

my.Maricopa.edu - Student Tuition Payment Statement (Federal Tax Form 1098-T)

In January, the district will be mailing out the annual 1098-T forms to all eligible students who are required to receive one. You must have paid tuition in excess of any student and/or financial aid received in order to be eligible to receive a form 1098-T. This form may be used to lower your income tax liability; however, you will need to speak to a tax professional regarding any tax matters.

Please login to your student account at **www.my.maricopa.edu** to confirm that your mailing address and social security number are accurate. A 1098-T form will not be produced for any student who does not have a valid social security number or has an invalid social security number on file. All eligible students will receive their 1098-T form via mail at the address indicated on file.

To access the 1098-T Form - [Click Here!](#)

[Sign In to Download Your 1098-T](#)

After you have successfully signed in - select appropriate Tax Year to download:

Remember to sign out when done viewing your 1098-T.
