Dear Mr. Doe:

Thank you for ABC Inc.'s recent investment supporting ASHRAE's *research program*. It is through financial leadership and support like yours that this program remains a successful and viable endeavor for its members, the public, and the HVAC&R industry.

Every dollar contributed towards *ASHRAE Research* is spent on research projects. At any given time there are 80 or more projects being conducted under the Society's guiding support. When projects are completed, their findings are then made available to the public and the HVAC&R industry through various ASHRAE publications.

Please accept this letter as acknowledgement of your contribution, received on January 1, 2009 in the amount of \$250.00. This generous donation is in support of Research.

You were not provided any goods or services required to be reported for this contribution.

Again, thank you for your financial support and industry leadership.

Sincerely,

ASHRAE
1791 Tullie Circle, NE
Atlanta, GA 30329

Dear :

The East Texas Chapter of ASHRAE would like to thank you for your recent contribution to our Research Fund Raiser. Because of your participation and support in this event, it was considered very successful. The event raised \$6,000 through sponsorship, team participation, silent auction, and door prize give-a-ways.

Last year ASHRAE Society raised over \$8 million dollars for Research. Of those funds over \$760,000 was granted to Universities in Region VIII for heating, refrigerating, and air-conditioning research focusing on indoor air quality and building sustainability. Region VIII includes East Texas Chapter within Texas, Oklahoma, Arkansas, Western Louisiana, and Mexico.

Fundamentally, ASHRAE members contribute Research funds through dues, fund raising events, and expositions. Unlike other charitable societies, ASHRAE commits 100% of its Research funds towards projects focusing on human comfort, health, and safety within their living and working environment. All work within a Chapter is voluntary, which does not require overhead; therefore, all of your contributions directly affect the success of these fund-raising events and applied research.

Again, thanks for helping ASHRAE Society maintain research funding for the HVAC industry proactive approach to human health, comfort, and safety.

Chapter Displays

Headquarters has table top displays available for Chapter use. These displays have three 20x34 panels and come in a carrying case that can be shipped as is. Displays can be requested for use at your Donor Recognition Night, RP Night, and Special Events.

Templates Available:

Regional Research Projects
YTD Donors
Foundation Display
“Green” Display
Consumer Center-IAQ
and...

pretty much anything else you can think of! We will help you design something new if we don't already have it available.

Printing the Displays:

All of the files we provide are saved as 10x17 documents and can be easily doubled to fit the 20x34 board. The printing can be done quickly and inexpensively at your local Kinko's or other print shop. In Atlanta, it costs about \$30 per page to have printed on plain white butcher paper.

Returning the Display:

We ask that all displays be returned as soon as your event is over so that we can have the display available for other Chapters to use. We include a prepaid FedEx shipping label to return your display to Headquarters. Simply affix the label to side of the case and drop it off at a FedEx location or have it picked up by a carrier, at your office for example.

These displays can be a great addition to your next RP Event!

Contact Candace DeVaughn at (404) 636-8400 ext. 1147 or cdevaughn@ashrae.org to request a display and files.
