## Agreement to Participate (Prior to participation, this document must be signed by at least one parent).

Participation in swimming activities is reasonably safe as long as certain guidelines are followed. It is extremely important the child(ren) are healthy and physically fit in order to be prepared to participate safely. If the child(ren) have any condition that might prevent them from participating safely or if they have had any previous injuries or complications from physical activity and exertion, you are required to communicate that information to the leader of swim program prior to their participation. By voluntarily deciding to participate in this program, you are acknowledging that the child(ren) are both physically fit enough and skilled enough to train, practice, and participate in a safe and reasonable manner. If at any time you are uncertain of the child(ren) physical condition or health status, they should not participate until you have communicated that information to your program leader and they have been cleared to participate. Although the likelihood is minimized if you participate carefully, there is always the possibility of injury when there are extra demands on the muscles, bones, joints, and ligaments in a physically active environment. Injuries that can occur as a result of the child(ren) participating in this swim program include but are not necessarily limited to the following: muscle strains; joint dislocations; ligament and joint sprains; joint soreness; abrasions; contusions; stress fractures; broken bones; drowning; and head, neck, and spinal cord injuries involving paralysis and even death. However, if you exercise care for your own safety and the safety of other participants, the likelihood of such injuries can be greatly reduced. By signing this form, you are acknowledging that you know, understand, and appreciate the various risks associated with this swim program. Furthermore, you agree to accept and assume those risks inherent to this swim program. In addition, by signing this form, you know, understand, and agree to accept the cost of any injuries sustained while the child(ren) participate in this program, as well as agree to let your son/daughter be treated for the injury by the MSUB staff and/or taken to the hospital if the MSUB staff deems it necessary. Finally, by signing this form, you acknowledge all of your questions, if any, have been answered to your satisfaction.
