## APPLICATION TO ADOPT A HOUSE CAT or KITTEN

## Are you ready to adopt?

Adopting a cat or kitten is a wonderfully kind and heart-warming experience. However, before you succumb to falling in love with a kitten or cat, please ask yourself the following question: "Do I really want a cat and all the responsibilities that come with having one?"

If you are not sure, then we encourage you to do some additional soul searching, reading, and research before making this decision. Adopting an animal requires a 10 to 20 year commitment on your part. It is best to know if you are truly ready.

Our Adoption Counselors are here to help you select the best pet for your lifestyle and needs based on our knowledge of the animals and their needs, as well as our experiences. We also provide resources to help transition the cat into your home smoothly and successfully.

Please note that the adoption process takes no less than one hour and includes reviewing your application and interviewing all members of your household. If all household members are not present at this time, you will be asked to reschedule an interview time.

Cats and kittens that come to Puppy Love / Love Cats Pet Rescue have either been abandoned, picked up as strays but were not claimed, or have been given-up because their previous guardian would no longer care for them. Since most of the animals we make available for adoption have already had one home, we are only seeking applicants who are willing and able to make a lifetime commitment to that animal.

Puppy Love / Love Cats Pet Rescue reserves the right to approve or deny any application based on the organizations' criteria and requirements for adoption, as well as the organizations' presumed needs of the animals in our care. Completion of this application does not guarantee an approval nor does it place a hold on any animal.

## INSTRUCTIONS: Please read this Application, fill in the blanks, sign it, and return it to us. The information you provide in this Application and during our interview will help us find a good pet match for you.
