Thank you for your gift. As a 501(c)(3) non-profit organization, Church Innovations continuously seeks financial support to help us have the greatest impact for God's mission. As we discern new methods for growing and equipping the Church, we need the financial means to translate this learning into processes and tools that will benefit the Church. We also want to make our current processes and services available to congregations that may not be able to afford them.

Church Innovations is solely funded by research grants, sales of products and services, and individual donors and congregational partners who believe in our mission and vision. We are a member of the Oasis Network and the Missional Marketing Group.

Visit our on line store for a wide range of books, videos and music:
