A Message From the Commissioner

Dear Taxpayer:

We know that preparing your tax return is not always an easy task. We at the IRS are working as hard as we can, within the limits of the law, to make filing simpler and easier for you.

Here are some of the things we have done that may help you file and pay your taxes more easily.

- If you have capital gains, we have made the tax computation on Schedule D easier for most taxpayers by removing 14 lines.
- You can designate another person (such as your preparer, relative, or friend) to discuss your return with the IRS to resolve questions that may arise in processing your return. Just fill out the Third Party Designee section on your return.
- If you have questions about how to fill out your return, you can get many of the answers 24 hours a day from our Frequently Asked Questions section on our popular web site at www.irs.gov/tax_edu/faq/index.html.
- If you need a form, you can download it directly from the IRS Web Site at www.irs.gov.
- In most cases, you can now file your return and pay your taxes electronically without any paper forms required. Just visit our web site and it will provide you a choice of many web sites on which you can prepare your return and file it with the IRS. You can use a credit or debit card to pay any balance due. Last year, over 40 million people filed electronically—and got the benefits of much faster refunds, much less chance of receiving an error notice from the IRS, and positive confirmation that their returns were received.
- If you cannot file by April 15 and need an extension to file, you can get one automatically by telephone by calling 1-888-796-1074. Remember, even if you get an extension, you still have to pay any taxes due by April 15 and you can do this by phone as well.

We know there is a lot more for us to do to serve you better and we plan many more improvements in the future. If you have specific suggestions how we can make it easier for you to file and pay your taxes, please e-mail them to us through the IRS Web Site at www.irs.gov/help/email2.html.

Sincerely,

Charles O. Rossotti

Calling the IRS

If you cannot answer your question by using one of the methods listed on page 7, please call us for assistance at **1-800-829-1040**. You will not be charged for the call unless your phone company charges you for local calls. Our normal hours of operation are Monday through Friday from 7:00 a.m. to 10:00 p.m. local time. Beginning December 31, 2001, through April 16, 2002, assistance will also be available on Saturday from 9:00 a.m. to 5:00 p.m. local time. Assistance provided to callers from Alaska and Hawaii will be based on the hours of operation in the Pacific Time zone.

If you want to check the status of your **2001 refund**, call **TeleTax** at **1-800-829-4477** (see page 11 for instructions).

Employee Plans. If you own a business and have questions about starting a pension or other employee plan, an existing plan, or filing **Form 5500**, call our **Tax Exempt/Government Entities Customer Account Services** at **1-877-829-5500**. Assistance is available Monday through Friday from 8:00 a.m. to 9:30 p.m. EST. If you have questions about an individual retirement arrangement (IRA), call **1-800-829-1040**.

Exempt Organizations. If you have questions about exempt organizations, including the types of tax-exempt organizations, or you want to verify an organization's charitable status, call our **Tax Exempt/Government Entities Customer Account Services** at **1-877-829-5500**. Assistance is available Monday through Friday from 8:00 a.m. to 9:30 p.m. EST.

Before You Call

IRS representatives care about the quality of the service we provide to you, our customer. You can help us provide accurate, complete answers to your questions by having the following information available.

- The tax form, schedule, or notice to which your question relates.
- The facts about your particular situation. The answer to the same question often varies from one taxpayer to another because of differences in their age, income, whether they can be claimed as a dependent, etc.
- The name of any IRS publication or other source of information that you used to look for the answer.

To maintain your account security, you may be asked for the following information, which you should also have available.

- Your social security number.
- The amount of refund and filing status shown on your tax return.
- The "Caller ID Number" shown at the top of any notice you received.
- Your personal identification number (PIN) if you have one.
- Your date of birth.
- The numbers in your street address.
- Your ZIP code.

If you are asking for an installment agreement to pay your tax, you will be asked for the highest amount you can pay each month and the date on which you can pay it.

Evaluation of Services Provided. The IRS uses several methods to evaluate the quality of this telephone service. One method is for a second IRS representative to sometimes listen in on or record telephone calls. Another is to ask some callers to complete a short survey at the end of the call.

Making the Call

Call **1-800-829-1040** (for TTY/TDD help, call 1-800-829-4059). We have redesigned our menus to allow callers with pulse or rotary dial telephones to speak their responses when requested to do so. First, you will be provided a series of options that will request touch-tone responses. If a touch-tone response is not received, you will then hear a series of options and be asked to speak your selections. After your touch-tone or spoken response is received, the system will direct your call to the appropriate assistance. You can do the following within the system.

- Order tax forms and publications.
- Find out the status of your refund or what you owe.
- Determine if we have adjusted your account or received payments you made.
- Request a transcript of your account.
- Find out where to send your tax return or payment.
- Request more time to pay or set up a monthly installment agreement.

Before You Hang Up

If you do not fully understand the answer you receive, or you feel our representative may not fully understand your question, our representative needs to know this. He or she will be happy to take additional time to be sure your question is answered fully.

By law, you are responsible for paying your share of Federal income tax. If we should make an error in answering your question, you are still responsible for the payment of the correct tax. Should this occur, however, you will not be charged any penalty.

Before You Fill In Form 1040

See **How To Avoid Common Mistakes** on page 54.

If you were in the Kosovo or Persian Gulf area (for example, you supported operations in a qualified hazardous duty area), see **Pub. 3**.

For details on the changes for 2001 and 2002, see **Pub. 553**.

What's New for 2001?

Tax Rates Reduced. Most of the tax rates have been reduced and are reflected in the Tax Table that begins on page 59 and the Tax Rate Schedules on page 71. In addition, a new 10% tax rate applies to certain dependents. **Dependents** may be able to use the **Tax Computation Worksheet for Certain Dependents** to figure their tax. This worksheet gives the benefit of a new 10% rate. See the instructions for line 40 that begin on page 33. Dependents cannot take the rate reduction credit mentioned below.

Rate Reduction Credit. You may be able to take a new credit of up to the amount shown below for your 2001 filing status. But you cannot take this credit if you received (before offset) an advance payment of your 2001 taxes that was equal to or more than the amount shown below. See the worksheet on page 36.

- Single or married filing separately—\$300
- Head of household—\$500
- Married filing jointly or qualifying widow(er)—\$600

Advance Payment Not Taxable. Any amount you received as an advance payment of your 2001 taxes is not taxable and should not be reported on your return.

Larger Child Tax Credits. If you have at least one child who was under age 17 at the end of 2001, you may be able to take a credit on line 48 of up to \$600 for each qualifying child. You may also be able to take the additional child tax credit on line 63 if your credit on line 48 is less than \$600 for each qualifying child. See the instructions for line 48 that begin on page 37 and the instructions for line 63 on page 51.

Student Loan Interest Deduction. If you paid interest on a qualified student loan, you may be able to deduct up to \$2,500 of the interest. See the instructions for line 24 that begin on page 28.

Third Party Designee. If you want to allow the IRS to discuss your 2001 tax return with a family member, friend, or any other person you choose, check the "Yes" box in the Third Party Designee area of your return and

enter the requested information. See page 53 for details.

Schedule D Tax Computation Simplified. To make the tax computation easier for most people with capital gains, 14 lines have been removed from Part IV of Schedule D.

IRA Deduction. You may be able to take an IRA deduction if you were covered by a retirement plan and your modified adjusted gross income is less than \$43,000 (\$63,000 if married filing jointly or qualifying widow(er)). See the instructions for line 23 that begin on page 27.

Education (Ed) IRAs. Ed IRAs are now called Coverdell education savings accounts (ESAs).

Earned Income Credit (EIC). You may be able to take this credit if you earned less than \$32,121 (less than \$10,710 if you do not have any qualifying children). See the instructions for lines 61a and 61b that begin on page 41.

Alternative Minimum Tax (AMT). The AMT exemption amounts have been increased. See the instructions for line 41 that begin on page 34.

Standard Mileage Rates. The rate for business use of your vehicle is 34½ cents a mile. The rate for use of your vehicle to get medical care is 12 cents a mile.

Mailing Your Return. You may be mailing your return to a different address this year because the IRS has changed the filing location for several areas. If you received an envelope with your tax package, please use it. Otherwise, see **Where Do You File?** on the back cover.

Tax Relief for Victims of Terrorist Attacks. See **Pub. 3920**.

Other Information

Did You Convert an IRA to a Roth IRA in 1998? If you did, see **1998 Roth IRA Conversions** on page 23 to find out the taxable amount you must report in 2001 on line 15b.

Parent of a Kidnapped Child. The parent of a child who is presumed by law enforcement authorities to have been kidnapped by someone who is not a family member may be able to take the child into account in determining his or her eligibility for the head of household or qualifying widow(er) filing status, deduction for dependents, child tax

credit, and the earned income credit (EIC). For details, see **Pub. 501** (**Pub. 596** for the EIC).

Payments to Holocaust Victims. Restitution payments received by holocaust victims or their heirs after 1999 (and certain interest earned on the payments) are not taxable. If you reported these amounts on your 2000 return or used them to compute any amount affecting your 2000 tax liability, you may need to file **Form 1040X** to amend your 2000 return. For more details, see **Pub. 525**.

What To Look for in 2002

Reduced Tax Rates. Most of the tax rates will decrease by ½% and a new 10% tax rate will apply to all filers.

New Deduction for Higher Education Expenses. You may be able to deduct up to \$3,000 of the qualified education expenses you pay for yourself, your spouse, or your dependents if your 2002 modified AGI is \$130,000 or less.

New Credit for Elective Deferrals and IRA Contributions. You may be able to take a credit of up to \$1,000 for qualified retirement savings contributions if your 2002 modified AGI is \$50,000 or less.

IRA Deduction Expanded. You, and your spouse if filing jointly, may be able to take an IRA deduction of up to \$3,000 (\$3,500 if you will be age 50 or older at the end of 2002). If you are covered by a retirement plan, you may be able to take an IRA deduction if your 2002 modified AGI is less than \$44,000 (\$64,000 if married filing jointly or qualifying widow(er)).

Student Loan Interest Deduction. The 60-month limit will no longer apply and the modified AGI limit will increase.

Self-Employed Health Insurance Deduction. You may be able to deduct up to 70% of your health insurance expenses.

Adoption Credit. You may be able to take a credit of up to \$10,000 for the qualified adoption expenses you pay to adopt a child.

EIC Computation Simplified. Nontaxable earned income and modified AGI will not be taken into account in determining if you are eligible for the credit or the amount of your credit.

Coverdell ESAs. You may be able to contribute up to \$2,000 to a Coverdell ESA.

Filing Requirements

These rules apply to all U.S. citizens, regardless of where they live, and resident aliens.

Do You Have To File?

Use **Chart A, B, or C** to see if you must file a return. U.S. citizens who lived in or had income from a U.S. possession should see **Pub. 570**. Residents of Puerto Rico can use TeleTax topic 901 (see page 11) to see if they must file.

Even if you do not otherwise have to file a return, you should file one to get a refund of any Federal income tax withheld. You should also file if you are eligible for the earned income credit or the additional child tax credit.

Exception for Children Under Age 14. If you are planning to file a return for your child who was under age 14 on January 1, 2002, and certain other conditions apply, you may elect to report your child's income on your return. But you must use **Form 8814** to do so. If you make this election, your child does not have to file a return. For details, use TeleTax topic 553 (see page 11) or see Form 8814.

Nonresident Aliens and Dual-Status Aliens. These rules also apply to nonresident aliens and dual-status aliens who were married to U.S. citizens or residents at the

end of 2001 and who have elected to be taxed as resident aliens. Other nonresident aliens and dual-status aliens have different filing requirements. They may have to file **Form 1040NR** or **Form 1040NR-EZ**. Specific rules apply to determine if you are a resident or nonresident alien. See **Pub. 519** for details, including the rules for students and scholars who are aliens.

When Should You File?

Not later than **April 15, 2002**. If you file after this date, you may have to pay interest and penalties. See page 56.

What if You Cannot File on Time?

You can get an automatic 4-month extension if, by April 15, 2002, you **either**:

- File **Form 4868** or
- File for an extension by phone, using tax software, or through a tax professional. If you expect to owe tax with your return, you can even pay part or all of it by electronic funds withdrawal or credit card (American Express® Card, Discover® Card, or MasterCard® card). See Form 4868 for details.

An automatic 4-month extension to file does not extend the time to pay your tax. See Form 4868.

If you are a U.S. citizen or resident, you may qualify for an automatic extension of time to file without filing Form 4868 or filing for an extension by phone, using tax software, or through a tax professional. You qualify if, on the due date of your return, you meet one of the following conditions.

- You live outside the United States and Puerto Rico **and** your main place of business or post of duty is outside the United States and Puerto Rico.
- You are in military or naval service on duty outside the United States and Puerto Rico.

This extension gives you an extra 2 months to file and pay the tax, but interest will be charged from the original due date of the return on any unpaid tax. You must attach a statement to your return showing that you meet the requirements.

Where Do You File?

See the back cover of this booklet for filing instructions and addresses. For details on using a private delivery service to mail your return or payment, see page 18.

Chart B—For Children and Other Dependents (See the instructions for line 6c on page 20 to find out if someone can claim you as a dependent.)

If your parent (or someone else) can claim you as a dependent, use this chart to see if you must file a return.

In this chart, **unearned income** includes taxable interest, ordinary dividends, and capital gain distributions. **Earned income** includes wages, tips, and taxable scholarship and fellowship grants. **Gross income** is the total of your unearned and earned income.

If your gross income was \$2,900 or more, you usually cannot be claimed as a dependent unless you were under age 19 or a student under age 24. For details, see **Pub. 501**.

Single dependents. Were you **either** age 65 or older **or** blind?

Chart C—Other Situations When You Must File

You must file a return if any of the four conditions below apply for 2001.

1. You owe any special taxes, such as:

- Social security and Medicare tax on tips you did not report to your employer,
- Uncollected social security and Medicare or RRTA tax on tips you reported to your employer or on group-term life insurance,
- Alternative minimum tax,
- Recapture taxes (see the instructions for lines 40 and 58 that begin on pages 33 and 39), or
- Tax on a qualified plan, including an individual retirement arrangement (IRA), or other tax-favored account. But if you are filing a return only because you owe this tax, you can file **Form 5329** by itself.

2. You received any advance earned income credit (EIC) payments from your employer. These payments are shown in box 9 of your W-2 form.

3. You had net earnings from self-employment of at least \$400.

4. You had wages of \$108.28 or more from a church or qualified church-controlled organization that is exempt from employer social security and Medicare taxes.

Private Delivery Services

You can use certain private delivery services designated by the IRS to meet the "timely mailing as timely filing/paying" rule for tax returns and payments. The most recent list of designated private delivery services was published by the IRS in October 2001. The list includes only the following:

- Airborne Express (Airborne): Overnight Air Express Service, Next Afternoon Service, and Second Day Service.

- DHL Worldwide Express (DHL): DHL "Same Day" Service, and DHL USA Overnight.

- Federal Express (FedEx): FedEx Priority Overnight, FedEx Standard Overnight, and FedEx 2Day.

- United Parcel Service (UPS): UPS Next Day Air, UPS Next Day Air Saver, UPS 2nd Day Air, UPS 2nd Day Air A.M., UPS Worldwide Express Plus, and UPS Worldwide Express.

The private delivery service can tell you how to get written proof of the mailing date.

Line Instructions for Form 1040

Name and Address

Use the Peel-Off Label

Using your peel-off name and address label in this booklet will speed the processing of your return. It also prevents common errors that can delay refunds or result in unnecessary notices. Put the label on your return **after** you have finished it. Cross out any errors and print the correct information. Add any missing items, such as your apartment number.

Address Change

If the address on your peel-off label is not your current address, cross out your old address and print your new address. If you plan to move after filing your return, see page 54.

Name Change

If you changed your name, be sure to report the change to your local Social Security Administration office **before** filing your return. This prevents delays in processing your return and issuing refunds. It also safeguards your future social security benefits. See page 54 for more details. If you received a peel-off label, cross out your former name and print your new name.

What If You Do Not Have a Label?

Print or type the information in the spaces provided. If you are married filing a separate return, enter your husband's or wife's name on line 3 instead of below your name.

If you filed a joint return for 2000 and you are filing a joint return for 2001 with the same spouse, be sure to enter your names and SSNs in the same order as on your 2000 return.

P.O. Box

Enter your box number **only** if your post office does not deliver mail to your home.

Foreign Address

Enter the information in the following order: City, province or state, and country. Follow the country's practice for entering the postal code. **Do not** abbreviate the country name.

Death of a Taxpayer

See page 55.

Social Security Number (SSN)

An incorrect or missing SSN may increase your tax or reduce your refund. **To apply for an SSN**, get **Form SS-5** from your local Social Security Administration (SSA) office or call the SSA at 1-800-772-1213. Fill in Form SS-5 and return it to the SSA. It usually takes about 2 weeks to get an SSN.

Check that your SSN is correct on your Forms W-2 and 1099. If not, see page 54 for more details.

IRS Individual Taxpayer Identification Numbers (ITINs) for Aliens

The IRS will issue you an ITIN if you are a nonresident or resident alien and you do not have and are not eligible to get an SSN. **To apply for an ITIN**, file **Form W-7** with the IRS. It usually takes about 4-6 weeks to get an ITIN. **Enter your ITIN wherever your SSN is requested on your tax return.**

Note. An ITIN is for tax use only. It does not entitle you to social security benefits or change your employment or immigration status under U.S. law.

Nonresident Alien Spouse

If your spouse is a nonresident alien and you file a joint or separate return, your spouse must have either an SSN or an ITIN.

Presidential Election Campaign Fund

This fund helps pay for Presidential election campaigns. The fund reduces candidates' dependence on large contributions from individuals and groups and places candidates on an equal financial footing in the general election. If you want \$3 to go to this fund, check the "Yes" box. If you are filing a joint return, your spouse may also have \$3 go to the fund. If you check "Yes," your tax or refund will not change.

Filing Status

Check **only** the filing status that applies to you. The ones that will usually give you the lowest tax are listed last.

- Married filing separately.
- Single.
- **Head of household.** This status is for unmarried people who paid over half the cost of keeping up a home for a qualifying person, such as a child who lived with you or your dependent parent. Certain married people who lived apart from their spouse for the last 6 months of 2001 may also be able to use this status.

• **Married filing jointly** or **Qualifying widow(er) with dependent child.** The **Qualifying widow(er)** status is for certain people whose spouse died in 1999 or 2000 and who had a child living with them whom they can claim as a dependent.

Joint and Several Tax Liability. If you file a joint return, both you and your spouse are generally responsible for the tax and any interest or penalties due on the return. This means that if one spouse does not pay the tax due, the other may have to. However, see **Innocent Spouse Relief** on page 54.

More than one filing status may apply to you. Choose the one that will give you the lowest tax. If you are not sure about your filing status, use TeleTax topic 353 (see page 11) or see **Pub. 501**.

Exemptions

You usually can deduct \$2,900 on line 38 for each exemption you can take.

Line 6b

Spouse

Check the box on line 6b if you file either (a) a joint return or (b) a separate return and your spouse had no income and is not filing a return. However, **do not** check the box if your spouse can be claimed as a dependent on another person's return.

Line 6c

Dependents

You can take an exemption for each of your dependents. The following is a brief description of the five tests that must be met for a person to qualify as your dependent. If you have **more than six** dependents, attach a statement to your return with the required information.

Relationship Test. The person must be either your relative or have lived in your home as a family member all year. If the person is not your relative, the relationship must not violate local law.

Joint Return Test. If the person is married, he or she cannot file a joint return. But the person can file a joint return if the return is filed only as a claim for refund **and** no tax liability would exist for either spouse if they had filed separate returns.

Citizen or Resident Test. The person must be a U.S. citizen or resident alien, or a resident of Canada or Mexico. There is an exception for certain adopted children. To find out who is a **resident alien**, use TeleTax topic 851 (see page 11) or see **Pub. 519**.

Income Test. The person's gross income must be less than \$2,900. But your child's gross income can be \$2,900 or more if he or she was either **(a) under age 19** at the end of 2001 or **(b) under age 24** at the end of 2001 and was a **student**.

Support Test. You must have provided over half of the person's total support in 2001. But there are two exceptions to this test: One for children of divorced or separated parents and one for persons supported by two or more taxpayers.

For more details about the tests, including any exceptions that apply, see **Pub. 501**.

Line 6c, Column (2)

You must enter each dependent's social security number (SSN). Be sure the name and SSN entered agree with the dependent's social security card. Otherwise, at the time we process your return, we may disallow the exemption claimed for the dependent and reduce or disallow any other tax benefits (such as the child tax credit and the earned income credit) based on that dependent. If the name or SSN on the dependent's social security card is not correct, call the Social Security Administration at 1-800-772-1213.

For details on how your dependent can get an SSN, see page 19. If your dependent will not have a number by April 15, 2002, see **What if You Cannot File on Time?** on page 15.

If your dependent child was born and died in 2001 and you do not have an SSN for the child, you may attach a copy of the child's birth certificate instead and enter "Died" in column (2).

Adoption Taxpayer Identification Numbers (ATINs). If you have a dependent who was placed with you by an authorized placement agency and you do not know his or her SSN, you must get an ATIN for the dependent from the IRS. An authorized placement agency includes any person authorized by state law to place children for legal adoption. See **Form W-7A** for details.

Line 6c, Column (4)

Check the box in this column if your dependent is a qualifying child for the child tax credit (defined below). If you have at least one qualifying child, you may be able to take the child tax credit on line 48 and the additional child tax credit on line 63.

Qualifying Child for Child Tax Credit. A qualifying child for purposes of the child tax credit is a child who:

- Is claimed as your dependent on line 6c, **and**
- Was **under age 17** at the end of 2001, **and**
- Is your son, daughter, adopted child, grandchild, stepchild, or foster child, **and**
- Is a U.S. citizen or resident alien.

Note. The above requirements are not the same as the requirements to be a qualifying child for the earned income credit.

A child placed with you by an authorized placement agency for legal adoption is an **adopted child** even if the adoption is not final. An authorized placement agency includes any person authorized by state law to place children for legal adoption.

A **grandchild** is any descendant of your son, daughter, or adopted child and includes your great-grandchild, great-great-grandchild, etc.

A **foster child** is any child you cared for as your own child and who:

- Is **(a)** your brother, sister, stepbrother, or stepsister; **(b)** a descendant (such as a child, including an adopted child) of your brother, sister, stepbrother, or stepsister; **or**

(c) a child placed with you by an authorized placement agency **and**

- Lived with you for all of 2001. A child who was born or died in 2001 is considered to have lived with you for all of 2001 if your home was the child's home for the entire time he or she was alive during 2001.

Children Who Did Not Live With You Due to Divorce or Separation

If you are claiming a child who did not live with you under the rules explained in **Pub. 501** for children of divorced or separated parents, attach **Form 8332** or similar statement to your return. But see **Exception** below. If your divorce decree or separation agreement went into effect after 1984 and it states you can claim the child as your dependent without regard to any condition, such as payment of support, you may attach a copy of the following pages from the decree or agreement instead.

- Cover page (put the other parent's SSN on that page),
- The page that states you can claim the child as your dependent, and
- Signature page with the other parent's signature and date of agreement.

Note. You must attach the required information even if you filed it in an earlier year.

Exception. You do not have to attach Form 8332 or similar statement if your divorce decree or written separation agreement went into effect before 1985 and it states that you can claim the child as your dependent.

Other Dependent Children

Include the total number of children who did not live with you for reasons other than divorce or separation on the line labeled "Dependents on 6c not entered above." Include dependent children who lived in Canada or Mexico during 2001.

Income

Foreign-Source Income

You must report unearned income, such as interest, dividends, and pensions, from sources outside the United States unless exempt by law or a tax treaty. You must also report earned income, such as wages and tips, from sources outside the United States.

If you worked abroad, you may be able to exclude part or all of your earned income. For details, see **Pub. 54** and **Form 2555** or **2555-EZ**.

Community Property States

Community property states are Arizona, California, Idaho, Louisiana, Nevada, New Mexico, Texas, Washington, and Wisconsin. If you and your spouse lived in a community property state, you must usually follow state law to determine what is community income and what is separate income. For details, see **Pub. 555**.

Rounding Off to Whole Dollars

To round off cents to the nearest whole dollar on your forms and schedules, drop amounts under 50 cents and increase amounts from 50 to 99 cents to the next dollar. If you do round off, do so for all amounts. But if you have to add two or more amounts to figure the amount to enter on a line, include cents when adding and only round off the total.

Line 7

Wages, Salaries, Tips, etc.

Enter the total of your wages, salaries, tips, etc. If a joint return, also include your spouse's income. For most people, the amount to enter on this line should be shown in box 1 of their **Form(s) W-2**. But the following types of income must also be included in the total on line 7.

- **Wages received as a household employee** for which you did not receive a **W-2** form because your employer paid you less than \$1,300 in 2001. Also, enter "HSH" and the amount not reported on a **W-2** form on the dotted line next to line 7.

- **Tip income** you did not report to your employer. Also include **allocated tips** shown on your **W-2** form(s) unless you can prove that you received less. Allocated tips should be shown in box 8 of your **W-2** form(s). They are not included as income in box 1. See **Pub. 531** for more details.

You may owe social security and Medicare tax on unreported or allocated tips. See the instructions for line 54 on page 39.

- **Dependent care benefits**, which should be shown in box 10 of your **W-2** form(s). But first complete **Form 2441** to see if you may exclude part or all of the benefits.

- **Employer-provided adoption benefits**, which should be shown in box 12 of your **W-2** form(s) with code **T**. But first complete **Form 8839** to see if you may exclude part or all of the benefits.

- **Scholarship and fellowship grants** not reported on a **W-2** form. Also, enter "SCH" and the amount on the dotted line next to line 7. **Exception.** If you were a degree candidate, include on line 7 **only** the amounts you used for expenses other than tuition and course-related expenses. For example, amounts used for room, board, and travel must be reported on line 7.

- **Excess salary deferrals.** The amount deferred should be shown in box 12 of your **W-2** form and the "Retirement plan" box in box 13 should be checked. If the total amount you (or your spouse if filing jointly) deferred for 2001 under **all** plans was more than \$10,500, include the excess on line 7. But a different limit may apply if amounts were deferred under a tax-sheltered annuity plan or an eligible plan of a state or local government or tax-exempt organization. See **Pub. 525** for details.

You may **not** deduct the amount deferred. It is not included as income in box 1 of your **W-2** form.

- **Disability pensions** shown on **Form 1099-R** if you have not reached the minimum retirement age set by your employer. Disability pensions received after you reach that age and other pensions shown on **Form 1099-R** (other than payments from an IRA* or a Coverdell education savings account (ESA)) are reported on lines 16a and 16b. Payments from an IRA or a Coverdell ESA are reported on lines 15a and 15b.

- **Corrective distributions** shown on **Form 1099-R** of (a) excess salary deferrals plus earnings and (b) excess contributions plus earnings to a retirement plan. But do not include distributions from an IRA* or a Coverdell ESA on line 7. Instead, report them on lines 15a and 15b.

**This includes a Roth, SEP, or SIMPLE IRA.*

Were You a Statutory Employee?

If you were, the "Statutory employee" box in box 13 of your **W-2** form should be checked. Statutory employees include full-time life insurance salespeople, certain agent or commission drivers and traveling salespeople, and certain homeworkers. If you have related business expenses to deduct, report the amount shown in box 1 of your **W-2** form on **Schedule C** or **C-EZ** along with your expenses.

Missing or Incorrect Form W-2?

If you do not get a **W-2** form from your employer by January 31, 2002, use TeleTax topic 154 (see page 11) to find out what to

do. Even if you do not get a **Form W-2**, you must still report your earnings on line 7. If you lose your **Form W-2** or it is incorrect, ask your employer for a new one.

Line 8a

Taxable Interest

Each payer should send you a **Form 1099-INT** or **Form 1099-OID**. Enter your total taxable interest income on line 8a. But you must fill in and attach **Schedule B** if the total is over \$400 or any of the other conditions listed at the beginning of the **Schedule B** instructions (see page B-1) apply to you.

Interest credited in 2001 on deposits that you could not withdraw because of the bankruptcy or insolvency of the financial institution may not have to be included in your 2001 income. For details, see **Pub. 550**.

If you get a 2001 **Form 1099-INT** for U.S. savings bond interest that includes amounts you reported before 2001, see **Pub. 550**.

Line 8b

Tax-Exempt Interest

If you received any tax-exempt interest, such as from municipal bonds, report it on line 8b. Include any exempt-interest dividends from a mutual fund or other regulated investment company. **Do not** include interest earned on your IRA or Coverdell education savings account.

Line 9

Ordinary Dividends

Each payer should send you a **Form 1099-DIV**. Enter your total ordinary dividends on line 9. But you must fill in and attach **Schedule B** if the total is over \$400 or you received, as a nominee, ordinary dividends that actually belong to someone else.

Capital Gain Distributions

If you received any capital gain distributions, see the instructions for line 13 on page 23.

(Continued on page 22)

Nontaxable Distributions

Some distributions are nontaxable because they are a return of your cost (or other basis). They will not be taxed until you recover your cost (or other basis). You must reduce your cost (or other basis) by these distributions. After you get back all of your cost (or other basis), you must report these distributions as capital gains on **Schedule D**. For details, see **Pub. 550**.

TIP Dividends on insurance policies are a partial return of the premiums you paid. **Do not** report them as dividends. Include them in income only if they exceed the total of all net premiums you paid for the contract.

If you received a refund, credit, or offset of state or local income taxes in 2001, you may receive a **Form 1099-G**. If you chose to apply part or all of the refund to your 2001 estimated state or local income tax, the amount applied is treated as received in 2001. If the refund was for a tax you paid in 2000 and you itemized deductions for 2000, use the worksheet below to see if any of your refund is taxable.

Exception. See **Recoveries** in **Pub. 525** instead of using the worksheet below if **any** of the following apply.

- You received a refund in 2001 that is for a tax year other than 2000.
- You received a refund other than an income tax refund, such as a real property tax refund, in 2001 of an amount deducted or credit claimed in an earlier year.
 - Your 2000 taxable income was less than zero.
 - You made your last payment of 2000 estimated state or local income tax in 2001.
 - You owed alternative minimum tax in 2000.

• You could not deduct the full amount of credits you were entitled to in 2000 because the total credits exceeded the amount shown on your 2000 Form 1040, line 42, minus any foreign tax credit shown on line 43 of that form.

• You could be claimed as a dependent by someone else in 2000.

Also, see **Tax Benefit Rule** in Pub. 525 instead of using the worksheet below if **all three** of the following apply.

1. You had to use the Itemized Deductions Worksheet in the 2000 Schedule A instructions because your 2000 adjusted gross income was over: \$128,950 if single, married filing jointly, head of household, or qualifying widow(er); \$64,475 if married filing separately.

(Continued on page 23)

Line 10

Taxable Refunds, Credits, or Offsets of State and Local Income Taxes

TIP None of your refund is taxable if, in the year you paid the tax, you **did not** itemize deductions.

State and Local Income Tax Refund Worksheet—Line 10

. **3.** _____

4. Did you fill in line 35a on your 2000 Form 1040?

- No.** Enter -0-.
- Yes.** Multiply the number on line 35a of your 2000 Form 1040 by: \$850 if your 2000 filing status was married filing jointly or separately or qualifying widow(er); \$1,100 if your 2000 filing status was single or head of household

. **4.** _____

5. Add lines 3 and 4 **5.** _____

6. Is the amount on line 5 less than the amount on line 2?

- No.** None of your refund is taxable.
- Yes.** Subtract line 5 from line 2 **6.** _____

7. **Taxable part of your refund.** Enter the **smaller** of line 1 or line 6 here and on Form 1040, line 10 **7.** _____

2. You could not deduct all of the amount on line 1 of the 2000 Itemized Deductions Worksheet.

3. The amount on line 8 of that 2000 worksheet would be more than the amount on line 4 of that worksheet if the amount on line 4 were reduced by 80% of the refund you received in 2001.

Line 11

Alimony Received

Enter amounts received as alimony or separate maintenance. You must let the person who made the payments know your social security number. If you do not, you may have to pay a \$50 penalty. For more details, use TeleTax topic 406 (see page 11) or see **Pub. 504**.

Line 12

Business Income or (Loss)

If you operated a business or practiced your profession as a sole proprietor, report your income and expenses on **Schedule C** or **C-EZ**.

Line 13

Capital Gain or (Loss)

If you had a capital gain or loss, including any **capital gain distributions** from a mutual fund, you **must** complete and attach **Schedule D**.

Exception. You do not have to file Schedule D if **all three** of the following apply.

1. The only amounts you have to report on Schedule D are capital gain distributions from box 2a of **Forms 1099-DIV** or substitute statements.

2. None of the Forms 1099-DIV or substitute statements have an amount in box 2b (28% rate gain), box 2c (qualified 5-year gain), box 2d (unrecaptured section 1250 gain), or box 2e (section 1202 gain).

3. You are not filing **Form 4952** (relating to investment interest expense deduction) or the amount on line 4e of that form is zero or blank.

If all three of the above apply, enter your capital gain distributions on line 13 and check the box on that line. Also, be sure you use the **Capital Gain Tax Worksheet** on page 34 to figure your tax.

Line 14

Other Gains or (Losses)

If you sold or exchanged assets used in a trade or business, see the Instructions for **Form 4797**.

Lines 15a and 15b

IRA Distributions

Note. If you converted part or all of an individual retirement arrangement (IRA) to a Roth IRA in 1998 and you chose to report the taxable amount over 4 years, see **1998 Roth IRA Conversions** on this page.

You should receive a **Form 1099-R** showing the amount of any distribution from your IRA or Coverdell education savings account (ESA). Unless otherwise noted in the line 15a and 15b instructions, an IRA includes a traditional IRA, Roth IRA, simplified employee pension (SEP) IRA, and a savings incentive match plan for employees (SIMPLE) IRA. Except as provided below, leave line 15a blank and enter the total distribution on line 15b.

Exception 1. Enter the total distribution on line 15a if you rolled over part or all of the distribution from one:

- IRA to another IRA of the same type (for example, from one traditional IRA to another traditional IRA),
- Coverdell ESA to another, or
- SEP or SIMPLE IRA to a traditional IRA.

Also, put "Rollover" next to line 15b. If the total distribution was rolled over, enter zero on line 15b. If the total was not rolled over, enter the part not rolled over on line 15b unless **Exception 2** applies to the part not rolled over.

If you rolled over the distribution (a) in 2002 or (b) from a conduit IRA into a qualified plan, attach a statement explaining what you did.

Exception 2. If **any** of the following apply, enter the total distribution on line 15a and use **Form 8606** and its instructions to figure the amount to enter on line 15b.

- You received a distribution from an IRA (other than a Roth IRA) and you made nondeductible contributions to any of your traditional or SEP IRAs for 2001 or an earlier year. If you made nondeductible contributions to these IRAs for 2001, also see **Pub. 590**.
- You received a distribution from a Roth IRA or Coverdell ESA.

- You converted part or all of a traditional, SEP, or SIMPLE IRA to a Roth IRA in 2001.

- You had a 2000 or 2001 IRA or Coverdell ESA contribution returned to you, with the related earnings or less any loss, by the due date (including extensions) of your tax return for that year.

- You made excess contributions to your IRA for an earlier year and had them returned to you in 2001.

- You recharacterized part or all of a contribution to a Roth IRA as a traditional IRA contribution, or vice versa.

Note. If you received more than one distribution, figure the taxable amount of each distribution and enter the total of the taxable amounts on line 15b. Enter the total amount of those distributions on line 15a.

You may have to pay an additional tax if (a) you received an early distribution from your IRA and the total was not rolled over or (b) you were born before July 1, 1930, and received less than the minimum required distribution from your traditional, SEP, and SIMPLE IRAs. See the instructions for line 55 on page 39 for details.

1998 Roth IRA Conversions. If you converted an IRA to a Roth IRA in 1998 and you chose to report the taxable amount over 4 years, leave line 15a blank and enter on line 15b the amount from your **1998 Form 8606**, line 17. **But** see the 2001 Instructions for Form 8606 for the amount to enter on line 15b if (a) you rounded the amount on line 17 of your 1998 Form 8606 to the next higher whole dollar or (b) you received a distribution from a Roth IRA in 1998, 1999, or 2000.

Lines 16a and 16b

Pensions and Annuities

You should receive a **Form 1099-R** showing the amount of your pension and annuity payments. See page 25 for details on rollovers and lump-sum distributions. **Do not** include the following payments on lines 16a and 16b. Instead, report them on line 7.

- Disability pensions received before you reach the minimum retirement age set by your employer.
- Corrective distributions of excess salary deferrals or excess contributions to retirement plans.

(Continued on page 24)

Attach Form(s) 1099-R to Form 1040 if any Federal income tax was withheld.

Fully Taxable Pensions and Annuities

If your pension or annuity is fully taxable, enter it on line 16b; **do not** make an entry on line 16a. Your payments are fully taxable if **either** of the following applies.

- You did not contribute to the cost (see page 25) of your pension or annuity **or**

- You got your entire cost back tax free before 2001.

Fully taxable pensions and annuities also include military retirement pay shown on Form 1099-R. For details on military disability pensions, see **Pub. 525**. If you received a **Form RRB-1099-R**, see **Pub. 575** to find out how to report your benefits.

Partially Taxable Pensions and Annuities

Enter the total pension or annuity payments you received in 2001 on line 16a. If your

Form 1099-R does not show the taxable amount, you must use the General Rule explained in **Pub. 939** to figure the taxable part to enter on line 16b. But if your annuity starting date (defined on page 25) was **after** July 1, 1986, see page 25 to find out if you must use the Simplified Method to figure the taxable part.

You can ask the IRS to figure the taxable part for you for an \$85 fee. For details, see **Pub. 939**.

(Continued on page 25)

Simplified Method Worksheet—Lines 16a and 16b

Keep for Your Records

Before you begin: ✓ If you are the beneficiary of a deceased employee or former employee who died **before** August 21, 1996, see **Pub. 939** to find out if you are entitled to a death benefit exclusion of up to \$5,000. If you are, include the exclusion in the amount entered on line 2 below.

Note. If you had more than one partially taxable pension or annuity, figure the taxable part of each separately. Enter the total of the taxable parts on Form 1040, line 16b. Enter the total pension or annuity payments received in 2001 on Form 1040, line 16a.

1. Enter the total pension or annuity payments received in 2001. Also, enter this amount on Form 1040, line 16a **1.** _____
2. Enter your cost in the plan at the annuity starting date **2.** _____
3. Enter the appropriate number from **Table 1** below. **But** if your annuity starting date was **after** 1997 **and** the payments are for your life and that of your beneficiary, enter the appropriate number from **Table 2** below **3.** _____
4. Divide line 2 by the number on line 3 **4.** _____
5. Multiply line 4 by the number of months for which this year's payments were made. If your annuity starting date was **before** 1987, skip lines 6 and 7 and enter this amount on line 8. Otherwise, go to line 6 **5.** _____
6. Enter the amount, if any, recovered tax free in years after 1986 **6.** _____
7. Subtract line 6 from line 2 **7.** _____
8. Enter the **smaller** of line 5 or line 7. **8.** _____
9. **Taxable amount.** Subtract line 8 from line 1. Enter the result, but not less than zero. Also, enter this amount on Form 1040, line 16b. If your Form 1099-R shows a larger amount, use the amount on this line instead of the amount from Form 1099-R **9.** _____

If your Form 1099-R shows a taxable amount, you may report that amount on line 16b. But you may be able to report a lower taxable amount by using the General Rule or the Simplified Method.

Annuity Starting Date

Your annuity starting date is the later of the first day of the first period for which you received a payment, or the date the plan's obligations became fixed.

Simplified Method

You **must** use the Simplified Method if (a) your annuity starting date (defined above) was **after** July 1, 1986, and you used this method last year to figure the taxable part or (b) your annuity starting date was **after** November 18, 1996, and **all three** of the following apply.

1. The payments are for (a) your life or (b) your life and that of your beneficiary.
2. The payments are from a qualified employee plan, a qualified employee annuity, or a tax-sheltered annuity.
3. On your annuity starting date, either you were under age 75 or the number of years of guaranteed payments was fewer than 5. See Pub. 575 for the definition of guaranteed payments.

If you must use the Simplified Method, complete the worksheet on page 24 to figure the taxable part of your pension or annuity. For more details on the Simplified Method, see Pub. 575 or **Pub. 721** for U.S. Civil Service retirement.

If you received U.S. Civil Service retirement benefits and you chose the alternative annuity option, use the worksheet in Pub. 721. **Do not** use the worksheet on page 24.

Age (or Combined Ages) at Annuity Starting Date

If you are the retiree, use your age on the annuity starting date. If you are the survivor of a retiree, use the retiree's age on his or her annuity starting date. **But** if your annuity starting date was after 1997 and the payments are for your life and that of your beneficiary, use your combined ages on the annuity starting date.

If you are the beneficiary of an employee who died, see Pub. 575. If there is more than one beneficiary, see Pub. 575 or Pub. 721 to figure each beneficiary's taxable amount.

Cost

Your cost is generally your net investment in the plan as of the annuity starting date. It does not include pre-tax contributions.

Your net investment should be shown in box 9b of Form 1099-R for the first year you received payments from the plan.

Rollovers

A rollover is a tax-free distribution of cash or other assets from one retirement plan that is contributed to another plan. Use lines 16a and 16b to report a rollover, including a direct rollover, from one qualified employer's plan to another or to an IRA or SEP.

Enter on line 16a the total distribution before income tax or other deductions were withheld. This amount should be shown in box 1 of **Form 1099-R**. From the total on line 16a, subtract any contributions (usually shown in box 5) that were taxable to you when made. From that result, subtract the amount that was rolled over either directly or within 60 days of receiving the distribution. Enter the remaining amount, even if zero, on line 16b. Also, put "Rollover" next to line 16b.

Special rules apply to partial rollovers of property. For more details on rollovers, including distributions under qualified domestic relations orders, see Pub. 575.

Lump-Sum Distributions

If you received a lump-sum distribution from a profit-sharing or retirement plan, your Form 1099-R should have the "Total distribution" box in box 2b checked. You may owe an additional tax if you received an early distribution from a qualified retirement plan and the total amount was not rolled over. For details, see the instructions for line 55 on page 39.

Enter the total distribution on line 16a and the taxable part on line 16b.

You may be able to pay less tax on the distribution if you were born before 1936, you meet certain other conditions, and you choose to use **Form 4972** to figure the tax on any part of the distribution. You may also be able to use Form 4972 if you are the beneficiary of a deceased employee who was born before 1936. For details, see Form 4972.

Line 19

Unemployment Compensation

You should receive a **Form 1099-G** showing the total unemployment compensation paid to you in 2001.

If you received an overpayment of unemployment compensation in 2001 and you

repaid any of it in 2001, subtract the amount you repaid from the total amount you received. Enter the result on line 19. Also, enter "Repaid" and the amount you repaid on the dotted line next to line 19. If, in 2001, you repaid unemployment compensation that you included in gross income in an earlier year, you may deduct the amount repaid on **Schedule A**, line 22. But if you repaid more than \$3,000, see **Repayments** in **Pub. 525** for details on how to report the repayment.

Lines 20a and 20b

Social Security Benefits

You should receive a **Form SSA-1099** showing in box 3 the total social security benefits paid to you. Box 4 will show the amount of any benefits you repaid in 2001. If you received railroad retirement benefits treated as social security, you should receive a **Form RRB-1099**.

Use the worksheet on page 26 to see if any of your benefits are taxable.

Exception. Do not use the worksheet on page 26 if **any** of the following apply.

- You made contributions to a traditional IRA for 2001 and you were covered by a retirement plan at work or through self-employment. Instead, use the worksheets in **Pub. 590** to see if any of your social security benefits are taxable and to figure your IRA deduction.
- You repaid any benefits in 2001 and your total repayments (box 4) were more than your total benefits for 2001 (box 3). **None** of your benefits are taxable for 2001. In addition, you may be able to take an itemized deduction for part of the excess repayments if they were for benefits you included in gross income in an earlier year. For more details, see **Pub. 915**.
- You file **Form 2555**, **2555-EZ**, **4563**, or **8815**, or you exclude employer-provided adoption benefits or income from sources within Puerto Rico. Instead, use the worksheet in Pub. 915.

If part of your benefits are taxable for 2001 **and** they include benefits paid in 2001 that were for an earlier year, you may be able to reduce the taxable amount. See Pub. 915 for details.

Line 21**Other Income**

Do not report on this line any income from **self-employment** or fees received as a notary public. Instead, you **must** use **Schedule C, C-EZ, or F**, even if you do not have any business expenses. Also, **do not** report on line 21 any nonemployee compensation shown on **Form 1099-MISC**. Instead, see the chart on page 18 to find out where to report that income.

Use line 21 to report any other income not reported on your return or other schedules. See examples below. List the type and amount of income. If necessary, show the required information on an attached statement. For more details, see **Miscellaneous Taxable Income** in **Pub. 525**.

Do not report any nontaxable income on line 21, such as an advance payment of your 2001 taxes; child support; money or property that was inherited, willed to you, or received as a gift; or life insurance proceeds received because of a person's death.

Examples of **income to report** on line 21 are:

- Prizes and awards.
- Gambling winnings, including lotteries, raffles, a lump-sum payment from the sale of a right to receive future lottery payments, etc. For details on gambling losses, see the instructions for **Schedule A**, line 27, on page A-6.
- Jury duty fees. Also, see the instructions for line 32 on page 30.
- Alaska Permanent Fund dividends.
- Qualified state tuition program earnings.
- Reimbursements or other amounts received for items deducted in an earlier year, such as medical expenses, real estate taxes, or home mortgage interest. See **Recoveries** in **Pub. 525** for details on how to figure the amount to report.
- Income from the rental of personal property if you engaged in the rental for profit but were not in the business of renting such property. Also, see the instructions for line 32 on page 30.
- Income from an activity not engaged in for profit. See **Pub. 535**.
- Loss on certain corrective distributions of excess deferrals. See **Pub. 525**.

Adjusted Gross Income**Line 23****IRA Deduction**

If you made any nondeductible contributions to a traditional individual retirement arrangement (IRA) for 2001, you **must** report them on **Form 8606**.

If you made contributions to a traditional IRA for 2001, you may be able to take an IRA deduction. But you, or your spouse if filing a joint return, must have had earned income to do so. For IRA purposes, earned income includes certain alimony received. See **Pub. 590** for details. You should receive a statement by May 31, 2002, that shows all contributions to your traditional IRA for 2001.

Use the worksheet on page 28 to figure the amount, if any, of your IRA deduction. **But read the following list before you fill in the worksheet.**

- If you were age 70½ or older at the end of 2001, you **cannot** deduct any contributions made to your traditional IRA for 2001 or treat them as nondeductible contributions.
- You **cannot** deduct contributions to a Roth IRA or a Coverdell education savings account.

If you made contributions to both a traditional IRA and a Roth IRA for 2001, **do not** use the worksheet on page 28. Instead, use the worksheet in **Pub. 590** to figure the amount, if any, of your IRA deduction.

• You **cannot** deduct contributions to a 401(k) plan, section 457 plan, SIMPLE plan, or the Federal Thrift Savings Plan. These amounts are not included as income in box 1 of your W-2 form.

• If you made contributions to your IRA in 2001 that you deducted for 2000, **do not** include them in the worksheet.

• If you received a distribution from a nonqualified deferred compensation plan or section 457 plan that is included in box 1 of your W-2 form, **do not** include that distribution on line 8 of the worksheet. The distribution should be shown in box 11 of your W-2 form. If it is not, contact your employer for the amount of the distribution.

• You must file a joint return to deduct contributions to your spouse's IRA. Enter the total IRA deduction for you and your spouse on line 23.

• Do not include rollover contributions in figuring your deduction. Instead, see the instructions for lines 15a and 15b on page 23.

• Do not include trustees' fees that were billed separately and paid by you for your IRA. These fees can be deducted only as an itemized deduction on **Schedule A**.

• If the total of your IRA deduction on line 23 plus any nondeductible contribution to your traditional IRAs shown on **Form 8606** is less than your total traditional IRA contributions for 2001, see **Pub. 590** for special rules.

By April 1 of the year after the year in which you turn age 70½, you must start taking minimum required distributions from your traditional IRA. If you do not, you may have to pay a 50% additional tax on the amount that should have been distributed. For details, including how to figure the minimum required distribution, see **Pub. 590**.

Were You Covered by a Retirement Plan?

If you were covered by a retirement plan (qualified pension, profit-sharing (including 401(k)), annuity, SEP, SIMPLE, etc.) at work or through self-employment, your IRA deduction may be reduced or eliminated. But you can still make contributions to an IRA even if you cannot deduct them. In any case, the income earned on your IRA contributions is not taxed until it is paid to you.

The "Retirement plan" box in box 13 of your W-2 form should be checked if you were covered by a plan at work even if you were not vested in the plan. You are also covered by a plan if you were self-employed and had a SEP, SIMPLE, or qualified retirement plan.

If you were covered by a retirement plan and you file **Form 2555, 2555-EZ, or 8815**, or you exclude employer-provided adoption benefits, see **Pub. 590** to figure the amount, if any, of your IRA deduction.

Married Persons Filing Separately. If you were not covered by a retirement plan but your spouse was, **you** are considered covered by a plan unless you **lived apart** from your spouse for all of 2001.

Line 24

Student Loan Interest Deduction

Use the worksheet on page 29 to figure your student loan interest deduction if **all five** of the following apply.

1. You paid interest in 2001 on a qualified student loan (see page 29).

2. At least part of the interest paid in 2001 was paid during the first 60 months that interest payments were required to be made. See **Example** on page 29.

3. Your filing status is any status **except** married filing separately.

4. Your modified adjusted gross income (AGI) is less than: \$55,000 if single, head of household, or qualifying widow(er); \$75,000 if married filing jointly. Use lines

3 through 5 of the worksheet on page 29 to figure your modified AGI.

5. You are not claimed as a dependent on someone's (such as your parent's) 2001 tax return.

Exception. Use **Pub. 970** instead of the worksheet on page 29 to figure your student loan interest deduction if you file **Form 2555, 2555-EZ, or 4563**, or you exclude income from sources within Puerto Rico.

Example. You took out a qualified student loan in 1994 while in college. You had 6 years to repay the loan and your first monthly payment was due July 1996, after you graduated. You made a payment every month as required. If you meet items 3 through 5 listed on page 28, you may use only the interest you paid for January through June 2001 to figure your deduction. June is the end of the 60-month period (July 1996–June 2001).

Qualified Student Loan. This is any loan you took out to pay the qualified higher education expenses for yourself, your spouse, or anyone who was your dependent when the loan was taken out. The person for whom the expenses were paid must have been an eligible student (defined on this page). However, a loan is not a qualified student loan if (a) any of the proceeds were used for other purposes or (b) the loan was from either a related person or a person who borrowed the proceeds under a qualified employer plan or a contract purchased under such a plan. To find out who is a related person, see Pub. 970.

Qualified higher education expenses generally include tuition, fees, room and board, and related expenses such as books and supplies. The expenses must be for ed-

ucation in a degree, certificate, or similar program at an eligible educational institution. An eligible educational institution includes most colleges, universities, and certain vocational schools. You must reduce the expenses by the following nontaxable benefits.

- Employer-provided educational assistance benefits that are not included in box 1 of your W-2 form(s).
- Excludable U.S. series EE and I savings bond interest from **Form 8815**.
- Qualified distributions from a Coverdell education savings account.
- Any scholarship, educational assistance allowance, or other payment (but **not** gifts, inheritances, etc.) excluded from income.

For more details on these expenses, see Pub. 970.

An **eligible student** is a person who:

- Was enrolled in a degree, certificate, or other program (including a program of study abroad that was approved for credit by the institution at which the student was enrolled) leading to a recognized educational credential at an eligible educational institution **and**

- Carried at least half the normal full-time workload for the course of study he or she was pursuing.

If you had no former workplace, your new workplace must be at least 50 miles from your old home. Use TeleTax topic 455 (see page 11) or see **Form 3903**.

One-Half of Self-Employment Tax

If you were self-employed and owe self-employment tax, fill in **Schedule SE** to figure the amount of your deduction.

Line 28

Self-Employed Health Insurance Deduction

You may be able to deduct part of the amount paid for health insurance for yourself, your spouse, and dependents if **either** of the following applies.

- You were self-employed and had a net profit for the year.
- You received wages in 2001 from an S corporation in which you were a more-than-2% shareholder. Health insurance benefits paid for you may be shown in box 14 of your W-2 form.

The insurance plan must be established under your business. But if you were also eligible to participate in any subsidized health plan maintained by your or your spouse's employer for any month or part of a month in 2001, amounts paid for health insurance coverage for that month cannot be used to figure the deduction. For example, if you were eligible to participate in a subsidized health plan maintained by your spouse's employer from September 30 through December 31, you cannot use amounts paid for health insurance coverage for September through December to figure your deduction. For more details, see **Pub. 535**.

If you qualify to take the deduction, use the worksheet below to figure the amount you can deduct.

Exception. Use Pub. 535 instead of the worksheet below to find out how to figure your deduction if **any** of the following apply.

- You had more than one source of income subject to self-employment tax.
- You file **Form 2555** or **2555-EZ**.
- You are using amounts paid for qualified long-term care insurance to figure the deduction.

If you were age 65 or older or blind, check the appropriate box(es) on line 35a. If you were married and checked the box on line 6b of Form 1040 and your spouse was age 65 or older or blind, also check the appropriate box(es) for your spouse. Be sure to enter the total number of boxes checked.

Age

If you were age 65 or older on January 1, 2002, check the “65 or older” box on your 2001 return.

Blindness

If you were partially blind as of December 31, 2001, you must get a statement certified by your eye doctor or registered optometrist that:

- You cannot see better than 20/200 in your better eye with glasses or contact lenses or

- Your field of vision is 20 degrees or less.

If your eye condition is not likely to improve beyond the conditions listed above, you can get a statement certified by your eye doctor or registered optometrist to this effect instead.

You must keep the statement for your records.

Line 35b

If your spouse itemizes deductions on a separate return or if you were a dual-status alien, check the box on line 35b. But if you were a dual-status alien and you file a joint return with your spouse who was a U.S. citizen or resident at the end of 2001 and you and your spouse agree to be taxed on your combined worldwide income, **do not** check the box.

Itemized Deductions

To figure your itemized deductions, fill in **Schedule A**.

Standard Deduction

Most people can find their standard deduction by looking at the amounts listed under “All others” to the left of line 36 of Form 1040. But if you checked **any** box on **line 35a**, or you (or your spouse if filing jointly) can be claimed as a dependent on someone’s 2001 return, use the worksheet below or the chart on page 32, whichever applies, to figure your standard deduction. Also, if you checked the box on **line 35b**, your standard deduction is zero, even if you were age 65 or older or blind.

Tax

Do you want the IRS to figure your tax for you?

Yes. See **Pub. 967** for details, including who is eligible and what to do. If you have paid too much, we will send you a refund. If you did not pay enough, we will send you a bill.

No. Use one of the following methods to figure your tax. Also include in the total on line 40 any of the following taxes.

- Tax from **Forms 8814** and **4972**. Be sure to check the appropriate box(es).

- Tax from recapture of an education credit. You may owe this tax if (a) you claimed an education credit in an earlier year and (b) you, your spouse if filing jointly, or your dependent received in 2001 either tax-free educational assistance or a refund of qualified expenses. See **Form 8863** for more details. If you owe this tax, enter the amount and "ECR" on the dotted line next to line 40.

Tax Table or Tax Rate Schedules. If your taxable income is less than \$100,000, you **must** use the Tax Table, which starts on page 59, to figure your tax. Be sure you use the correct column. If your taxable income is \$100,000 or more, use the Tax Rate Schedules on page 71.

Exception. Do not use the Tax Table or Tax Rate Schedules to figure your tax if **either 1 or 2** below applies.

1. You are required to figure your tax using the **Tax Computation Worksheet for Certain Dependents** below, **Form 8615, Schedule D**, or the **Capital Gain Tax Worksheet** on page 34.

2. You use **Schedule J** (for farm income) to figure your tax.

Tax Computation Worksheet for Certain Dependents. If you, or your spouse if filing jointly, can be claimed as a dependent on someone's 2001 return, you must use the worksheet below to figure your tax unless you received (before offset) an advance payment of your 2001 taxes. If any of the other methods listed in item **1** or **2** above apply to you, follow the **Special Rules** on the

worksheet to figure your tax. Your tax may be less if this worksheet applies.

Form 8615. Form 8615 must generally be used to figure the tax for any child who was under age 14 on January 1, 2002, and who had more than \$1,500 of investment income, such as taxable interest, ordinary dividends, or capital gains (including capital gain distributions). But if neither of the child's parents was alive on December 31, 2001, do not use Form 8615 to figure the child's tax.

Schedule D. If you had a net capital gain on Schedule D (both lines 16 and 17 of Schedule D are gains) and the amount on Form 1040, line 39, is more than zero, use Part IV of Schedule D to figure your tax.

Capital Gain Tax Worksheet. If you received capital gain distributions but you are not required to file Schedule D, use the worksheet on page 34 to figure your tax.

Schedule J. If you had income from farming, your tax may be less if you choose to figure it using income averaging on Schedule J.

Step 7 Nontaxable and Taxable Earned Income

- Add all your nontaxable earned income, including your spouse's if filing a joint return. This includes anything of value (money, goods, or services) that is not taxable that you received from your employer for your work. Types of nontaxable earned income are listed below.
 - Salary deferrals, such as a 401(k) plan or the Federal Thrift Savings Plan, shown in box 12 of your W-2 form. See page 44.
 - Salary reductions, such as under a cafeteria plan, unless they are included in box 1 of your W-2 form. See page 44.
 - Mandatory contributions to a state or local retirement plan.
 - Military employee basic housing, subsistence, and combat zone compensation. These amounts are shown in box 12 of your W-2 form with code Q.
 - Meals and lodging provided for the convenience of your employer.
 - Housing allowances or rental value of a parsonage for clergy members. If filing Schedule SE, see Clergy on this page.
 - Excludable dependent care benefits from Form 2441, line 18, employer-provided adoption benefits from Form 8839, line 26, and educational assistance benefits (these benefits may be shown in box 14 of your W-2 form).
 - Certain amounts received by Native Americans. See Pub. 596.
- Note.** Nontaxable earned income does not include welfare benefits or workfare payments (see page 44), or qualified foster care payments.

Nontaxable Earned Income =

Box B

Enter this amount on Form 1040, line 61b.

- Are you filing Schedule SE because you had church employee income of \$108.28 or more?
 - Yes.** See *Church Employees on this page.*
 - No.** Continue

- Figure taxable earned income:
 - Form 1040, line 7 _____
 - Subtract, if included on line 7, any:
 - Taxable scholarship or fellowship grant not reported on a W-2 form
 - Amount paid to an inmate in a penal institution for work (put "PRI" and the amount subtracted on the dotted line next to line 7 of Form 1040)
 - Amount received as a pension or annuity from a nonqualified deferred compensation plan or a section 457 plan (put "DFC" and the amount subtracted on the dotted line next to line 7 of Form 1040). This amount may be shown in box 11 of your W-2 form. If you received such an amount but box 11 is blank, contact your employer for the amount received as a pension or annuity.

Taxable Earned Income =

Box C	
----------	--

Go to question 4.

- Were you self-employed, or are you filing Schedule SE because you had church employee income, or are you filing Schedule C or C-EZ as a statutory employee?
 - Yes.** Skip Steps 8 and 9; go to Worksheet B on page 46.
 - No.** Go to Step 8.

Step 8 Total Earned Income

- If you have:
 - 2 or more qualifying children, is Box D less than \$32,121?
 - 1 qualifying child, is Box D less than \$28,281?
 - No qualifying children, is Box D less than \$10,710?

Yes. Go to Step 9. **No.** You cannot take the credit. Put "No" directly to the right of line 61a.

Step 9 How To Figure the Credit

- Do you want the IRS to figure the credit for you?
 - Yes.** See *Credit Figured by the IRS below.*
 - No.** Go to Worksheet A on page 45.

Definitions and Special Rules (listed in alphabetical order)

Adopted Child. Any child placed with you by an authorized placement agency for legal adoption. An authorized placement agency includes any person authorized by state law to place children for legal adoption. The adoption does not have to be final.

Church Employees. Determine how much of the amount on Form 1040, line 7, was also reported on Schedule SE, line 5a. Subtract that amount from the amount on Form 1040, line 7, and enter the result in the first space of Step 7, line 3. Be sure to answer "Yes" on line 4 of Step 7.

Clergy. If you are filing Schedule SE and the amount on line 2 of that schedule includes an amount that was also reported on Form 1040, line 7:

- Put "Clergy" directly to the right of line 61a of Form 1040.
- Do not include any housing allowance or rental value of the parsonage as nontaxable earned income in Box B if it is required to be included on Schedule SE, line 2.
- Determine how much of the amount on Form 1040, line 7, was also reported on Schedule SE, line 2.
- Subtract that amount from the amount on Form 1040, line 7. Enter the result in the first space of Step 7, line 3.
- Be sure to answer "Yes" on line 4 of Step 7.

Credit Figured by the IRS. To have the IRS figure the credit for you:

- Put "EIC" directly to the right of line 61a of Form 1040.
- Be sure you entered the amount of any nontaxable earned income (Step 7, Box B, on this page) on Form 1040, line 61b.

(Continued on page 44)

Continued from page 43

3. If you have a qualifying child, complete and attach Schedule EIC. If your EIC for a year after 1996 was reduced or disallowed, see Form 8862, Who Must File, below.

Exception to “Time Lived With You” Condition. A child is considered to have lived with you for all of 2001 if the child was born or died in 2001 and your home was this child’s home for the entire time he or she was alive in 2001. Temporary absences, such as for school, vacation, medical care, or detention in a juvenile facility, count as time lived at home. If your child is presumed to have been kidnapped by someone who is not a family member, see Pub. 596 to find out if that child is a qualifying child for the EIC. To get Pub. 596, see page 7. If you were in the military stationed outside the United States, see Members of the Military below.

Form 4797 Filers. If the amount on Form 1040, line 13, includes an amount from Form 4797, you must use Pub. 596 to see if you can take the EIC and how to figure it. To get Pub. 596, see page 7. Otherwise, stop; you cannot take the EIC.

Form 8862, Who Must File. You must file Form 8862 if your EIC for a year after 1996 was reduced or disallowed for any reason other than a math or clerical error. But do not file Form 8862 if, after your EIC was reduced or disallowed in an earlier year:

- You filed Form 8862 (or other documents) and your EIC was then allowed and
- Your EIC has not been reduced or disallowed again for any reason other than a math or clerical error.

Also, do not file Form 8862 or take the credit if it was determined that your error was due to reckless or intentional disregard of the EIC rules or fraud.

Foster Child. Any child you cared for as your own child **and** who is (a) your brother, sister, stepbrother, or stepsister; (b) a descendant (such as a child, including an adopted child) of your brother, sister, stepbrother, or stepsister; or (c) a child placed with you by an authorized placement agency. For example, if you acted as the parent of your niece or nephew, this child is considered your foster child.

Grandchild. Any descendant of your son, daughter, or adopted child. For example, a grandchild includes your great-grandchild, great-great-grandchild, etc.

Married Child. A child who was married at the end of 2001 is a qualifying child only if (a) you can claim him or her as your dependent on Form 1040, line 6c, or (b) this child’s other parent claims him or her as a dependent under the rules in Pub. 501 for children of divorced or separated parents.

Members of the Military. If you were on extended active duty outside the United States, your home is considered to be in the United States during that duty period. Extended active duty is military duty ordered for an indefinite period or for a period of more than 90 days. Once you begin serving extended active duty, you are considered to be on extended active duty even if you serve fewer than 90 days.

Nonresident Aliens. If your filing status is married filing jointly, go to Step 2 on page 41. Otherwise, stop; you cannot take the EIC.

Permanently and Totally Disabled Child. A child who cannot engage in any substantial gainful activity because of a physical or mental condition and a doctor has determined that this condition:

- Has lasted or can be expected to last continuously for at least a year or
- Can lead to death.

Qualifying Child of More Than One Person. If the child meets the conditions to be a qualifying child of more than one person, only the person who had the **highest** modified adjusted gross income (AGI) for 2001 may treat that child as a qualifying child. The other person(s) cannot take the EIC for people who do not have a qualifying child. If the other person is your spouse and you are filing a joint return, this rule does not apply. If you have the highest modified AGI, this child is

your qualifying child. The child must have a social security number as defined below unless the child was born and died in 2001. Skip Step 5; go to Step 6 on page 42. If you do not have the highest modified AGI, stop; you cannot take the EIC. Put “No” directly to the right of line 61a.

Modified AGI is the total of the amounts on Form 1040, lines 8b and 34, increased by:

- Any loss claimed on Form 1040, line 13,
- Any loss from the rental of personal property not used in a trade or business,
- 75% of any losses on Form 1040, lines 12 and 18,
- Certain nontaxable distributions from a pension, annuity, or IRA (see Pub. 596), and
- Certain amounts reported on Schedule E (see Pub. 596).

Example. You and your 5-year-old daughter moved in with your mother in April 2001. You are not a qualifying child of your mother. Your daughter meets the conditions to be a qualifying child for both you and your mother. Your modified AGI for 2001 was \$8,000 and your mother’s was \$14,000. Because your mother’s modified AGI was higher, your daughter is your mother’s qualifying child. You **cannot** take any EIC even if your mother does not claim the credit. You would put “No” directly to the right of line 61a.

Salary Deferrals. Contributions from your pay to certain retirement plans, such as a 401(k) plan or the Federal Thrift Savings Plan, shown in box 12 of your W-2 form. The “Retirement plan” box in box 13 of your W-2 form should be checked.

Salary Reductions. Amounts you could have been paid but chose instead to have your employer contribute to certain benefit plans, such as a cafeteria plan. A cafeteria plan is a plan that allows you to choose to receive either cash or certain benefits that are not taxed (such as accident and health insurance).

Social Security Number (SSN). For purposes of taking the EIC, a valid SSN is a number issued by the Social Security Administration unless “Not Valid for Employment” is printed on the social security card and the number was issued solely to apply for or receive a Federally funded benefit.

To find out how to get an SSN, see page 19. If you will not have an SSN by April 15, 2002, see What if You Cannot File on Time? on page 15.

Student. A child who during any 5 months of 2001:

- Was enrolled as a full-time student at a school or
- Took a full-time, on-farm training course given by a school or a state, county, or local government agency.

A **school** includes technical, trade, and mechanical schools. It does not include on-the-job training courses, correspondence schools, or night schools.

Welfare Benefits, Effect of Credit on. Any refund you receive as a result of taking the EIC will not be used to determine if you are eligible for the following programs, or how much you can receive from them.

- Temporary Assistance for Needy Families (TANF).
- Medicaid and supplemental security income (SSI).
- Food stamps and low-income housing.

Workfare Payments. Cash payments certain people receive from a state or local agency that administers public assistance programs funded under the Federal Temporary Assistance for Needy Families (TANF) program in return for certain work activities such as:

- Work experience activities (including work associated with remodeling or repairing publicly assisted housing) if sufficient private sector employment is not available or
- Community service program activities.

**If the amount you are looking up from the worksheet is at least \$28,250 but less than \$28,281, your credit is \$3. Otherwise, you cannot take the credit.

Line 62**Excess Social Security and RRTA Tax Withheld**

If you, or your spouse if filing a joint return, had more than one employer for 2001 and total wages of more than \$80,400, too much social security tax may have been withheld. You can take a credit on this line for the amount withheld in excess of \$4,984.80. But if any one employer withheld more than \$4,984.80, you must ask that employer to refund the excess to you. You cannot claim it on your return. Figure this amount separately for you and your spouse.

If you had more than one railroad employer for 2001 and your total compensation was over \$59,700, too much railroad retirement (RRTA) tax may have been withheld.

For more details, see **Pub. 505**.

Line 63**Additional Child Tax Credit****What Is the Additional Child Tax Credit?**

This credit is for certain people who have at least one qualifying child as defined in the instructions for line 6c, column (4), on page 20. The additional child tax credit may give you a refund even if you do not owe any tax.

Two Steps To Take the Additional Child Tax Credit!

Step 1. Be sure you figured the amount, if any, of your child tax credit. See the instructions for line 48 that begin on page 37.

Step 2. Read the **TIP** at the end of your Child Tax Credit Worksheet. Use Form 8812 to see if you can take the additional child tax credit only if you meet the condition given in that **TIP**.

Line 64**Amount Paid With Request for Extension To File**

If you filed **Form 4868** to get an automatic extension of time to file Form 1040, enter any amount you paid with that form or by electronic funds withdrawal or credit card. If you paid by credit card, do not include on line 64 the convenience fee you were charged. Also, include any amounts paid with **Form 2688** or **2350**.

Line 65**Other Payments**

Check the box(es) on line 65 to report any credit from **Form 2439** or **4136**.

Refund**Line 67****Amount Overpaid**

If line 67 is under \$1, we will send a refund only on written request.

If you want to check the status of your refund, please wait at least 4 weeks from the date you filed your return to do so. See page 11 for details.

If the amount you overpaid is large, you may want to decrease the amount of income tax withheld from your pay by filing a new **Form W-4**. See **Income Tax Withholding and Estimated Tax Payments for 2002** on page 54.

Refund Offset

If you owe past-due Federal tax, state income tax, child support, spousal support, or certain Federal nontax debts, such as student loans, all or part of the overpayment on line 67 may be used (offset) to pay the past-due amount. Offsets for Federal taxes are made by the IRS. All other offsets are made by the Treasury Department's Financial Management Service (FMS). You will receive a notice from FMS showing the amount of the offset and the agency receiving it. To find out if you may have an offset or if you have any questions about it, contact the agency(ies) you owe the debt to.

Injured Spouse Claim

If you file a joint return and your spouse has not paid past-due Federal tax, state income tax, child support, spousal support, or a Federal nontax debt, such as a student loan, part or all of the overpayment on line 67 may be used (offset) to pay the past-due amount. But **your** part of the overpayment may be refunded to you after the offset occurs if certain conditions apply and you complete **Form 8379**. For details, use TeleTax topic 203 (see page 11) or see Form 8379.

Lines 68b Through 68d**Direct Deposit of Refund**

Complete lines 68b through 68d if you want us to directly deposit the amount shown on line 68a into your account at a bank or other financial institution (such as a mutual fund, brokerage firm, or credit union) instead of sending you a check.

Why Use Direct Deposit?

- You get your refund fast—even faster if you *e-file!*
- Payment is more secure—there is no check to get lost.
- More convenient. No trip to the bank to deposit your check.
- Saves tax dollars. A refund by direct deposit costs less than a check.

You can check with your financial institution to make sure your deposit will be accepted and to get the correct routing and account numbers. The IRS is not responsible for a lost refund if you enter the wrong account information.

If you file a joint return and fill in lines 68b through 68d, you are appointing your spouse as an agent to receive the refund. This appointment cannot be changed later.

Line 68b

The routing number **must** be **nine** digits. The first two digits must be 01 through 12 or 21 through 32. Otherwise, the direct deposit will be rejected and a check sent instead. On the sample check on page 52, the routing number is 250250025.

Your check may state that it is payable through a financial institution different from the one at which you have your checking account. If so, **do not** use the routing number on that check. Instead, contact your financial institution for the correct routing number to enter on line 68b.

Line 68d

The account number can be up to 17 characters (both numbers and letters). Include hyphens but omit spaces and special symbols. Enter the number from left to right and leave any unused boxes blank. On the sample check on page 52, the account number is 20202086. Be sure **not** to include the check number.

(Continued on page 52)

Some financial institutions will not allow a joint refund to be deposited into an individual account. If the direct deposit is rejected, a check will be sent instead. The IRS is not responsible if a financial institution rejects a direct deposit.

Line 69

Applied to Your 2002 Estimated Tax

Enter on line 69 the amount, if any, of the overpayment on line 67 you want applied to your 2002 estimated tax. We will apply this amount to your account unless you attach a statement requesting us to apply it to your spouse's account. Include your spouse's social security number in the attached statement.

This election to apply part or all of the amount overpaid to your 2002 estimated tax cannot be changed later.

Do not include the check number.

Note. The routing and account numbers may be in different places on your check.

You can pay by check, money order, or credit card. **Do not** include any estimated tax payment in your check, money order, or amount you charge. Instead, make the estimated tax payment separately.

To Pay by Check or Money Order. Make your check or money order payable to the “United States Treasury” for the full amount due. **Do not** send cash. **Do not** attach the payment to your return. Write “2001 Form 1040” and your name, address, daytime phone number, and social security number (SSN) on your payment. If you are filing a joint return, enter the SSN shown first on your tax return.

To help us process your payment, enter the amount on the right side of the check like this: \$ XXX.XX. Do not use dashes or lines (for example, do not enter “\$ XXX-” or “\$ XXX ^{XX}/₁₀₀”).

Then, please complete **Form 1040-V** following the instructions on that form and enclose it in the envelope with your tax return and payment. Although you do not have to use Form 1040-V, doing so allows us to process your payment more accurately and efficiently.

To Pay by Credit Card. You may use your American Express® Card, Discover® Card, or MasterCard® card. To pay by credit card, call toll free or access by Internet one of the service providers listed on this page and follow the instructions. A convenience fee will be charged by the service provider based on the amount you are paying. Fees may vary between the providers. You will be told what the fee is during the transaction and you will have the option to either continue or cancel the transaction. You can also find out what the fee will be by calling the provider's toll-free automated customer

service number or visiting the provider's Web Site shown below. **If you paid by credit card**, enter on page 1 of Form 1040 in the upper left corner the confirmation number you were given at the end of the transaction and the amount you charged (not including the convenience fee).

You may need to (a) increase the amount of income tax withheld from your pay by filing a new **Form W-4** or (b) make estimated tax payments for 2002. See **Income Tax Withholding and Estimated Tax Payments for 2002** on page 54.

What if You Cannot Pay?

If you cannot pay the full amount shown on line 70 when you file, you may ask to make monthly **installment payments**. You may have up to 60 months to pay. However, you will be charged interest and may be charged a late payment penalty on the tax not paid by April 15, 2002, even if your request to pay in installments is granted. You must also pay a fee. To limit the interest and penalty charges, pay as much of the tax as possible when you file. But before requesting an installment agreement, you should consider other less costly alternatives, such as a bank loan.

To ask for an installment agreement, use **Form 9465**. You should receive a response to your request for installments within 30 days. But if you file your return after March 31, it may take us longer to reply.

Line 71

Estimated Tax Penalty

You must include household employment taxes reported on line 57 to see if you owe the penalty if line 59 is more than zero or you would owe the penalty even if you did not include those taxes. But if you entered an amount on Schedule H, line 7, include the total of that amount plus the amount on Form 1040, line 57.

(Continued on page 53)

You may owe this penalty if:

- Line 70 is at least \$1,000 and it is more than 10% of the tax shown on your return or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

For most people, the “tax shown on your return” is the amount on line 58 minus the total of any amounts shown on lines 61a and 63 and Forms 8828, 4137, 4136, and 5329 (Parts III, IV, V, VI, and VII only).

Exception. You will not owe the penalty if your 2000 tax return was for a tax year of 12 full months **and either** of the following applies.

1. You had no tax liability for 2000 and you were a U.S. citizen or resident for all of 2000 **or**
2. The total of lines 59, 60, and 62 on your 2001 return is at least as much as the tax liability shown on your 2000 return. Your estimated tax payments for 2001 must have been made on time and for the required amount.

If your 2000 adjusted gross income was over \$150,000 (over \$75,000 if your 2001 filing status is married filing separately), item 2 above applies only if the total of lines 59, 60, and 62 on your 2001 return is at least 110% of the tax liability shown on your 2000 return. This rule does not apply to farmers and fishermen.

Figuring the Penalty

If the **Exception** above does not apply and you choose to figure the penalty yourself, see **Form 2210** (or **2210-F** for farmers and fishermen) to find out if you owe the penalty. If you do, you can use the form to figure the amount. In certain situations, you may be able to lower your penalty. For details, see the Instructions for Form 2210 (or 2210-F).

Enter the penalty on line 71. Add the penalty to any tax due and enter the total on line 70. If you are due a refund, subtract the penalty from the overpayment you show on line 67. **Do not** file Form 2210 with your return unless Form 2210 indicates that you must do so. Instead, keep it for your records.

Because Form 2210 is complicated, if you want to, you can leave line 71 blank and the IRS will figure the penalty and send you a bill. We will not charge you interest on the penalty if you pay by the date specified on the bill.

Third Party Designee

If you want to allow a friend, family member, or any other person you choose to discuss your 2001 tax return with the IRS, check the “Yes” box in the “Third Party Designee” area of your return. Also, enter the designee’s name, phone number, and any five numbers the designee chooses as his or her personal identification number (PIN). **But** if you want to allow the paid preparer who signed your return to discuss it with the IRS, just enter “Preparer” in the space for the designee’s name. You do not have to provide the other information requested.

If you check the “Yes” box, you, and your spouse if filing a joint return, are authorizing the IRS to call the designee to answer any questions that may arise during the processing of your return. You are also authorizing the designee to:

- Give the IRS any information that is missing from your return,
- Call the IRS for information about the processing of your return or the status of your refund or payment(s), and
- Respond to certain IRS notices that you have shared with the designee about math errors, offsets, and return preparation. The notices will not be sent to the designee.

You are not authorizing the designee to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the IRS. If you want to expand the designee’s authorization, see **Pub. 947**.

The authorization cannot be revoked. However, the authorization will automatically end no later than the due date (without regard to extensions) for filing your 2002 tax return. This is April 15, 2003, for most people.

Sign Your Return

Form 1040 is not considered a valid return unless you sign it. If you are filing a joint return, your spouse must also sign. If your spouse cannot sign the return, see **Pub. 501**. If you have someone prepare your return, you are still responsible for the correctness of the return. If you are filing a joint return as a surviving spouse, see **Death of a Taxpayer** on page 55.

Child’s Return

If your child cannot sign the return, either parent may sign the child’s name in the

space provided. Then, add “By (your signature), parent for minor child.”

Daytime Phone Number

Providing your daytime phone number may help speed the processing of your return. We may have questions about items on your return, such as the earned income credit, credit for child and dependent care expenses, etc. By answering our questions over the phone, we may be able to continue processing your return without mailing you a letter. If you are filing a joint return, you may enter either your or your spouse’s daytime phone number.

Paid Preparer Must Sign Your Return

Generally, anyone you pay to prepare your return must sign it by hand in the space provided. Signature stamps or labels cannot be used. The preparer must give you a copy of the return for your records. Someone who prepares your return but does not charge you should not sign your return.

Assemble Your Return

Assemble any schedules and forms behind Form 1040 in order of the “Attachment Sequence No.” shown in the upper right corner of the schedule or form. If you have supporting statements, arrange them in the same order as the schedules or forms they support and attach them last. **Do not** attach correspondence or other items unless required to do so. Attach a copy of Forms W-2, W-2G, and 2439 to the front of Form 1040. Also attach Form(s) 1099-R to the front of Form 1040 if tax was withheld.

General Information

How To Avoid Common Mistakes

Mistakes may delay your refund or result in notices being sent to you.

1. Make sure you entered the correct name and social security number (SSN) for each dependent you claim on line 6c. Also, make sure you check the box in column (4) of line 6c for each dependent under age 17 who is also a qualifying child for the child tax credit.

2. Check your math, especially for the child tax credit, earned income credit, taxable social security benefits, total income, itemized deductions or standard deduction, deduction for exemptions, taxable income, total tax, Federal income tax withheld, and refund or amount you owe.

3. Be sure you use the correct method to figure your tax. See the instructions for line 40 that begin on page 33.

4. Be sure to enter your SSN in the space provided on page 1 of Form 1040. If you are married filing a joint or separate return, also enter your spouse's SSN. Be sure to enter your SSN in the space next to your name.

5. Make sure your name and address are correct on the peel-off label. If not, enter the correct information. If you did not get a peel-off label, enter your (and your spouse's) name in the same order as shown on your last return.

6. If you are taking the standard deduction and you checked any box on line 35a or you (or your spouse if filing jointly) can be claimed as a dependent on someone else's 2001 return, see page 31 to be sure you entered the correct amount on line 36.

7. If you received capital gain distributions but were not required to file Schedule D, make sure you check the box on line 13.

8. Remember to **sign** and date Form 1040 and enter your occupation.

9. Attach your W-2 form(s) and other required forms and schedules. Put all forms and schedules in the proper order. See **Assemble Your Return** on page 53.

10. If you owe tax and are paying by check or money order, be sure to include all the required information on your payment. See the instructions for line 70 on page 52 for details.

What Are Your Rights as a Taxpayer?

You have the right to be treated fairly, professionally, promptly, and courteously by

IRS employees. Our goal at the IRS is to protect your rights so that you will have the highest confidence in the integrity, efficiency, and fairness of our tax system. To ensure that you always receive such treatment, you should know about the many rights you have at each step of the tax process. For details, see **Pub. 1**.

Innocent Spouse Relief

You may qualify for relief from liability for tax on a joint return if (a) there is an understatement of tax because your spouse omitted income or claimed false deductions or credits, (b) you are divorced, separated, or no longer living with your spouse, or (c) given all the facts and circumstances, it would not be fair to hold you liable. See **Form 8857** or **Pub. 971** for more details.

Income Tax Withholding and Estimated Tax Payments for 2002

If the amount you owe or the amount you overpaid is large, you may want to file a new **Form W-4** with your employer to change the amount of income tax withheld from your 2002 pay. For details on how to complete Form W-4, see **Pub. 919** or visit the IRS Web Site at www.irs.gov/prod/ind_info/webw4/index.html.

In general, you do not have to make estimated tax payments if you expect that your 2002 Form 1040 will show a tax refund or a tax balance due the IRS of less than \$1,000. If your total estimated tax (including any household employment taxes or alternative minimum tax) for 2002 is \$1,000 or more, see **Form 1040-ES**. It has a worksheet you can use to see if you have to make estimated tax payments. For more details, see **Pub. 505**.

Do Both the Name and SSN on Your Tax Forms Agree With Your Social Security Card?

If not, certain deductions and credits may be reduced or disallowed, your refund may be delayed, and you may not receive credit for your social security earnings. If your Form W-2, Form 1099, or other tax document shows an incorrect SSN or name, notify your employer or the form-issuing agent as soon as possible to make sure your earnings are credited to your social security record. If the name or SSN on your social security card is incorrect, call the Social Security Administration at 1-800-772-1213.

How Do You Make a Gift To Reduce the Public Debt?

If you wish to do so, make a check payable to "Bureau of the Public Debt." You can send it to: Bureau of the Public Debt, Department G, P.O. Box 2188, Parkersburg, WV 26106-2188. Or you can enclose the check with your income tax return when you file. Do not add your gift to any tax you may owe. See page 52 for details on how to pay any tax you owe.

If you itemize your deductions for 2002, you may be able to deduct this gift.

Address Change

If you move after you file, always notify the IRS in writing of your new address. To do this, you can use **Form 8822**.

How Long Should Records Be Kept?

Keep a copy of your tax return, worksheets you used, and records of all items appearing on it (such as W-2 and 1099 forms) until the statute of limitations runs out for that return. Usually, this is 3 years from the date the return was due or filed, or 2 years from the date the tax was paid, whichever is later. You should keep some records longer. For example, keep property records (including those on your home) as long as they are needed to figure the basis of the original or replacement property. For more details, see **Pub. 552**.

Amended Return

File **Form 1040X** to change a return you already filed. Generally, Form 1040X must be filed within 3 years after the date the original return was filed, or within 2 years after the date the tax was paid, whichever is later. But you may have more time to file Form 1040X if you are physically or mentally unable to manage your financial affairs. See **Pub. 556** for details.

Need a Copy of Your Tax Return?

If you need a copy of your tax return, use **Form 4506**. If you have questions about your account, call or write your local IRS office. If you want a printed copy of your account, it will be mailed to you free of charge.

Death of a Taxpayer

If a taxpayer died before filing a return for 2001, the taxpayer's spouse or personal representative may have to file and sign a return for that taxpayer. A personal representative can be an executor, administrator, or anyone who is in charge of the deceased taxpayer's property. If the deceased taxpayer did not have to file a return but had tax withheld, a return must be filed to get a refund. The person who files the return should enter "DECEASED," the deceased taxpayer's name, and the date of death across the top of the return.

If your spouse died in 2001 and you did not remarry in 2001, you can file a joint return. You can also file a joint return if your spouse died in 2002 before filing a return for 2001. A joint return should show your spouse's 2001 income before death and your income for all of 2001. Enter "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

The surviving spouse or personal representative should promptly notify all payers of income, including financial institutions, of the taxpayer's death. This will ensure the proper reporting of income earned by the taxpayer's estate or heirs. A deceased taxpayer's social security number should not be used for tax years after the year of death, except for estate tax return purposes.

Claiming a Refund for a Deceased Taxpayer

If you are filing a joint return as a surviving spouse, you only need to file the tax return to claim the refund. If you are a court-appointed representative, file the return and attach a copy of the certificate that shows your appointment. All other filers requesting the deceased taxpayer's refund must file the return and attach **Form 1310**.

DIRECT DEPOSIT
Simple. Safe. Secure.

Fast Refunds!

Choose Direct Deposit—a fast, simple, safe, secure way to have your Federal income tax refund deposited automatically into your checking or savings account. To choose Direct Deposit, taxpayers are prompted by the tax preparation software to indicate on the refund portion of the electronic return the financial institution's routing number, account number, and type of account—either checking or savings. Taxpayers who file electronically receive their refunds in less than half the time paper filers do and with Direct Deposit—in as few as 10 days!

Electronic Signatures! Paperless filing is easier than you think and it's available to most taxpayers who file electronically—including those first-time filers who were 16 or older on December 31, 2001. It's available to individuals preparing their own returns using tax preparation software or those who use a tax professional. Regardless of the *e-filing* method you choose, you may be able to participate in the Self-Select PIN program. If you are married filing a joint return, you and your spouse will each need to create a PIN and enter it as your electronic signature.

If using tax preparation software, the process includes completing your income tax return on your personal computer and when prompted, signing electronically. You will enter a five-digit PIN that will serve as your electronic signature.

For more details on qualifications and required taxpayer information for the Self-Select PIN or on IRS *e-file*, please visit the IRS Web Site at www.irs.gov.

Forms 8453 and 8453-OL. Your return is not complete without your signature. If you are not eligible or choose not to participate in the Self-Select PIN program for signing your return electronically, you must complete and sign **Form 8453** or **Form 8453-OL**, whichever applies.

Electronic Payment Options! If you owe tax, you can make your payment electronically.

Electronic Funds Withdrawal. You can *e-file* and pay in a single step by authorizing an electronic funds withdrawal from your checking or savings account. This option is available using tax software packages, tax professionals, and TeleFile.

Credit Card. You can also *e-file* and pay in a single step by authorizing a credit card payment. This option is available through some tax preparation software packages and tax professionals. Two other ways to pay by credit card are by telephone or Internet (see **Amount You Owe** on page 52 for details). Service providers charge a convenience fee for credit card payments.

Federal/State *e-file*! File Federal and state tax returns together using *e-file* and double the benefits of *e-file*! The tax preparation software automatically transfers relevant data from the Federal income tax return to the state income tax return as the information is entered. Currently, 37 states and the District of Columbia participate in the Federal/State *e-file* program. To see a complete list of states, check the IRS Web Site at www.irs.gov.

Interest and Penalties

Note. You do not have to figure the amount of any interest or penalties you may owe. Because figuring these amounts can be complicated, we will do it for you if you want. We will send you a bill for any amount due.

If you include interest or penalties (other than the estimated tax penalty) with your payment, identify and enter the amount in the bottom margin of Form 1040, page 2. **Do not** include interest or penalties (other than the estimated tax penalty) in the **amount you owe** on line 70.

Interest

We will charge you interest on taxes not paid by their due date, even if an extension of time to file is granted. We will also charge you interest on penalties imposed for failure to file, negligence, fraud, substantial valuation misstatements, and substantial understatements of tax. Interest is charged on the penalty from the due date of the return (including extensions).

Penalties

Late Filing. If you do not file your return by the due date (including extensions), the penalty is usually 5% of the amount due for each month or part of a month your return is late, unless you have a reasonable explanation. If you do, attach it to your return. The penalty can be as much as 25% (more in some cases) of the tax due. If your return is more than 60 days late, the minimum penalty will be \$100 or the amount of any tax you owe, whichever is smaller.

Late Payment of Tax. If you pay your taxes late, the penalty is usually 1/2 of 1% of the unpaid amount for each month or part of a month the tax is not paid. The penalty can be as much as 25% of the unpaid amount. It applies to any unpaid tax on the return. This penalty is in addition to interest charges on late payments.

Frivolous Return. In addition to any other penalties, the law imposes a penalty of \$500 for filing a frivolous return. A frivolous return is one that does not contain information needed to figure the correct tax or shows a substantially incorrect tax because you take a frivolous position or desire to delay or interfere with the tax laws. This includes altering or striking out the preprinted language above the space where you sign.

Other. Other penalties can be imposed for negligence, substantial understatement of tax, and fraud. Criminal penalties may be imposed for willful failure to file, tax evasion, or making a false statement. See **Pub. 17** for details on some of these penalties.

2001 Tax Table

Caution. Dependents, see the worksheet on page 33.

Use if your taxable income is less than \$100,000.
If \$100,000 or more, use the Tax Rate Schedules.

Example. Mr. and Mrs. Brown are filing a joint return. Their taxable income on line 39 of Form 1040 is \$25,300. First, they find the \$25,300–25,350 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and filing status column meet is \$3,799. This is the tax amount they should enter on line 40 of their Form 1040.

Disclosure, Privacy Act, and Paperwork Reduction Act Notice

The IRS Restructuring and Reform Act of 1998, the Privacy Act of 1974, and Paperwork Reduction Act of 1980 require that when we ask you for information we must first tell you our legal right to ask for the information, why we are asking for it, and how it will be used. We must also tell you what could happen if we do not receive it and whether your response is voluntary, required to obtain a benefit, or mandatory under the law.

This notice applies to all papers you file with us, including this tax return. It also applies to any questions we need to ask you so we can complete, correct, or process your return; figure your tax; and collect tax, interest, or penalties.

Our legal right to ask for information is Internal Revenue Code sections 6001, 6011, and 6012(a) and their regulations. They say that you must file a return or statement with us for any tax you are liable for. Your response is mandatory under these sections. Code section 6109 requires that you provide your social security number or individual taxpayer identification number on what you file. This is so we know who you are, and can process your return and other papers. You must fill in all parts of the tax form that apply to you. But you do not have to check the boxes for the Presidential Election Campaign Fund or for the third-party designee. You also do not have to provide your daytime phone number.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be retained as long as their contents may become

material in the administration of any Internal Revenue law.

We ask for tax return information to carry out the tax laws of the United States. We need it to figure and collect the right amount of tax.

If you do not file a return, do not provide the information we ask for, or provide fraudulent information, you may be charged penalties and be subject to criminal prosecution. We may also have to disallow the exemptions, exclusions, credits, deductions, or adjustments shown on the tax return. This could make the tax higher or delay any refund. Interest may also be charged.

Generally, tax returns and return information are confidential, as stated in Code section 6103. However, Code section 6103 allows or requires the Internal Revenue Service to disclose or give the information shown on your tax return to others as described in the Code. For example, we may disclose your tax information to the Department of Justice, to enforce the tax laws, both civil and criminal, and to cities, states, the District of Columbia, U.S. commonwealths or possessions, and certain foreign governments to carry out their tax laws. We may disclose your tax information to the Department of Treasury and contractors for tax administration purposes; and to other persons as necessary to obtain information which we cannot get in any other way in order to determine the amount of or to collect the tax you owe. We may disclose your tax information to the Comptroller General of the United States to permit the Comptroller General to review the Internal Revenue Service. We may also disclose your tax information to Committees of Congress; Federal, state, and local child support agencies; and to

other Federal agencies for the purposes of determining entitlement for benefits or the eligibility for and the repayment of loans.

Please keep this notice with your records. It may help you if we ask you for other information. If you have questions about the rules for filing and giving information, please call or visit any Internal Revenue Service office.

The Time It Takes To Prepare Your Return

We try to create forms and instructions that can be easily understood. Often this is difficult to do because our tax laws are very complex. For some people with income mostly from wages, filling in the forms is easy. For others who have businesses, pensions, stocks, rental income, or other investments, it is more difficult.

We Welcome Comments on Forms

If you have comments concerning the accuracy of the time estimates shown below or suggestions for making these forms simpler, we would be happy to hear from you. You can e-mail us your suggestions and comments through the [IRS Internet Home Page \(www.irs.gov/help/email2.html\)](http://www.irs.gov/help/email2.html) or write to the Tax Forms Committee, Western Area Distribution Center, Rancho Cordova, CA 95743-0001. **Do not** send your return to this address. Instead, see the back cover.

Instructions for Schedules to Form 1040

2001 Instructions for Schedule A, Itemized Deductions

Use Schedule A (Form 1040) to figure your itemized deductions. In most cases, your Federal income tax will be less if you take the **larger** of your itemized deductions or your standard deduction.

If you itemize, you may deduct a part of your medical and dental expenses and unreimbursed employee business expenses, and amounts you paid for certain taxes, interest, contributions, and miscellaneous expenses. You may also deduct certain casualty and theft losses.

Do not include on Schedule A items deducted elsewhere, such as on Schedule C, C-EZ, E, or F.

Medical and Dental Expenses

You may deduct only the part of your medical and dental expenses that exceeds 7.5% of the amount on Form 1040, line 34.

Pub. 502 discusses the types of expenses that may and may not be deducted. It also explains when you may deduct capital expenses and special care expenses for disabled persons.

If you received a distribution from an MSA in 2001, see **Pub. 969** to figure your deduction.

Examples of Medical and Dental Payments You May Deduct

To the extent you were **not reimbursed**, you may deduct what you paid for:

- Insurance premiums for medical and dental care, including premiums for qualified long-term care contracts as defined in Pub. 502. But see **Limit on Long-Term Care Premiums You May Deduct** on this page. Reduce the insurance premiums by any self-employed health insurance deduction you claimed on Form 1040, line 28.

You **cannot** deduct insurance premiums paid with pretax dollars because the premiums are not included in box 1 of your W-2 form(s).

- Prescription medicines or insulin.
- Acupuncturists, chiropractors, dentists, eye doctors, medical doctors, occupational therapists, osteopathic doctors, physical therapists, podiatrists, psychiatrists, psychoanalysts (medical care only), and psychologists.
- Medical examinations, X-ray and laboratory services, insulin treatment, and whirlpool baths your doctor ordered.

- Nursing help (including your share of the employment taxes paid). If you paid someone to do both nursing and housework, you may deduct only the cost of the nursing help.

- Hospital care (including meals and lodging), clinic costs, and lab fees.

- Qualified long-term care services (see Pub. 502).

- The supplemental part of Medicare insurance (Medicare B).

- A program to stop smoking and for prescription medicines to alleviate nicotine withdrawal.

- Medical treatment at a center for drug or alcohol addiction.

- Medical aids such as eyeglasses, contact lenses, hearing aids, braces, crutches, wheelchairs, and guide dogs, including the cost of maintaining them.

- Surgery to improve vision including radial keratotomy or other laser eye surgery.

- Lodging expenses (but not meals) while away from home to receive medical care in a hospital or a medical care facility related to a hospital, provided there was no significant element of personal pleasure, recreation, or vacation in the travel. **Do not** deduct more than \$50 a night for each eligible person.

- Ambulance service and other travel costs to get medical care. If you used your own car, you may claim what you spent for gas and oil to go to and from the place you received the care; or you may claim **12 cents a mile**. Add parking and tolls to the amount you claim under either method.

Note. Certain medical expenses paid out of a deceased taxpayer's estate may be claimed on the deceased taxpayer's final return. See Pub. 502 for details.

Limit on Long-Term Care Premiums You May Deduct. The amount you may deduct for qualified long-term care contracts (as

defined in Pub. 502) depends on the age, at the end of 2001, of the person for whom the premiums were paid. See the following chart for details.

IF the person was, at the end of 2001, age . . .	THEN the most you may deduct is . . .
40 or under	\$ 230
41-50	\$ 430
51-60	\$ 860
61-70	\$ 2,290
71 or older	\$ 2,860

Examples of Medical and Dental Payments You May Not Deduct

- The basic cost of Medicare insurance (Medicare A).

If you were 65 or older but not entitled to social security benefits, you may deduct premiums you voluntarily paid for Medicare A coverage.

- Cosmetic surgery unless it was necessary to improve a deformity related to a congenital abnormality, an injury from an accident or trauma, or a disfiguring disease.

- Life insurance or income protection policies.

- The Medicare tax on your wages and tips or the Medicare tax paid as part of the self-employment tax or household employment taxes.

- Nursing care for a healthy baby. But you may be able to take a credit for the amount you paid. See the instructions for Form 1040, line 44.

- Illegal operations or drugs.

- Nonprescription medicines (including nicotine gum and certain nicotine patches).

(Continued on page A-2)

- Travel your doctor told you to take for rest or a change.
- Funeral, burial, or cremation costs.

Line 1

Medical and Dental Expenses

Enter the total of your medical and dental expenses (see page A-1), after you reduce these expenses by any payments received from insurance or other sources. See **Reimbursements** below.

Do not forget to include insurance premiums you paid for medical and dental care. But if you claimed the self-employed health insurance deduction on Form 1040, line 28, reduce the premiums by the amount on line 28.

Whose Medical and Dental Expenses Can You Include? You may include medical and dental bills you paid for:

- Yourself and your spouse.
- All dependents you claim on your return.
- Your child whom you do not claim as a dependent because of the rules explained in **Pub. 501** for children of divorced or separated parents.
- Any person you could have claimed as a dependent on your return if that person had not received \$2,900 or more of gross income or had not filed a joint return.

Example. You provided over half of your mother's support but may not claim her as a dependent because she received wages of \$2,900 in 2001. You may include on line 1 any medical and dental expenses you paid in 2001 for your mother.

Reimbursements. If your insurance company paid the provider directly for part of your expenses, and you paid only the amount that remained, include on line 1 **only** the amount you paid. If you received a reimbursement in 2001 for medical or dental expenses you paid in 2001, reduce your 2001 expenses by this amount. If you received a reimbursement in 2001 for prior year medical or dental expenses, do not reduce your 2001 expenses by this amount. But if you deducted the expenses in the earlier year and the deduction reduced your tax, you must include the reimbursement in income on Form 1040, line 21. See **Pub. 502** for details on how to figure the amount to include.

Cafeteria Plans. Do not include on line 1 insurance premiums paid by an employer-sponsored health insurance plan (cafeteria plan) unless the premiums are included in box 1 of your W-2 form(s). Also, do not include any other medical and dental ex-

penses paid by the plan unless the amount paid is included in box 1 of your W-2 form(s).

Taxes You Paid

Taxes You May Not Deduct

- Federal income and excise taxes.
- Social security, Medicare, Federal unemployment (FUTA), and railroad retirement (RRTA) taxes.
- Customs duties.
- Federal estate and gift taxes. But see the instructions for line 27 on page A-6.
- Certain state and local taxes, including: general sales tax, tax on gasoline, car inspection fees, assessments for sidewalks or other improvements to your property, tax you paid for someone else, and license fees (marriage, driver's, dog, etc.).

Line 5

State and Local Income Taxes

Include on this line the state and local income taxes listed below.

- State and local income taxes withheld from your salary during 2001. Your W-2 form(s) will show these amounts. Forms W-2G, 1099-G, 1099-R, and 1099-MISC may also show state and local income taxes withheld.

- State and local income taxes paid in 2001 for a prior year, such as taxes paid with your 2000 state or local income tax return. **Do not** include penalties or interest.

- State and local estimated tax payments made during 2001, including any part of a prior year refund that you chose to have credited to your 2001 state or local income taxes.

- Mandatory contributions you made to the California, New Jersey, or New York Nonoccupational Disability Benefit Fund, Rhode Island Temporary Disability Benefit Fund, or Washington State Supplemental Workmen's Compensation Fund.

Do not reduce your deduction by:

- Any state or local income tax refund or credit you expect to receive for 2001 or
- Any refund of, or credit for, prior year state and local income taxes you actually received in 2001. Instead, see the instructions for Form 1040, line 10.

Line 6

Real Estate Taxes

Include taxes (state, local, or foreign) you paid on real estate you own that was not

used for business, but only if the taxes are based on the assessed value of the property. Also, the assessment must be made uniformly on property throughout the community, and the proceeds must be used for general community or governmental purposes. **Pub. 530** explains the deductions homeowners may take.

Do not include the following amounts on line 6.

- Itemized charges for services to specific property or persons (for example, a \$20 monthly charge per house for trash collection, a \$5 charge for every 1,000 gallons of water consumed, or a flat charge for mowing a lawn that had grown higher than permitted under a local ordinance).

- Charges for improvements that tend to increase the value of your property (for example, an assessment to build a new sidewalk). The cost of a property improvement is added to the basis of the property. However, a charge is deductible if it is used only to maintain an existing public facility in service (for example, a charge to repair an existing sidewalk, and any interest included in that charge).

If your mortgage payments include your real estate taxes, you may deduct only the amount the mortgage company actually paid to the taxing authority in 2001.

If you sold your home in 2001, any real estate tax charged to the buyer should be shown on your settlement statement and in box 5 of any **Form 1099-S** you received. This amount is considered a refund of real estate taxes. See **Refunds and Rebates** next. Any real estate taxes you paid at closing should be shown on your settlement statement.

Refunds and Rebates. If you received a refund or rebate in 2001 of real estate taxes you paid in 2001, reduce your deduction by the amount of the refund or rebate. If you received a refund or rebate in 2001 of real estate taxes you paid in an earlier year, do not reduce your deduction by this amount. Instead, you must include the refund or rebate in income on Form 1040, line 21, if you deducted the real estate taxes in the earlier year and the deduction reduced your tax. **Pub. 525** tells you how to figure the amount to include in income.

Line 7

Personal Property Taxes

Enter personal property tax you paid, but only if it is based on value alone and it is charged on a yearly basis.

Example. You paid a yearly fee for the registration of your car. Part of the fee was based on the car's value and part was based

on its weight. You may deduct only the part of the fee that was based on the car's value.

Line 8

Other Taxes

If you had any deductible tax not listed on line 5, 6, or 7, list the type and amount of tax. Enter only one total on line 8. Include on this line income tax you paid to a foreign country or U.S. possession.

You may want to take a credit for the foreign tax instead of a deduction. See the instructions for Form 1040, line 43, for details.

Interest You Paid

Whether your interest expense is treated as investment interest, personal interest, or business interest depends on how and when you used the loan proceeds. See **Pub. 535** for details.

In general, if you paid interest in 2001 that applies to any period after 2001, you may deduct only amounts that apply for 2001.

Lines 10 and 11

Home Mortgage Interest

A **home mortgage** is any loan that is secured by your main home or second home. It includes first and second mortgages, home equity loans, and refinanced mortgages.

A **home** may be a house, condominium, cooperative, mobile home, boat, or similar property. It must provide basic living accommodations including sleeping space, toilet, and cooking facilities.

Limit on Home Mortgage Interest. If you took out any mortgages after October 13, 1987, your deduction may be limited. Any additional amounts borrowed after October 13, 1987, on a line-of-credit mortgage you had on that date are treated as a mortgage taken out after October 13, 1987. If you refinanced a mortgage you had on October 13, 1987, treat the new mortgage as taken out on or before October 13, 1987. But if you refinanced for more than the balance of the old mortgage, treat the excess as a mortgage taken out after October 13, 1987.

See **Pub. 936** to figure your deduction if **either 1 or 2** next applies. If you had more than one home at the same time, the dollar amounts in **1** and **2** apply to the total mortgages on both homes.

1. You took out any mortgages after October 13, 1987, and used the proceeds for purposes other than to buy, build, or im-

prove your home, and all of these mortgages totaled over \$100,000 at any time during 2001. The limit is \$50,000 if married filing separately. An example of this type of mortgage is a home equity loan used to pay off credit card bills, buy a car, or pay tuition.

2. You took out any mortgages after October 13, 1987, and used the proceeds to buy, build, or improve your home, and these mortgages plus any mortgages you took out on or before October 13, 1987, totaled over \$1 million at any time during 2001. The limit is \$500,000 if married filing separately.

If the total amount of all mortgages is more than the fair market value of the home, additional limits apply. See **Pub. 936**.

Line 10

Enter on line 10 mortgage interest and points reported to you on **Form 1098**. If this form shows any refund of overpaid interest, do not reduce your deduction by the refund. Instead, see the instructions for Form 1040, line 21.

If you paid more interest to the recipient than is shown on Form 1098, see **Pub. 936** to find out if you can deduct the additional interest. If you can, attach a statement explaining the difference and enter "See attached" to the right of line 10.

Note. If you are claiming the **mortgage interest credit** (see the instructions for Form 1040, line 49), subtract the amount shown on line 3 of **Form 8396** from the total deductible interest you paid on your home mortgage. Enter the result on line 10.

Line 11

If you did not receive a Form 1098 from the recipient, report your deductible mortgage interest on line 11.

If you bought your home from the recipient, be sure to show that recipient's name, identifying no., and address on the dotted lines next to line 11. If the recipient is an individual, the identifying no. is his or her social security number (SSN). Otherwise, it is the employer identification number. You must also let the recipient know your SSN. If you do not show the required information about the recipient or let the recipient know your SSN, you may have to pay a \$50 penalty.

If you and at least one other person (other than your spouse if filing a joint return) were liable for and paid interest on the mortgage, and the other person received the Form 1098, attach a statement to your return showing the name and address of that person. To the right of line 11, enter "See attached."

Line 12

Points Not Reported on Form 1098

Points are shown on your settlement statement. Points you paid **only** to borrow money are generally deductible over the life of the loan. See **Pub. 936** to figure the amount you may deduct. Points paid for other purposes, such as for a lender's services, are not deductible.

Refinancing. Generally, you must deduct points you paid to refinance a mortgage over the life of the loan. This is true even if the new mortgage is secured by your main home.

If you used part of the proceeds to **improve your main home**, you may be able to deduct the part of the points related to the improvement in the year paid. See **Pub. 936** for details.

If you paid off a mortgage early, deduct any remaining points in the year you paid off the mortgage.

Line 13

Investment Interest

Investment interest is interest paid on money you borrowed that is allocable to property held for investment. It does not include any interest allocable to passive activities or to securities that generate tax-exempt income.

Complete and attach **Form 4952** to figure your deduction.

Exception. You do not have to file Form 4952 if **all three** of the following apply.

- 1.** Your investment interest expense is not more than your investment income from interest and ordinary dividends.
- 2.** You have no other deductible investment expenses.
- 3.** You have no disallowed investment interest expense from 2000.

Note. Alaska Permanent Fund dividends, including those reported on **Form 8814**, are not investment income.

For more details, see **Pub. 550**.

Gifts to Charity

You may deduct contributions or gifts you gave to organizations that are religious, charitable, educational, scientific, or literary in purpose. You may also deduct what you gave to organizations that work to prevent cruelty to children or animals. Examples of these organizations are:

- Churches, mosques, synagogues, temples, etc.
- Boy Scouts, Boys and Girls Clubs of America, CARE, Girl Scouts, Goodwill Industries, Red Cross, Salvation Army, United Way, etc.
- Fraternal orders, if the gifts will be used for the purposes listed above.
- Veterans' and certain cultural groups.
- Nonprofit schools, hospitals, and organizations whose purpose is to find a cure for, or help people who have, arthritis, asthma, birth defects, cancer, cerebral palsy, cystic fibrosis, diabetes, heart disease, hemophilia, mental illness or retardation, multiple sclerosis, muscular dystrophy, tuberculosis, etc.
- Federal, state, and local governments if the gifts are solely for public purposes.

To verify an organization's charitable status, you can:

- Check with the organization to which you made the donation. The organization should be able to provide you with verification of its charitable status.
- See **Pub. 78** for a list of most qualified organizations.
- Call our **Tax Exempt/Government Entities Customer Account Services at 1-877-829-5500**. Assistance is available Monday through Friday from 8:00 a.m. to 9:30 p.m. Eastern time.

Contributions You May Deduct

Contributions may be in cash (keep canceled checks, receipts, or other reliable written records showing the name of the organization and the date and amount given), property, or out-of-pocket expenses you paid to do volunteer work for the kinds of organizations described earlier. If you drove to and from the volunteer work, you may take **14 cents a mile** or the actual cost of gas and oil. Add parking and tolls to the amount you claim under either method. But do not deduct any amounts that were repaid to you.

Gifts From Which You Benefit. If you made a gift and received a benefit in return, such as food, entertainment, or merchandise, you may generally only deduct the amount that is more than the value of the benefit. But this rule does not apply to certain membership benefits provided in return for an

annual payment of \$75 or less. For details, see **Pub. 526**.

Example. You paid \$70 to a charitable organization to attend a fund-raising dinner and the value of the dinner was \$40. You may deduct only \$30.

Gifts of \$250 or More. You may deduct a gift of \$250 or more only if you have a statement from the charitable organization showing the information in **1** and **2** below.

In figuring whether a gift is \$250 or more, do not combine separate donations. For example, if you gave your church \$25 each week for a total of \$1,300, treat each \$25 payment as a separate gift. If you made donations through payroll deductions, treat each deduction from each paycheck as a separate gift. See **Pub. 526** if you made a separate gift of \$250 or more through payroll deduction.

1. The amount of any money contributed and a description (but not value) of any property donated.

2. Whether the organization did or did not give you any goods or services in return for your contribution. If you did receive any goods or services, a description and estimate of the value must be included. If you received only intangible religious benefits (such as admission to a religious ceremony), the organization must state this, but it does not have to describe or value the benefit.

You must get the statement by the date you file your return or the due date (including extensions) for filing your return, whichever is earlier. **Do not** attach the statement to your return. Instead, keep it for your records.

Limit on the Amount You May Deduct. See **Pub. 526** to figure the amount of your deduction if **any** of the following apply.

- Your cash contributions or contributions of ordinary income property are more than 30% of the amount on Form 1040, line 34.
- Your gifts of capital gain property are more than 20% of the amount on Form 1040, line 34.
- You gave gifts of property that increased in value or gave gifts of the use of property.

You May Not Deduct as Contributions

- Travel expenses (including meals and lodging) while away from home, unless there was no significant element of personal pleasure, recreation, or vacation in the travel.
- Political contributions.

- Dues, fees, or bills paid to country clubs, lodges, fraternal orders, or similar groups.

- Cost of raffle, bingo, or lottery tickets. But you may be able to deduct these expenses on line 27. See page A-6 for details.

- Cost of tuition. But you may be able to:

- 1.** Deduct this expense on line 20 (see page A-5) or

- 2.** Take a credit for this expense. See **Form 8863** for details.

- Value of your time or services.
- Value of blood given to a blood bank.
- The transfer of a future interest in tangible personal property (generally, until the entire interest has been transferred).
- Gifts to individuals and groups that are run for personal profit.
- Gifts to foreign organizations. But you may be able to deduct gifts to certain U.S. organizations that transfer funds to foreign charities and certain Canadian, Israeli, and Mexican charities. See **Pub. 526** for details.

- Gifts to organizations engaged in certain political activities that are of direct financial interest to your trade or business. See Internal Revenue Code section 170(f)(9).

- Gifts to groups whose purpose is to lobby for changes in the laws.

- Gifts to civic leagues, social and sports clubs, labor unions, and chambers of commerce.

- Value of benefits received in connection with a contribution to a charitable organization. See **Pub. 526** for exceptions.

Line 15

Gifts by Cash or Check

Enter the total contributions you made in cash or by check (including out-of-pocket expenses).

Line 16

Other Than by Cash or Check

Enter your contributions of property. If you gave used items, such as clothing or furniture, deduct their fair market value at the time you gave them. Fair market value is what a willing buyer would pay a willing seller when neither has to buy or sell and both are aware of the conditions of the sale. For more details on determining the value of donated property, see **Pub. 561**.

If the amount of your deduction is more than \$500, you must complete and attach **Form 8283**. For this purpose, the "amount

of your deduction” means your deduction **before** applying any income limits that could result in a carryover of contributions. If your total deduction is over \$5,000, you may also have to get appraisals of the values of the donated property. See Form 8283 and its instructions for details.

Recordkeeping. If you gave property, you should keep a receipt or written statement from the organization you gave the property to, or a reliable written record, that shows the organization’s name and address, the date and location of the gift, and a description of the property. For each gift of property, you should also keep reliable written records that include:

- How you figured the property’s value at the time you gave it. If the value was determined by an appraisal, keep a signed copy of the appraisal.
- The cost or other basis of the property if you must reduce it by any ordinary income or capital gain that would have resulted if the property had been sold at its fair market value.
- How you figured your deduction if you chose to reduce your deduction for gifts of capital gain property.
- Any conditions attached to the gift.

Note. If your total deduction for gifts of property is over \$500, you gave less than your entire interest in the property, or you made a “qualified conservation contribution,” your records should contain additional information. See Pub. 526 for details.

Line 17

Carryover From Prior Year

Enter any carryover of contributions that you could not deduct in an earlier year because they exceeded your adjusted gross income limit. See Pub. 526 for details.

Casualty and Theft Losses

Line 19

Complete and attach **Form 4684** to figure the amount of your loss to enter on line 19.

You may be able to deduct part or all of each loss caused by theft, vandalism, fire, storm, or similar causes, and car, boat, and other accidents. You may also be able to deduct money you had in a financial institution but lost because of the insolvency or bankruptcy of the institution.

You may deduct nonbusiness casualty or theft losses only to the extent that—

1. The amount of **each** separate casualty or theft loss is more than \$100 and
2. The total amount of **all** losses during the year is more than 10% of the amount on Form 1040, line 34.

Special rules apply if you had both gains and losses from nonbusiness casualties or thefts. See Form 4684 and its instructions for details.

Use line 22 of Schedule A to deduct the costs of proving that you had a property loss. Examples of these costs are appraisal fees and photographs used to establish the amount of your loss.

For information on Federal disaster area losses, see **Pub. 547**.

- Certain educational expenses. For details, use TeleTax topic 513 (see page 11 of the Form 1040 instructions) or see **Pub. 508**.

You may be able to take a credit for your educational expenses instead of a deduction. See **Form 8863** for details.

2001 Instructions for Schedule B, Interest and Ordinary Dividends

You may list more than one payer on each entry space for lines 1 and 5, but be sure to clearly show the amount paid next to the payer's name. Add the separate amounts paid by the payers listed on an entry space and enter the total in the "Amount" column. If you still need more space, attach separate statements that are the same size as the printed schedule. Use the same format as lines 1 and 5, but show your totals on Schedule B. Be sure to put your name and social security number (SSN) on the statements and attach them at the end of your return.

Part I. Interest

Line 1

Interest

Report on line 1 **all** of your taxable interest. List each payer's name and show the amount.

Special Rules

Seller-Financed Mortgages

If you sold your home or other property and the buyer used the property as a personal residence, list first any interest the buyer paid you on a mortgage or other form of seller financing. Be sure to show the buyer's name, address, and SSN. You must also let the buyer know your SSN. If you do not show the buyer's name, address, and SSN, or let the buyer know your SSN, you may have to pay a \$50 penalty.

Nominees

If you received a **Form 1099-INT** that includes interest you received as a nominee (that is, in your name, but the interest actually belongs to someone else), report the total on line 1. Do this even if you later distributed some or all of this income to others. Under your last entry on line 1, put a subtotal of all interest listed on line 1.

Use Schedule B (Form 1040) if **any** of the following apply.

- You had over \$400 of taxable interest.
- Any of the **Special Rules** listed in the instructions for line 1 below apply to you.
- You are claiming the exclusion of interest from series EE or I U.S. savings bonds issued after 1989.
- You had over \$400 of ordinary dividends.
- You received ordinary dividends as a nominee.
- You **(a)** had a foreign account or **(b)** received a distribution from, or were a grantor of, or transferor to, a foreign trust. Part III of the schedule has questions about foreign accounts and trusts.

Below this subtotal, enter "Nominee Distribution" and show the total interest you received as a nominee. Subtract this amount from the subtotal and enter the result on line 2.

If you received interest as a nominee, you must give the actual owner a **Form 1099-INT** unless the owner is your spouse. You must also file a **Form 1096** and a **Form 1099-INT** with the IRS. For more details, see the **General Instructions for Forms 1099, 1098, 5498, and W-2G** and **Instructions for Forms 1099-INT and 1099-OID**.

Accrued Interest

When you buy bonds between interest payment dates and pay accrued interest to the seller, this interest is taxable to the seller. If you received a **Form 1099** for interest as a purchaser of a bond with accrued interest, follow the rules earlier under **Nominees** to see how to report the accrued interest on Schedule B. But identify the amount to be subtracted as "Accrued Interest."

Tax-Exempt Interest

If you received a **Form 1099-INT** for tax-exempt interest, follow the rules earlier under **Nominees** to see how to report the interest on Schedule B. But identify the amount to be subtracted as "Tax-Exempt Interest."

Original Issue Discount (OID)

If you are reporting OID in an amount less than the amount shown on **Form 1099-OID**, follow the rules earlier under **Nominees** to see how to report the OID on Schedule B. But identify the amount to be subtracted as "OID Adjustment."

Amortizable Bond Premium

If you are reducing your interest income on a bond by the amount of amortizable bond premium, follow the rules earlier under **Nominees** to see how to report the interest

on Schedule B. But identify the amount to be subtracted as "ABP Adjustment."

Line 3

Excludable Interest on Series EE and I U.S. Savings Bonds Issued After 1989

If, during 2001, you cashed series EE or I U.S. savings bonds issued after 1989 and you paid qualified higher education expenses for yourself, your spouse, or your dependents, you may be able to exclude part or all of the interest on those bonds. See **Form 8815** for details.

Part II. Ordinary Dividends

Note. You may have to file **Form 5471** if, in 2001, you were an officer or director of a foreign corporation. You may also have to file **Form 5471** if, in 2001, you owned 10% or more of the total **(a)** value of a foreign corporation's stock or **(b)** combined voting power of all classes of a foreign corporation's stock with voting rights. For details, see **Form 5471** and its instructions.

Line 5

Ordinary Dividends

Report on line 5 **all** of your ordinary dividends. List each payer's name and show the amount.

Do not report capital gain distributions on line 5. Instead, see the instructions for **Form 1040**, line 13.

(Continued on page B-2)

Nominees

If you received a **Form 1099-DIV** that includes ordinary dividends you received as a nominee (that is, in your name, but the ordinary dividends actually belong to someone else), report the total on line 5. Do this even if you later distributed some or all of this income to others. Under your last entry on line 5, put a subtotal of all ordinary dividends listed on line 5. Below this subtotal, enter "Nominee Distribution" and show the total ordinary dividends you received as a nominee. Subtract this amount from the subtotal and enter the result on line 6.

If you received ordinary dividends as a nominee, you must give the actual owner a **Form 1099-DIV** unless the owner is your spouse. You must also file a **Form 1096** and a **Form 1099-DIV** with the IRS. For more details, see the **General Instructions for Forms 1099, 1098, 5498, and W-2G** and **Instructions for Form 1099-DIV**.

Part III. Foreign Accounts and Trusts

Lines 7a and 7b

Foreign Accounts

Line 7a

Check the "Yes" box on line 7a if **either 1 or 2** next applies.

1. You own more than 50% of the stock in any corporation that owns one or more foreign bank accounts.

2. At any time during the year you had an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account).

Note. Item **2** does not apply to foreign securities held in a U.S. securities account.

Exceptions. Check the "No" box if any of the following applies to you.

- The combined value of the accounts was \$10,000 or less during the whole year.
- The accounts were with a U.S. military banking facility operated by a U.S. financial institution.
- You were an officer or employee of a commercial bank that is supervised by the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, or the Federal Deposit Insurance Corporation; the account was in your employer's name; **and** you did not have a personal financial interest in the account.
- You were an officer or employee of a domestic corporation with securities listed on national securities exchanges or with assets of more than \$1 million and 500 or more shareholders of record; the account was in your employer's name; you did not have a personal financial interest in the account; and the corporation's chief financial officer has given you written notice that the corporation has filed a current report that includes the account.

See **Form TD F 90-22.1** to find out if you are considered to have an interest in or signature or other authority over a financial account in a foreign country (such as a bank account, securities account, or other financial account).

If you checked the "Yes" box on line 7a, file **Form TD F 90-22.1** by June 30, 2002, with the **Department of the Treasury** at the address shown on that form. **Do not** attach it to **Form 1040**.

Line 7b

If you checked the "Yes" box on line 7a, enter the name of the foreign country or countries in the space provided on line 7b. Attach a separate statement if you need more space.

Line 8

Foreign Trusts

If you received a distribution from a foreign trust, you must provide additional information. For this purpose, a loan of cash or marketable securities generally is considered to be a distribution. See **Form 3520** for details.

If you were the grantor of, or transferor to, a foreign trust that existed during 2001, you may have to file **Form 3520**.

2001 Instructions for Schedule C, Profit or Loss From Business

Use Schedule C (Form 1040) to report income or loss from a business you operated or a profession you practiced as a sole proprietor. Also, use Schedule C to report wages and expenses you had as a statutory employee. An activity qualifies as a business if your primary purpose for engaging in the activity is for income or profit and you are involved in the activity with continuity and regularity. For example, a sporadic activity or a hobby does not qualify as a business. To report income from a nonbusiness activity, see the instructions for Form 1040, line 21.

Small businesses and statutory employees with expenses of \$2,500 or less may be able to file **Schedule C-EZ** instead of Schedule C. See Schedule C-EZ for details.

You may be subject to state and local taxes and other requirements such as business licenses and fees. Check with your state and local governments for more information.

Section references are to the Internal Revenue Code.

Instead, file **Form 1065**. See **Pub. 541** for more details.

Single-Member Limited Liability Company (LLC). Generally, a single-member domestic LLC is not treated as a separate entity for Federal income tax purposes. If you are the sole member of a domestic LLC, file Schedule C or C-EZ (or Schedule E or

F, if applicable). However, you may elect to treat a domestic LLC as a corporation. See **Form 8832** for details on the election and the tax treatment of a foreign LLC.

Heavy Highway Vehicle Use Tax. If you use certain highway trucks, truck-trailers, tractor-trailers, or buses in your trade or business, you may have to pay a Federal highway motor vehicle use tax. See **Form 2290** to find out if you owe this tax.

Information Returns. You may have to file information returns for wages paid to employees, certain payments of fees and other nonemployee compensation, interest, rents, royalties, real estate transactions, annuities, and pensions. You may also have to file an information return if you sold \$5,000 or more of consumer products to a person on a buy-sell, deposit-commission, or other similar basis for resale. For details, see the **2001 General Instructions for Forms 1099, 1098, 5498, and W-2G**.

If you received cash of more than \$10,000 in one or more related transactions in your trade or business, you may have to file **Form 8300**. For details, see **Pub. 1544**.

Additional Information

See **Pub. 334** for more information for small businesses.

Specific Instructions

Filers of Form 1041. **Do not** complete the block labeled "Social security number." Instead, enter your employer identification number (EIN) on line D.

Line A

Describe the business or professional activity that provided your principal source of income reported on line 1. If you owned more than one business, you must complete a separate Schedule C for each business. Give the general field or activity and the type of product or service. If your general field or activity is wholesale or retail trade, or services connected with production services (mining, construction, or manufacturing), also give the type of customer or client.

For example, "wholesale sale of hardware to retailers" or "appraisal of real estate for lending institutions."

Line D

You need an EIN only if you had a qualified retirement plan or were required to file an employment, excise, estate, trust, or alcohol, tobacco, and firearms tax return. If you need an EIN, file **Form SS-4**. If you do not have an EIN, leave line D blank. **Do not** enter your SSN.

Line E

Enter your business address. Show a street address instead of a box number. Include the suite or room number, if any. If you conducted the business from your home located at the address shown on Form 1040, page 1, you do not have to complete this line.

Line F

Generally, you can use the cash method, accrual method, or any other method permitted by the Internal Revenue Code. In all cases, the method used must clearly reflect income. Unless you are a qualifying taxpayer, you must use the accrual method for sales and purchases of inventory items. See the Part III instructions on page C-6 for the definition of a qualifying taxpayer. Special rules apply to long-term contracts. See section 460 for details.

If you use the **cash method**, show all items of taxable income actually or constructively received during the year (in cash, property, or services). Income is constructively received when it is credited to your account or set aside for you to use. Also, show amounts actually paid during the year for deductible expenses.

If you use the **accrual method**, report income when you earn it and deduct expenses when you incur them even if you do not pay them during the tax year.

Accrual-basis taxpayers are put on a cash basis for deducting business expenses owed to a related cash-basis taxpayer. Other rules determine the timing of deductions based on economic performance. See **Pub. 538**.

To change your accounting method, you generally must file **Form 3115**. You may also have to make an adjustment to prevent amounts of income or expense from being duplicated or omitted. This is called a section 481(a) adjustment, which is taken into account over a period not to exceed 4 years.

Example. You change to the cash method of accounting and choose to account for inventoriable items in the same manner as materials and supplies that are not incidental. You accrued sales in 2000 for which you received payment in 2001. You must report those sales in both years as a result of changing your accounting method and must make a section 481(a) adjustment to prevent duplication of income.

See Rev. Proc. 99-49, 1999-2 C.B. 725, to figure the amount of this adjustment for 2001. You can find Rev. Proc. 99-49 on page 725 of Internal Revenue Bulletin 1999-52 at www.irs.gov. Include any positive section 481(a) adjustment on line 6. If the section 481(a) adjustment is negative, report it in Part V.

Line G

Participation, for purposes of the following seven material participation tests, generally includes any work you did in connection with an activity if you owned an interest in the activity at the time you did the work. The capacity in which you did the work does not matter. However, work is not treated as participation if it is work that an owner would not customarily do in the same type of activity and one of your main reasons for doing the work was to avoid the disallowance of losses or credits from the activity under the passive activity rules.

Work you did as an investor in an activity is not treated as participation unless you were directly involved in the day-to-day management or operations of the activity. Work done as an investor includes:

1. Studying and reviewing financial statements or reports on the activity,
2. Preparing or compiling summaries or analyses of the finances or operations of the activity for your own use, and
3. Monitoring the finances or operations of the activity in a nonmanagerial capacity.

Participation by your spouse during the tax year in an activity you own can be counted as your participation in the activity. This applies even if your spouse did not own an interest in the activity and whether or not you and your spouse file a joint return.

Material Participation. For purposes of the passive activity rules, you materially participated in the operation of this trade or business activity during 2001 if you meet any of the following seven tests.

1. You participated in the activity for more than 500 hours during the tax year.
2. Your participation in the activity for the tax year was substantially all of the participation in the activity of all individuals

(including individuals who did not own any interest in the activity) for the tax year.

3. You participated in the activity for more than 100 hours during the tax year, and you participated at least as much as any other person for the tax year. This includes individuals who did not own any interest in the activity.

4. The activity is a significant participation activity for the tax year, and you participated in all significant participation activities for more than 500 hours during the year. An activity is a "significant participation activity" if it involves the conduct of a trade or business, you participated in the activity for more than 100 hours during the tax year, and you did not materially participate under any of the material participation tests (other than this test 4).

5. You materially participated in the activity for any 5 of the prior 10 tax years.

6. The activity is a personal service activity in which you materially participated for any 3 prior tax years. A personal service activity is an activity that involves performing personal services in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, or any other trade or business in which capital is not a material income-producing factor.

7. Based on all the facts and circumstances, you participated in the activity on a regular, continuous, and substantial basis during the tax year. But you do not meet this test if you participated in the activity for 100 hours or less during the tax year. Your participation in managing the activity does not count in determining if you meet this test if any person (except you) (a) received compensation for performing management services in connection with the activity or (b) spent more hours during the tax year than you spent performing management services in connection with the activity (regardless of whether the person was compensated for the services).

If you meet any of the above tests, check the "Yes" box.

If you **do not** meet any of the above tests, check the "No" box. This business is a **passive activity**. If you have a loss from this business, see **Limit on Losses** below. If you have a profit from this business activity but have current year losses from other passive activities or you have prior year unallowed passive activity losses, see the Instructions for Form 8582.

Exception for Oil and Gas. If you are filing Schedule C to report income and deductions from an oil or gas well in which you own a working interest directly or through an entity that does not limit your liability, check the "Yes" box. The activity of owning the working interest is not a passive activity regardless of your participation.

Limit on Losses. If you checked the "No" box and you have a loss from this business, you may have to use **Form 8582** to figure

your allowable loss, if any, to enter on Schedule C, line 31. Generally, you can deduct losses from passive activities only to the extent of income from passive activities.

For details, see **Pub. 925**.

Line H

If you started or acquired this business in 2001, check the box on line H. Also check the box if you are reopening or restarting this business after temporarily closing it, and you did not file a 2000 Schedule C or C-EZ for this business.

Part I. Income

Except as otherwise provided in the Internal Revenue Code, gross income includes all income from whatever source derived. Gross income, however, does not include extraterritorial income that is qualifying foreign trade income. Use **Form 8873** to figure the extraterritorial income exclusion. Report it on Schedule C as explained in the Instructions for Form 8873.

Line 1

Enter gross receipts from your trade or business. Include amounts you received in your trade or business that were properly shown on **Forms 1099-MISC**. If the total amounts that were reported in box 7 of Forms 1099-MISC are more than the total you are reporting on line 1, attach a statement explaining the difference.

Statutory Employees. If you received a Form W-2 and the "Statutory employee" box in box 13 of that form was checked, report your income and expenses related to that income on Schedule C or C-EZ. Enter your statutory employee income from box 1 of Form W-2 on line 1 of Schedule C or C-EZ and **check the box** on that line. Social security and Medicare tax should have been withheld from your earnings; therefore, you do not owe self-employment tax on these earnings. Statutory employees include full-time life insurance agents, certain agent or commission drivers and traveling salespersons, and certain homeworkers.

If you had both self-employment income and statutory employee income, you **must** file two Schedules C. You **cannot** use Schedule C-EZ or combine these amounts on a single Schedule C.

Installment Sales. Generally, the installment method may not be used to report income from the sale of (a) personal property regularly sold under the installment method or (b) real property held for resale to customers. But the installment method may be used to report income from sales of certain residential lots and timeshares if you elect to pay interest on the tax due on that income after the year of sale. See section 453(l)(2)(B) for details. If you make this election, include the interest on Form 1040,

line 58. Also, enter "453(1)(3)" and the amount of the interest on the dotted line to the left of line 58.

If you use the installment method, attach a schedule to your return. Show separately for 2001 and the 3 preceding years: gross sales, cost of goods sold, gross profit, percentage of gross profit to gross sales, amounts collected, and gross profit on amounts collected.

Line 6

Report on line 6 amounts from finance reserve income, scrap sales, bad debts you recovered, interest (such as on notes and accounts receivable), state gasoline or fuel tax refunds you got in 2001, credit for Federal tax paid on gasoline or other fuels claimed on your 2000 Form 1040, prizes and awards related to your trade or business, and other kinds of miscellaneous business income. Include amounts you received in your trade or business as shown on **Form 1099-PATR**. Also, include any recapture of the deduction for clean-fuel vehicles used in your business and clean-fuel vehicle refueling property. For details, see **Pub. 535**.

If the business use percentage of any listed property (defined in the instructions for line 13 on this page) decreased to 50% or less in 2001, report on this line any recapture of excess depreciation, including any section 179 expense deduction. Use **Form 4797** to figure the recapture. Also, if the business use percentage drops to 50% or less on leased listed property (other than a vehicle), include on this line any inclusion amount. See **Pub. 946** to figure the amount.

Part II. Expenses

Capitalizing Costs of Property. If you produced real or tangible personal property or acquired property for resale, certain expenses attributable to the property generally must be included in inventory costs or capitalized. In addition to direct costs, producers of inventory property generally must also include part of certain indirect costs in their inventory. Purchasers of personal property acquired for resale must include part of certain indirect costs in inventory only if the average annual gross receipts for the 3 prior tax years exceed \$10 million. Also, you must capitalize part of the indirect costs that benefit real or tangible personal property constructed for use in a trade or business, or noninventory property produced for sale to customers. Reduce the amounts on lines 8–26 and Part V by amounts capitalized. For details, see **Pub. 538**.

Exception for Certain Small Producers. Producers whose average annual gross receipts are \$1 million or less who account for inventoriable items in the same manner as materials and supplies that are not incidental may currently deduct expenditures for direct labor and all indirect costs that would otherwise be included in inventory costs. See

Cost of Goods Sold on page C-6 for more details.

Exception for Creative Property. If you are an artist, author, or photographer, you may be exempt from the capitalization rules. However, your personal efforts must have created (or reasonably be expected to create) the property. This exception does not apply to any expense related to printing, photographic plates, motion picture films, video tapes, or similar items. These expenses are subject to the capitalization rules. For details, see **Pub. 538**.

Line 9

Include debts and partial debts from sales or services that were included in income and are definitely known to be worthless. If you later collect a debt that you deducted as a bad debt, include it as income in the year collected. For details, see **Pub. 535**.

Line 10

You can deduct the actual expenses of running your car or truck or take the **standard mileage rate**. You **must** use actual expenses if you used your vehicle for hire (such as a taxicab) or you used more than one vehicle simultaneously in your business (such as in fleet operations). You cannot use actual expenses for a leased vehicle if you previously used the standard mileage rate for that vehicle.

You can take the standard mileage rate for 2001 **only** if:

- You owned the vehicle and use the standard mileage rate for the first year you placed the vehicle in service or
- You leased the vehicle and are using the standard mileage rate for the entire lease period (except the period, if any, before 1998).

If you deduct actual expenses:

- Include on line 10 the business portion of expenses for gasoline, oil, repairs, insurance, tires, license plates, etc., and
- Show depreciation on line 13 and rent or lease payments on line 20a.

If you take the standard mileage rate, multiply the number of business miles by 34.5 cents. Add to this amount your parking fees and tolls, and enter the total on line 12. **Do not** deduct depreciation, rent or lease payments, or your actual operating expenses.

For details, see **Pub. 463**.

Information on Your Vehicle. If you claim any car and truck expenses, you must provide certain information on the use of your vehicle by completing one of the following.

- Part IV of Schedule C or Part III of Schedule C-EZ if: (a) you are claiming the standard mileage rate, you lease your vehicle, or your vehicle is fully depreciated and (b) you are **not** required to file **Form 4562** for any other reason. If you used more than

one vehicle during the year, attach your own schedule with the information requested in Part IV of Schedule C, or Part III of Schedule C-EZ, for each additional vehicle.

- Part V of Form 4562 if you are claiming depreciation on your vehicle or you are required to file Form 4562 for any other reason (see the instructions for line 13).

Line 12

Enter your deduction for depletion on this line. If you have timber depletion, attach **Form T**. See **Pub. 535** for details.

Line 13

Depreciation and Section 179 Expense Deduction. Depreciation is the annual deduction allowed to recover the cost or other basis of business or investment property having a useful life substantially beyond the tax year. You can also depreciate improvements made to leased business property. However, stock in trade, inventories, and land are not depreciable. Depreciation starts when you first use the property in your business or for the production of income. It ends when you take the property out of service, deduct all your depreciable cost or other basis, or no longer use the property in your business or for the production of income. You may also elect under section 179 to expense part of the cost of certain property you bought in 2001 for use in your business. See the Instructions for Form 4562 to figure the amount to enter on line 13.

When To Attach Form 4562. You must complete and attach Form 4562 **only** if:

- You are claiming depreciation on property placed in service during 2001;
- You are claiming depreciation on listed property (defined below), regardless of the date it was placed in service; or
- You are claiming a section 179 expense deduction.

If you acquired depreciable property for the first time in 2001, see **Pub. 946**.

Listed property generally includes, but is not limited to:

- Passenger automobiles weighing 6,000 pounds or less;
- Any other property used for transportation if the nature of the property lends itself to personal use, such as motorcycles, pickup trucks, etc.;
- Any property used for entertainment or recreational purposes (such as photographic, phonographic, communication, and video recording equipment);
- Cellular telephones or other similar telecommunications equipment; and
- Computers or peripheral equipment.

Exceptions. Listed property does not include photographic, phonographic, communication, or video equipment used exclusively in your trade or business or at

your regular business establishment. It also does not include any computer or peripheral equipment used exclusively at a regular business establishment and owned or leased by the person operating the establishment. For purposes of these exceptions, a portion of your home is treated as a regular business establishment only if that portion meets the requirements under section 280A(c)(1) for deducting expenses for the business use of your home.

See the instructions for line 6 on page C-3 if the business use percentage of any listed property decreased to 50% or less in 2001.

Line 14

Deduct contributions to employee benefit programs that are not an incidental part of a pension or profit-sharing plan included on line 19. Examples are accident and health plans, group-term life insurance, and dependent care assistance programs.

Do not include on line 14 any contributions you made on your behalf as a self-employed person to an accident and health plan or for group-term life insurance. You may be able to deduct on Form 1040, line 28, part of the amount you paid for health insurance on behalf of yourself, your spouse, and dependents, even if you do not itemize your deductions. See the instructions for Form 1040, line 28, for details.

Line 15

Deduct premiums paid for business insurance on line 15. Deduct on line 14 amounts paid for employee accident and health insurance. Do not deduct amounts credited to a reserve for self-insurance or premiums paid for a policy that pays for your lost earnings due to sickness or disability. For details, see **Pub. 535**.

Lines 16a and 16b

Interest Allocation Rules. The tax treatment of interest expense differs depending on its type. For example, home mortgage interest and investment interest are treated differently. "Interest allocation" rules require you to allocate (classify) your interest expense so it is deducted (or capitalized) on the correct line of your return and receives the right tax treatment. These rules could affect how much interest you are allowed to deduct on Schedule C or C-EZ.

Generally, you allocate interest expense by tracing how the proceeds of the loan were used. See **Pub. 535** for details.

Do not deduct interest you paid or accrued on debts allocable to investment property. This interest is generally deducted on **Schedule A**. For details, see **Pub. 550**.

If you paid interest on a debt secured by your main home and any of the proceeds from that debt were used in connection with your trade or business, see **Pub. 535** to figure

the amount that is deductible on Schedule C or C-EZ.

If you have a mortgage on real property used in your business (other than your main home), enter on line 16a the interest you paid for 2001 to banks or other financial institutions for which you received a **Form 1098** (or similar statement). If you did not receive a Form 1098, enter the interest on line 16b.

If you paid more mortgage interest than is shown on Form 1098, see **Pub. 535** to find out if you can deduct the additional interest. If you can, include the amount on line 16a. Attach a statement to your return explaining the difference and enter "See attached" in the margin next to line 16a.

If you and at least one other person (other than your spouse if you file a joint return) were liable for and paid interest on the mortgage and the other person received the Form 1098, include your share of the interest on line 16b. Attach a statement to your return showing the name and address of the person who received the Form 1098. In the margin next to line 16b, enter "See attached."

If you paid interest in 2001 that applies to future years, deduct only the part that applies to 2001.

Line 17

Include on this line fees for tax advice related to your business and for preparation of the tax forms related to your business.

Line 19

Enter your deduction for contributions to a pension, profit-sharing, or annuity plan, or plans for the benefit of your employees. If the plan includes you as a self-employed person, enter contributions made as an employer on your behalf on Form 1040, line 29, not on Schedule C.

Generally, you must file the applicable form listed below if you maintain a pension, profit-sharing, or other funded-deferred compensation plan. The filing requirement is not affected by whether or not the plan qualified under the Internal Revenue Code, or whether or not you claim a deduction for the current tax year. There is a penalty for failure to timely file these forms.

Form 5500. File this form for a plan that is not a one-participant plan (see below).

Form 5500-EZ. File this form for a one-participant plan. A **one-participant plan** is a plan that only covers you (or you and your spouse).

For details, see **Pub. 560**.

Lines 20a and 20b

If you rented or leased vehicles, machinery, or equipment, enter on line 20a the business portion of your rental cost. But if you leased a vehicle for a term of 30 days or more, you

may have to reduce your deduction by an amount called the **inclusion amount**.

You may have to do this if—

The lease term began during . . .	And the vehicle's fair market value on the first day of the lease exceeded . . .
1999, 2000, or 2001 . . .	\$15,500
1997 or 1998	15,800
1995 or 1996	15,500
If the lease term began before 1995, see Pub. 463 to find out if you have an inclusion amount.	

See **Pub. 463** to figure your inclusion amount.

Enter on line 20b amounts paid to rent or lease other property, such as office space in a building.

Line 21

Deduct the cost of repairs and maintenance. Include labor, supplies, and other items that do not add to the value or increase the life of the property. Do not deduct the value of your own labor. Do not deduct amounts spent to restore or replace property; they must be capitalized.

Line 22

Generally, you can deduct the cost of supplies only to the extent you actually consumed and used them in your business during the tax year (unless you deducted them in a prior tax year). However, if you had incidental supplies on hand for which you kept no inventories or records of use, you may deduct the cost of supplies you actually purchased during the tax year, provided that method clearly reflects income.

Line 23

You can deduct the following taxes and licenses on this line.

- State and local sales taxes imposed on you as the seller of goods or services. If you collected this tax from the buyer, you must also include the amount collected in gross receipts or sales on line 1.

- Real estate and personal property taxes on business assets.

- Licenses and regulatory fees for your trade or business paid each year to state or local governments. But some licenses, such as liquor licenses, may have to be amortized. See **Pub. 535** for details.

- Social security and Medicare taxes paid to match required withholding from your employees' wages. Also, Federal unemployment tax paid. Reduce your deduction by the amount of the current year credit shown on line 4 of **Form 8846**.

- Federal highway use tax.

Do not deduct the following on this line.

- Federal income taxes, including your self-employment tax. However, you may deduct one-half of your self-employment tax on Form 1040, line 27.

- Estate and gift taxes.
- Taxes assessed to pay for improvements, such as paving and sewers.
- Taxes on your home or personal use property.
- State and local sales taxes on property purchased for use in your business. Instead, treat these taxes as part of the cost of the property.
- State and local sales taxes imposed on the buyer that you were required to collect and pay over to state or local governments. These taxes are not included in gross receipts or sales nor are they a deductible expense. However, if the state or local government allowed you to retain any part of the sales tax you collected, you must include that amount as income on line 6.
- Other taxes and license fees not related to your business.

Line 24a

Enter your expenses for lodging and transportation connected with overnight travel for business while away from your tax home. Generally, your tax home is your main place of business regardless of where you maintain your family home. You cannot deduct expenses paid or incurred in connection with employment away from home if that period of employment exceeds 1 year. Also, you cannot deduct travel expenses for your spouse, your dependent, or any other individual unless that person is your employee, the travel is for a bona fide business purpose, and the expenses would otherwise be deductible by that person.

Do not include expenses for meals and entertainment on this line. Instead, see the instructions for lines 24b and 24c below.

You cannot deduct expenses for attending a foreign convention unless it is directly related to your trade or business and it is as reasonable for the meeting to be held outside the North American area as within it. These rules apply to both employers and employees. Other rules apply to luxury water travel.

For details, see **Pub. 463**.

Lines 24b and 24c

On line 24b, enter your total business meal and entertainment expenses. Include meals while traveling away from home for business. Instead of the actual cost of your meals while traveling away from home, you may use the standard meal allowance. For more details, see **Pub. 463** and **Pub. 1542**.

Business meal expenses are deductible only if they are (a) directly related to or associated with the active conduct of your

trade or business, (b) not lavish or extravagant, and (c) incurred while you or your employee is present at the meal.

You cannot deduct any expense paid or incurred for a facility (such as a yacht or hunting lodge) used for any activity usually considered entertainment, amusement, or recreation.

Also, you cannot deduct membership dues for any club organized for business, pleasure, recreation, or other social purpose. This includes country clubs, golf and athletic clubs, airline and hotel clubs, and clubs operated to provide meals under conditions favorable to business discussion. But it does not include civic or public service organizations, professional organizations (such as bar and medical associations), business leagues, trade associations, chambers of commerce, boards of trade, and real estate boards, unless a principal purpose of the organization is to entertain, or provide entertainment facilities for, members or their guests.

There are exceptions to these rules as well as other rules that apply to sky-box rentals and tickets to entertainment events. See **Pub. 463**.

Generally, you may deduct only 50% of your business meal and entertainment expenses, including meals incurred while away from home on business. For individuals subject to the Department of Transportation (DOT) hours of service limits, that percentage is increased to 60% for business meals consumed during, or incident to, any period of duty for which those limits are in effect. Individuals subject to the DOT hours of service limits include the following persons:

- Certain air transportation workers (such as pilots, crew, dispatchers, mechanics, and control tower operators) who are under Federal Aviation Administration regulations.
- Interstate truck operators who are under DOT regulations.
- Certain merchant mariners who are under Coast Guard regulations.

However, you may fully deduct meals and entertainment furnished or reimbursed to an employee if you properly treat the expense as wages subject to withholding. You may also fully deduct meals and entertainment provided to a nonemployee to the extent the expenses are includible in the gross income of that person and reported on Form 1099-MISC. See **Pub. 535** for details and other exceptions.

Figure how much of the amount on line 24b is not deductible and enter that amount on line 24c.

Line 25

Deduct only utility expenses for your trade or business.

Local Telephone Service. If you used your home phone for business, do not deduct the base rate (including taxes) of the first phone

line into your residence. But you can deduct expenses for any additional costs you incurred for business that are more than the cost of the base rate for the first phone line. For example, if you had a second line, you can deduct the business percentage of the charges for that line, including the base rate charges.

Line 26

Enter the total salaries and wages for the tax year. Do not include salaries and wages deducted elsewhere on your return or amounts paid to yourself. Reduce your deduction by the current year credits claimed on:

- **Form 5884**, Work Opportunity Credit,
- **Form 8844**, Empowerment Zone Employment Credit,
- **Form 8845**, Indian Employment Credit, and
- **Form 8861**, Welfare-to-Work Credit.

If you provided taxable fringe benefits to your employees, such as personal use of a car, do not deduct as wages the amount applicable to depreciation and other expenses claimed elsewhere.

Line 30

Business Use of Your Home. You may be able to deduct certain expenses for business use of your home, subject to limitations. You must attach **Form 8829** if you claim this deduction. For details, see the Instructions for Form 8829 and **Pub. 587**.

Line 31

If you have a loss, the amount of loss you can deduct this year may be limited. Go to line 32 before entering your loss on line 31. If you answered "No" to Question G on Schedule C, also see the Instructions for Form 8582. Enter the net profit or **deductible** loss here. Combine this amount with any profit or loss from other businesses, and enter the total on Form 1040, line 12, and Schedule SE, line 2. Estates and trusts should enter the total on Form 1041, line 3.

If you have a net profit on line 31, this amount is earned income and may qualify you for the earned income credit. See the instructions for Form 1040, lines 61a and 61b, for details.

Statutory Employees. Include your net profit or deductible loss from line 31 with other Schedule C amounts on Form 1040, line 12. However, **do not** report this amount on Schedule SE, line 2. If you are required to file Schedule SE because of other self-employment income, see the Instructions for Schedule SE.

Line 32

At-Risk Rules. Generally, if you have (a) a business loss and (b) amounts in the business for which you are **not at risk**, you will have to complete **Form 6198** to figure your allowable loss. The at-risk rules generally limit the amount of loss (including loss on the disposition of assets) you can claim to the amount you could actually lose in the business.

Check **box 32b** if you have amounts for which you are not at risk in this business, such as the following.

- Nonrecourse loans used to finance the business, to acquire property used in the business, or to acquire the business that are not secured by your own property (other than property used in the business). However, there is an exception for certain non-recourse financing borrowed by you in connection with holding real property.

- Cash, property, or borrowed amounts used in the business (or contributed to the business, or used to acquire the business) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).

- Amounts borrowed for use in the business from a person who has an interest in the business, other than as a creditor, or who is related under section 465(b)(3) to a person (other than you) having such an interest.

If all amounts are at risk in this business, check **box 32a** and enter your loss on line 31. But if you answered "No" to Question G, you may need to complete **Form 8582** to figure your deductible loss. See the Instructions for Form 8582 for details.

If you checked **box 32b**, see Form 6198 to determine the amount of your deductible loss. But if you answered "No" to Question G, your loss may be further limited. See the Instructions for Form 8582. If your at-risk amount is zero or less, enter zero on line 31. Be sure to attach Form 6198 to your return. If you checked box 32b and you do not attach Form 6198, the processing of your tax return may be delayed.

Any loss from this business not allowed for 2001 because of the at-risk rules is treated as a deduction allocable to the business in 2002. For details, see the Instructions for Form 6198 and **Pub. 925**.

Part III. Cost of Goods Sold

Generally, if you engaged in a trade or business in which the production, purchase, or sale of merchandise was an income-producing factor, you must take inventories into account at the beginning and end of your tax year.

However, if you are a qualifying taxpayer, you may adopt or change your accounting

method to account for inventoriable items in the same manner as materials and supplies that are not incidental. A **qualifying taxpayer** is a taxpayer (a) whose average annual gross receipts for the 3 prior tax years are \$1 million or less and (b) whose business is not a tax shelter (as defined in section 448(d)(3)). Under this accounting method, inventory costs for raw materials purchased for use in producing finished goods and merchandise purchased for resale are deductible in the year the finished goods or merchandise are sold (but not before the year you paid for the raw materials or merchandise, if you are also using the cash method). Enter amounts paid for all raw materials and merchandise during 2001 on line 36. The amount you can deduct for 2001 is figured on line 42. For additional guidance on this method of accounting for inventoriable items, see Rev. Proc. 2001-10. You can find Rev. Proc. 2001-10 on page 272 of Internal Revenue Bulletin 2001-2 at www.irs.gov.

Note. Certain direct and indirect expenses may have to be capitalized or included in inventory. See the instructions for Part II beginning on page C-3.

Line 33

Your inventories can be valued at cost; cost or market value, whichever is lower; or any other method approved by the IRS. However, you are required to use cost if you are using the cash method of accounting.

Line 35

If you are changing your method of accounting beginning with 2001, refigure last year's closing inventory using your new method of accounting and enter the result on line 35. If there is a difference between last year's closing inventory and the refigured amount, attach an explanation and take it into account when figuring your section 481(a) adjustment. See the example on page C-2 for details.

Line 41

If you account for inventoriable items in the same manner as materials and supplies that are not incidental, enter on line 41 the portion of your raw materials and merchandise purchased for resale that are included on line 40 and were not sold during the year.

Part V. Other Expenses

Include all ordinary and necessary business expenses not deducted elsewhere on Schedule C. List the type and amount of each expense separately in the space provided. Enter the total on lines 48 and 27. Do not include the cost of business equipment or

furniture, replacements or permanent improvements to property, or personal, living, and family expenses. Do not include charitable contributions. Also, you may not deduct fines or penalties paid to a government for violating any law. For details on business expenses, see **Pub. 535**.

Amortization. Include amortization in this part. For amortization that begins in 2001, you must complete and attach **Form 4562**.

You may amortize:

- The cost of pollution-control facilities.
- Amounts paid for research and experimentation.
- Certain business startup costs.
- Qualified forestation and reforestation costs. See Pub. 535 for limitations.
- Amounts paid to acquire, protect, expand, register, or defend trademarks or trade names.
- Goodwill and certain other intangibles.

In general, you **may not** amortize real property construction period interest and taxes. Special rules apply for allocating interest to real or personal property produced in your trade or business.

At-Risk Loss Deduction. Any loss from this activity that was not allowed as a deduction last year because of the at-risk rules is treated as a deduction allocable to this activity in 2001.

Capital Construction Fund. Do not claim on Schedule C or C-EZ the deduction for amounts contributed to a capital construction fund set up under the Merchant Marine Act of 1936. Instead, reduce the amount you would otherwise enter on Form 1040, line 39, by the amount of the deduction. Next to line 39, enter "CCF" and the amount of the deduction. For details, see **Pub. 595**.

Deduction for Clean-Fuel Vehicles and Clean-Fuel Vehicle Refueling Property. You may deduct part of the cost of qualified clean-fuel vehicle property used in your business and qualified clean-fuel vehicle refueling property. See Pub. 535 for details.

Disabled Access Credit and the Deduction for Removing Barriers to Individuals With Disabilities and the Elderly. You may be able to claim a tax credit of up to \$5,000 for eligible expenditures paid or incurred in 2001 to provide access to your business for individuals with disabilities. See **Form 8826** for details. You can also deduct up to \$15,000 of costs paid or incurred in 2001 to remove architectural or transportation barriers to individuals with disabilities and the elderly. However, you cannot take both the credit and the deduction on the same expenditures.

Principal Business or Professional Activity Codes

These codes for the Principal Business or Professional Activity classify sole proprietorships by the type of activity they are engaged in to facilitate the administration of the Internal Revenue Code. These six-digit codes are based on the North American Industry Classification System (NAICS).

Select the category that best describes your primary business activity (for example, Real Estate). Then select the activity that best identifies the principal source of your sales or receipts (for example, real estate agent). Now find the six-digit code assigned to this activity and **enter it on line B of**

Schedule C or C-EZ (for example, 531210, the Code for offices of real estate agents and brokers).

Note. If your principal source of income is from farming activities, you should file **Schedule F, Profit or Loss From Farming**.

2001 Instructions for Schedule D, Capital Gains and Losses

General Instructions

Changes To Note

- We have simplified the tax computation in Part IV for most taxpayers by eliminating 14 lines. Because of this change, taxpayers with unreaptured section 1250 gain or 28% rate gain must complete a new worksheet on page D-9 to figure the tax on line 40 of Part IV.

- For 2001 and later years, qualified 5-year gain is taxed at 8% to the extent it otherwise would have been taxed at 10%. See the instructions for line 29 on page D-8.

- You may make an election to recognize gain on certain assets held on January 1, 2001. See page D-2 for details.

Other Forms You May Have To File

Use **Form 4797** to report the following.

- The sale or exchange of:
 1. Property used in a trade or business;
 2. Depreciable and amortizable property;
 3. Oil, gas, geothermal, or other mineral property; and
 4. Section 126 property.
 - The involuntary conversion (other than from casualty or theft) of property used in a trade or business and capital assets held for business or profit.
 - The disposition of noncapital assets other than inventory or property held primarily for sale to customers in the ordinary course of your trade or business.
 - Ordinary loss on the sale, exchange, or worthlessness of small business investment company (section 1242) stock.
 - Ordinary loss on the sale, exchange, or worthlessness of small business (section 1244) stock.
 - Ordinary gain or loss on securities held in connection with your trading business, if you previously made a mark-to-market election. See **Special Rules for Traders in Securities** beginning on page D-3.
- Use **Form 4684** to report involuntary conversions of property due to casualty or theft.

Use Schedule D (Form 1040) to report the following.

- The sale or exchange of a capital asset (defined on this page) not reported on another form or schedule.
- Gains from involuntary conversions (other than from casualty or theft) of capital assets not held for business or profit.
- Capital gain distributions not reported directly on Form 1040, line 13.
- Nonbusiness bad debts.

Additional Information. See **Pub. 544** and **Pub. 550** for more details. For a comprehensive filled-in example of Schedule D, see **Pub. 550**.

Section references are to the Internal Revenue Code unless otherwise noted.

Use **Form 6781** to report gains and losses from section 1256 contracts and straddles.

Use **Form 8824** to report like-kind exchanges. A like-kind exchange occurs when you exchange business or investment property for property of a like kind.

Capital Asset

Most property you own and use for personal purposes, pleasure, or investment is a capital asset. For example, your house, furniture, car, stocks, and bonds are capital assets. A capital asset is any property held by you **except** the following.

- Stock in trade or other property included in inventory or held mainly for sale to customers.
- Accounts or notes receivable for services performed in the ordinary course of your trade or business or as an employee, or from the sale of stock in trade or other property held mainly for sale to customers.
- Depreciable property used in your trade or business, even if it is fully depreciated.
- Real estate used in your trade or business.
- Copyrights, literary, musical, or artistic compositions, letters or memoranda, or similar property: (a) created by your personal efforts; (b) prepared or produced for you (in the case of letters, memoranda, or similar property); or (c) that you received from someone who created them or for whom they were created, as mentioned in (a) or (b), in a way (such as by gift) that entitled you to the basis of the previous owner.
- U.S. Government publications, including the Congressional Record, that you received from the government, other than by purchase at the normal sales price, or that you got from someone who had received it in a similar way, if your basis is determined by reference to the previous owner's basis.
- Certain commodities derivative financial instruments held by a dealer. See section 1221(a)(6).
- Certain hedging transactions entered into in the normal course of your trade or business. See section 1221(a)(7).
- Supplies regularly used in your trade or business.

Short Term or Long Term

Separate your capital gains and losses according to how long you held or owned the property. The holding period for short-term capital gains and losses is 1 year or less. The holding period for long-term capital gains and losses is more than 1 year. To figure the holding period, begin counting on the day after you received the property and include the day you disposed of it.

If you disposed of property that you acquired by inheritance, report the disposition as a long-term gain or loss, regardless of how long you held the property.

A nonbusiness bad debt must be treated as a short-term capital loss. See **Pub. 550** for what qualifies as a nonbusiness bad debt and how to enter it on Schedule D.

Capital Gain Distributions

These distributions are paid by a mutual fund (or other regulated investment company) or real estate investment trust from its net realized long-term capital gains. Enter on line 13, column (f), the **total** capital gain distributions paid to you during the year, regardless of how long you held your investment. This amount is shown in box 2a of **Form 1099-DIV**.

If there is an amount in box 2b of Form 1099-DIV, include that amount on line 13, column (g).

If there is an amount in box 2c, include that amount on line 2 of the **Qualified 5-Year Gain Worksheet** on page D-8 if you are required to complete line 29 of Schedule D.

If there is an amount in box 2d, include that amount on line 11 of the **Unrecaptured Section 1250 Gain Worksheet** on page D-7 if you are required to complete line 19 of Schedule D.

If there is an amount in box 2e, see **Exclusion of Gain on Qualified Small Business (QSB) Stock** beginning on page D-4.

If you received capital gain distributions as a nominee (that is, they were paid to you but actually belong to someone else), report on line 13 only the amount that belongs to you. Attach a statement showing the full amount you received and the amount you received as a nominee. See the Instructions

for Schedule B for filing requirements for Forms 1099-DIV and 1096.

Election To Recognize Gain on Certain Assets Held on January 1, 2001

You may elect to treat certain assets you held on January 1, 2001, as having been sold and then reacquired on the same date. The purpose of the election is to make future gain on the asset eligible for an 18% (instead of 20%) capital gains tax rate. The 18% tax rate is applicable to the extent the gain would otherwise be taxed at 20% if the holding period of the asset begins after December 31, 2000, and the asset is held for more than 5 years.

Any gain on the deemed sale **must** be recognized without regard to any provision of the Internal Revenue Code. For example, if you make the deemed election with respect to your main home, you cannot exclude the gain on the deemed sale under section 121.

A loss from a deemed sale is not allowed in any tax year, but the asset will be eligible for the 18% rate on any future gain. Your basis in the reacquired asset is its closing market price or fair market value, whichever applies, on the date of the deemed sale, whether the deemed sale results in a gain or an unallowed loss.

Any readily tradable stock (that is a capital asset) not sold before January 2, 2001, for which the election is made is deemed to have been sold on January 2, 2001, at its closing market price on that date and reacquired on that date for the same amount. For this purpose, readily tradable stock includes shares issued by an open-end mutual fund. Any other capital asset or property used in a trade or business (section 1231 property) held on January 1, 2001, for which the election is made is deemed to have been sold and reacquired on January 1, 2001, for its fair market value on that date.

If you make the election with respect to your interest in a pass-through entity (such as a mutual fund, partnership, S corporation, etc.) and the pass-through entity makes the election with respect to assets it holds, the pass-through entity's election will be considered to immediately precede your election for deemed sales that occur on the same day.

To make the election, report the deemed sale(s) on your 2001 tax return as if it was an actual sale. However, if the deemed sale results in a loss, enter zero instead of the amount of the loss. Attach a statement to your return stating that you are making an election under section 311 of the Taxpayer Relief Act of 1997 and listing the asset(s) for which you are making the election. You must file the tax return no later than its due date (including extensions). However, if you timely filed your tax return without making the election for one or more eligible assets, you can still make the election for those

assets on an amended return filed within 6 months of the due date of your tax return (excluding extensions). Write "Election Under Section 311 of the Taxpayer Relief Act of 1997" at the top of the amended return. Once made, an election for any asset is irrevocable.

Note. You may **not** make this election for any asset that you disposed of (in a transaction in which gain or loss is recognized in whole or in part) before the close of the 1-year period beginning on the date that the asset would have been treated as sold under this election.

Sale of Your Home

If you sold or exchanged your main home, **do not** report it on your tax return unless your gain exceeds your exclusion amount. Generally, if you meet the two tests below, you can exclude up to \$250,000 of gain. If both you and your spouse meet these tests and you file a joint return, you can exclude up to \$500,000 of gain (but only one spouse needs to meet the ownership requirement in **Test 1**).

Test 1. You owned and used the home as your main home for 2 years or more during the 5-year period ending on the date you sold or exchanged your home.

Test 2. You have not sold or exchanged another main home during the 2-year period ending on the date of the sale or exchange of your home.

See **Pub. 523** for details, including how to report any taxable gain on Schedule D, if:

- You do not meet one of the above two tests,
- You (or your spouse if married) used any part of the home for business or rental purposes after May 6, 1997, **or**
- Your gain exceeds your exclusion amount.

Partnership Interests

A sale or other disposition of an interest in a partnership may result in ordinary income, collectibles gain (28% rate gain), or unrecovered section 1250 gain. For details on 28% rate gain, see page D-6. For details on unrecovered section 1250 gain, see the instructions for line 19 beginning on page D-6.

Capital Assets Held for Personal Use

Generally, gain from the sale or exchange of a capital asset held for personal use is a capital gain. Report it on Schedule D, Part I or Part II. However, if you converted depreciable property to personal use, all or part of the gain on the sale or exchange of that property may have to be recaptured as ordinary income. Use Part III of **Form 4797** to figure the amount of ordinary income recapture. The recapture amount is included

on line 31 (and line 13) of Form 4797. **Do not** enter any gain for this property on line 32 of Form 4797. If you are not completing Part III for any other properties, enter "N/A" on line 32. If the total gain is more than the recapture amount, enter "From Form 4797" in column (a) of line 1 or line 8 of Schedule D, skip columns (b) through (e), and in column (f) enter the excess of the total gain over the recapture amount.

Loss from the sale or exchange of a capital asset held for personal use is not deductible. But if you had a loss from the sale or exchange of real estate held for personal use for which you received a **Form 1099-S**, you must report the transaction on Schedule D even though the loss is not deductible. For example, you have a loss on the sale of a vacation home that is not your main home and you received a **Form 1099-S** for the transaction. Report the transaction on line 1 or 8, depending on how long you owned the home. Complete columns (a) through (e). Because the loss is not deductible, enter zero in column (f).

Nondeductible Losses

Do not deduct a loss from the direct or indirect sale or exchange of property between any of the following.

- Members of a family.
- A corporation and an individual owning more than 50% of the corporation's stock (unless the loss is from a distribution in complete liquidation of a corporation).
- A grantor and a fiduciary of a trust.
- A fiduciary and a beneficiary of the same trust.
- A fiduciary and a beneficiary of another trust created by the same grantor.
- An executor of an estate and a beneficiary of that estate, unless the sale or exchange was to satisfy a pecuniary bequest (that is, a bequest of a sum of money).
- An individual and a tax-exempt organization controlled by the individual or the individual's family.

See **Pub. 544** for more details on sales and exchanges between related parties.

If you disposed of (a) an asset used in an activity to which the at-risk rules apply or (b) any part of your interest in an activity to which the at-risk rules apply, and you have amounts in the activity for which you are not at risk, see the Instructions for Form 6198.

If the loss is allowable under the at-risk rules, it may then be subject to the passive activity rules. See **Form 8582** and its instructions for details on reporting capital gains and losses from a passive activity.

Items for Special Treatment

- Transactions by a securities dealer. See section 1236.
- Bonds and other debt instruments. See **Pub. 550**.
- Certain real estate subdivided for sale that may be considered a capital asset. See section 1237.
- Gain on the sale of depreciable property to a more than 50% owned entity or to a trust of which you are a beneficiary. See **Pub. 544**.
- Gain on the disposition of stock in an interest charge domestic international sales corporation. See section 995(c).
- Gain on the sale or exchange of stock in certain foreign corporations. See section 1248.
- Transfer of property to a partnership that would be treated as an investment company if it were incorporated. See **Pub. 541**.
- Sales of stock received under a qualified public utility dividend reinvestment plan. See **Pub. 550**.

- In general, no gain or loss is recognized on the transfer of property from an individual to a spouse or a former spouse if the transfer is incident to a divorce. See **Pub. 504**.
- Amounts received on the retirement of a debt instrument generally are treated as received in exchange for the debt instrument. See **Pub. 550**.
- Any loss on the disposition of converted wetland or highly erodible cropland that is first used for farming after March 1, 1986, is reported as a long-term capital loss on Schedule D, but any gain is reported as ordinary income on **Form 4797**.
- Amounts received by shareholders in corporate liquidations. See **Pub. 550**.
- Cash received in lieu of fractional shares of stock as a result of a stock split or stock dividend. See **Pub. 550**.
- Mutual fund load charges may not be taken into account in determining gain or loss on certain dispositions of stock in mutual funds if reinvestment rights were exercised. See **Pub. 564**.
- The sale or exchange of S corporation stock or an interest in a trust held for more than 1 year may result in collectibles gain (28% rate gain). See page D-6.
- Gain or loss on the disposition of securities futures contracts. See **Pub. 550**.
- Gain on the constructive sale of certain appreciated financial positions. See **Pub. 550**.
- The receipt of cash or stock (that you later sold) upon the demutualization of an insurance company. See **Pub. 550** or use TeleTax topic 430 (see page 11 of the Form 1040 instructions).

• Certain constructive ownership transactions. Gain in excess of the gain you would have recognized if you had held a financial asset directly during the term of a derivative contract must be treated as ordinary income. See section 1260. If any portion of the constructive ownership transaction was open in any prior year, you may have to pay interest. See section 1260(b) for details, including how to figure the interest. Include the interest as an additional tax on Form 1040, line 58. Write "Section 1260(b) interest" and the amount of the interest to the left of line 58. This interest is not deductible.

• The sale of publicly traded securities, if you elect to postpone gain by purchasing common stock or a partnership interest in a specialized small business investment company during the 60-day period that began on the date of the sale. See **Pub. 550**.

• The sale of qualified securities held for at least 3 years to an employee stock ownership plan or eligible worker-owned cooperative, if you elect to postpone gain by purchasing qualified replacement property. See **Pub. 550**.

• The sale of qualified empowerment zone assets acquired after December 21, 2000, that you held for more than 1 year, if you elect to postpone gain by purchasing other qualified empowerment zone assets during the 60-day period that began on the date of the sale. See **Pub. 550** and **Pub. 954**.

Wash Sales

A wash sale occurs when you sell or otherwise dispose of stock or securities (including a contract or option to acquire or sell stock or securities) at a loss and, within 30 days before or after the sale or disposition, you directly or indirectly:

- Buy substantially identical stock or securities,
- Acquire substantially identical stock or securities in a fully taxable trade, or
- Enter into a contract or option to acquire substantially identical stock or securities.

You **cannot** deduct losses from wash sales unless the loss was incurred in the ordinary course of your business as a dealer in stock or securities. The basis of the substantially identical property (or contract or option to acquire such property) is its cost increased by the disallowed loss. For more details on wash sales, see **Pub. 550**.

Report a wash sale transaction on line 1 or 8. Enter the full amount of the (loss) in column (f). Directly below the line on which you reported the loss, enter "Wash Sale" in column (a), and enter as a positive amount in column (f) the amount of the loss not allowed.

Special Rules for Traders in Securities

You are a **trader in securities** if you are engaged in the **business** of buying and selling securities for your own account. To be engaged in business as a trader in securities:

- You must seek to **profit from daily market movements** in the prices of securities and not from dividends, interest, or capital appreciation.
- Your activity must be **substantial**.
- You must carry on the activity with **continuity** and **regularity**.

The following facts and circumstances should be considered in determining if your activity is a business.

- Typical holding periods for securities bought and sold.
- The frequency and dollar amount of your trades during the year.
- The extent to which you pursue the activity to produce income for a livelihood.
- The amount of time you devote to the activity.

You are considered an investor, and not a trader, if your activity does not meet the above definition of a business. It does not matter whether you call yourself a trader or a "day trader."

Like an investor, a trader must report each sale of securities (taking into account commissions and any other costs of acquiring or disposing of the securities) on Schedule D or D-1 or on an attached statement containing all the same information for each sale in a similar format. However, if a trader previously made the mark-to-market election (see below), each transaction is reported in Part II of **Form 4797** instead of Schedules D and D-1. Regardless of whether a trader reports his or her gains and losses on Schedules D and D-1 or Form 4797, the gain or loss from the disposition of securities is **not** taken into account when figuring net earnings from self-employment on Schedule SE. See the Instructions for Schedule SE for an exception that applies to section 1256 contracts.

The limitation on investment interest expense that applies to investors does not apply to interest paid or incurred in a trading business. A trader reports interest expense and other expenses (excluding commissions and other costs of acquiring or disposing of securities) from a trading business on Schedule C (instead of Schedule A).

A trader also may hold securities for investment. The rules for investors generally will apply to those securities. Allocate interest and other expenses between your trading business and your investment securities.

Mark-To-Market Election for Traders

A trader may make an election under section 475(f) to report all gains and losses from

securities held in connection with a trading business as ordinary income (or loss), including securities held at the end of the year. Securities held at the end of the year are "marked to market" by treating them as if they were sold (and reacquired) for fair market value on the last business day of the year. Generally, the election must be made by the due date (not including extensions) of the tax return for the year prior to the year for which the election becomes effective. To be effective for 2001, the election must have been made by April 16, 2001.

Starting with the year the election becomes effective, a trader reports all gains and losses from securities held in connection with the trading business, including securities held at the end of the year, in Part II of Form 4797. If you previously made the election, see the Instructions for Form 4797. For details on making the mark-to-market election for 2002, see Pub. 550 or Rev. Proc. 99-17, 1999-1 C.B. 503. You can find Rev. Proc. 99-17 on page 52 of Internal Revenue Bulletin 1999-7 at www.irs.gov.

If you hold securities for investment, they must be identified as such in your records on the day they are acquired (for example, by holding the securities in a separate brokerage account). Securities held for investment are not marked-to-market.

Short Sales

A short sale is a contract to sell property you borrowed for delivery to a buyer. At a later date, you either buy substantially identical property and deliver it to the lender or deliver property that you held but did not want to transfer at the time of the sale. Usually, your holding period is the amount of time you actually held the property eventually delivered to the lender to close the short sale. However, your gain when closing a short sale is short term if you (a) held substantially identical property for 1 year or less on the date of the short sale or (b) acquired property substantially identical to the property sold short after the short sale but on or before the date you close the short sale. If you held substantially identical property for more than 1 year on the date of a short sale, any loss realized on the short sale is a long-term capital loss, even if the property used to close the short sale was held 1 year or less.

Gain or Loss From Options

Report on Schedule D gain or loss from the closing or expiration of an option that is not a section 1256 contract but is a capital asset in your hands. If an option you purchased expired, enter the expiration date in column (c) and enter "EXPIRED" in column (d). If an option that was granted (written) expired, enter the expiration date in column (b) and enter "EXPIRED" in column (e). Fill in the other columns as appropriate. See Pub. 550 for details.

Undistributed Capital Gains

Include on line 11, column (f), the amount from box 1a of Form 2439. This represents your share of the undistributed long-term capital gains of the regulated investment company (including a mutual fund) or real estate investment trust.

If there is an amount in box 1b of Form 2439, include that amount on line 11, column (g).

If there is an amount in box 1c, include that amount on line 2 of the **Qualified 5-Year Gain Worksheet** on page D-8 if you are required to complete line 29 of Schedule D.

If there is an amount in box 1d, include that amount on line 11 of the **Unrecaptured Section 1250 Gain Worksheet** on page D-7 if you are required to complete line 19 of Schedule D.

If there is an amount in box 1e, see **Exclusion of Gain on Qualified Small Business (QSB) Stock** on this page.

Enter on Form 1040, line 65, the tax paid as shown in box 2 of Form 2439. Also on line 65, check the box for Form 2439. Add to the basis of your stock the excess of the amount included in income over the amount of the credit for the tax paid. See Pub. 550 for details.

Installment Sales

If you sold property (other than publicly traded stocks or securities) at a gain and you will receive a payment in a tax year after the year of sale, you generally must report the sale on the installment method unless you elect not to. Use Form 6252 to report the sale on the installment method. Also use Form 6252 to report any payment received in 2001 from a sale made in an earlier year that you reported on the installment method.

To elect out of the installment method, report the full amount of the gain on Schedule D on a timely filed return (including extensions) for the year of the sale. If your original return was filed on time, you may make the election on an amended return filed no later than 6 months after the due date of your return (excluding extensions). Write "Filed pursuant to section 301.9100-2" at the top of the amended return.

Exclusion of Gain on Qualified Small Business (QSB) Stock

Section 1202 allows for an exclusion of up to 50% of the eligible gain on the sale or exchange of QSB stock. The section 1202 exclusion applies only to QSB stock held for more than 5 years.

To be QSB stock, the stock must meet all of the following tests.

- It must be stock in a C corporation (that is, not S corporation stock).

- It must have been originally issued after August 10, 1993.

- As of the date the stock was issued, the corporation was a domestic C corporation with total gross assets of \$50 million or less (a) at all times after August 9, 1993, and before the stock was issued and (b) immediately after the stock was issued. Gross assets include those of any predecessor of the corporation. All corporations that are members of the same parent-subsidiary controlled group are treated as one corporation.

- You must have acquired the stock at its original issue (either directly or through an underwriter), either in exchange for money or other property or as pay for services (other than as an underwriter) to the corporation. In certain cases, you may meet the test if you acquired the stock from another person who met the test (such as by gift or inheritance) or through a conversion or exchange of QSB stock you held.

- During substantially all the time you held the stock:

1. The corporation was a C corporation,
2. At least 80% of the value of the corporation's assets were used in the active conduct of one or more qualified businesses (defined below), and
3. The corporation was not a foreign corporation, DISC, former DISC, regulated investment company, real estate investment trust, REMIC, FASIT, cooperative, or a corporation that has made (or that has a subsidiary that has made) a section 936 election.

Note. A specialized small business investment company (SSBIC) is treated as having met test 2 above.

A **qualified business** is any business other than a—

- Business involving services performed in the fields of health, law, engineering, architecture, accounting, actuarial science, performing arts, consulting, athletics, financial services, or brokerage services.

- Business whose principal asset is the reputation or skill of one or more employees.

- Banking, insurance, financing, leasing, investing, or similar business.

- Farming business (including the raising or harvesting of trees).

- Business involving the production of products for which percentage depletion can be claimed.

- Business of operating a hotel, motel, restaurant, or similar business.

For more details about limits and additional requirements that may apply, see section 1202.

Pass-Through Entities

If you held an interest in a pass-through entity (a partnership, S corporation, or mutual fund or other regulated investment

company) that sold QSB stock, to qualify for the exclusion you must have held the interest on the date the pass-through entity acquired the QSB stock and at all times thereafter until the stock was sold.

How To Report

Report in column (f) of line 8 the entire gain realized on the sale of QSB stock. In column (g) of line 8, report as 28% rate gain an amount equal to the section 1202 exclusion. Complete all other columns as indicated. Directly below the line on which you reported the gain, enter in column (a) "Section 1202 exclusion" and enter as a (loss) in column (f) the amount of the allowable exclusion.

Gain From Form 1099-DIV. If you received a Form 1099-DIV with a gain in box 2e, part or all of that gain (which is also included in box 2a) may be eligible for the section 1202 exclusion. In column (a) of line 8, enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Gain From Form 2439. If you received a Form 2439 with a gain in box 1e, part or all of that gain (which is also included in box 1a) may be eligible for the section 1202 exclusion. In column (a) of line 8, enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Gain From an Installment Sale of QSB Stock. If all payments are not received in the year of sale, a sale of QSB stock that is not traded on an established securities market generally is treated as an installment sale and is reported on Form 6252. Figure the allowable section 1202 exclusion for the year by multiplying the total amount of the exclusion by a fraction, the numerator of which is the amount of eligible gain to be recognized for the tax year and the denominator of which is the total amount of eligible gain. In column (a) of line 8, enter the name of the corporation whose stock was sold. In column (f), enter the amount of your allowable exclusion as a loss. In column (g), enter the amount of your allowable exclusion as a gain.

Alternative Minimum Tax. You must enter 42% of your allowable exclusion for the year on **Form 6251**, line 14m.

Rollover of Gain From QSB Stock

If you sold QSB stock (defined on page D-4) that you held for more than 6 months, you may elect to postpone gain if you purchase other QSB stock during the 60-day period that began on the date of the sale. A pass-

through entity also may make the election to postpone gain. The benefit of the postponed gain applies to your share of the entity's postponed gain if you held an interest in the entity for the entire period the entity held the QSB stock. If a pass-through entity sold QSB stock held for more than 6 months and you held an interest in the entity for the entire period the entity held the stock, you also may elect to postpone gain if you, rather than the pass-through entity, purchase the replacement QSB stock within the 60-day period.

You must recognize gain to the extent the sale proceeds exceed the cost of the replacement stock. Reduce the basis of the replacement stock by any postponed gain.

You must make the election no later than the due date (including extensions) for filing your tax return for the tax year in which the QSB stock was sold. If your original return was filed on time, you may make the election on an amended return filed no later than 6 months after the due date of your return (excluding extensions). Write "Filed pursuant to section 301.9100-2" at the top of the amended return.

To make the election, report the entire gain realized on the sale on line 1 or 8. Directly below the line on which you reported the gain, enter in column (a) "Section 1045 rollover," and enter as a (loss) in column (f) the amount of the postponed gain.

Specific Instructions

Lines 1 and 8

Enter all sales and exchanges of capital assets, including stocks, bonds, etc., and real estate (if not reported on Form 4684, 4797, 6252, 6781, or 8824). But **do not** report the sale of your main home unless required (see page D-2). Include these transactions even if you did not receive a **Form 1099-B** or **1099-S** (or substitute statement) for the transaction. You can use stock ticker symbols or abbreviations to describe the property as long as they are based on the descriptions of the property as shown on Form 1099-B or 1099-S (or substitute statement).

Use **Schedule D-1** to list additional transactions for lines 1 and 8. Use as many Schedules D-1 as you need. Enter on Schedule D, lines 2 and 9, the combined totals from all your Schedules D-1.

Add the following amounts reported to you for 2001 on Forms 1099-B and 1099-S (or substitute statements) that you are not reporting on another form or schedule included with your return: (a) proceeds from transactions involving stocks, bonds, and other securities and (b) gross proceeds from real estate transactions (other than the sale of your main home if you are not required

to report it). If this total is **more** than the total of lines 3 and 10, attach an explanation of the difference.

Column (b)—Date Acquired

Enter in this column the date the asset was acquired. Use the trade date for stocks and bonds traded on an exchange or over-the-counter market. For stock or other property sold short, enter the date the stock or property was delivered to the broker or lender to close the short sale.

If you disposed of property that you acquired by inheritance, report the gain or (loss) on line 8 and enter "**INHERITED**" in column (b) instead of the date you acquired the property.

If you sold a block of stock (or similar property) that was acquired through several different purchases, you may report the sale on one line and enter "**VARIOUS**" in column (b). However, you still must report the short-term gain or (loss) on the sale in Part I and the long-term gain or (loss) in Part II.

Column (c)—Date Sold

Enter in this column the date the asset was sold. Use the trade date for stocks and bonds traded on an exchange or over-the-counter market. For stock or other property sold short, enter the date you sold the stock or property you borrowed to open the short sale transaction.

Column (d)—Sales Price

Enter in this column either the gross sales price or the net sales price from the sale. If you sold stocks or bonds and you received a Form 1099-B (or substitute statement) from your broker that shows gross sales price, enter that amount in column (d). But if Form 1099-B (or substitute statement) indicates that gross proceeds minus commissions and option premiums were reported to the IRS, enter that net amount in column (d). If you enter the net amount in column (d), **do not** include the commissions and option premiums from the sale in column (e).

You should not have received a Form 1099-B (or substitute statement) for a transaction merely representing the return of your original investment in a nontransferable obligation, such as a savings bond or a certificate of deposit. But if you did, report the amount shown on Form 1099-B (or substitute statement) in both columns (d) and (e).

Be sure to add all sales price entries on lines 1 and 8, column (d), to amounts on lines 2 and 9, column (d). Enter the totals on lines 3 and 10.

Column (e)—Cost or Other Basis

In general, the cost or other basis is the cost of the property plus purchase commissions and improvements, minus depreciation,

Use this worksheet to figure your capital loss carryovers from 2001 to 2002 if Schedule D, line 18, is a loss and **(a)** that loss is a smaller loss than the loss on Schedule D, line 17, **or (b)** Form 1040, line 37, is a loss. Otherwise, you do not have any carryovers.

1. Enter the amount from Form 1040, line 37. If a loss, enclose the amount in parentheses	1. _____
2. Enter the loss from Schedule D, line 18, as a positive amount	2. _____
3. Combine lines 1 and 2. If zero or less, enter -0-	3. _____
4. Enter the smaller of line 2 or line 3	4. _____
If line 7 of Schedule D is a loss, go to line 5; otherwise, enter -0- on line 5 and go to line 9.	
5. Enter the loss from Schedule D, line 7, as a positive amount	5. _____
6. Enter any gain from Schedule D, line 16	6. _____
7. Add lines 4 and 6	7. _____
8. Short-term capital loss carryover to 2002. Subtract line 7 from line 5. If zero or less, enter -0-	8. _____
If line 16 of Schedule D is a loss, go to line 9; otherwise, skip lines 9 through 13.	
9. Enter the loss from Schedule D, line 16, as a positive amount	9. _____
10. Enter any gain from Schedule D, line 7	10. _____
11. Subtract line 5 from line 4. If zero or less, enter -0-	11. _____
12. Add lines 10 and 11	12. _____
13. Long-term capital loss carryover to 2002. Subtract line 12 from line 9. If zero or less, enter -0-	13. _____

amortization, and depletion. If you inherited the property, got it as a gift, or received it in a tax-free exchange, involuntary conversion, or “wash sale” of stock, you may not be able to use the actual cost as the basis. If you do not use the actual cost, attach an explanation of your basis.

If you sold stock, adjust your basis by subtracting all the nontaxable distributions you received before the sale. Also adjust your basis for any stock splits. See **Pub. 550** for details.

You may elect to use an average basis for all shares of a mutual fund if you acquired the shares at various times and prices and you left the shares on deposit in an account handled by a custodian or agent who acquired or redeemed those shares. If you are reporting an average basis, include “AVGB” in column (a) of Schedule D. For details on making the election and how to figure average basis, see **Pub. 564**.

The basis of property acquired by gift is generally the basis of the property in the hands of the donor. The basis of property acquired from a decedent is generally the fair market value at the date of death. See **Pub. 544** for details.

Increase the cost or other basis of an original issue discount (OID) debt instrument by the amount of OID that has been included in gross income for that instrument.

If a charitable contribution deduction is allowed because of a bargain sale of property to a charitable organization, the adjusted basis for purposes of determining gain from the sale is the amount that has the same ratio to the adjusted basis as the amount realized has to the fair market value.

Increase your cost or other basis by any expense of sale, such as broker’s fees, commissions, state and local transfer taxes, and

option premiums, before making an entry in column (e), unless you reported the net sales price in column (d).

For more details, see **Pub. 551**.

Column (f)—Gain or (Loss)

You **must** make a separate entry in this column for each transaction reported on lines 1 and 8 and any other line(s) that applies to you. For lines 1 and 8, subtract the amount in column (e) from the amount in column (d). Enter negative amounts in parentheses.

Column (g)—28% Rate Gain or (Loss)

Enter in column (g) **only** the amount, if any, from Part II, column (f), that is equal to the amount of your section 1202 exclusion from the eligible gain on qualified small business stock (see page D-4) or from collectibles gains and losses. A **collectibles gain or loss** is any long-term gain or deductible long-term loss from the sale or exchange of a collectible that is a capital asset.

Collectibles include works of art, rugs, antiques, metals (such as gold, silver, and platinum bullion), gems, stamps, coins, alcoholic beverages, and certain other tangible property.

Also include gain (but not loss) from the sale or exchange of an interest in a partnership, S corporation, or trust held for more than 1 year and attributable to unrealized appreciation of collectibles. For details, see Regulations section 1.1(h)-1. Also attach the statement required under Regulations section 1.1(h)-1(e).

Line 19

If you complete Part IV, complete the worksheet on page D-7 if **any** of the following apply for 2001.

- You sold or otherwise disposed of section 1250 property (generally, real property that you depreciated) held more than 1 year.
- You received installment payments for section 1250 property held more than 1 year for which you are reporting gain on the installment method.
- You received a Schedule K-1 from an estate or trust, partnership, or S corporation that shows “unrecaptured section 1250 gain.”
- You received a Form 1099-DIV or Form 2439 from a real estate investment trust or regulated investment company (including a mutual fund) that reports “unrecaptured section 1250 gain.”
- You reported a long-term capital gain from the sale or exchange of an interest in a partnership that owned section 1250 property.

Instructions for the Unrecaptured Section 1250 Gain Worksheet on Page D-7

Lines 1 through 3. If you had more than one property described on line 1, complete lines 1 through 3 for each property on a separate worksheet. Enter the total of the line 3 amounts for all properties on line 3 and go to line 4.

Line 4. To figure the amount to enter on line 4, follow the steps below for each installment sale of trade or business property held more than 1 year.

Step 1. Figure the **smaller** of **(a)** the depreciation allowed or allowable or **(b)** the

total gain for the sale. This is the **smaller** of line 22 or line 24 of your 2001 Form 4797 (or the comparable lines of Form 4797 for the year of sale) for the property.

Step 2. Reduce the amount figured in step 1 by any section 1250 ordinary income recapture for the sale. This is the amount from line 26g of your 2001 Form 4797 (or the comparable line of Form 4797 for the year of sale) for the property. The result is your total unrecaptured section 1250 gain that must be allocated to the installment payments received from the sale.

Step 3. Generally, the amount of section 1231 gain on each installment payment is treated as unrecaptured section 1250 gain until the total unrecaptured section 1250 gain figured in step 2 has been used in full. Figure the amount of gain treated as unrecaptured section 1250 gain for installment payments received in 2001 as the **smaller** of (a) the amount from line 26 or line 37 of the 2001 Form 6252, whichever applies, or (b) the amount of unrecaptured section 1250 gain remaining to be reported. This amount is generally the total unrecaptured section 1250 gain for the sale reduced by all gain reported in prior years (excluding section

1250 ordinary income recapture). However, if you chose not to treat all of the gain from payments received after May 6, 1997, and before August 24, 1999, as unrecaptured section 1250 gain, use only the amount you chose to treat as unrecaptured section 1250 gain for those payments to reduce the total unrecaptured section 1250 gain remaining to be reported for the sale. Include this amount on line 4.

Line 10. Include on line 10 your share of the partnership's unrecaptured section 1250 gain that would result if the partnership had transferred all of its section 1250 property in a fully taxable transaction immediately before you sold or exchanged your interest in that partnership. If you recognized less than all of the realized gain, the partnership will be treated as having transferred only a proportionate amount of each section 1250 property. For details, see Regulations section 1.1(h)-1. Also attach the statement required under Regulations section 1.1(h)-1(e).

Line 12. An example of an amount to include on line 12 is unrecaptured section 1250 gain from the sale of a vacation home

you previously used as a rental property but converted to personal use prior to the sale. To figure the amount to enter on line 12, follow the applicable instructions below.

Installment sales. To figure the amount to include on line 12, follow the steps below for each installment sale of property held more than 1 year for which you did not make an entry in Part I of your Form 4797 for the year of sale.

• **Step 1.** Figure the **smaller** of (a) the depreciation allowed or allowable or (b) the total gain for the sale. This is the **smaller** of line 22 or line 24 of your 2001 Form 4797 (or the comparable lines of Form 4797 for the year of sale) for the property.

• **Step 2.** Reduce the amount figured in step 1 by any section 1250 ordinary income recapture for the sale. This is the amount from line 26g of your 2001 Form 4797 (or the comparable line of Form 4797 for the year of sale) for the property. The result is your total unrecaptured section 1250 gain that must be allocated to the installment payments received from the sale.

11. Enter the total of any amounts reported to you on a Schedule K-1, Form 1099-DIV, or Form 2439 as "unrecaptured section 1250 gain" from an estate, trust, real estate investment trust, or mutual fund (or other regulated investment company)	11. _____
12. Enter the total of any unrecaptured section 1250 gain from sales (including installment sales) or other dispositions of section 1250 property held more than 1 year for which you did not make an entry in Part I of Form 4797 for the year of sale (see instructions)	12. _____
13. Add lines 9 through 12	13. _____
14. Enter the gain or (loss) from Schedule D, line 15	14. _____
15. Enter the (loss), if any, from Schedule D, line 7. If Schedule D, line 7, is zero or a gain, enter -0-	15. _____
16. Combine lines 14 and 15. If the result is zero or a gain, enter -0-. If the result is a (loss), enter it as a positive amount	16. _____
17. Unrecaptured section 1250 gain. Subtract line 16 from line 13. If zero or less, enter -0-. Enter the result here and on Schedule D, line 19	17. _____

• **Step 3.** Generally, the amount of capital gain on each installment payment is treated as unrecaptured section 1250 gain until the total unrecaptured section 1250 gain figured in step 2 has been used in full. Figure the amount of gain treated as unrecaptured section 1250 gain for installment payments received in 2001 as the **smaller** of (a) the amount from line 26 or line 37 of your 2001 Form 6252, whichever applies, or (b) the amount of unrecaptured section 1250 gain remaining to be reported. This amount is generally the total unrecaptured section 1250 gain for the sale reduced by all gain reported in prior years (excluding section 1250 ordinary income recapture). However, if you chose not to treat all of the gain from payments received after May 6, 1997, and before August 24, 1999, as unrecaptured section 1250 gain, use only the amount you chose to treat as unrecaptured section 1250 gain for those payments to reduce the total unrecaptured section 1250 gain remaining to be reported for the sale. Include this amount on line 12.

Other sales or dispositions of section 1250 property. For each sale of property held more than 1 year (for which you did not make an entry in Part I of Form 4797), figure the **smaller** of (a) the depreciation allowed or allowable or (b) the total gain for the sale. This is the **smaller** of line 22 or line 24 of Form 4797 for the property. Next, reduce that amount by any section 1250 ordinary income recapture for the sale. This is the amount from line 26g of Form 4797 for the property. The result is the total unrecaptured section 1250 gain for the sale. Include this amount on line 12.

Line 29—Qualified 5-Year Gain

Qualified 5-year gain is long-term capital gain (other than 28% rate gain or gain on line 6 or 10 through 12 of the **Unrecaptured Section 1250 Gain Worksheet**) from the sale or other disposition of property held more than 5 years. Qualified 5-year gain is taxed at 8% to the extent the gain would otherwise be taxed at 10%. To figure your qualified 5-year gain, complete the worksheet on this page if any of the following apply.

- You sold or otherwise disposed of property at a gain that you had held for more than 5 years.
- You received a Schedule K-1 from an estate, trust, partnership, or S corporation that reports “qualified 5-year gain.”
- You received a Form 1099-DIV (or Form 2439) with “qualified 5-year gain” reported in box 2c (box 1c of Form 2439).
- You received payments from an installment sale of property that you had held for more than 5 years when you entered into the installment sale.

Example. John and Carol Maple had the following capital gains for 2001.

1. A sale of stock held for 3 years at a gain of \$3,700.
2. A sale of stock held for more than 5 years at a gain of \$500.
3. A sale of stock held for 6 years at a loss of \$1,950.
4. An \$1,800 capital gain distribution from a mutual fund reported in box 2a of Form 1099-DIV. The Form 1099-DIV also shows \$900 in box 2c.
5. A sale of a painting held for more than 5 years at a gain of \$1,800.

6. A sale of a rental home for \$101,000 purchased in 1995 for \$100,000, on which \$4,300 of allowable straight-line depreciation was claimed, for a net gain of \$5,300.

7. A Schedule K-1 from a partnership reporting \$2,300 of total long-term capital gain, \$200 “qualified 5-year gain” from capital assets, a \$5,200 net loss from trade or business (section 1231) property, and \$400 “qualified 5-year gain” from trade or business (section 1231) property.

8. A long-term capital loss carryover of \$5,800.

John and Carol Maple have total qualified 5-year gain of \$3,000 figured on the **Qualified 5-Year Gain Worksheet** as follows. They enter \$2,300 from items 2 and 5 on line 1. To complete line 2, the Maples first determine that the amount on their Form 4797, line 7, is \$100, consisting of the \$5,300 gain from item 6 and the \$5,200 loss from item 7. Because Form 4797, line 7, is more than zero, they include the \$5,300 gain from item 6 and the \$400 gain from item 7, or \$5,700, on line 2. The Maples enter zero on line 3. They enter \$900 from item 4 and \$200 from item 7, or \$1,100, on line 4. The Maples add lines 1 through 4 of the worksheet and enter \$9,100 on line 5. On line 6, they include the \$1,800 gain from item 5 because it is 28% rate gain from the sale of a collectible and \$4,300 from item 6 because it is included on line 6 of the **Unrecaptured Section 1250 Gain Worksheet**. (The Maples entered \$4,300 on line 1 of the Unrecaptured Section 1250 Gain Worksheet, zero on line 2, and \$4,300 on lines 3 and 6.) The Maples subtract the \$6,100 on line 6 of the worksheet from the \$9,100 on line 5. They enter the result, \$3,000 on line 7 of the worksheet and on Schedule D, line 29.

2001 Instructions for Schedule E, Supplemental Income and Loss

Part I

Income or Loss From Rental Real Estate and Royalties

Use Part I to report:

- Income and expenses from rentals of real estate (including personal property leased with real estate) and
- Royalty income and expenses.

See the instructions for lines 3 and 4 to determine if you should report your rental real estate and royalty income on **Schedule C**, **Schedule C-EZ**, or **Form 4835** instead of Schedule E.

If you own a part interest in a rental real estate property, report only your part of the income and expenses on Schedule E.

Complete lines 1 and 2 for each rental real estate property. Leave these lines blank for each royalty property.

If you have more than three rental real estate or royalty properties, complete and attach as many Schedules E as you need to list them. But fill in the "Totals" column on only one Schedule E. The figures in the "Totals" column on that Schedule E should be the combined totals of all your Schedules E. If you are also using page 2 of Schedule E, use the same Schedule E on which you entered the combined totals for Part I.

Personal Property. Do not use Schedule E to report income and expenses from the rental of personal property, such as equipment or vehicles. Instead, use Schedule C or C-EZ if you are in the business of renting personal property. You are in the business of renting personal property if the primary purpose for renting the property is income or profit and you are involved in the rental activity with continuity and regularity.

If your rental of personal property is not a business, see the Instructions for Form 1040, lines 21 and 32, to find out how to report the income and expenses.

Extraterritorial Income Exclusion. Except as otherwise provided in the Internal Revenue Code, gross income includes all income

Use Schedule E (Form 1040) to report income or loss from rental real estate, royalties, partnerships, S corporations, estates, trusts, and residual interests in REMICs.

You may attach your own schedule(s) to report income or loss from any of these sources. Use the same format as on Schedule E.

Enter separately on Schedule E the total income and the total loss for each part. Enclose loss figures in (parentheses).

from whatever source derived. Gross income, however, does not include extraterritorial income that is qualifying foreign trade income. Use **Form 8873** to figure the extraterritorial income exclusion. Report it on Schedule E as explained in the Instructions for Form 8873.

Filers of Form 1041

If you are a fiduciary filing Schedule E with Form 1041, enter the estate's or trust's employer identification number (EIN) in the space for "Your social security number."

Line 1

For rental real estate property only, show:

- The kind of property you rented (for example, townhouse).
- The street address, city or town, and state. You do not have to give the ZIP code.
- Your percentage of ownership in the property, if less than 100%.

Line 2

If you rented out a dwelling unit that you also used for **personal purposes** during the year, you may not be able to deduct all the expenses for the rental part. "Dwelling unit" (unit) means a house, apartment, condominium, or similar property.

A day of **personal use** is any day, or part of a day, that the unit was used by:

- You for personal purposes;
- Any other person for personal purposes, if that person owns part of the unit (unless rented to that person under a "shared equity" financing agreement);
- Anyone in your family (or in the family of someone else who owns part of the unit), unless the unit is rented at a fair rental price to that person as his or her main home;
- Anyone who pays less than a fair rental price for the unit; or
- Anyone under an agreement that lets you use some other unit.

Do not count as personal use:

- Any day you spent working substantially full time repairing and maintaining the unit, even if family members used it for recreational purposes on that day or
- Any days you used the unit as your main home before or after renting it or offering it for rent, if you rented or tried to rent it for at least 12 consecutive months (or for a period of less than 12 consecutive months at the end of which you sold or exchanged it).

Check "Yes" if you or your family used the unit for personal purposes in 2001 more than the **greater** of:

1. 14 days or
2. 10% of the total days it was rented to others at a fair rental price.

Otherwise, check "No."

If you checked "No," you can deduct all your expenses for the rental part, subject to the **At-Risk Rules** and the **Passive Activity Loss Rules** explained on pages E-3 and E-4.

If you checked "Yes" and rented the unit out for fewer than 15 days, do not report the rental income and do not deduct any rental expenses. If you itemize deductions on Schedule A, you may deduct allowable interest, taxes, and casualty losses.

If you checked "Yes" and rented the unit out for at least 15 days, you may **not** be able to deduct all your rental expenses. You can deduct all of the following expenses for the rental part on Schedule E.

- Mortgage interest.
- Real estate taxes.
- Casualty losses.
- Other rental expenses not related to your use of the unit as a home, such as advertising expenses and rental agents' fees.

If any income is left after deducting these expenses, you can deduct other expenses, including depreciation, up to the amount of remaining income. You can carry over to 2002 the amounts you cannot deduct.

See **Pub. 527** for details.

Line 3

If you received rental income from real estate (including personal property leased with real estate) and you were not in the real estate business, report the income on line 3. Include income received for renting a room or other space. If you received services or property instead of money as rent, report the fair market value as rental income.

Be sure to enter the total of all your rents in the "Totals" column even if you have only one property.

If you provided significant services to the renter, such as maid service, report the rental activity on Schedule C or C-EZ, not on Schedule E. Significant services **do not** include the furnishing of heat and light, cleaning of public areas, trash collection, or similar services.

If you were in the real estate sales business, include on line 3 only the rent received from real estate (including personal property leased with real estate) you held for investment or speculation. Do not use Schedule E to report income and expenses from rentals of real estate held for sale to customers in the ordinary course of your real estate sales business. Instead, use Schedule C or C-EZ for these rentals.

For more details on rental income, use TeleTax topic 414 (see page 11 of the Form 1040 instructions) or see Pub. 527.

Rental Income From Farm Production or Crop Shares. Report farm rental income and expenses on Form 4835 if:

- You received rental income based on crops or livestock produced by the tenant and
- You did not manage or operate the farm to any great extent.

Line 4

Report on line 4 **royalties** from oil, gas, or mineral properties (not including operating interests); copyrights; and patents. Use a separate column (A, B, or C) for each royalty property. Be sure to enter the total of all your royalties in the "Totals" column even if you have only one source of royalties.

If you received \$10 or more in royalties during 2001, the payer should send you a **Form 1099-MISC** or similar statement by January 31, 2002, showing the amount you received.

If you are in business as a self-employed writer, inventor, artist, etc., report your royalty income and expenses on Schedule C or C-EZ.

You may be able to treat amounts received as "royalties" for the transfer of a

patent or amounts received on the disposal of coal and iron ore as the sale of a capital asset. For details, see **Pub. 544**.

Enter on line 4 the gross amount of royalty income, even if state or local taxes were withheld from oil or gas payments you received. Include taxes withheld by the producer on line 16.

General Instructions for Lines 5 Through 21

Enter your rental and royalty expenses for each property in the appropriate column. You can deduct all ordinary and necessary expenses, such as taxes, interest, repairs, insurance, management fees, agents' commissions, and depreciation.

Do not deduct the value of your own labor or amounts paid for capital investments or capital improvements.

Enter your total expenses for mortgage interest (line 12), total expenses before depreciation expense or depletion (line 19), and depreciation expenses or depletion (line 20) in the "Totals" column even if you have only one property.

Renting Out Part of Your Home. If you rent out only part of your home or other property, deduct the part of your expenses that applies to the rented part.

Credit or Deduction for Access Expenditures. You may be able to claim a tax credit for eligible expenditures paid or incurred in 2001 to provide access to your business for individuals with disabilities. See **Form 8826** for details.

You can also deduct up to \$15,000 of qualified costs paid or incurred in 2001 to remove architectural or transportation barriers to individuals with disabilities and the elderly.

You cannot take both the credit and the deduction for the same expenditures. See **Pub. 535** for details.

Line 6

You may deduct ordinary and necessary auto and travel expenses related to your rental activities, including 50% of meal expenses incurred while traveling away from home. You generally can either deduct your actual expenses or take the standard mileage rate. You **must** use actual expenses if you use more than one vehicle simultaneously in your rental activities (as in fleet operations). You cannot use actual expenses for a leased vehicle if you previously used the standard mileage rate for that vehicle.

You can use the standard mileage rate for 2001 **only** if:

- You owned the vehicle and use the standard mileage rate for the first year you placed the vehicle in service or

- You leased the vehicle and are using the standard mileage rate for the entire lease period (except the period, if any, before 1998).

If you deduct actual auto expenses:

- Include on line 6 the rental activity portion of the cost of gasoline, oil, repairs, insurance, tires, etc. and

- Show auto rental or lease payments on line 18 and depreciation on line 20.

If you take the standard mileage rate, multiply the number of miles you drove your auto in connection with your rental activities by 34.5 cents. Include this amount and your parking fees and tolls on line 6.

If you claim any auto expenses (actual or the standard mileage rate), you must complete Part V of **Form 4562** and attach Form 4562 to your return.

See Pub. 527 and **Pub. 463** for details.

Line 10

Include on line 10 fees for tax advice and the preparation of tax forms related to your rental real estate or royalty properties.

Do not deduct legal fees paid or incurred to defend or protect title to property, to recover property, or to develop or improve property. Instead, you must capitalize these fees and add them to the property's basis.

Lines 12 and 13

In general, to determine the interest expense allocable to your rental activities, you must have records to show how the proceeds of each debt were used. Specific tracing rules apply for allocating debt proceeds and repayment. See Pub. 535 for details.

If you have a mortgage on your rental property, enter on line 12 the amount of interest you paid for 2001 to banks or other financial institutions. Be sure to fill in the "Totals" column.

Do not deduct prepaid interest when you paid it. You can deduct it only in the year to which it is properly allocable. Points, including loan origination fees, charged only for the use of money must be deducted over the life of the loan.

If you paid \$600 or more in interest on a mortgage during 2001, the recipient should send you a **Form 1098** or similar statement by January 31, 2002, showing the total interest received from you.

If you paid more mortgage interest than is shown on your Form 1098 or similar statement, see Pub. 535 to find out if you can deduct the additional interest. If you can,

enter the entire amount on line 12. Attach a statement to your return explaining the difference. Write "See attached" in the left margin next to line 12.

Note. If the recipient was not a financial institution or you did not receive a Form 1098 from the recipient, report your deductible mortgage interest on line 13.

If you and at least one other person (other than your spouse if you file a joint return) were liable for and paid interest on the mortgage, and the other person received Form 1098, report your share of the interest on line 13. Attach a statement to your return showing the name and address of the person who received Form 1098. In the left margin next to line 13, write "See attached."

Line 14

You may deduct the cost of repairs made to keep your property in good working condition. Repairs generally do not add significant value to the property or extend its life. Examples of repairs are fixing a broken lock or painting a room. Improvements that increase the value of the property or extend its life, such as replacing a roof or renovating a kitchen, must be capitalized and depreciated (that is, they cannot be deducted in full in the year they are paid or incurred). See the instructions for line 20.

Line 17

You may deduct the cost of ordinary and necessary telephone calls related to your rental activities or royalty income (for example, calls to the renter). However, the base rate (including taxes and other charges) for local telephone service for the first telephone line into your residence is a personal expense and is not deductible.

Line 20

Depreciation is the annual deduction you must take to recover the cost or other basis of business or investment property having a useful life substantially beyond the tax year. Land is not depreciable.

Depreciation starts when you first use the property in your business or for the production of income. It ends when you deduct all your depreciable cost or other basis or no longer use the property in your business or for the production of income.

See the Instructions for Form 4562 to figure the amount of depreciation to enter on line 20. Be sure to fill in the "Totals" column.

You must complete and attach Form 4562 **only** if you are claiming:

- Depreciation on property first placed in service during 2001;

- Depreciation on listed property (defined in the Instructions for Form 4562), including a vehicle, regardless of the date it was placed in service; or

- A section 179 expense deduction or amortization of costs that began in 2001.

See Pub. 527 for more information on depreciation of residential rental property. See **Pub. 946** for a more comprehensive guide to depreciation.

If you own mineral property or an oil, gas, or geothermal well, you may be able to take a deduction for depletion. See Pub. 535 for details.

Line 22

At-Risk Rules

Generally, you must complete **Form 6198** to figure your allowable loss if you have:

- A loss from an activity carried on as a trade or business or for the production of income **and**

- Amounts in the activity for which you are not at risk.

The at-risk rules generally limit the amount of loss (including loss on the disposition of assets) you can claim to the amount you could actually lose in the activity. However, the at-risk rules do not apply to losses from an activity of holding real property, if you acquired your interest in the activity before 1987 and the property was placed in service before 1987. The activity of holding mineral property does not qualify for this exception.

In most cases, you are **not** at risk for amounts such as the following.

- Nonrecourse loans used to finance the activity, to acquire property used in the activity, or to acquire your interest in the activity that are not secured by your own property (other than property used in the activity). However, there is an exception for certain nonrecourse financing borrowed by you in connection with holding real property. See **Qualified nonrecourse financing** below.

- Cash, property, or borrowed amounts used in the activity (or contributed to the activity, or used to acquire your interest in the activity) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).

- Amounts borrowed for use in the activity from a person who has an interest in the activity (other than as a creditor) or who is related, under Internal Revenue Code section 465(b)(3), to a person (other than you) having such an interest.

Qualified nonrecourse financing is treated as an amount at risk if it is secured by real property used in an activity of holding real property that is subject to the at-risk rules. Qualified nonrecourse financing is financing for which no one is personally liable for repayment and is:

- Borrowed by you in connection with holding real property,

- Not convertible from a debt obligation to an ownership interest, **and**

- Loaned or guaranteed by any Federal, state, or local government, or borrowed by you from a **qualified person**.

A **qualified person** is a person who actively and regularly engages in the business of lending money, such as a bank or savings and loan association. A qualified person **cannot** be:

- Related to you (unless the nonrecourse financing obtained is commercially reasonable and on the same terms as loans involving unrelated persons),

- The seller of the property (or a person related to the seller), or

- A person who receives a fee due to your investment in real property (or a person related to that person).

If you have amounts for which you are not at risk, use Form 6198 to determine the amount of your deductible loss. Enter that amount in the appropriate column of Schedule E, line 22. In the space to the left of line 22, write "Form 6198." Attach Form 6198 to your return.

Line 23

Do not complete line 23 if the amount on line 22 is from royalty properties.

If you have a rental real estate loss from a passive activity (defined on page E-4), the amount of loss you can deduct may be limited by the passive activity loss rules. You may need to complete **Form 8582** to figure the amount of loss, if any, to enter on line 23.

If your rental real estate loss is not from a passive activity **or** you meet the following exception, you do not have to complete Form 8582. Enter the loss from line 22 on line 23.

Exception for Certain Rental Real Estate Activities. If you meet **all three** of the following conditions, your rental real estate losses are not limited by the passive activity loss rules. If you **do not** meet **all three** of these conditions, see the Instructions for Form 8582 to find out if you must complete and attach Form 8582.

1. Rental real estate activities are your only passive activities.

2. You do not have any prior year unallowed losses from any passive activities.

3. All of the following apply if you have an overall net loss from these activities:

- You actively participated (defined below) in all of the rental real estate activities;
- If married filing separately, you lived apart from your spouse all year;
- Your overall net loss from these activities is \$25,000 or less (\$12,500 or less if married filing separately);
- You have no current or prior year unallowed credits from passive activities; **and**
- Your modified adjusted gross income (defined later) is \$100,000 or less (\$50,000 or less if married filing separately).

Active Participation. You can meet the active participation requirement without regular, continuous, and substantial involvement in real estate activities. But you must have participated in making management decisions or arranging for others to provide services (such as repairs) in a significant and bona fide sense. Such management decisions include:

- Approving new tenants,
- Deciding on rental terms,
- Approving capital or repair expenditures, and
- Other similar decisions.

You are not considered to actively participate if, at any time during the tax year, your interest (including your spouse's interest) in the activity was less than 10% by value of all interests in the activity.

Modified Adjusted Gross Income. This is your adjusted gross income from Form 1040, line 33, without taking into account:

- Any passive activity loss,
- Rental real estate losses allowed under the exception for real estate professionals (explained on this page),
- Taxable social security or equivalent railroad retirement benefits,
- Deductible contributions to a traditional IRA or certain other qualified retirement plans under Internal Revenue Code section 219,
- The student loan interest deduction,
- The deduction for one-half of self-employment tax, and
- The exclusion of amounts received under an employer's adoption assistance program.

However, if you file **Form 8815**, include in your modified adjusted gross income the savings bond interest excluded on line 14 of that form.

Passive Activity Loss Rules

The passive activity loss rules may limit the amount of losses you can deduct. These rules apply to losses in Parts I, II, and III, and line 39 of Schedule E.

Losses from passive activities may be subject first to the at-risk rules. Losses deductible under the at-risk rules are then subject to the passive activity loss rules.

You generally can deduct losses from passive activities only to the extent of income from passive activities. An exception applies to certain rental real estate activities (as previously explained).

Passive Activity. A passive activity is any business activity in which you **do not** materially participate and any rental activity, except as provided on this page. If you are a limited partner, you generally are not treated as having materially participated in the partnership's activities for the year.

The rental of real or personal property is generally a rental activity under the passive activity loss rules, but exceptions apply. If your rental of property is not treated as a rental activity, you must determine whether it is a trade or business activity, and if so, whether you materially participated in the activity for the tax year.

See the Instructions for Form 8582 to determine whether you materially participated in the activity and for the definition of "rental activity."

See **Pub. 925** for special rules that apply to rentals of:

- Substantially nondepreciable property,
- Property incidental to development activities, and
- Property to activities in which you materially participate.

Exception for Real Estate Professionals. If you were a real estate professional in 2001, any rental real estate activity in which you materially participated is not a passive activity. You were a **real estate professional** only if you met **both** of the following conditions.

1. More than half of the personal services you performed in trades or businesses were performed in real property trades or businesses in which you materially participated.

2. You performed more than 750 hours of services in real property trades or businesses in which you materially participated.

For purposes of this rule, each interest in rental real estate is a separate activity, unless you elect to treat all your interests in rental real estate as one activity. To make this election, attach a statement to your original tax return that declares you are a qualifying taxpayer for the year and you are making the election under Internal Revenue Code section 469(c)(7)(A). The election applies

for the year made and all later years in which you are a real estate professional. You may revoke the election only if your facts and circumstances materially change.

If you are married filing jointly, either you or your spouse must separately meet both of the above conditions, without taking into account services performed by the other spouse.

A real property trade or business is any real property development, redevelopment, construction, reconstruction, acquisition, conversion, rental, operation, management, leasing, or brokerage trade or business. Services you performed as an employee are not treated as performed in a real property trade or business unless you owned more than 5% of the stock (or more than 5% of the capital or profits interest) in the employer.

If you were a real estate professional for 2001, complete line 42 on page 2 of Schedule E.

Other Exceptions. The rental of your home that you also used for personal purposes is not a passive activity. See the instructions for line 2.

A working interest in an oil or gas well that you held directly or through an entity that did not limit your liability is not a passive activity even if you do not materially participate.

Royalty income not derived in the ordinary course of a trade or business reported on Schedule E generally is not considered income from a passive activity.

For details on passive activities, see the Instructions for Form 8582 and Pub. 925.

Parts II and III

If you need more space in Part II or III to list your income or losses, attach a continuation sheet using the same format as shown in Part II or III. However, be sure to complete the "Totals" columns for lines 28a and 28b, or lines 33a and 33b, as appropriate. If you also completed Part I on more than one Schedule E, use the same Schedule E on which you entered the combined totals in Part I.

Tax Shelter Registration Number. Complete and attach **Form 8271** if you are reporting any deduction, loss, credit, other tax benefit, or income from an interest purchased or otherwise acquired in a tax shelter.

Form 8271 is used to report the name, tax shelter registration number, and identifying number of the tax shelter. There is a \$250 penalty if you do not report the registration number of the tax shelter on your tax return.

Tax Preference Items. If you are a partner, a shareholder in an S corporation, or a beneficiary of an estate or trust, you must take into account your share of preferences and adjustments from these entities for the alternative minimum tax on **Form 6251** or Schedule I of **Form 1041**.

Part II

Income or Loss From Partnerships and S Corporations

If you are a member of a partnership or joint venture or a shareholder in an S corporation, use Part II to report your share of the partnership or S corporation income (even if not received) or loss.

You should receive a **Schedule K-1** from the partnership or S corporation. You should also receive a copy of the Partner's or Shareholder's Instructions for Schedule K-1. Your copy of Schedule K-1 and its instructions will tell you where on your return to report your share of the items. If you did not receive these instructions with your Schedule K-1, see page 7 of the Form 1040 instructions for how to get a copy. **Do not** attach Schedules K-1 to your return. Keep them for your records.

If you are treating items on your tax return differently from the way the partnership (other than an electing large partnership) or S corporation reported them on its return, you may have to file **Form 8082**. If you are a partner in an electing large partnership, you must report the items shown on Schedule K-1 (Form 1065-B) on your tax return the same way that the partnership reported the items on Schedule K-1.

Special Rules That Limit Losses. Please note the following.

- If you have a current year loss, or a prior year unallowed loss, from a partnership or an S corporation, see **At-Risk Rules** and **Passive Activity Loss Rules** on pages E-3 and E-4.

Partners and S corporation shareholders should get a separate statement of income, expenses, deductions, and credits for each activity engaged in by the partnership and S corporation. If you are subject to the at-risk rules for any activity, use Form 6198 to figure the amount of any deductible loss. If the activity is nonpassive, enter any deductible loss from Form 6198 on the appropriate line in Part II, column (i), of Schedule E.

- If you have a passive activity loss, you generally need to complete Form 8582 to figure the amount of the allowable loss to enter in Part II, column (g), for that activity. But if you are a **general** partner or an S

corporation shareholder reporting your share of a partnership or an S corporation loss from a rental real estate activity **and** you meet **all three** of the conditions listed in the instructions for line 23, you do not have to complete Form 8582. Instead, enter your allowable loss in Part II, column (g).

If you have passive activity income, complete Part II, column (h), for that activity.

If you have nonpassive income or losses, complete Part II, columns (i) through (k), as appropriate.

Partnerships

See the Schedule K-1 instructions before entering on your return other partnership items from a passive activity or income or loss from any publicly traded partnership.

If you have other partnership items, such as depletion, from a nonpassive activity, show each item on a separate line in Part II. You may deduct unreimbursed ordinary and necessary expenses you paid on behalf of the partnership if you were required to pay these expenses under the partnership agreement. Enter deductible **unreimbursed partnership expenses** from nonpassive activities on a separate line in Part II, column (i). However, enter on Schedule A any unreimbursed partnership expenses deductible as itemized deductions.

Report allowable interest expense paid or incurred from debt-financed acquisitions in Part II or on Schedule A depending on the type of expenditure to which the interest is allocated. See Pub. 535 for details.

If you claimed a credit for Federal tax on gasoline or other fuels on your 2000 Form 1040 based on information received from the partnership, enter as income in column (h) or column (k), whichever applies, the amount of the credit claimed for 2000.

If you have losses or deductions from a prior year that you could not deduct because of the at-risk or basis rules, and the amounts are now deductible, **do not** combine the prior year amounts with any current year amounts to arrive at a net figure to report on Schedule E. Instead, report the prior year amounts and the current year amounts on separate lines of Schedule E.

Part or all of your share of partnership income or loss from the operation of the business may be considered net earnings from self-employment that must be reported on **Schedule SE**. Enter the amount from Schedule K-1 (Form 1065), line 15a (or from Schedule K-1 (Form 1065-B), box 9 (code **K-1**)), on Schedule SE, after you reduce this amount by any allowable expenses attributable to that income.

Foreign Partnerships. If you are a U.S. person, you may have to file **Form 8865** if any of the following applies:

- You controlled a foreign partnership (that is, you owned more than a 50% direct or indirect interest in the partnership).

- You owned at least a 10% direct or indirect interest in a foreign partnership while U.S. persons controlled that partnership.

- You had an acquisition, disposition, or change in proportional interest of a foreign partnership that:

1. Increased your direct interest to at least 10% or reduced your direct interest of at least 10% to less than 10% or

2. Changed your direct interest by at least a 10% interest.

- You contributed property to a foreign partnership in exchange for a partnership interest if:

1. Immediately after the contribution, you owned, directly or indirectly, at least a 10% interest in the partnership or

2. The fair market value of the property you contributed to the partnership in exchange for a partnership interest, when added to other contributions of property you made to the partnership during the preceding 12-month period, exceeds \$100,000.

Also, you may have to file Form 8865 to report certain dispositions by a foreign partnership of property you previously contributed to that partnership if you were a partner at the time of the disposition.

For more details, including penalties for failing to file Form 8865, see Form 8865 and its separate instructions.

S Corporations

If you are a shareholder in an S corporation, your share of the corporation's aggregate losses and deductions (combined income, losses, and deductions) is limited to the adjusted basis of your corporate stock and any debt the corporation owes you. Any loss or deduction not allowed this year because of the basis limitation may be carried forward and deducted in a later year subject to the basis limitation for that year.

If you are claiming a deduction for your share of an aggregate loss, attach to your return a computation of the adjusted basis of your corporate stock and of any debt the corporation owes you. See the Schedule K-1 instructions for details.

After applying the basis limitation, the deductible amount of your aggregate losses and deductions may be further reduced by the at-risk rules and the passive activity loss rules explained earlier.

If you have losses or deductions from a prior year that you could not deduct because of the basis or at-risk limitations, and the amounts are now deductible, **do not** combine the prior year amounts with any current year amounts to arrive at a net figure to report on Schedule E. Instead, report the

prior year amounts and the current year amounts on separate lines of Schedule E.

Distributions of prior year accumulated earnings and profits of S corporations are dividends and are reported on Form 1040, line 9.

Interest expense relating to the acquisition of shares in an S corporation may be fully deductible on Schedule E. For details, see Pub. 535.

Your share of the net income of an S corporation is **not** subject to self-employment tax.

Part III

Income or Loss From Estates and Trusts

If you are a beneficiary of an estate or trust, use Part III to report your part of the income (even if not received) or loss. You should receive a **Schedule K-1** (Form 1041) from the fiduciary. Your copy of Schedule K-1 and its instructions will tell you where on your return to report the items from Schedule K-1. **Do not** attach Schedule K-1 to your return. Keep it for your records.

If you are treating items on your tax return differently from the way the estate or trust reported them on its return, you may have to file Form 8082.

If you have estimated taxes credited to you from a trust (Schedule K-1, line 14a), write "ES payment claimed" and the amount on the dotted line next to line 36. **Do not** include this amount in the total on line 36. Instead, enter the amount on Form 1040, line 60.

A U.S. person who transferred property to a foreign trust may have to report the income received by the trust as a result of the transferred property if, during 2001, the trust had a U.S. beneficiary. For details, see **Form 3520**.

Part IV

Income or Loss From Real Estate Mortgage Investment Conduits (REMICs)

If you are the holder of a residual interest in a real estate mortgage investment conduit (REMIC), use Part IV to report your total share of the REMIC's taxable income or loss for each quarter included in your tax year. You should receive **Schedule Q** (Form 1066) and instructions from the REMIC for each quarter. **Do not** attach Schedules Q to your return. Keep them for your records.

If you are treating REMIC items on your tax return differently from the way the REMIC reported them on its return, you may have to file Form 8082.

If you are the holder of a residual interest in more than one REMIC, attach a continuation sheet using the same format as in Part IV. Enter the totals of columns (d) and (e) on line 38 of Schedule E. If you also completed Part I on more than one Schedule E, use the same Schedule E on which you entered the combined totals in Part I.

REMIC income or loss is not income or loss from a passive activity.

Note. If you are the holder of a regular interest in a REMIC, **do not** use Schedule E to report the income you received. Instead, report it on Form 1040, line 8a.

Column (c). Report the total of the amounts shown on Schedule(s) Q, line 2c. This is the **smallest** amount you are allowed to report as your taxable income (Form 1040, line 39). It is also the **smallest** amount you are allowed to report as your alternative minimum taxable income (AMTI) (Form 6251, line 21).

If the amount in column (c) is larger than your taxable income would otherwise be, enter the amount from column (c) on Form 1040, line 39. Similarly, if the amount in column (c) is larger than your AMTI would otherwise be, enter the amount from column (c) on Form 6251, line 21. Write "Sch. Q" on the dotted line to the left of this amount on Form 1040 or 6251.

Note. These rules also apply to estates and trusts that hold a residual interest in a REMIC. Be sure to make the appropriate entries on the comparable lines on Form 1041.

Do not include the amount shown in column (c) in the total on line 38 of Schedule E.

Column (e). Report the total of the amounts shown on Schedule(s) Q, line 3b. If you itemize your deductions on Schedule A, include this amount on line 22.

Part V

Line 41

You will not be charged a penalty for underpayment of estimated tax if:

1. Your gross farming or fishing income for 2000 or 2001 is at least two-thirds of your gross income and
 2. You file your 2001 tax return and pay the tax due by March 1, 2002.

Information Returns

You may have to file information returns for wages paid to employees, certain payments of fees and other nonemployee compensation, interest, rents, royalties, annuities, and pensions. You may also have to file an information return if you sold \$5,000 or more of consumer products to a person on a buy-sell, deposit-commission, or other similar basis for resale. For more information, see the 2001 General Instructions for Forms 1099, 1098, 5498, and W-2G.

If you received cash of more than \$10,000 in one or more related transactions in your farming business, you may have to file **Form 8300**. For details, see **Pub. 1544**.

1. Your gross farming or fishing income for 2000 or 2001 is at least two-thirds of your gross income.
2. You file your 2001 tax return and pay the tax due by March 1, 2002.

For details, see Pub. 225.

Specific Instructions

Filers of Forms 1041, 1065, and 1065-B

Do not complete the block labeled "Social security number (SSN)." Instead, enter your employer identification number (EIN) on line D.

Lines A and B

On line A, enter your principal crop or activity for the current year.

On line B, enter one of the 14 principal agricultural activity codes listed in Part IV on page 2 of Schedule F. Select the code that best describes the source of most of your income.

Line C

If you use the **cash method**, check the box labeled "Cash." Generally, report income in the year in which you actually or constructively received it and deduct expenses in the year you paid them. Complete Parts I and II of Schedule F.

If you use the **accrual method**, check the box labeled "Accrual." Generally, report income in the year in which you earned it and deduct expenses in the year you incurred them, even if you did not pay them in that year. Complete Parts II, III, and line 11 of Schedule F.

Other rules apply that determine the timing of deductions based on economic performance. See **Pub. 538** for details.

Farming syndicates cannot use the cash method of accounting. A farming syndicate may be a partnership, any other noncorporate group, or an S corporation if:

- The interests in the business have ever been for sale in a way that would require registration with any Federal or state agency or
- More than 35% of the loss during any tax year is shared by limited partners or limited entrepreneurs. A **limited partner** is one who can lose only the amount invested or required to be invested in the partnership. A **limited entrepreneur** is a person who does not take any active part in managing the business.

Line D

You need an employer identification number (EIN) only if you had a qualified retirement plan or were required to file an employment, excise, estate, trust, partnership, or alcohol, tobacco, and firearms tax return. If you need an EIN, file **Form SS-4**. If you do not have an EIN, leave line D blank. **Do not** enter your SSN.

Line E

Material Participation. For the definition of material participation for purposes of the passive activity rules, see the instructions for Schedule C, line G, on page C-2. If you meet any of the material participation tests described in those instructions, check the "Yes" box.

If you are a retired or disabled farmer, you are treated as materially participating in a farming business if you materially participated 5 of the 8 years preceding your retirement or disability. Also, a surviving spouse is treated as materially participating in a farming activity if the real property used for farming meets the estate tax rules for special valuation of farm property passed from a qualifying decedent, and the surviving spouse actively manages the farm.

Check the "No" box if you did not materially participate. If you checked "No" and you have a loss from this business, see **Limit on Losses** below. If you have a profit from this business activity but have current year losses from other passive activities or prior year unallowed passive activity losses, see the Instructions for Form 8582.

Limit on Losses. If you checked the "No" box on line E and you have a loss from this business, you may have to use Form 8582 to figure your allowable loss, if any, to enter on Schedule F, line 36. Generally, you can deduct losses from passive activities only to the extent of income from passive activities. For details, see **Pub. 925**.

Part I. Farm Income—Cash Method

In Part I, show income received for items listed on lines 1 through 10. Generally, count both the cash actually or constructively received and the fair market value of goods or other property received for these items. Income is constructively received when it is credited to your account or set aside for you to use. However, farm production flexibility contract payments received under the Federal Agriculture Improvement

and Reform Act of 1996 are required to be included in income only in the year of actual receipt.

If you ran the farm yourself and received rents based on crop shares or farm production, report these rents as income on line 4.

Sales of Livestock Because of Weather-Related Conditions

If you sold livestock because of drought, flood, or other weather-related conditions, you can elect to report the income from the sale in the year after the year of sale if **all** three of the following apply.

1. Your main business is farming.
2. You can show that you sold the livestock only because of weather-related conditions.
3. Your area qualified for Federal aid.

Forms 1099 or CCC-1099-G

If you received Forms 1099 or CCC-1099-G showing amounts paid to you, first determine if the amounts are to be included with farm income. Then, use the following chart to determine where to report the income on Schedule F. Include the Form 1099 or CCC-1099-G amounts in the total amount reported on that line.

Form	Where to report
1099-PATR	Line 5a
1099-A	Line 7b
1099-MISC (for crop insurance) . . .	Line 8a
1099-G or CCC-1099-G (for disaster payments) .	Line 8a
1099-G or CCC-1099-G (for other agricultural program payments) . . .	Line 6a

You may also receive **Form 1099-MISC** for other types of income. In this case, report it on whichever line best describes the income. For example, if you received a Form 1099-MISC for custom farming work, include this amount on line 9, "Custom hire (machine work) income."

Lines 1 and 2

On line 1, show amounts received from sales of livestock and other items bought for resale. On line 2, show the cost or other basis of the livestock and other items you actually sold.

Line 4

Show amounts received from sales of livestock, produce, grains, and other products you raised.

Lines 5a and 5b

If you received distributions from a cooperative in 2001, you should receive **Form 1099-PATR**. On line 5a, show your total distributions from cooperatives. This includes patronage dividends, nonpatronage distributions, per-unit retain allocations, and redemption of nonqualified notices and per-unit retain allocations.

Show patronage dividends (distributions) received in cash, and the dollar amount of qualified written notices of allocation. If you received property as patronage dividends, report the fair market value of the property as income. Include cash advances received from a marketing cooperative. If you received per-unit retains in cash, show the amount of cash. If you received qualified per-unit retain certificates, show the stated dollar amount of the certificate.

Do not include as income on line 5b patronage dividends from buying personal or family items, capital assets, or depreciable assets. Enter these amounts on line 5a only. If you do not report patronage dividends from these items as income, you must subtract the amount of the dividend from the cost or other basis of these items.

Lines 6a and 6b

Enter on line 6a the **total** of the following amounts.

- Price support payments.
- Market gain from the repayment of a secured Commodity Credit Corporation (CCC) loan for less than the original loan amount.
- Diversion payments.
- Cost-share payments (sight drafts).
- Payments in the form of materials (such as fertilizer or lime) or services (such as grading or building dams).

These amounts are government payments you received, usually reported to you on **Form 1099-G**. You may also receive **Form CCC-1099-G** from the Department of Ag-

riculture showing the amounts and types of payments made to you.

On line 6b, report only the taxable amount. For example, do not report the market gain shown on Form CCC-1099-G on line 6b if you elected to report CCC loan proceeds as income in the year received (see **Lines 7a Through 7c** below). No gain results from redemption of the commodity because you previously reported the CCC loan proceeds as income. You are treated as repurchasing the commodity for the amount of the loan repayment. However, if you did not report the CCC loan proceeds under the election, you must report the market gain on line 6b.

Lines 7a Through 7c

Commodity Credit Corporation Loans. Generally, you do not report CCC loan proceeds as income. However, if you pledge part or all of your production to secure a CCC loan, you may elect to report the loan proceeds as income in the year you receive them, instead of the year you sell the crop. If you make this election (or made the election in a prior year), report loan proceeds you received in 2001 on line 7a. Attach a statement to your return showing the details of the loan(s).

Forfeited CCC Loans. Include the full amount forfeited on line 7b, even if you reported the loan proceeds as income.

If you **did not** elect to report the loan proceeds as income, also include the forfeited amount on line 7c.

If you did elect to report the loan proceeds as income, you generally will not have an entry on line 7c. But if the amount forfeited is different from your basis in the commodity, you may have an entry on line 7c.

See **Pub. 225** for details on the tax consequences of electing to report CCC loan proceeds as income or forfeiting CCC loans.

Lines 8a Through 8d

In general, you must report crop insurance proceeds in the year you receive them. Federal crop disaster payments are treated as crop insurance proceeds. However, if 2001 was the year of damage, you may elect to include certain proceeds in income for 2002. To make this election, check the box on line 8c and attach a statement to your return. See **Pub. 225** for a description of the proceeds for which an election may be made and for what you must include in your statement.

Generally, if you elect to defer any eligible crop insurance proceeds, you must defer all such crop insurance proceeds (including Federal disaster payments).

Enter on line 8a the **total** crop insurance proceeds you received in 2001, even if you elect to include them in income for 2002.

Enter on line 8b the taxable amount of the proceeds you received in 2001. Do not include proceeds you elect to include in income for 2002.

Enter on line 8d the amount, if any, of crop insurance proceeds you received in 2000 and elected to include in income for 2001.

Line 10

Use this line to report income not shown on lines 1 through 9, such as the following.

- Illegal Federal irrigation subsidies. See **Pub. 225**.
- Bartering income.
- Income from discharge of indebtedness. Generally, if a debt is canceled or forgiven, you must include the canceled amount in income. If a Federal agency, financial institution, or credit union canceled or forgave a debt you owed of \$600 or more, it should send you a **Form 1099-C**, or similar statement, by January 31, 2002, showing the amount of debt canceled in 2001. However, certain solvent farmers may exclude discharged qualified farm indebtedness from income. To find out if you must include any discharge of indebtedness in income, see **Pub. 225**.
- State gasoline or fuel tax refund you received in 2001.
- The amount of credit for Federal tax paid on fuels claimed on your 2000 Form 1040.
- The amount of credit for alcohol used as a fuel that was entered on **Form 6478**.
- Any recapture of excess depreciation, including any section 179 expense deduction, if the business use percentage of any listed property decreased to 50% or less in 2001. Use **Form 4797** to figure the recapture. See the instructions for Schedule C, line 13, on page C-3 for the definition of listed property.
- The inclusion amount on leased listed property (other than vehicles) when the business use percentage drops to 50% or less. See **Pub. 946** to figure the amount.
- Any recapture of the deduction for clean-fuel vehicles used in your business and clean-fuel vehicle refueling property. For details on how to figure recapture, see **Pub. 535**.
- The gain or loss on the sale of commodity futures contracts if the contracts were made to protect you from price changes. These are a form of business insurance and are considered hedges. If you had a loss in a closed futures contract, enclose it in parentheses.

For property acquired and hedging positions established, you must clearly identify on your books and records both the hedging transaction and the item(s) or aggregate risk that is being hedged.

Purchase or sales contracts are not true hedges if they offset losses that already occurred. If you bought or sold commodity futures with the hope of making a profit due to favorable price changes, report the profit or loss on **Form 6781** instead of this line.

Part II. Farm Expenses

Do not deduct the following.

- Personal or living expenses (such as taxes, insurance, or repairs on your home) that do not produce farm income.
- Expenses of raising anything you or your family used.
- The value of animals you raised that died.
- Inventory losses.
- Personal losses.

If you were repaid for any part of an expense, you must subtract the amount you were repaid from the deduction.

Capitalizing Costs of Property. If you produced real or tangible personal property or acquired property for resale, certain expenses must be included in inventory costs or capitalized. These expenses include the direct costs of the property and the share of any indirect costs allocable to that property. However, these rules generally do not apply to:

1. Expenses of producing any plant that has a preproductive period of 2 years or less,
2. Expenses of raising animals, or
3. Expenses of replanting certain crops if they were lost or damaged by reason of freezing temperatures, disease, drought, pests, or casualty.

Note. Exceptions 1 and 2 above do not apply to tax shelters, farm syndicates, or partnerships required to use the accrual method of accounting under Internal Revenue Code section 447 or 448.

But you may be able to deduct rather than capitalize the expenses of producing a plant with a preproductive period of more than 2 years. See **Election To Deduct Certain Preproductive Period Expenses** on page F-4.

Do not reduce your deductions on lines 12 through 34e by the preproductive period expenses you are required to capitalize. Instead, enter the total amount capitalized in parentheses on line 34f. See **Preproductive Period Expenses** on page F-6 for details.

If you revoked an election made before 1989 to deduct preproductive period expenses for animals, you must continue to apply the alternative depreciation rules to property placed in service while your election was in effect. Also, the expenses you previously chose to deduct will have to be recaptured as ordinary income when you dispose of the animals.

Election To Deduct Certain Preproductive Period Expenses. If the preproductive period of any plant you produce is more than 2 years, you may choose to currently deduct the expenses rather than capitalize them. But you may not make this election for the costs of planting or growing citrus or almond groves that are incurred before the end of the 4th tax year beginning with the tax year you planted them in their permanent grove. By deducting the preproductive period expenses for which you may make this election, you are treated as having made the election.

Note. In the case of a partnership or S corporation, the election must be made by the partner or shareholder. This election may not be made by tax shelters, farm syndicates, or partners in partnerships required to use the accrual method of accounting under Internal Revenue Code section 447 or 448.

If you make the election to deduct preproductive expenses for plants, any gain you realize when disposing of the plants is ordinary income up to the amount of the preproductive expenses you deducted. Also, the alternative depreciation rules apply to property placed in service in any tax year your election is in effect. Unless you obtain IRS consent, you must make this election for the first tax year in which you engage in a farming business involving the production of property subject to the capitalization rules. You may not revoke this election without IRS consent.

For details, see **Pub. 225**.

Prepaid Farm Supplies. Generally, if you use the cash method of accounting and your prepaid farm supplies are more than 50% of your other deductible farm expenses, your deduction for those supplies may be limited. Prepaid farm supplies include expenses for feed, seed, fertilizer, and similar farm supplies not used or consumed during the year. They also include the cost of poultry that would be allowable as a deduction in a later tax year if you were to (a) capitalize the cost of poultry bought for use in your farm busi-

ness and deduct it ratably over the lesser of 12 months or the useful life of the poultry and (b) deduct the cost of poultry bought for resale in the year you sell or otherwise dispose of it.

If the limit applies, you can deduct prepaid farm supplies that do not exceed 50% of your other deductible farm expenses in the year of payment. You can deduct the excess only in the year you use or consume the supplies (other than poultry, which is deductible as explained above). For details and exceptions to these rules, see Pub. 225.

Line 12

You can deduct the actual expenses of running your car or truck or take the standard mileage rate. You **must** use actual expenses if you used your vehicle for hire or you used more than one vehicle simultaneously in your business (such as in fleet operations). You cannot use actual expenses for a leased vehicle if you previously used the standard mileage rate for that vehicle.

You can take the standard mileage rate for 2001 **only** if:

- You owned the vehicle and use the standard mileage rate for the first year you placed the vehicle in service or
- You leased the vehicle and are using the standard mileage rate for the entire lease period (except the period, if any, before 1998).

If you deduct actual expenses:

- Include on line 12 the business portion of expenses for gasoline, oil, repairs, insurance, tires, license plates, etc., and
- Show depreciation on line 16 and rent or lease payments on line 26a.

If you take the standard mileage rate, multiply the number of business miles by 34.5 cents. Add to this amount your parking fees and tolls, and enter the total on line 12. **Do not** deduct depreciation, rent or lease payments, or your actual operating expenses.

If you claim any car or truck expenses (actual or the standard mileage rate), you must provide the information requested in Part V of **Form 4562**. Be sure to attach Form 4562 to your return.

For details, see **Pub. 463**.

Line 14

Deductible soil and water conservation expenses generally are those that are paid to conserve soil and water or to prevent erosion of land used for farming. These expenses include (but are not limited to) the cost of leveling, grading and terracing, contour furrowing, the construction, control, and protection of diversion channels, drainage ditches, earthen dams, watercourses, outlets

and ponds, the eradication of brush, and the planting of windbreaks.

These expenses can be deducted only if they are consistent with a conservation plan approved by the Natural Resources Conservation Service (NRCS) of the Department of Agriculture for the area in which your land is located. If no plan exists, the expenses must be consistent with a plan of a comparable state agency. You cannot deduct the expenses if they were paid or incurred for land used in farming in a foreign country.

Do not deduct expenses you paid or incurred to drain or fill wetlands, to prepare land for center pivot irrigation systems, or to clear land.

Your deduction may not exceed 25% of your gross income from farming (excluding certain gains from selling assets such as farm machinery and land). If your conservation expenses are more than the limit, the excess may be carried forward and deducted in later tax years. However, the amount deductible for any 1 year may not exceed the 25% gross income limit for that year.

For details, see **Pub. 225**.

Line 15

Enter amounts paid for custom hire or machine work (the machine operator furnished the equipment).

Do not include amounts paid for rental or lease of equipment that you operated yourself. Instead, report those amounts on line 26a.

Line 16

You can deduct depreciation of buildings, improvements, cars and trucks, machinery, and other farm equipment of a permanent nature.

Do not deduct depreciation on your home, furniture or other personal items, land, livestock you bought or raised for resale, or other property in your inventory.

You may also elect under Internal Revenue Code section 179 to expense a portion of the cost of certain tangible property you bought in 2001 for use in your business.

For details, including when you must complete and attach **Form 4562**, see the instructions for Schedule C, line 13, on page C-3.

Line 17

Deduct contributions to employee benefit programs that are not an incidental part of a pension or profit-sharing plan included on line 25. Examples are accident and health plans, group-term life insurance, and dependent care assistance programs.

Do not include on line 17 any contributions you made on your behalf as a self-employed person to an accident and health plan or for group-term life insurance. You may be able to deduct on Form 1040, line 28, part of the amount you paid for health insurance on behalf of yourself, your spouse, and dependents even if you do not itemize your deductions. See the instructions for Form 1040, line 28, for details.

Line 18

Generally, you cannot currently deduct expenses for feed to be consumed by your livestock in a later tax year. See **Prepaid Farm Supplies** on page F-4.

Line 20

Do not include the cost of transportation incurred in purchasing livestock held for resale as freight paid. Instead, add these costs to the cost of the livestock, and deduct them when the livestock is sold.

Line 22

Deduct on this line premiums paid for farm business insurance. Deduct on line 17 amounts paid for employee accident and health insurance. Amounts credited to a reserve for self-insurance or premiums paid for a policy that pays for your lost earnings due to sickness or disability are not deductible.

Lines 23a and 23b

Interest Allocation Rules. The tax treatment of interest expense differs depending on its type. For example, home mortgage interest and investment interest are treated differently. "Interest allocation" rules require you to allocate (classify) your interest expense so it is deducted on the correct line of your return and receives the right tax treatment. These rules could affect how much interest you are allowed to deduct on Schedule F.

Generally, you allocate interest expense by tracing how the proceeds of the loan are used. See **Pub. 535** for details.

If you paid interest on a debt secured by your main home and any of the proceeds

from that debt were used in your farming business, see Pub. 535 to figure the amount to include on lines 23a and 23b.

How To Report. If you have a mortgage on real property used in your farming business (other than your main home), enter on line 23a the interest you paid for 2001 to banks or other financial institutions for which you received a **Form 1098** (or similar statements). If you did not receive a Form 1098, enter the interest on line 23b.

If you paid more mortgage interest than is shown on Form 1098, see Pub. 535 to find out if you can deduct the additional interest. If you can, include the amount on line 23a. Attach a statement to your return explaining the difference and enter "See attached" in the margin next to line 23a.

If you and at least one other person (other than your spouse if you file a joint return) were liable for and paid interest on the mortgage and the other person received the Form 1098, include your share of the interest on line 23b. Attach a statement to your return showing the name and address of the person who received the Form 1098. In the margin next to line 23b, enter "See attached."

Do not deduct interest you prepaid in 2001 for later years; include only the part that applies to 2001.

Line 24

Enter the amounts you paid for farm labor. Do not include amounts paid to yourself. Reduce your deduction by the current year credits claimed on:

- **Form 5884**, Work Opportunity Credit,
- **Form 8844**, Empowerment Zone Employment Credit,
- **Form 8845**, Indian Employment Credit, and
- **Form 8861**, Welfare-to-Work Credit.

Count the cost of boarding farm labor but not the value of any products they used from the farm. Count only what you paid household help to care for farm laborers.

If you provided taxable fringe benefits to your employees, such as personal use of a car, do not include in farm labor the amounts you depreciated or deducted elsewhere.

Line 25

Enter your deduction for contributions to employee pension, profit-sharing, or annuity plans. If the plan included you as a self-employed person, see the instructions for Schedule C, line 19, on page C-4.

Lines 26a and 26b

If you rented or leased vehicles, machinery, or equipment, enter on line 26a the business portion of your rental cost. But if you leased a vehicle for a term of 30 days or more, you may have to reduce your deduction by an **inclusion amount**. For details, see the instructions for Schedule C, lines 20a and 20b, on page C-4.

Enter on line 26b amounts paid to rent or lease other property such as pasture or farm land.

Line 27

Enter amounts you paid for repairs and maintenance of farm buildings, machinery, and equipment. You can also include what you paid for tools of short life or minimal cost, such as shovels and rakes.

Do not deduct repairs or maintenance on your home.

Line 31

You can deduct the following taxes on this line.

- Real estate and personal property taxes on farm business assets.
- Social security and Medicare taxes you paid to match what you are required to withhold from farm employees' wages and any Federal unemployment tax paid.
- Federal highway use tax.

Do not deduct the following taxes on this line.

- Federal income taxes, including your self-employment tax. However, you may deduct one-half of your self-employment tax on Form 1040, line 27.
- Estate and gift taxes.
- Taxes assessed for improvements, such as paving and sewers.
- Taxes on your home or personal use property.
- State and local sales taxes on property purchased for use in your farm business. Instead, treat these taxes as part of the cost of the property.
- Other taxes not related to your farm business.

Line 32

Enter amounts you paid for gas, electricity, water, etc., for business use on the farm. Do not include personal utilities. You cannot deduct the base rate (including taxes) of the first telephone line into your residence, even if you use it for business. See the instructions for Schedule C, line 25, on page C-5.

Lines 34a Through 34f

Include all ordinary and necessary farm expenses not deducted elsewhere on Schedule F, such as advertising, office supplies, etc. **Do not** include fines or penalties paid to a government for violating any law.

Amortization. You can amortize qualifying forestation and reforestation costs over 84 months. You can also amortize certain business startup costs over a period of at least 60 months. For details, see **Pub. 535**. For amortization that begins in 2001, you must complete and attach **Form 4562**.

At-Risk Loss Deduction. Any loss from this activity that was not allowed as a deduction last year because of the at-risk rules is treated as a deduction allocable to this activity in 2001.

Bad Debts. See the instructions for Schedule C, line 9, on page C-3.

Business Use of Your Home. You may be able to deduct certain expenses for business use of your home, subject to limitations. Use the worksheet in **Pub. 587** to figure your allowable deduction. **Do not** use **Form 8829**.

Deduction for Clean-Fuel Vehicles and Clean-Fuel Vehicle Refueling Property. You may deduct part of the cost of qualified clean-fuel vehicle property used in your business and qualified clean-fuel vehicle refueling property. See **Pub. 535** for details.

Legal and Professional Fees. You can deduct on this line fees for tax advice related to your farm business and for preparation of the tax forms related to your farm business.

Travel, Meals, and Entertainment. Generally, you can deduct expenses for farm business travel and 50% of your business meals and entertainment. But there are exceptions and limitations. See the instructions for Schedule C, lines 24a through 24c, on page C-5.

Preproductive Period Expenses. If you had preproductive period expenses in 2001 and you decided to capitalize them, you **must** enter the total of these expenses in parentheses on line 34f and enter "263A" in the space to the left of the total.

If you entered an amount in parentheses on line 34f because you have preproductive period expenses you are capitalizing, subtract the amount on line 34f from the total of lines 12 through 34e. Enter the result on line 35.

For details, see **Capitalizing Costs of Property** on page F-3 and **Pub. 225**.

Line 36

If you have a loss, the amount of loss you can deduct this year may be limited. Go on to line 37 before entering your loss on line 36. If you checked the "No" box on line E on Schedule F, also see the Instructions for Form 8582. Enter the net profit or **deductible** loss here and on Form 1040, line 18, and Schedule SE, line 1. Estates and trusts should enter the net profit or deductible loss here and on **Form 1041**, line 6. Partnerships should stop here and enter the profit or loss on this line and on **Form 1065**, line 5 (or **Form 1065-B**, line 7).

If you have a net profit on line 36, this amount is earned income and may qualify you for the earned income credit if you meet certain conditions. See the instructions for Form 1040, lines 61a and 61b, for details.

Line 37

At-Risk Rules. Generally, if you have (a) a loss from a farming activity and (b) amounts in the activity for which you are **not at risk**, you will have to complete **Form 6198** to figure your allowable loss. The at-risk rules generally limit the amount of loss (including loss on the disposition of assets) you can claim to the amount you could actually lose in the activity.

Check **box 37b** if you have amounts for which you are not at risk in this activity, such as the following.

- Nonrecourse loans used to finance the activity, to acquire property used in the activity, or to acquire the activity that are not secured by your own property (other than property used in the activity). However, there is an exception for certain nonrecourse financing borrowed by you in connection with holding real property.

- Cash, property, or borrowed amounts used in the activity (or contributed to the activity, or used to acquire the activity) that are protected against loss by a guarantee, stop-loss agreement, or other similar arrangement (excluding casualty insurance and insurance against tort liability).

- Amounts borrowed for use in the activity from a person who has an interest in the activity, other than as a creditor, or who is related under Internal Revenue Code section 465(b)(3) to a person (other than you) having such an interest.

If all amounts are at risk in this business, check **box 37a** and enter your loss on line 36. But if you checked the "No" box on line E, you may need to complete **Form 8582** to figure your allowable loss to enter on line 36. See the Instructions for Form 8582.

If you checked **box 37b**, see Form 6198 to determine the amount of your deductible loss and enter that amount on line 36. But

if you checked the "No" box on line E, your loss may be further limited. See the Instructions for Form 8582. If your at-risk amount is zero or less, enter zero on line 36. Be sure to attach Form 6198 to your return. If you checked box 37b and you do not attach Form 6198, the processing of your tax return may be delayed.

Any loss from this activity not allowed for 2001 because of the at-risk rules is treated as a deduction allocable to the activity in 2002.

For details, see **Pub. 925** and the Instructions for Form 6198.

Part III. Farm Income—Accrual Method

If you use the accrual method, report farm income when you earn it, not when you receive it. Generally, you must include animals and crops in your inventory if you use this method. See **Pub. 538** for exceptions, inventory methods, how to change methods of accounting, and for rules that require certain costs to be capitalized or included in inventory.

Line 38

Enter the amount earned from the sale of livestock, produce, grains, and other products you raised.

Lines 39a Through 41c

See the instructions for lines 5a through 7c that begin on page F-2.

Line 44

See the instructions for line 10 on page F-3.

2001 Instructions for Schedule R (Form 1040)

Credit for the Elderly or the Disabled

Use Schedule R to figure the credit for the elderly or the disabled.
Additional Information. See **Pub. 524** for more details.

Who Can Take the Credit

The credit is based on your filing status, age, and income. If you are married filing a joint return, it is also based on your spouse's age and income.

You may be able to take this credit if **either** of the following applies.

- You were **age 65 or older** at the end of 2001 **or**
- You were **under age 65** at the end of 2001 and you meet **all three** of the following.

1. You were **permanently and totally disabled** on the date you retired. If you retired before 1977, you must have been permanently and totally disabled on January 1, 1976, or January 1, 1977.

2. You received taxable disability income for 2001.

3. On January 1, 2001, you had not reached mandatory retirement age (the age when your employer's retirement program would have required you to retire).

For the definition of permanent and total disability, see **What Is Permanent and Total Disability?** on page R-2. Also, see the instructions for Part II.

Married Persons Filing Separate Returns

If your filing status is married filing separately and you lived with your spouse at any time during 2001, you **cannot** take the credit.

Nonresident Aliens

If you were a nonresident alien at any time during 2001, you may be able to take the credit only if your filing status is married filing a joint return.

Income Limits

See the chart below.

Want the IRS To Figure Your Credit?

If you can take the credit and you want us to figure it for you, check the box in Part I of Schedule R for your filing status and age. Fill in Part II and lines 11 and 13 of Part III if they apply to you. Then, enter "CFE" on the dotted line next to line 45 on Form 1040 and attach Schedule R to your return.

Income Limits for the Credit for the Elderly or the Disabled

IF you are . . .	THEN you generally cannot take the credit if:	
	The amount on Form 1040, line 34, is . . .	Or you received . . .
Single, head of household, or qualifying widow(er)	\$17,500 or more	\$5,000 or more of nontaxable social security or other nontaxable pensions
Married filing a joint return and only one spouse is eligible for the credit	\$20,000 or more	\$5,000 or more of nontaxable social security or other nontaxable pensions
Married filing a joint return and both spouses are eligible for the credit	\$25,000 or more	\$7,500 or more of nontaxable social security or other nontaxable pensions
Married filing a separate return and you lived apart from your spouse for all of 2001	\$12,500 or more	\$3,750 or more of nontaxable social security or other nontaxable pensions

What Is Permanent and Total Disability?

A person is **permanently and totally disabled** if **both 1 and 2** below apply.

1. He or she cannot engage in any substantial gainful activity because of a physical or mental condition and
2. A physician determines that the condition has lasted or can be expected to last continuously for at least a year or can lead to death.

Examples 1 and 2 on this page show situations in which the individuals are considered engaged in a substantial gainful activity. Example 3 shows a person who might not be considered engaged in a substantial gainful activity. In each example, the person was under age 65 at the end of the year.

Example 1. Sue retired on disability as a sales clerk. She now works as a full-time babysitter at the minimum wage. Although she does different work, Sue babysits on ordinary terms for the minimum wage. She cannot take the credit because she is engaged in a substantial gainful activity.

Example 2. Mary, the president of XYZ Corporation, retired on disability because of her terminal illness. On her doctor's advice, she works part time as a manager and is paid more than the minimum wage. Her employer sets her days and hours. Although Mary's illness is terminal and she works part time, the work is done at her employer's convenience. Mary is considered engaged in a substantial gainful activity and cannot take the credit.

Example 3. John, who retired on disability, took a job with a former employer on a trial basis. The purpose of the job was to see if John could do the work. The trial period lasted for some time during which John was paid at a rate equal to the minimum wage. But because of John's disability, he was given only light duties of a nonproductive, make-work nature. Unless the activity is both substantial and gainful, John is not engaged in a substantial gainful activity. The activity was gainful because John was paid at a rate at or above the minimum wage. However, the activity was not substantial because the duties were of a nonproductive, make-work nature. More facts are needed to determine if John is able to engage in a substantial gainful activity.

Disability Income

Generally, disability income is the total amount you were paid under your employer's accident and health plan or pension plan that is included in your income as wages or payments instead of wages for the time you were absent from work because of permanent and total disability. However, any payment you received from a plan that does not provide for disability retirement is not disability income.

In figuring the credit, disability income **does not** include any amount you received from your employer's pension plan after you have reached mandatory retirement age.

For more details on disability income, see **Pub. 525**.

Part II. Statement of Permanent and Total Disability

If you checked box 2, 4, 5, 6, or 9 in Part I and you did not file a physician's statement for 1983 or an earlier year, or you filed or got a statement for tax years after 1983 and your physician signed on line A of the statement, you must have your physician complete a statement certifying that:

- You were permanently and totally disabled on the date you retired or
- If you retired before 1977, you were permanently and totally disabled on January 1, 1976, or January 1, 1977.

You do not have to file this statement with your Form 1040. But you **must** keep it for your records. You may use the physician's statement on page R-4 for this purpose. Your physician should show on the statement if the disability has lasted or can be expected to last continuously for at least a year, or if there is no reasonable probability that the disabled condition will ever improve. If you file a joint return and you checked box 5 in Part I, you and your spouse must each get a statement.

If you filed a physician's statement for 1983 or an earlier year, or you filed or got a statement for tax years after 1983 and your physician signed on line B of the statement, you do not have to get another statement for 2001. But you must check the box on line 2 in Part II to certify **all three** of the following:

1. You filed or got a physician's statement in an earlier year.
2. You were permanently and totally disabled during 2001.
3. You were unable to engage in any substantial gainful activity during 2001 because of your physical or mental condition.

If you checked box 4, 5, or 6 in Part I, enter in the space above the box on line 2 in Part II the first name(s) of the spouse(s) for whom the box is checked.

If the Department of Veterans Affairs (VA) certifies that you are permanently and totally disabled, you can use **VA Form 21-0172** instead of the physician's statement. VA Form 21-0172 must be signed by a person authorized by the VA to do so. You can get this form from your local VA regional office.

Part III. Figure Your Credit

Line 11

If you checked box 2, 4, 5, 6, or 9 in Part I, use the following chart to complete line 11.

IF you checked . . .	THEN enter on line 11. . .
Box 6	The total of \$5,000 plus the disability income you reported on Form 1040 for the spouse who was under age 65.
Box 2, 4, or 9	The total amount of disability income you reported on Form 1040.
Box 5	The total amount of disability income you reported on Form 1040 for both you and your spouse.

Example 1. Bill, age 63, retired on permanent and total disability in 2001. He received \$4,000 of taxable disability income that he reported on Form 1040, line 7. He filed a joint return with his wife who was age 67 in 2001. On line 11, Bill enters \$9,000 (\$5,000 plus the \$4,000 of disability income reported on Form 1040).

Example 2. John checked box 2 in Part I and enters \$5,000 on line 10. He received \$3,000 of taxable disability income, which he enters on line 11. John also enters \$3,000 on line 12 (the smaller of line 10 or line 11). The largest amount he can use to figure the credit is \$3,000.

Lines 13a Through 18

The amount on which you figure your credit may be reduced if you received certain types of nontaxable pensions and annuities. The amount may also be reduced if your adjusted gross income is over a certain amount, depending on which box you checked in Part I.

Line 13a. Enter any social security benefits (before deduction of Medicare premiums) you (and your spouse if filing a joint return) received for 2001 that are not taxable. Also, enter any tier 1 railroad retirement benefits treated as social security that are not taxable.

If any of your social security or equivalent railroad retirement benefits are taxable, the amount to enter on this line is generally the difference between the amounts entered on Form 1040, line 20a and line 20b.

Note. If your social security or equivalent railroad retirement benefits are reduced because of workers' compensation benefits, treat the workers' compensation benefits as social security benefits when completing Schedule R, line 13a.

Line 13b. Enter the total of the following types of income that you (and your spouse if filing a joint return) received for 2001.

- Veterans' pensions (but not military disability pensions).
- Any other pension, annuity, or disability benefit that is excluded from income under any provision of Federal law other

than the Internal Revenue Code. **Do not** include amounts that are treated as a return of your cost of a pension or annuity.

Do not include on line 13b any pension, annuity, or similar allowance for personal injuries or sickness resulting from active service in the armed forces of any country, or in the National Oceanic and Atmospheric Administration or the Public Health Service. Also, do not include a disability annuity payable under section 808 of the Foreign Service Act of 1980.

Line 20

Use the worksheet below to figure the credit you may take if **either 1 or 2** below apply.

1. The amount on line 20 is more than the amount on Form 1040, line 42, minus any amount on Form 1040, line 43, **or**

2. You are claiming the credit for child and dependent care expenses on Form 1040, line 44.

If **neither 1 nor 2** above apply to you, enter on Form 1040, line 45, the amount from Schedule R, line 20.

Credit Limit Worksheet—Line 20 *Keep for Your Records*

1. Enter the amount from Form 1040, line 42 **1.** _____
2. Enter the total, if any, of the amounts on lines 43 and 44 of Form 1040 **2.** _____
3. Subtract line 2 from line 1 **3.** _____
4. Enter the credit you first figured on Schedule R, line 20 **4.** _____
5. Enter the **smaller** of line 3 or line 4 here and on Form 1040, line 45. If line 3 is the smaller amount, also replace the amount on Schedule R, line 20, with that amount **5.** _____

2001 Instructions for Schedule SE, Self-Employment Tax

General Instructions

A Change To Note

For 2001, the maximum amount of self-employment income subject to social security tax is \$80,400.

Who Must File Schedule SE

You must file Schedule SE if:

1. Your net earnings from self-employment (see page SE-2) from other than church employee income were \$400 or more or
2. You had church employee income of \$108.28 or more—see **Employees of Churches and Church Organizations** below.

Who Must Pay Self-Employment (SE) Tax?

Self-Employed Persons

You must pay SE tax if you had net earnings of \$400 or more as a self-employed person. If you are in business for yourself or you are a farmer, you are self-employed.

You must also pay SE tax on your share of certain partnership income and your guaranteed payments. See **Partnership Income or Loss** on page SE-2.

Employees of Churches and Church Organizations

If you had church employee income of \$108.28 or more, you must pay SE tax. **Church employee income** is wages you received as an employee (other than as a minister or member of a religious order) from a church or qualified church-controlled organization that has a certificate in effect electing an exemption from employer social security and Medicare taxes.

Ministers and Members of Religious Orders

In most cases, you must pay SE tax on salaries and other income for services you performed as a minister, a member of a

religious order who has not taken a vow of poverty, or a Christian Science practitioner. But if you filed **Form 4361** and received IRS approval, you will be exempt from paying SE tax on those net earnings. If you had no other income subject to SE tax, write “Exempt—Form 4361” on line 53 of Form 1040. However, if you had other earnings of \$400 or more subject to SE tax, see line A at the top of Long Schedule SE.

Additional Information. See **Pub. 533**.

religious order who has not taken a vow of poverty, or a Christian Science practitioner. But if you filed **Form 4361** and received IRS approval, you will be exempt from paying SE tax on those net earnings. If you had no other income subject to SE tax, write “Exempt—Form 4361” on line 53 of Form 1040. However, if you had other earnings of \$400 or more subject to SE tax, see line A at the top of Long Schedule SE.

Revocation of Election. If you previously filed Form 4361 and received IRS approval, you can revoke that election to be exempt from SE tax. To do so, you must file **Form 2031** by the due date (including extensions) of your 2001 tax return. See Form 2031 for details.

Note. Once you file Form 2031 to elect social security coverage on your earnings as a minister you cannot revoke that election.

If you must pay SE tax, include this income on line 2 of either Short or Long Schedule SE. But do not report it on line 5a of Long Schedule SE; it is not considered church employee income. Also, include on line 2:

- The rental value of a home or an allowance for a home furnished to you (including payments for utilities) and
 - The value of meals and lodging provided to you, your spouse, and your dependents for your employer’s convenience.
- However, **do not** include on line 2:
- Retirement benefits you received from a church plan after retirement or
 - The rental value of a home or an allowance for a home furnished to you (including payments for utilities) after retirement.

If you were a duly ordained minister who was an employee of a church and you must pay SE tax, the unreimbursed business expenses that you incurred as a church employee are allowed only as an itemized deduction for income tax purposes. Subtract the allowable amount from your SE earnings when figuring your SE tax.

If you were a U.S. citizen or resident alien serving outside the United States as a minister or member of a religious order and you must pay SE tax, you may not reduce your net earnings by the foreign housing exclusion or deduction.

See **Pub. 517** for details.

Members of Certain Religious Sects

If you have conscientious objections to social security insurance because of your membership in and belief in the teachings of a religious sect recognized as being in existence at all times since December 31, 1950, and which has provided a reasonable level of living for its dependent members, you are exempt from SE tax if you received IRS approval by filing **Form 4029**. In this case, do not file Schedule SE. Instead, write “Exempt—Form 4029” on Form 1040, line 53. See **Pub. 517** for details.

U.S. Citizens Employed by Foreign Governments or International Organizations

You must pay SE tax on income you earned as a U.S. citizen employed by a foreign government (or, in certain cases, by a wholly owned instrumentality of a foreign government or an international organization under the International Organizations Immunities Act) for services performed in the United States, Puerto Rico, Guam, American Samoa, the Commonwealth of the Northern Mariana Islands (CNMI), or the Virgin Islands. Report income from this employment on Schedule SE (Section A or B), line 2. If you performed services elsewhere as an employee of a foreign government or an international organization, those earnings are exempt from SE tax.

U.S. Citizens or Resident Aliens Living Outside the United States

If you are a self-employed U.S. citizen or resident alien living outside the United States, in most cases you must pay SE tax. You may not reduce your foreign earnings from self-employment by your foreign earned income exclusion.

Exception. The United States has social security agreements with many countries to eliminate dual taxes under two social security systems. Under these agreements, you must generally pay social security and Medicare taxes to only the country you live in.

The United States now has social security agreements with the following countries: Austria, Belgium, Canada, Chile, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Norway, Portugal, South Korea, Spain, Sweden, Switzerland, and the United Kingdom. Additional agreements are expected in the future. If you have questions about international social security agreements, you can:

- Visit the Social Security Administration (SSA) Web Site at www.ssa.gov/international,

- Call the SSA Office of International Programs at (410) 965-3548 or (410) 965-3554, or

- Write to Social Security Administration, Office of International Programs, P.O. Box 17741, Baltimore, MD 21235-7741.

More Than One Business

If you were a farmer and had at least one other business or you had two or more businesses, your net earnings from self-employment are the combined net earnings from all of your businesses. If you had a loss in one business, it reduces the income from another. Figure the combined SE tax on one Schedule SE.

Joint Returns

Show the name of the spouse with SE income on Schedule SE. If both spouses have SE income, each must file a separate Schedule SE. However, if one spouse qualifies to use Short Schedule SE and the other has to use Long Schedule SE, both can use the **same** form. One spouse should complete the front and the other the back.

Include the total profits or losses from all businesses on Form 1040, as appropriate. Enter the combined SE tax on Form 1040, line 53.

Community Income

In most cases, if any of the income from a business (including farming) is community income, all of the income from that business is SE earnings of the spouse who carried on the business. The facts in each case will determine which spouse carried on the business. If you and your spouse are partners in a partnership, see **Partnership Income or Loss** below.

If you and your spouse had community income and file separate returns, attach Schedule SE to the return of the spouse with the SE income. Also, attach Schedule(s) C, C-EZ, or F to the return of each spouse.

If you are the spouse who carried on the business, you must include on line 3, Schedule SE, the net profit or (loss) reported on the other spouse's Schedule C, C-EZ, or F (except income not included in net earnings from self-employment as explained on page SE-3). Enter on the dotted line to the left of line 3, Schedule SE, "Community Income Taxed to Spouse" and the amount of any net profit or (loss) allocated to your spouse as community income. Combine that amount with the total of lines 1 and 2 and enter the result on line 3.

If you are not the spouse who carried on the business and you had no other income subject to SE tax, enter "Exempt Community Income" on Form 1040, line 53; **do not** file Schedule SE. However, if you had other earnings subject to SE tax of \$400 or more, enter on the dotted line to the left of line 3, Schedule SE, "Exempt Community Income" and the amount of the net profit or (loss) from Schedule C, C-EZ, or F allocated to you as community income. If that amount is a net profit, subtract it from the total of lines 1 and 2, and enter the result on line 3. If that amount is a loss, treat it as a positive amount, add it to the total of lines 1 and 2, and enter the result on line 3.

Community income included on Schedule(s) C, C-EZ, or F must be divided for income tax purposes on the basis of the community property laws.

Fiscal Year Filers

If your tax year is a fiscal year, use the tax rate and earnings base that apply at the time the fiscal year begins. Do not prorate the tax or earnings base for a fiscal year that overlaps the date of a rate or earnings base change.

Specific Instructions

Read the chart on page 1 of Schedule SE to see if you can use **Section A**, Short Schedule SE, or if you must use **Section B**, Long Schedule SE. For either section, you need to know what to include as net earnings from self-employment. Read the following instructions to see what to include as net earnings and how to fill in lines 1 and 2 of either Short or Long Schedule SE. Enter all negative amounts in parentheses.

Net Earnings From Self-Employment

What Is Included in Net SE Earnings?

In most cases, net earnings include your net profit from a farm or nonfarm business. If you were a partner in a partnership, see the following instructions.

Partnership Income or Loss

If you were a general or limited partner in a partnership, include on line 1 or line 2, whichever applies, the amount from line 15a of Schedule K-1 (Form 1065) or the amount identified as net earnings from self-employment in box 9 of Schedule K-1 (Form 1065-B). General partners should reduce this amount before entering it on Schedule SE by any section 179 expense deduction claimed, unreimbursed partnership expenses claimed, and depletion claimed on oil and gas properties. If you reduce the amount you enter on Schedule SE, attach an explanation.

If a partner died and the partnership continued, include in SE income the deceased's distributive share of the partnership's ordinary income or loss through the end of the month in which he or she died. See Internal Revenue Code section 1402(f).

If you were married and both you and your spouse were partners in a partnership, each of you must pay SE tax on your own share of the partnership income. Each of you must file a Schedule SE and report the partnership income or loss on **Schedule E** (Form 1040), Part II, for income tax purposes.

SE income belongs to the person who is the member of the partnership and cannot be treated as SE income by the nonmember spouse even in community property states.

Share Farming

You are considered self-employed if you produced crops or livestock on someone else's land for a share of the crops or livestock produced (or a share of the proceeds from the sale of them). This applies even if you paid another person (an agent) to do the actual work or management for you. Report your net earnings for income tax purposes on **Schedule F** (Form 1040) and for SE tax purposes on Schedule SE. See **Pub. 225** for details.

Other Income and Losses Included in Net Earnings From Self-Employment

- Rental income from a farm if, as landlord, you materially participated in the production or management of the production of farm products on this land. This income is

farm earnings. To determine whether you materially participated in farm management or production, do not consider the activities of any agent who acted for you. The material participation tests are explained in Pub. 225.

- Cash or a payment-in-kind from the Department of Agriculture for participating in a land diversion program.

- Payments for the use of rooms or other space when you also provided substantial services. Examples are hotel rooms, boarding houses, tourist camps or homes, parking lots, warehouses, and storage garages.

- Income from the retail sale of newspapers and magazines if you were age 18 or older and kept the profits.

- Amounts received by current or former self-employed insurance agents and salespersons that are:

1. Paid after retirement but figured as a percentage of commissions received from the paying company before retirement,

2. Renewal commissions, or

3. Deferred commissions paid after retirement for sales made before retirement.

However, certain termination payments received by former insurance salespersons are not included in net earnings from self-employment (as explained below under **Income and Losses Not Included in Net Earnings From Self-Employment**).

- Income of certain crew members of fishing vessels with crews of normally fewer than 10 people. See **Pub. 595** for details.

- Fees as a state or local government employee if you were paid only on a fee basis and the job was not covered under a Federal-state social security coverage agreement.

- Interest received in the course of any trade or business, such as interest on notes or accounts receivable.

- Fees and other payments received by you for services as a director of a corporation.

- Recapture amounts under sections 179 and 280F that you included in gross income because the business use of the property dropped to 50% or less. Do not include amounts you recaptured on the disposition of property. See **Form 4797**.

- Fees you received as a professional fiduciary. This may also apply to fees paid to you as a nonprofessional fiduciary if the fees relate to active participation in the operation of the estate's business, or the management of an estate that required extensive management activities over a long period of time.

- Gain or loss from section 1256 contracts or related property by an options or commodities dealer in the normal course of dealing in or trading section 1256 contracts.

Income and Losses Not Included in Net Earnings From Self-Employment

- Salaries, fees, etc., subject to social security or Medicare tax that you received for performing services as an employee, including services performed as a public official (except as a fee basis government employee as explained earlier under **Other Income and Losses Included in Net Earnings From Self-Employment**) or as an employee or employee representative under the railroad retirement system.

- Fees received for services performed as a notary public. If you had no other income subject to SE tax, enter "Exempt-Notary" on Form 1040, line 53. However, if you had other earnings of \$400 or more subject to SE tax, enter "Exempt-Notary" and the amount of your net profit as a notary public from Schedule C or Schedule C-EZ on the dotted line to the left of line 3, Schedule SE. Subtract that amount from the total of lines 1 and 2 and enter the result on line 3.

- Income you received as a retired partner under a written partnership plan that provides for lifelong periodic retirement payments if you had no other interest in the partnership and did not perform services for it during the year.

- Income from real estate rentals if you did not receive the income in the course of a trade or business as a real estate dealer. Report this income on Schedule E.

- Income from farm rentals (including rentals paid in crop shares) if, as landlord, you did not materially participate in the production or management of the production of farm products on the land. See Pub. 225 for details.

- Dividends on shares of stock and interest on bonds, notes, etc., if you did not receive the income in the course of your trade or business as a dealer in stocks or securities.

- Gain or loss from:

1. The sale or exchange of a capital asset;

2. The sale, exchange, involuntary conversion, or other disposition of property unless the property is stock in trade or other property that would be includible in inventory, or held primarily for sale to customers in the ordinary course of the business; or

3. Certain transactions in timber, coal, or domestic iron ore.

- Net operating losses from other years.

- Termination payments you received as a former insurance salesperson if **all** of the following conditions are met.

1. The payment was received from an insurance company because of services you performed as an insurance salesperson for the company.

2. The payment was received after termination of your agreement to perform services for the company.

3. You did not perform any services for the company after termination and before the end of the year in which you received the payment.

4. You entered into a covenant not to compete against the company for at least a 1-year period beginning on the date of termination.

5. The amount of the payment depended primarily on policies sold by or credited to your account during the last year of the agreement, or the extent to which those policies remain in force for some period after termination, or both.

6. The amount of the payment did not depend to any extent on length of service or overall earnings from services performed for the company (regardless of whether eligibility for the payment depended on length of service).

Statutory Employee Income

If you were required to check the box on line 1 of Schedule C or C-EZ because you were a statutory employee, **do not** include the net profit or (loss) from line 31 of that Schedule C (or the net profit from line 3 of Schedule C-EZ) on line 2 of Short or Long Schedule SE. But if you file Long Schedule SE, be sure to include statutory employee social security wages and tips from Form W-2 on line 8a.

Optional Methods

How Can the Optional Methods Help You?

Social Security Coverage. The optional methods may give you credit toward your social security coverage even though you have a loss or a small amount of income from self-employment.

Earned Income Credit. Using the optional methods may qualify you to claim the earned income credit or give you a larger credit if your net SE earnings (determined without using the optional methods) are less than \$1,600. Figure the earned income credit with and without using the optional methods to see if the optional methods will benefit you.

Additional Child Tax Credit. Using the optional methods may qualify you to claim the additional child tax credit or give you a larger credit if your net SE earnings (determined without using the optional methods) are less than \$1,600. Figure the additional child tax credit with and without using the optional methods to see if the optional methods will benefit you.

Child and Dependent Care Credit. The optional methods may also help you qualify for this credit or give you a larger credit if your net SE earnings (determined without using the optional methods) are less than \$1,600. Figure this credit with and without using the optional methods to see if the optional methods will benefit you.

Note. Using the optional methods may give you the benefits described above but they may also increase your SE tax.

Farm Optional Method

You may use this method to figure your net earnings from farm self-employment if your gross farm income was \$2,400 or less or your net farm profits (defined below) were less than \$1,733. There is no limit on how many years you can use this method.

Under this method, you report on line 15, Part II, two-thirds of your gross farm income, up to \$1,600, as your net earnings. This method can increase or decrease your net SE farm earnings even if the farming business had a loss.

You may change the method after you file your return. That is, you can change from the regular to the optional method or from the optional to the regular method. To do this, file **Form 1040X**.

For a farm partnership, figure your share of gross income based on the partnership agreement. With guaranteed payments, your share of the partnership's gross income is your guaranteed payments plus your share of the gross income after it is reduced by all guaranteed payments made by the partnership. If you were a limited partner, include only guaranteed payments for services you actually rendered to or on behalf of the partnership.

Net farm profits is the total of the amounts from Schedule F (Form 1040), line 36, and Schedule K-1 (Form 1065), line 15a, from farm partnerships.

Nonfarm Optional Method

You may be able to use this method to figure your net earnings from nonfarm self-employment if your net nonfarm profits (defined below) were less than \$1,733 and also less than 72.189% of your gross nonfarm income. To use this method, you also must be regularly self-employed. You meet this requirement if your actual net earnings from self-employment were \$400 or more in 2 of the 3 years preceding the year you use the nonfarm method. The net earnings of \$400 or more could be from either farm or nonfarm earnings or both. The net earnings include your distributive share of partnership income or loss subject to SE tax. Use of the nonfarm optional method from nonfarm self-employment is limited to 5 years. The 5 years do not have to be consecutive.

Under this method, you report on line 17, Part II, two-thirds of your gross nonfarm income, up to \$1,600, as your net earnings. **But you may not report less than your actual net earnings** from nonfarm self-employment.

You may change the method after you file your return. That is, you can change from the regular to the optional method or from the optional to the regular method. To do so, file Form 1040X.

Figure your share of gross income from a nonfarm partnership in the same manner as a farm partnership. See **Farm Optional Method** on this page for details.

Net nonfarm profits is the total of the amounts from Schedule C (Form 1040), line 31 (or Schedule C-EZ (Form 1040), line 3), Schedule K-1 (Form 1065), line 15a (from other than farm partnerships), and Schedule K-1 (Form 1065-B), box 9.

Using Both Optional Methods

If you can use both methods, you may report less than your total actual net earnings from farm and nonfarm self-employment, but you **cannot** report less than your actual net earnings from nonfarm self-employment alone.

If you use both methods to figure net earnings, you **cannot** report more than \$1,600 of net SE earnings.

On or before the first Monday in February of each year, the President is required by law to submit to the Congress a budget proposal for the fiscal year that begins the following October. The budget plan sets forth the President's proposed receipts, spending, and the surplus or deficit for the Federal Government. The plan includes recommendations for new legislation as well as recommendations to change, eliminate, and add programs. After receiving the President's proposal, the Congress reviews it and makes changes. It first passes a budget resolution setting its own targets for receipts, outlays, and the surplus or deficit. Next, individual spending and revenue bills that are consistent with the goals of the budget resolution are enacted.

In fiscal year 2000 (which began on October 1, 1999, and ended on September 30, 2000), Federal income was \$2,025 billion and outlays were \$1,789 billion, leaving a surplus of \$236 billion.

Footnotes for Certain Federal Outlays

1. Social security, Medicare, and other retirement: These programs provide income support for the retired and disabled and medical care for the elderly.

2. National defense, veterans, and foreign affairs: About 14% of outlays were to equip, modernize, and pay our armed forces and to fund other national defense activities; about 2% were for veterans benefits and services; and about 1% were for international activities, including military and economic assistance to foreign countries and the maintenance of U.S. embassies abroad.

3. Physical, human, and community development: These outlays were for agriculture; natural resources; environment; transportation; aid for elementary and secondary education and direct assistance to college students; job training; deposit insurance, commerce and housing credit, and community development; and space, energy, and general science programs.

4. Social programs: About 11% of total outlays were for Medicaid, food stamps, temporary assistance for needy families, supplemental security income, and related programs; and 5% for health research and public health programs, unemployment compensation, assisted housing, and social services.

Note. The percentages on this page exclude undistributed offsetting receipts, which were \$43 billion in fiscal year 2000. In the budget, these receipts are offset against spending in figuring the outlay totals shown above. These receipts are for the U.S. Government's share of its employee retirement programs, rents and royalties on the Outer Continental Shelf, and proceeds from the sale of assets.
