About Topeka Lutheran School

Topeka Lutheran School is open to all families desiring a Christian education for their children. The programs at Topeka Lutheran School are well-balanced to promote each child's academic, social, emotional, physical, and spiritual development. Our elementary school offers a rich and varied curriculum based on the guidelines of the State of Kansas and the Lutheran Church-Missouri Synod. Topeka Lutheran School is accredited by the National Lutheran Schools and is fully accredited by the State of Kansas

Our Lutheran School system is an integral part of the educational system in Kansas as well as the entire U.S. Our elementary Lutheran schools date back to the 1830's when Lutheran congregations established Christian Day Schools for their children. The first of these schools is older than our public school system.

We are not in competition with the public school; rather, we work closely with the public schools and community. What makes our school unique is that we are convinced that Christian training is best done in the home, church, and school. In our school, Christ is the center of instruction in all our classes.

Topeka Lutheran School, located at 701 Roosevelt, has been in operation since 1874 for many years as St. John's Lutheran School, and since 1952 as **Topeka Lutheran School** serving K-8th grade families in addition to housing a half-day preschool.
