 Awards ..... 3 pm  
 Beginner/Novice Shooters Clinic  
 hosted by Tom Harrison, MD. .... 10 am to 2pm  
 (Guns and ammunition available if needed, provided by Dr. Harrison.)

All participants must bring their own firearms and ammunition. Gun safety knowledge required. Shooters of all levels/abilities welcome. Awards/prizes will be given via Lewis Class. Limited ammunition (12-gauge only) may be purchased for \$7 per box.

† Rounds of 25 birds may be purchased at \$10 per round.

### Your support will help fund the following projects

#### The Veterans' Cohort Survey Follow-up Study on Post-Traumatic Stress Disorder (PTSD)

Post-Traumatic Stress Disorder (PTSD) is a highly debilitating mental health disorder that affects 10-15 percent of the US adult population. This research study, conducted by Joseph A. Boscarino, PhD, MPH, will explore genetic risk factors in veterans to help researchers and clinicians better understand who might be at risk for PTSD following traumatic exposures.

#### LUCAS Chest Compression System for GMC Cardiology

The LUCAS Chest Compression system is a medical device used to care for patients who experience cardiac arrest during cardiac catheterization. The device delivers uninterrupted and consistent chest compressions, relieving the medical professional from delivering the compressions by hand.

#### Compassionate Friends

Compassionate Friends is a monthly support group for local parents who have lost a child. Funds will be used to organize and host an inspirational concert for the families and the community, purchase DVDs and brochures and to secure a larger meeting space.
