

## Local Access+ HMO network guide

For small businesses with 2 to 50 eligible employees

Putting savings on the map!

# Local Access+ HMO network guide

To find out if Local Access+ HMO® is a good match for you, use this handy network comparison guide. It shows all the medical groups and IPAs in the covered areas compared with the full network Access+ HMO® medical groups and IPAs.

With Local Access+ HMO plans you and your employees can have all the same benefits of our Access+ HMO plans with a select network that now covers more of California. You can keep your employees covered, and get potential savings of **up to 12% off** comparable Blue Shield Access+ HMO plans.

As you may have heard, Local Access+ HMO is now available in all or a portion of 15 counties\* – covering more clients throughout the state – and now with full coverage in Orange County! The Local Access+ HMO service area\*† has grown to include counties in Northern, Southern, and Central California:

- Contra Costa County
- Kern County
- Los Angeles County
- Orange County
- Riverside County
- Sacramento County
- San Bernardino County
- San Diego County
- San Francisco County
- San Luis Obispo County
- San Mateo County
- Santa Clara County
- Santa Cruz County
- Ventura County
- Yolo County

\* Employees and all enrolled dependents must live or work in the Local Access+ HMO service area, which includes designated counties: portions of Contra Costa, Kern, Los Angeles, Riverside, Sacramento, San Bernardino, San Diego, San Mateo, and Ventura counties, as well as all of Orange, Santa Clara, Santa Cruz, San Francisco, San Luis Obispo, and Yolo counties. Please review the Benefit Summary Guide (A16609) for detailed information regarding the Local Access+ HMO service area.

† If you are an employer located in certain California counties whose eligible employees live or work in the Local Access+ HMO service area, you have the option of choosing the Local Access+ HMO plans or the Access+ HMO plans, but not both. One HMO plan option must be selected; both options are not available to combine. The Local Access+ HMO plans have the same benefits as our Access+ HMO plans.

**The chart below compares Local Access+ HMO with the full network Access+ HMO medical groups and IPAs\* for those counties.**
