Air Quality Permit Checklist

California State Law Code 65850.2 prohibits cities from issuing an occupancy permit to a business without clearance from the local air quality agency. This checklist will determine if you need to obtain clearance from the South Coast Air Quality Management District (AQMD).

Company Name: _____

Property Address: _____

City: _____ Zip Code: _____

Contact Person: _____ Title: _____

Type of Business: _____ Telephone: _____

Fax Number: _____ e-mail address: _____

Applicant (print name): _____ Signature: _____ Date: _____

- Will the facility have any of the following equipment? Yes No
 - Charbroiler
 - Dry cleaning machine
 - Spray booth
 - Printing press (screen/lithographic/flexographic)
 - Internal combustion engine greater than 50 HP (excluding motor vehicles)
 - Boiler/combustion equipment (greater than 1 million BTU/hr. maximum input)
 - Abrasive blasting cabinet/room
 - Baghouse/cartridge-type dust filter/scrubber
 - Motor fuel storage and dispensing equipment

- Will any of the following operations be performed? Yes No
 - Application of paints or adhesives
 - Etching, plating, casting, or melting of metals
 - Molding, extruding, or curing of plastics
 - Mixing and blending of liquids and/or powders
 - Storage of acids, solvents, organic liquids, or fuels
 - Production of fumes, dust, smoke, or strong odors

If you answered “No” to both questions, this checklist is your clearance from AQMD. If you answered “Yes” to either question, you must contact AQMD to determine if air quality permits are required. If permits are needed, AQMD will assist you in submitting permit application(s) and then provide you with a clearance letter. You can call AQMD at their Small Business Assistance Office at **1-800-CUT-SMOG (1-800-288-7664)**.

HAZARDOUS MATERIALS DISCLOSURE INFORMATION

**MANDATORY REPLY REQUIRED PRIOR TO ISSUANCE OF BUSINESS LICENSE
Complete and return to the Business License Division**

Business Name: _____ **Phone:** _____

Business Address: _____
Number Street Unit Zip Code

Owner/Manager: _____ **Date Business Will Start Operation:** _____

Description of Business: _____

The Hazardous Materials Disclosure Program (California Health and Safety Code, Section 25500-25519), was established to provide local emergency responders with information that can assist in responding to an emergency incident involving a hazardous material. Businesses subject to hazardous material disclosure must electronically report the type, quantity, and procedures used to control hazardous materials they use in their daily operations.

If your business has or uses hazardous materials equal to threshold you must electronically file a hazardous material disclosure. Typical thresholds are 55-gallons for liquids, 500 pounds for solids, and 200 cubic feet for gases, with exemptions in some specific areas. *Retail products do not apply to thresholds.*

Answer the following questions:

- | | YES | NO |
|---|--------------------------|--------------------------|
| My business has 55 gallons or more of a liquid hazardous material or hazardous waste . This is based on largest container size or cumulative of smaller containers (e.g., Eleven (11) 5-gallon containers of the same material). You may answer NO if the only material you have is virgin lubricating oil and you do not exceed five (5) drums (275 gallons), one drum per type of oil (e.g., various grades, ATF, etc.). If you generate used oil into a 55 gallon drum or larger, you must answer YES). | <input type="checkbox"/> | <input type="checkbox"/> |
| My business has compressed gas (or liquid/cryogenic equivalent) of 200 cubic feet or more (e.g., carbon dioxide, oxygen, propane). You may answer NO if you are a medical, dental, or veterinarian office and you store no more than 1,000 cubic feet of each nitrous oxide, nitrogen, or oxygen. You must answer YES if you are a food establishment and have carbonated beverage system with 1,000 cubic feet (13.5 gallons) of carbon dioxide in gas or liquid form. | <input type="checkbox"/> | <input type="checkbox"/> |
| My business has inert compressed gas (e.g., argon, nitrogen, helium) of 1,000 cubic feet or more. | <input type="checkbox"/> | <input type="checkbox"/> |
| My business has 500 pounds or more of a solid hazardous material or hazardous waste . | <input type="checkbox"/> | <input type="checkbox"/> |
| My business has extremely hazardous material or radioactive material in quantities that exceed threshold amounts listed in 40 CFR 355 or a hazardous material that could potentially pose a significant hazard to human health and safety, or the environment. | <input type="checkbox"/> | <input type="checkbox"/> |

By selecting YES for one or more of the above responses, hazardous material disclosure is required. See reverse for additional information.

I certify, under the penalty of perjury, that the above information is true and correct to the best of my knowledge.

Signature: _____ Title: _____ Date: _____

HUNTINGTON BEACH FIRE DEPARTMENT

IMPORTANT INFORMATION ABOUT HAZARDOUS MATERIAL DISCLOSURE

If you are subject to hazardous material disclosure there are important steps you need to take.

We encourage you to reduce your hazardous material inventory below disclosure amounts to avoid fees and inspections. However, if your business requires hazardous materials equal to or in excess of disclosure amounts, you must comply.

A Fire Department representative will contact you to verify the information you submitted for your Business License. If you are subject to this program, you will need to:

Disclose online,

Businesses must disclose on-line either through either (but not both):

- Orange County ESubmit portal (<https://www.esubmit.ocgov.com/home/>)
- California Environmental Reporting System (CERS) (<http://cers.calepa.ca.gov/>)

Business must disclose information on the following forms:

- | | |
|--|-------------------------|
| ○ Business Activities | ○ Chemical Description |
| ○ Business Owner/Operator Identification | ○ An Annotated Site Map |
| | ○ Emergency Plan. |

You are encouraged to proceed directly to either online disclosure system and begin the disclosure process. Failure to disclose is a violation and subject to significant fines and penalties.

- Annually review and certify** your online disclosure.
- Update** your Business Emergency Plan every three years.
- Pay an annual HMDP fee.** The fee is determined based on number and quantity of hazardous materials handled at your facility.
- Inform your landlord if you operate in a leased or rental property** that you are subject to hazardous material disclosure. These are done in writing and sample forms are available on our web site.
- Receive an inspection** by the Fire Department's Hazardous Materials Program Specialist, at a minimum of once every three years.

If you have question or are unsure whether you need to disclose please call (714) 536-5469 or (714) 536-5676. You can also obtain additional information on the City's website at www.surfcity-hb.org on the Fire Department page under the section Fire Prevention.
