**REQUEST FOR WAIVER
OF THE
JUNE 26, 2008 DEADLINE FOR COMPLETION OF 800 MHZ REBANDING**

Pursuant to Section 1.925 (47 C.F.R. § 1.925) of the rules of the Federal Communications Commission (“Commission”) and the Commission’s *Public Notice*,¹ the above-referenced licensee (“Licensee”) requests a waiver of the Commission’s requirement for the Licensee to complete its 800 MHz rebanding by June 26, 2008.² The Licensee recognizes that the Commission has noted: “Requests for extension will be subject to a high level of scrutiny. Licensees will be expected to demonstrate that they have worked diligently and in good faith to complete rebanding expeditiously, and that the amount of additional time requested is no more than is reasonably necessary to complete the rebanding process.”³

Specifically, the Licensee requests until 8/27/2012 to complete its 800 MHz rebanding. The public interest would be served by granting the requested waiver because it would allow Licensee to reband its 800 MHz system in a reasonable, prudent and timely manner consistent with the goals of the 800 MHz rebanding program. In support of this Request for Waiver the Licensee provides the attached Waiver Request Information Form and the following explanation of the reason(s) for not completing
