| Major Issues for Participants | | |
|-------------------------------|---|--|
| # | Issue | Potential Resolution |
| 1 | If the course could have been extended for 2-3 days, it would have been more efficient / practical | Will survey membership to determine if willing to pay for longer sessions. |
| 2 | Good... Hopefully useful but I am finding it hard to believe that a client could ever understand this! Topic is complex and difficult to apply | Client understanding, starting with the regulatory agencies that will most probably insist on this is a topic of board discussion now. |

Comments:

- Microbiology samples would be helpful for application
- Good Job!
