

THE DELTA-SIERRA DISTRICT PRESENTS

CPM SCHEDULING 101

Want to build your next baseline template in one hour or less?

This half-day seminar is designed for construction professionals who know a little but want to know more about baseline schedules. This seminar will help attendees:

- Create a basic schedule that can be used as a template for future projects
- Make the template flexible so that it will work for a variety of projects
- Properly organize and format schedules so they can be easily expanded
- Implement an intelligent Activity ID coding system
- Develop schedules that can be understood by all project participants
- Better understand how CPM scheduling programs work
