## I understand that:

- The student is responsible for understanding when his or her choice of schedule will result in tuition charges. If the student enrolls for more high school and college credits than are identified in the Running Start State Funding Limit Table, the student is responsible for:
  - 1) paying all college tuition and fees associated with exceeding the college credits identified in the table; or
  - 2) withdrawing from the excess college or high school course(s).
- Student is required to pay any class/lab fees charged for college classes.
- Enrollment in specific college classes cannot be guaranteed – even if the classes are needed to fulfill district high school graduation requirements.
- If the student begins Running Start in winter or spring quarter, eligibility for the previous quarter(s) that year is forfeited.
- To add or withdraw from a course, the student must complete the college Add/Drop process by the college deadline and notify their high school counselor.
- The student is responsible for ensuring that college courses completed as part of the Running Start Program will meet high school graduation requirements.
- If the student plans to transfer, it is the student's responsibility to find out about admissions policies/deadlines and whether credits will transfer.
- The student gives permission for college staff to release his/her grades to the high school and to discuss various aspects of his/her program participation with the high school/district officials.

**I acknowledge that I have read, understand, and will comply with the conditions of Running Start participation and the expectations of college course enrollment.**
