Please provide complete emergency contact information—name, address, city, state, zip, area code, best phone number(s), and email address.

By my signature below I certify that my responses on this form are complete, true, and accurate. I also understand that if I experience any changes in my health prior to my travel, that I will contact SHAC or my primary care provider immediately.

Patient Signature: _____ Date: _____

UNM Student Health & Counseling (SHAC)

SHAC Pre-Travel Information

for Travelers WITHOUT UNM ID (Traveling Companions & Adult Family Members)

Not Associated With UNM-Sponsored Programs or Study Abroad

- **If you do not have a UNM Net ID**, please bring your completed Travel Questionnaire form and your immunization records to your appointment. This information should be complete and accurate. Failure to disclose health problems may have serious medical consequences while abroad.
- Remember to bring your immunization records with you for verification. We will not be able to provide or complete a travel plan for you unless you bring your records matching what you have entered.
- You may want to check with your insurance company prior to your visit to see if you have any coverage for travel immunizations or medications.
- If you have forms that need to be completed prior to your travel, please bring them with you for your travel appointment.
- If a program requires a physical exam, laboratory studies, or specific medical documentation, please inform Reception Staff when making your appointment. Please be aware you may require more than one appointment.
- You should print a copy of these forms and the Pre-Travel Questionnaire to keep with your passport and travel documents in case of an emergency or to provide to a healthcare provider abroad.

Additional Tips and Reminders

- Failure to disclose health problems/concerns may have serious medical consequences while abroad. Discuss your health history candidly at your pre-travel appointment.
- UNM Student Health and Counseling (SHAC) or your primary care provider must be informed of any recent medical or special needs or change in health that occurs before the start of the trip.
