April 1, 2011

Dear Parents:

For the past four years, Slidell High School has dedicated time and resources to create a successful freshman program to reduce failures, dropouts, and discipline problems in order to increase the success of our students and create a more positive atmosphere. In 2007, the 9<sup>th</sup> grade teachers researched why freshman failures often result in future dropouts. They learned that freshmen failures are not a result of lack of knowledge, but due to the overwhelming aspects of high school: new settings, bigger schools, the need for higher levels of organization, higher expectations, more freedom, and less hand holding. In order to accomplish their goal, teachers had to look at their students and acknowledge the times, cultures, and family dynamics have changed and with it our students' needs have changed.

Last year Slidell High added a new component to the Freshmen Academy to help ease transition and reduce freshmen failures: **TIGER SUMMER BRIDGE PROGRAM**. The program will run from Monday, July 18 till Thursday, July 21 from 9:00 a.m. to 12:30 p.m. The program is designed to increase study skills, math skills, and ELA skills incoming freshmen need to be more successful. In addition to academic skills, the students will also participate in social activities that will enhance their knowledge and familiarity of Slidell High, make friends, and ease feelings of uncertainty. Students who attend all four days will be entered into a drawing for prizes.

Your child is invited to fill one of the 90 available slots. There are 500 incoming freshmen, please reply by Friday, June 3, 2011 or your child's slot will be offered to another student. **REGISTER TODAY!
