based on the research of P. David Pearson)

*I did it! I did it! Come and look at what I've done!  
I read a book! When someone wrote it long ago for me to read, how did he know?  
That this was the book I'd take from the shelf  
And lie on the floor and read by myself?  
I really read it! Just like that! Word by word, from first to last!  
I'm sleeping with this book in bed,  
This is the FIRST book I've ever read!*

# Kiss and Ride

There have been some concerns with the Kiss and Ride this year. The Kiss and Ride is only to be used to drop off your child(ren). If you are going to be bringing your child(ren) into the school, you are to park in the parking lot to do so. When one parks in the Kiss and Ride lane it impedes the flow of traffic causing a traffic jam that has cars backed up at the Collier Road entrance, which is hazardous. We have already had one bad car accident on Collier Road this year. We will be monitoring this situation to ensure that the Kiss and Ride is used appropriately and that the flow of traffic improves. Thank you for your understanding in this matter.

## **Snowball, Snow Throwing and Sliding on the Ice Policy**

Students at Richmond Street School are not allowed to throw snow while out on the school yard. Cold, frozen snow presents a threat to student safety especially when thrown and/or kicked. Sliding on the ice presents a safety risk often resulting in many injuries. Parents/Guardians are asked to please review this policy at home and we will continue to remind students here at school. Consequences for kicking/throwing snow are as follows:

- 1st time: Warning with a detention
- 2nd time: In-School suspension/ removal of privileges
- 3rd time: Formal at-home suspension

We all thank you for your support in helping to keep the school yard safe!

## **Nevada News**

**Just a reminder that the Richmond Street Public School's Nevada Boxes are located at the Avondale store located in the Big Red's Plaza on Richmond Street. All proceeds from the Nevada Tickets will be put towards purchasing new technology for our classrooms. Your generous support would be greatly appreciated!**

## **Winter Clothing**

Students do go outside for one 20 minute break and one 25 minute break every day. Students will go outside as long as there is not an extreme cold weather advisory or freezing rain. That is why it is important that everyone is dressed properly for the weather.

One of the problems that often comes with winter clothing is losing winter clothing. Please make sure that all of your child's winter clothing is labeled. This makes it much easier for us to help your child find missing articles. This also helps when there are children who have the same boots or coats, as we can help tell them apart.

Please make sure that your child has indoor shoes that they can leave at school. It is important to have these shoes at school everyday, as no child is allowed to go barefoot in the classroom, and therefore would be asked to wear their boots all day. This brings water into the classroom, which is a problem as we often will do activities that may require your child to sit on the floor. Please make sure your child's name is on their shoes as well.

Thank you so much for your support.
