Outline of Coverage

- I.** Read this outline of coverage carefully. An outline of coverage provides a very brief description of some important features of the BlueCare Dental PPO Rider. This outline of coverage is not the insurance rider and only the actual rider provisions will control. The rider itself sets forth, in detail, the rights and obligations of you, your provider and BCBSIL. It is, therefore, important that You **READ YOUR RIDER CAREFULLY!**
- II.** The rider is designed to provide you with coverage for diagnostic and preventive care, as well as almost every form of specialty dental treatment. If you are applying for this coverage in conjunction with individual health coverage and your application for health coverage has been denied, your application for coverage under the BlueCare Dental PPO Rider will also be denied.
- III.** **BENEFITS** – After applying for coverage and being approved for the coverage, you will receive a document called the BlueCare Dental PPO Rider. It will explain benefits summarized in this outline of coverage.

The member’s share of the cost is determined by whether care is received from an in-network or out-of-network dentist. The BlueCare Dental PPO Rider accesses providers in the preferred provider network.

Although you can go to any dentist of your choice, your benefits under BlueCare Dental PPO Rider will be greater when you use the services of an in-network dentist.
