

MEDIF No:

Application for the carriage of an Incapacitated passenger.

(Sitting Case/ Wheelchair/ Stretcher/Incubator/Ventilator/Oxygen)

All questions must be answered in full.

Use BLOCK letters or a typewriter when completing this form.

Use a cross (X) in "Yes" or "No" boxes to indicate appropriate preference.

Information on page 3 is to be completed by patient's attending (nominated) physician.

MEDA approvals are for Qatar Airways operated flights only.

Notes for the guidance of a medical practitioner are on page 4 & 5 Cabin attendants are not authorised to give special assistance to particular passengers, to the detriment of their service to other passengers. Additionally they are trained only in FIRST AID and are not permitted to administer any injections, or to give medication.

On Completion, this form should be returned to any Qatar Airways Sales Offices*. A minimum of 48 hours is required to complete MEDA formalities.

Fees if any, relevant to the provision of the above information and for carrier-provided special equipment is to be paid by the passenger concerned.

Medical Information Form (MEDIF)

PART 1 | MEDIF No:

To be completed by Authorised Agent or QR Sales Office Staff

A	Family Name/Initials Title				Nationality	Languages	Contact Telephone No.
B	Date	Flight No.	From	To	Class	Reservation Status	Booking Reference (PNR)
							Note: Transfer from one flight to another often requires LONGER connecting time.
C	Nature of Incapacitation / Illness						
D	Intended Escort Details					Stretcher Needed?	
	Name				Age	Yes <input type="checkbox"/>	No <input type="checkbox"/>
						All stretcher cases must be escorted	
	Additional Languages					Incubator Needed?	
	Medical Qualification: Doctor <input type="checkbox"/> Medical Team <input type="checkbox"/> Nurse <input type="checkbox"/>					Yes <input type="checkbox"/>	No <input type="checkbox"/>
	If unqualified (family or non-medical), please state "Travel Companion": <input type="checkbox"/>					Type?	
E	PNR of the Escort						
	Note:						
F	Ambulance Arrangement:				Has hospital admission been confirmed at destination port?		Yes <input type="checkbox"/> No <input type="checkbox"/>
	Departure Port	Yes <input type="checkbox"/>	No <input type="checkbox"/>	Hospital Details: (full name, address and telephone No.)			
F	Transit Port	Yes <input type="checkbox"/>	No <input type="checkbox"/>				
	Destination Port	Yes <input type="checkbox"/>	No <input type="checkbox"/>				
	*Note: All ambulance and hospital arrangements must be arranged by the treating doctor / hospital.						
G	Additional Passenger Information						
H	Do you have a valid FREMEC card?						Yes <input type="checkbox"/> No <input type="checkbox"/>
	If yes, add below FREMEC data to your reservation requests.						
	If no, (or additional data needed by carrying airline(s)), has physician in attendance completed Part 2 overleaf.						
	Number	Issued By	Valid Until	Incapacitation	Limitation		
<p>"I hereby authorise _____ (Name of nominated physician) to provide the airline with the information required by the airline's medical department for the purpose of determining my fitness for carriage by air and in consideration thereof I hereby relieve the physician of his/her professional duty of confidentiality in respect of such information, and agree to meet such physician's fees in connection therewith. I take note that, if accepted for carriage, my journey will be subject to the general conditions of carriage/tariffs of the carrier concerned and that the carrier codes does not assume any special liability exceeding those conditions / tariffs. I agree to reimburse the carrier upon demand for any special expenditures or costs in connection with my carriage."</p> <p>I agree to notify Qatar Airways if there is any change in the status of the medical condition / booking to avoid being refused for travel.</p> <p>(Where needed, to be read by/to the passenger, dated and signed by him/her on his/her behalf)</p> <p>I have read and understood MEDIF Part 3</p> <p>Passenger or Guardian's signature</p> <p>Signed _____ Date _____</p>				<p>أنا الموقع أدناه أفوض (أدخل اسم الطبيب) تزويد شركة الطيران بالمعلومات المطلوبة من قبل القسم الطبي لديهم لغرض تحديد لياقتي للسفر بطريق الجو و بذلك أعفي الطبيب من واجب الحفاظ على السرية المهنية بما يتعلق بهذه المعلومات و أوافق على تسديد رسوم الطبيب الناتجة عن هذا الأمر.</p> <p>وإنني على علم، حال قبول سفري، أن رحلتي ستكون خاضعة لشروط الناقل و السعر و هذه الإجراءات المتبعة من قبل الناقل لا تعني تحمل أية مسؤولية خارج شروط السعر و أوافق على دفع أية مصروفات و تكاليف تتعلق بسفري للشركة الناقلة</p> <p>أوافق على إخطار الخطوط الجوية القطرية في حال حدوث أي تغيير في الحالة الصحية أو في الحجز و ذلك لتجنب رفض الخطوط الجوية القطرية قبول سفري.</p> <p>(حيثما دعت الحاجة، يتم مراجعتها، تأريخها و توقيعها من قبل المسافر / أو من ينوب عنه)</p> <p>لقد قرأت و إستوعبت النموذج الطبي</p> <p>توقيع المسافر أو وكيله</p> <p>توقيع _____ تاريخ _____</p>			

Medical Information Form (MEDIF)

PART 2 | MEDIF No:

To be completed by the PHYSICIAN ATTENDING the incapacitated passenger.

REQUIREMENTS for Transportation:

Wheelchair Needed?			Others?		
WCHR <input type="checkbox"/>	WCHS <input type="checkbox"/>	WCHC <input type="checkbox"/>	Stretcher <input type="checkbox"/>	Incubator* <input type="checkbox"/>	Bassinet <input type="checkbox"/>
(Can climb steps/walk cabin)	(Unable to climb steps/can walk cabin)	(Immobile)	Ventilator* <input type="checkbox"/>	AC <input type="checkbox"/>	DC <input type="checkbox"/>

MEDA 01	Patient's Family Name/Initials:	Age	Sex	F <input type="checkbox"/>	M <input type="checkbox"/>
---------	---------------------------------	-----	-----	----------------------------	----------------------------

MEDA 02	ATTENDING PHYSICIAN: (Name & Address)				
	Name of Hospital or clinic and specialty		Telephone (Business)	Mobile	Pager

MEDA 03	MEDICAL DATA: DIAGNOSIS in detail:			Date of operation/diagnosis	
				Date of first symptoms	
Vital Signs		BP	HB	HT	WT

MEDA 04	PROGNOSIS for the flight:			Narrative: (e.g. late stage disease, unstable)	
	GOOD <input type="checkbox"/>	GUARDED <input type="checkbox"/>	POOR <input type="checkbox"/>		
(No problems anticipated)		(Potential problems)	(Problems likely)		

MEDA 05	Contagious and communicable disease?
Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:	

MEDA 06	Would the physical and/or mental condition of the patient be likely to cause distress or discomfort to other passengers?
Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:	

MEDA 07	Can patient use normal aircraft seat with seat belt placed in the upright position when so required?
Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:	

MEDA 08	Can patient take care of his/her needs onboard unassisted? (Including meals, visit to toilet, etc.)
Meals Yes <input type="checkbox"/> No <input type="checkbox"/> Visit to toilet Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:	

MEDA 09	If to be ESCORTED, by whom? Doctor <input type="checkbox"/> Nurse <input type="checkbox"/> Resp. Therapist <input type="checkbox"/> Non-medical <input type="checkbox"/>
If not, state travel companion or proposed escort by you	

MEDA 10	Does the patient need "OXYGEN" equipment in flight? (If YES, please state rate of flow):
Continuous Yes <input type="checkbox"/> No <input type="checkbox"/> Litres Per Minute (LPM) (Max 8 LPM) Specify:	

MEDA 11	Does the patient need any MEDICATION, other than self-administered, and/or the use of special apparatus such as respirator, incubator, nebulizer etc.? (Note: all battery operated equipment on board must be dry or non-spillable, otherwise Specify:)
---------	---

MEDA 12	A) On the ground while at the airport(s) Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:
B) On board the aircraft Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:	

MEDA 13	Does the patient need HOSPITALISATION, (If YES, indicate arrangement made, or if none were made, indicate "No action taken")
(Note: The attending physician and/or Patient is responsible for all arrangements).	

MEDA 14	During long layover or at connecting points Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:
B) Upon arrival at destination Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:	

MEDA 15	Other remarks or information in the interest of your patient's smooth and comfortable transportation
Yes <input type="checkbox"/> No <input type="checkbox"/> Specify:	

MEDA 16	Other arrangements made by the Attending Physician:
---------	---

Please ensure that all above information is accurate. Once approved, no last minute changes will be entertained. Qatar Airways must be informed of any change in patient's status or requirement at least 24hours prior to departure.

I have read, understood and hereby agree to the conditions of the MEDIF form
 Attending Physician's Signature & Stamp Place Date

Qatar Airways Medical Examiner				Remarks
Approved (one way) <input type="checkbox"/>	Approved (full journey) <input type="checkbox"/>	Rejected <input type="checkbox"/>	Need Details <input type="checkbox"/>	
Requirements				
Doctor <input type="checkbox"/>	Stretcher <input type="checkbox"/>	Incubator <input type="checkbox"/>	Diaper/Pamper <input type="checkbox"/>	Sign & Stamp
Nurse <input type="checkbox"/>	Wheelchair <input type="checkbox"/>	Oxygen <input type="checkbox"/> LPM	Bassinet <input type="checkbox"/>	
Non-medical <input type="checkbox"/>	Ventilator <input type="checkbox"/>	Other <input type="checkbox"/>		

* Incubator / ventilator arrangements are to be made by the treating doctor / hospital.

** It is advisable to carry a universal multi-configuration adaptor to ensure compatibility of electrically operated medical equipments with electrical supply outlets on board the aircraft.

Reduced atmospheric pressure (Cabin air pressure varies greatly during 15-30 minutes after takeoff and before landing. Gas expansion and contraction can cause pain and pressure effects).

Reduction in oxygen tension (The cabin is at a pressure equivalent to an altitude of 6,000 to 8,000 feet and oxygen partial pressure is approximately 20% less than on the ground).

Any medical condition which would render a passenger unable to complete the flight safely without requiring extraordinary medical assistance during the flight is considered unacceptable for air travel.

Conditions usually considered UNACCEPTABLE for air travel (although these are suggested limiting factors, each individual case must be considered on its merits and is dependent on whether or not the passenger is accompanied by a professional escort).

- Anemia of severe degree
- Severe cases of Otitis Media and Sinusitis
- Acute contagious or communicable disease
- Those suffering from Congestive Cardiac Failure or other cyanotic conditions not fully controlled
- Uncomplicated Myocardial infarction within 2 weeks of onset complicated MI within 6 weeks of onset
- Those suffering from severe respiratory disease or recent pneumothorax
- Those with GI lesions which may cause hematemesis, Melena or intestinal obstruction
- Post operative cases:
 - a) Within 10 days of simple abdominal operations
 - b) Within 21 days of chest or invasive eye surgery (not laser)
- Fracture of the Mandible with fixed wiring of the jaw (unless medically) escorted
- Unstable Mental Illness without escort and suitable medication for the journey
- Uncontrolled seizures unless medically escorted
- Uncomplicated Single Pregnancies beyond 35 weeks
- Multiple Pregnancies beyond 32 weeks
- Infants within 7 days of birth
- Introduction of air to body cavities for diagnostic or therapeutic purposes within 7 days prior to air travel

Please carefully read the following frequently asked questions (FAQs) that will help you complete all the necessary information requirements. Failure to provide complete information to the airline will result in unnecessary delays in processing your case for air travel. We thank you for your understanding.

1. What is the purpose of Medical Information Form (MEDIF) ?

MEDIF is used for providing confidential information of passengers requiring special assistance. The information enables Qatar Airways Medical Centre to assess fitness of the passenger for air travel and to determine the use of medical equipment during travel e.g. stretcher, incubator, ventilator etc. It is therefore necessary that information (MEDA 01 to 16) required on MEDIF - PART 2 needs to be completely filled out.

2. What other supporting documents are required to be submitted by the passenger along with the MEDIF?

The documents to be submitted are:

- a) **Medical Report** - where necessary;
- b) If the passenger needs to be provided continuous oxygen then certification (on a specified format) is required from the Attending Physician that a non-medical escort/attendant travelling with the passenger is trained to administer oxygen.

3. When do I need to submit a Medical Report along with a MEDIF and in which situations only a Medical Certificate (without MEDIF) will be sufficient?

The Following table lists the relevant requirements and situations.

Medical Report

A detailed Medical Report is required under the following situations. **MEDIF is required.**

1. Ventilator, Incubator, Stretcher
2. Passenger requiring medical oxygen
3. Diabetics with unstable / complicated conditions
4. Mentally Deficient passengers. No MEDIF & Medical Report required if the passenger has a pre-approved Frequent Traveller's Medical Card (FREMEDI) or in stable condition
5. Asthmatic sufferers requiring oxygen
6. Single uncomplicated Pregnancy cases (beginning of 33rd week up to and not beyond 35 weeks)
7. Wheelchair (for completely immobile passengers with recent surgery / medical treatment / illness)
8. Others - where required by QR Doctor

Medical Certificate

A Medical Certificate is required from a qualified doctor for the following. **MEDIF is NOT required.**

1. Beginning of 29th week up to 32nd week of single uncomplicated pregnancy
2. Controlled Diabetic passengers on insulin injections
3. Passengers having recent leg fracture with a HALF PLASTER CAST (i.e. boot type - applied below the knee)
4. In case of any recent communicable or infectious ailment. The certificate must state whether the passenger is fit or unfit to air travel and should include precautionary measure/s if necessary.
5. Passengers using portable kidney dialysis machines and/or any medical equipment on-board provided the medical condition is stable and to make advance notice at least 48 hours prior to the date of travel.
6. Medical Certificate must be dated within 10 days of the flight date (this is from the regulation)

4. What is the difference between a Medical Report and a Medical Certificate?

A Medical Report is more detailed containing diagnosis, a summary of hospitalisation and recent general condition of the patient. A Medical Certificate includes brief diagnosis and states whether the passenger is fit for air travel and must state if any precautionary measures are required.

5. Which language should be used for MEDIF, Medical Report or Medical Certificate?

ENGLISH language is a must for MEDIF, Medical Report or Medical Certificate.

6. Does the Attending Physician OR Qatar Airways Medical Centre approve air travel on Qatar Airways flight?

Qatar Airways Medical Centre is the final authority to approve air travel for any patient. The patient's Attending Physician provides details of patient's medical condition, which help the airline's Doctors in assessing whether the patient is fit for air travel under specific conditions.

7. Which section of MEDIF needs to be filled out by passenger's Attending Physician?

MEDIF - PART 2 needs to be filled out completely by passenger's Attending Physician duly signed and stamped.

8. Why is it important that ALL the information in the section (MEDIF - PART 2) must be completely filled out by the Attending Physician ?

Complete and clear information provided by patient's Attending Physician will help Qatar Airways Doctor to approve the case quickly. For a MEDIF with incomplete and vague information, Qatar Airways Doctor will have to contact patient's Attending Physician for clarification, which will result in delays.

9. What causes major delays in processing MEDIF application?

It has been observed that INCOMPLETE or VAGUE information provided within MEDIF is normally the cause of major delays in processing the application.

10. What are the validity requirements for Medical Certificate and MEDIF form?

- A Medical Certificate must be dated within 10 days of flight date.
- An application using MEDIF must be completed and submitted to Qatar Airways no less than 48 hours and no more than 7 days prior to flight departure.

11. Do I need a new MEDIF for my return journey?

A new MEDIF may be required as determined and advised by Qatar Airways.

Other Important Information:

- a) Wheelchairs can be provided at most airports if notice is given.
- b) Any fee for completion of this certificate, or for the medical examination or report will be responsibility of the passenger.
- c) Any case that Qatar Airways considers to result in jeopardising the safety or operation of the aircraft will not be accepted by Qatar Airways.
- d) Particular attention is drawn to the fact that the medical details given at the front of this form must be accurately typed and completed. If at the time of embarkation the condition of the passenger is worse than the medical details provided, the air carriage may have to be refused.
- e) To ensure that your patient is accepted for carriage, it is important that all medical terms provided by the Attending Physician must be legible / easily readable.
- f) Wheelchairs with spillable batteries are "Dangerous Goods" and are permitted on passenger aircraft only under certain conditions which can be checked from the airline. In addition certain countries may impose specific restrictions.

Other Useful Information

Equipment	Additional Information / Restriction
Stretcher	<p>Weight Limit :</p> <p>The stretcher is designed to bear any passenger weight.</p>
Medical Oxygen	<p>Flow Rate :</p> <p>Two to eight Litres per Minute (LPM)</p>
	<p>Mask :</p> <ul style="list-style-type: none"> • Standard - Adult-size disposable oxygen therapy mask • Options - Child-size therapeutic mask
Medical Outlet (Electrical)	<p>Airbus* :</p> <p>115V / 5A / 60 Hz and 220V / 3A / 50 Hz</p>
	<p>Boeing :</p> <p>115V / 15A / 60 Hz and 220V / 15A / 50 Hz</p>
