Dear Mr. Goranson:

On June 22, 2011, the Nebraska Department of Environmental Quality held a public hearing in Crawford, Nebraska regarding the Department's preliminary decision to issue a Class III Underground Injection Control (UIC) permit to Crow Butte Resources, Inc. The Department has issued the enclosed permit for the construction and operation of the North Trend Expansion Area. This permit becomes effective as of August 15, 2011.

If you have any questions please contact Jenny Coughlin of my staff at 402-471-4290.

Sincerely,

Michael J. Linder
