

Lenape Baseball

Parents or Guardians,

This year I am excited to include some photos on the Schoolwire site of the Lenape baseball team in action. These pictures would be available to anyone that visits the site during the course of the season.

Currently, the Lenape baseball program has a volunteer that will travel with the team to take photographs. I would also like to encourage family and friends to share any pictures that they take during the games and I will attempt to include them on the site, as well.

In an attempt to ensure that the Lenape baseball program is complying with all privacy issues regarding our student body, I ask that every player and/or volunteer receive a parent/guardian signature indicating that they consent to the posting of game photos.

We are excited for the start of another fun and successful season!

Thank you for your attention to this matter.

Coach Mirabile

I consent to the use of game photos on the Lenape Schoolwire site with the understanding that my child's picture may be included in some of the pictures.
