Annual Graduate Student Evaluation Form and Progress Report

Department of Chemical Engineering Graduate Program

to be completed by the student at end of each fall semester and final semester

After completing Sections A-D, the student should submit this form electronically to the Research Advisor. After the advisor has included their comments on the form, a meeting should be scheduled to discuss all information on this form. During that meeting, Section E should be filled out, and both parties will sign. The student is responsible for getting signatures from the Committee. A copy of this form with all attachments should be submitted to the Graduate Academic Advisor.
