Section 5

Member Incapacity

Review the attached duty statement and physical requirements of the member's position prior to answering these questions.

To qualify for a disability retirement, the CalPERS member must be substantially incapacitated from the performance of the usual duties of his/her position with the current employer. This "substantial incapacity" must be due to a medical condition of permanent or extended and uncertain duration. Disability is not necessarily an inability to perform fully every function of a given position. Rather, the courts have concluded that the test is whether the member has a substantial inability to perform the usual and customary duties of the position.

Prophylactic restrictions are not a basis for a disability retirement.
